 —George Jackson, who has been an assistant of Dr. Freeman, goes to Bal- timore to day to further perfect him- self in the profession of dentistry. Success to him.—Warren Mail.  
 —D. W. Clark has made good progress with the new grade of "Red Hill" just above the creek bridge, considering the inclement weather. It is going to be a big improvement when finished.  
 —The prospectus of the Harrisburg Telegraph is published this week. It is one of the reliable Republican dailies of the State, and as a live newspaper occupies a position in the front rank. Subscribe for it.  
 —Mr. L. J. Hopkins, of the old and reliable firm of H. J. Hopkins & Co., is now in the East purchasing the winter stock of goods for the store. Look out for a fine display, and a great knockdown in prices.  
 —Mr. and Mrs. J. T. Topping are visiting friends in Greenville, where Mrs. Topping will remain for a month. After that they will spend the winter months in the larger cities, returning to Tionesta after the holidays.  
 —Mr. Canfield's auction sale drew a large crowd last Saturday, and many of the lively goods advertised were sold, bringing fair figures. "Shell" is still prepared, as of yore, to turn out a first class rig on short notice.  
 —J. M. Mintz's cut price store will be closed from Friday noon this week till Monday morning on account of Atonement holiday. After that date the store will be open every day for the next year, Sundays excepted.  
 —There is no getting away from the fact that the rain which has been coming down with remarkable regu- larity for pretty much all of two weeks past is of the wet variety, and makes muddy going just the same as at any other season of the year.  
 —Miss Mary Robinson, aged 17 years, a most estimable young lady of Franklin, committed suicide last Sun- day evening by drowning in French Creek. She gave no reason for the rash act, except that life had proved a disappointment to her, and that she did not care to live.  
 —A postal from Chas. Bonner of Chicago, conveys this happy intelli- gence: "We are now nicely settled in our new home, No. 5752 Rosalie Court, where we will be glad to see our East- ern friends at any time. Our first visitor was a Mr. Bonner, from this city. We haven't named him yet."  
 —Next week we will show you some of "those" cheap Gingham and Cali- cocs.  
 H. J. HOPKINS & Co.

—Republicans, see that your taxes are paid. Saturday, October 5th is the last day.

—"Feebly she laugheth in the languid moon, while Porphyro upon her face doth look" and wonders what has swelled it so. When he finds it is neuralgia however, he does not lose his head, but having twenty five cents in his inside pocket invests in a bottle of Salvation Oil.

—Another popular Harvest Excursion at half rates will be run from Oil City by the N. Y. P. & O. railroad to all points west of the Missouri and Ohio rivers, on October 8th. Write to R. H. Wallace, Ticket Agent, Oil City, for detailed information.

—Dr. Morrow has sent his resignation as Coroner to Governor Beaver, and our county is now without that official. The offices of Coroner and Pension Examining Surgeon, it seems, are incompatible, hence the resignation. The Dr. has also sent his letter of declination to Chairman Sigworth as the Republican candidate for Coroner, which will necessitate the naming of another candidate on the ticket.

—The pheasant season was opened early yesterday morning immediately in the rear of our office, where one was observed to light on a tree, by Judge Campbell. Harry Maze killed it with Jim Funes' shot gun. We feel insulted; we keep a dog, two guns, and a fair supply of ammunition at hand, and yet the measly bird evi- dently selected this as the safest spot to be on the opening day of the season.

—On Friday Sept. 20, Joseph Maerbaum, a married man, was almost instantly killed, at Curll, Campbell & Co.'s saw mill, at Gilfoyle, this county. He was the off bearer, and while hand- ling a scantling was thrown onto the main belt, thence against the large fly wheel, which hurled him with great force to the roof of the mill. He lived but a short time. His wife is visiting relatives in Germany, of which country the unfortunate man was a native.

—The Derrick's oil report for the month of September shows 492 wells completed, with a production of 6958 barrels, and 69 dry holes; this is a decrease of 32 in number of wells completed compared with the August report, and a decrease of 1046 barrels in the production. The number of rigs up and drilling at the end of the month was 967, or a net increase of 3 over the August showing. This is what is vulgarly styled a "bullish" report, and the hope is that the mar- ket will "bull" up a peg or two.

