Death of Mr. Joseph Grove.

Joseph Grove died at his home at 5 o'clock this morning. About two weeks ago he was taken sick, but was not considered dangerous. We shall give a more extended notice of the deceased next week.

—Wm. Richards & Co. have located a well on the J. H. Zuendel farm, on the eastern line of Warrant 5188, Kingsley township, and drilling will begin soon as the rig can be finished. Besides the introduction of natural gas, which is now being accomplished, the place is to be connected with the outside world by a telegraph line, the poles for which having been set last week as far as this place. In a few days the wire will arrive and be strung, and messages will be ticking up and down the creek, thus bringing us very much closer together, communicably. —William Hillands, Esq., who renewed his bond this week for another term as County Surveyor, has passed his 80th year. In view of his mental and bodily activity, after so long a career of incessant devotion to the tasks of his calling, Mr. Hillands comes nearer than any of our local celebrities to a claim on Gladstone's appellation, the Grand Old Man. He is active at an age when most men pass their time in coddling their pet ailments and dreaming over the past. —Franklin News.

—We find this pleasant reference to an old friend of the REPUBLICAN, in last week's Kittanning Free Press, and will take the liberty to add that the longer Mr. Groves' friends know him the better they'll like him: "Christmas Day, we learn, was a day of presents at Ford City. N. R. Groves, the popular manager of the bookkeeping department, was presented with a fine gold watch by a number of his friends. Mr. Groves is a very pleasant gentleman and very much esteemed by the men at the works, so that this present is a token that he will pride himself in."

Va., and says: "The winter has thus far been very open, but suits us to a t. y. t. on account of building. The company is building a large mill here, with a capacity of 100,000 feet daily, and putting in a narrow gauge road to do the stocking; will have five and a half miles of railroad, and expect to have everything in running order by the first of March. Everybody in good health except myself, and I am too fat."

Mr. Z. has a number of cattle, two or three horses, and other livestock, a new mowing machine and horse rake, and a second hand mower, besides many other useful articles which will likely be sold at bargains. Those interested should note the date. —It is said to think that Nebuchadnezzar after his gay life had to go to grass, but sadder the thought that so many men of promise and ability find early graves by carelessness in not checking a cold in its early stages by the use of Dr. Bull's Cough Syrup.

Stewart's Run.

People in this vicinity find it very difficult to get around on account of mud. There is a great deal of sickness here. Mr. and Mrs. J. G. Bromley have both been down with the influenza but are recovering. Wood & Brunston, on the Joslyn, have got No. 5 to pumping, after fishing after their tools two months. It's a small well. They begin No. 6 today, which is located 300 feet west of No. 4. They look for a good well in this location. Stewart's Run will have quite a boom this coming summer, as there is a great deal of territory leased that will be developed. The well on the J. G. Bromley farm is still a mystery. Probably a dry hole. The Wesleyan Methodists will hold their quarterly meeting at the White Church next Sabbath. Mr. H. M. Zahniser is going to have a public sale Jan. 22. Mr. Zahniser is going to quit farming and is going into other business. He offers for sale his farm, containing 116 acres, 55 acres cleared, with good house and barns. The most of our people would like to see some sleighing, as there are a great many ties, logs, &c., to be put to market. It is rumored there will be two weddings in this vicinity in the near future. Dingman & Dale are running their mill most of the time. Dr. Siggins "tends most of the sick in this neck of the woods. Mrs. H. M. Zahniser is slowly recovering, we are glad to note. She has been a constant sufferer all summer and winter. Mr. Lee is still on the Run looking after his oil interests. A. D. Zahniser made his parents a visit last Saturday and Sabbath. He was taken down with influenza while holding a meeting at Tidoute but has about recovered. Jan. 14. JERSEY.

FROM ANOTHER CORRESPONDENT. The weather at present has a very insalubrious effect upon the people of this vicinity, as elsewhere. Many of the children have been attacked by the mumps, greatly to the detriment of the school; and influenza—the latest fad—is taking its turn among the older ones. Among those attacked are Mr. and Mrs. James Bromley who are just recovering, and the Rev. Arthur Zahniser who was away attending to pastoral duties at the time. He relied entirely upon the "faith cure," and was successful. Frank Metcalf is doing a thriving business in his store. Ed. Zahniser who was attacked with pneumonia some time since, and consequently had to leave his school above Nebraska, has returned to his labors. The operation of drilling July No. 6, will soon be begun. Quarterly meeting will be held at the White Church on next Sabbath, morning and evening. Jan. 14.