—We are sorry to learn that our county is losing one of its old and highly esteemed citizens, in the person of Mr. W. C. Bromley, of Stewart Run, who will depart with his family for Oil City to morrow, where he will engage with the Enterprise Milling Co. Mr. Bromley has been with us for many years, in fact enlisted for the war from this county, and during his residence here has always borne an unblemished reputation as an honora- ble and upright citizen. We join the many friends of the family in best wishes for their future success and happiness.

—Two or three parties connected with the *Bizzard* are so fortunate as to be the owners of shotguns, and they wish to state, for the edification of the public in general, and those persons who are in the habit of borrowing, in particular, that those guns will be in use every day from this time until the first day of January.—*Oil City Bizzard*. Heretofore the *REPUBLICAN* has kept the "borough gun," but we wish now to inform the chronic bor- rowers that we have joined the *Bizzard's* club, and that our gun will be in constant use from this on till the season closes.

—Sheriff Sawyer, with deputies W. A. Hilands and Chas. Hunter, convey ed Aquilla and Sic Moug, and Frank Hunter to the penitentiary on Thurs- day last. Messrs. Sawyer and Hunter were accompanied by their wives who took advantage of the opportunity to inspect the great prison. They brought home some pieces of bric-a-brac as souvenirs; among which is a picture frame made of hardwood and beauti- fully inlaid with different specimens of other wood, that is a real curiosity in its way. It is the handiwork of Sheldon Wilson, who presented it to Mrs. Sawyer as a token of reward for the uniform kindness shown the pris- oners while stopping at the county bastille.

—Who cares how much it rains when you can buy a pair of Good Rubber Boots for \$2.25, at  
 H. J. HOPKINS & Co.'s.

 H. J. HOPKINS & Co.'s.  
 —Large 10 pound baskets of Grapes 45 cents, at Smearough & Co. 2c.

**German Hill.**  
 E. E. Zoendel and wife of East Hickory, were the guests of Commis- sioner Lebeur on Sunday last.

Jas. Church of German Hill, passed over this place the other day with a span of Percheron mares which he had purchased in Mercer county. They are dandys and no mistake.

John Deikrager and George Hills- man are at work clearing on their farms; with their vim and vigor they will soon be classed among the pro- sperous farmers of this vicinity.

Mr. Wm. Smith of Allegheny City, is rustivating on the Hill at present, and having a good time with the boys killing squirrels. The bang! bang! of the gun can be heard from early dawn till dewy eve, and I tell ye there is a heap 'o' noise for the small amount of game brought in. Guess there ain't many squirrels; when we get time to hunt we will let you know.

The young folks met last Saturday evening and organized their debating club, mention of which we made last week, and following is the list of officers: G. Hilsenan, President; F. H. Deikrager, Vice President; Miss Emma Kieser, Treasurer; Miss Anna Kieser, Secretary; Miss Anna Voerk- roth, Assistant Secretary. Regular time of meeting is every Saturday evening.

**Hepler Corners.**  
 The formers are busily engaged in threshing their buckwheat, and flap- jacks will soon be at hand.  
 Wm. Hyers and daughter, accompa- nied by Miss Turner of Butler Co., are at present rustivating in this proximity.

The friends of Mr. Jacob Mealy sr., arranged to meet at his place last Sat- urday for a reunion, which was largely attended and a grand time was had in general.

Married—Mr. J. Sigworth and Miss S. Weiser, by Rev. Ziesmeister, one day last week.  
 Also, Mr. F. Harmon and Miss L. Sigworth, by Rev. Brickley of Lick- ingville.  
 Miss Belle Stitzinger of this locality, who for some time has been stopping in Tionesta, has returned to her home.  
 SOMBRYO.

**OBITUARY.**  
 On Thursday the 26th, the mortal remains of Albert P. Trushel, of Glade, were laid to rest in Oakland Cemetery. Mr. Trushel was widely and favorably known here as a genial and whole souled young man. He leaves a widow and a large circle of relatives and friends to mourn his loss. He has been for several years bravely struggling against that terrible disease diabetes, but the Father called him and he has left us, though but in the prime of life. The funeral ser- vices were held at their home in Glade, the Rev. Rollins making a few re- marks, followed by the Rev. Shannon, who preached a short sermon from the text, "there shall be no night there." The floral offerings were profuse and in excellent taste. Mrs. Trushel is a most estimable lady and has the kindly sympathy of all who have the pleasure of her acquaintance. The deceased was a member of the Knights of Pythias and the beneficiary fund of \$2,000, while in no sense a consolation, will no doubt be useful in the battle of life which remains for the wife and widow.  
 Warren, Pa., Sept. 30, 1889.

**Notice—Bridge Obstruction.**  
 Notice is hereby given that, owing to repairs being made, travel on the river bridge at Tionesta will be ob- structed between the hours of 7 o'clock p. m., and 7 o'clock a. m., after Monday, October 7th, 1889, until further notice.

**Lumbering on the Pacific Coast.**  
 The lumber interests of California, Oregon and Washington receive a unique presentation in a special num- ber of the *Lumberman*, of Chicago, which bears date of September 28. It contains a list of all the operators in the three states with complete de- tails as to their lines of business and equipment, much special matter of a technical character, statistics, and il- lustrated articles which vividly portray the timber and logging and lumbering methods in those greatest forests of the continent which have their habitat west of the Cascades. It is embellished with a handsome engraved cover and contains 140 pages. The publi- cation is of interest to everyone, but no one interested in the lumber business should fail to read it. The price of this artistic as well as practical work is 50 cents.

**NEWSY NOTES.**  
 Capt. W. R. Jones, the widely-known and wonderfully popular general-manager of the Edgar Thompson steel works at Braddock, was, with five workmen, bur- ned in a fatal manner by the giving away of the top of the crucible of one of the blast furnaces, allowing the molten metal to pour down in a burning stream upon them, Thursday evening last. Capt. Jones lingered until Friday evening.

Here are two large ones from the Frank- lins.—An item now going the rounds states that "the largest brook trout ever caught on this continent was landed re- cently at Spring Creek, N. Y. The fish weighed six pounds and two ounces, and its proportions were perfect." That's a big brook trout, but it isn't the biggest ever caught in this country. The visitor to the Smithsonian Institute at Washing- ton can find there a speckled trout that weighed 104 pounds when taken. This Jumbo specimen of the salmon fontinalis was caught in Rangeley Lake, in Maine.

That the managers of the Stoneboro fair appreciate what the newspapers do for them is shown by the following printed on the back of the tickets forwarded to the press: "This ticket is issued on account of the obligation the Society feels towards the press for complimentary notices, and will be honored in the hands of any per- son whom the recipient may desire to use the same. The Society recognizes the fact that its splendid success is due largely to press notices so freely given, and while a money equivalent cannot be rendered, it sends its many thanks accompanied by this token of appreciation.—*Franklin News*.

People of the highly moral stripe, who have a great deal to say about newspapers and reporters, in the matter of scandals, are a trifle off the scent. If newspapers indulge in this practice to an undue extent, it is not the fault of the newspaper as much as of the reader. When the Sunday paper, whose tone and savor is the pecu- dilious of man and womanhood, runs its circulation to a hundred thousand each subscribers, and looks down on the highly moral and religious journal with its three or four thousand delinquents, from three months to three years in arrears, there is not much wonder that the business of the scandal monger is most inviting. The law of supply and demand enters into the newspaper business with as much force as into any other business. Publishers make what they can sell most readily, and while scandal brings a higher price than any other commodity in the newspaper mar- ket, the men who print newspapers to make a living will supply just what the public want to buy. A newspaper reporter is sent out, just as a waiter at a restaurant, to get what the customer wants. The newspaper fills the intellectual want of the public. If it opens its mouth the widest for scandal, it will get that. When the public shall demand decent news- papers they will get them. There are very few editors who would not choose to publish a clean sheet, and many of them are making special efforts to do so. They often adopt a course which they know is a financial loss to them, hoping to educate the public up to a higher standard of taste, but a very few, if any, dare make a paper a perfect model of what their judgment approves. When the highly moral, the "unco guid," is tempted to saddle all the blame on the newspapers, let him ask himself if he is not himself to blame when he compliments the "Public Purifier" with his mouth, and the "Sunday Sewer Pipe" with his pocket.—*Mandeville Gazette*.