Clarington. Mud everywhere. Weather prophets all dead. Lumbermen discouraged. Everybody wishing for snow. Gossip says a wedding in town here long, which will remove one of Forest county's teachers. Mrs. J. B. Pearsall visited her mother last week, who has been very sick since last August. Preaching in the Hall every four weeks by Rev. Feasdal, a Baptist minister. Miss Winnie White and Miss Nora Hillard are spending vacation at home. During the teacher's absence attending institute the scholars scrubbed the school house. It was a pleasant surprise to the teacher, who is capable of accepting surprises. Two months yet of school. We have an excellent teacher, who is doing his best to instruct the children, and in return the children appreciate him, so they are improving. A telegraph line is being built from Brookville to Vowinkel, through Sigel and Clarington. One can hear the tap of the telegraph battery in J. B. Pearsall's store, where two students are taking lessons in telegraphy. R. B. Teitrick is the teacher. W. B. Pearsall and M. F. Hindman are the students. MORE AGAIN.

East Hickory.

On Sunday morning Kitty, eldest daughter of Rev. C. R. Thompson, fell from a chair striking her head upon the floor. A sewing needle, minus the point, supposed to have been in her body for years (as no one, not even herself, can remember when, where or how it got in) was turned so that it stood perpendicular. After suffering untold pain the hand was opened and the needle removed by Dr. Weber. W. S. Shaffer, the tonsorial artist of our city, is in the hands of the monster la grippe. Miss Lyda Connelly, Tom Connelly and Curt Connelly, children of Constable Connelly, and even the constable himself, are in his vice. Ed. Sutley, the gas man, J. W. Halliday, the butcher; A. J. Sigworth, the merchant; Madison Church, the engineer on the Hickory Valley R. R.; Nellie Hunter, the dress-maker; Mrs. Thompson, the minister's wife, and Lucy Anderson the pupil, are or have been in his grasp. The physicians are kept busy. Widow Baldwin, who with her son has been living in the Bloomfield house, has purchased a property on R. R. St. and will remove thither in a few days. Wm. Kribbs of Kellettsville, also R. Z. Gillespie, wife and daughter, of same place, were in town during the week. M. E. Abbot took a flying trip to Tidoute on Monday. Rev. Lou Sager preached an interesting sermon on Sunday evening. Text, "Resist the Devil, and he will flee from you." The tank house of No. 3 gas well, on the Davison lease, exploded on Monday evening while A. B. Hoyt and "Boy" Anderson were inside engaged in putting a gasket in the union. They were thrown out with considerable force. They were burned about the face and hands. "Boy" is confined in the house. It is lucky they escaped as they did. Miss Savilla Kiester, who has been visiting friends at Tidoute for the last week, returned home Monday. Martin Vockroth spent Sabbath at Mr. Ledebur's. G. W. Kerr, Co. Supt., paid our town a flying visit Monday.

NEWSY NOTES. A peach tree in full bloom at Evergreen, Allegheny county, is a curiosity. Silcott was made cashier upon the recommendation of Senator Payne. Now let the charge that the Senator has done nothing in his six year's incumbency be withdrawn. It is said that James B. Mates has been selected supervisor of the tenth census district, which includes Forest county. Mr. Mates is of the law firm of McPherrin & Mates, of Butler. The appointments have not as yet been made. F. P. Cobham, of Warren, Pa., is perfecting an invention for photographing the interior of oil or gas wells at any depth. By the aid of the invention it is expected that perfect views can be obtained of the bottom of the wells, showing exactly the effect of the torpedo on the oil or gas bearing horizon. A cyclone struck St. Louis late Sunday afternoon. Houses were demolished, buildings unroofed and church steeples blown down. Four persons were killed and a number injured. There are reports of disasters in other localities. Passenger cars are said to have been blown from the track. The loss to property was very heavy. Census enumerators always encounter a few individuals who decline to give the information asked for. The law provides that the head of a family who refuses all proper information may be sued and fined \$30. In the absence of the head of the family or any adult members of it, "any agent of the family shall supply the required information." Anti-pyrene is a standard prescription in cases of influenza. Since the appearance of the grip in Chicago the demand for this remedy has been so great that the stock on hand is about exhausted. This is all the more unfortunate because there is little hope that druggists will be able to replenish their stock, because the supply in New York and other Eastern cities, not to mention Europe, is at an equally low ebb.
