Invitations are out for everybody to call at the store of Hopkins & Co. and inspect the largest, finest, best and cheapest stock of dry goods and clothing ever shown in Tionesta. No mistake.

Very favorable reports reach us from Clarion about the Normal School. Never before have pupils shown greater enthusiasm.

Christopher Zuendel, of Kingsley township, is this week announced as a candidate for Jury Commissioner, subject to Republican usage.

Mr. J. W. Jamieson was up from Freeport over last Sabbath visiting his wife and daughter, who have been here for the past three weeks.

The farmers are beginning to turn up the sod for the spring sowing and planting. The hope is that the present fine weather may continue.

The Clarion Republican very sensibly remarks that the man who works for four or five years to get a mother-in-law, and after getting her, kicks, is no gentleman.

If you are in need of clothing, don't buy until you see the assortment at Hopkins & Co.'s. They have anything you want. Suits for men from \$2.00 to \$20.00; for boys from 90c. to \$12.00. No mistake.

Deputy Revenue Collector Galbraith of Franklin was up Saturday on official business. We guess Charley found us all doing the square thing by Uncle Sam, and so had no occasion to pull anybody in.

Supt. Kerr issues his proclamation this week calling on the directors of the county to meet on the first Tuesday of May, next, and elect a Superintendent of Schools of Forest county for the next three years.

At the meeting of the Erie Presbytery at Titusville last week the question of revising the Confession of Faith was discussed at considerable length, and on the final vote the Presbytery stood 47 in favor and 26 against revision.

See those Boys' Suits for 90c. See those Men's Suits for \$2.00. See those Broadway Hats for \$1.50, at Hopkins & Co's. They also have a splendid line of straw goods, but haven't room in their store to make a display of them until the season arrives. Their motto is, "Never Undersold."

Our base ballists are considering the project of renting the vacant lot back of the Sickle swamp, and putting the same in shape for a ball ground. The field is a nice one and with a little grading will furnish a splendid field for the sport.

In the exuberance of his soul our friend J. D. W. Reek, of Dallas, McKean county, sends us word that a boy came to his house on the 5th inst., who "weighed 10 pounds in his stocking feet." We trust all concerned are doing well, especially "Pap" Reek.

How many of our people know that last Friday was Arbor Day? But never mind, another is coming and will be here on the 22d of May. Governor Beaver doubtless had a suspicion some of us would forget, and that's one reason why he appointed two days.

Mrs. James Black of Barnett township, this county, who had been suffering for several months with dizziness, died on Sunday night, April 6th, 1890. The Monumental Co., of Jamestown, N. Y., has appointed the Messrs. Haslet & Sons, Agents for this section. This institution is one of the most extensive in the country and there is nothing in the line of monuments or tombstones which they cannot furnish. Some of their work will be placed here before long, and those who expect to order soon should wait and examine the specimen.

David Mintz, of Marienville, comes to the front this week in a new "broadside," in which he details to the people of the county the results of his recent trip to the Eastern markets. A couple of weeks ago Lester, the seven-year-old son of Mr. and Mrs. Eli Holeman met with an accident to the right eye, which was not considered at the time of serious consequence, but as the injury seemed unwilling to improve under medical treatment, the parents consulted Dr. Sadler, the eminent oculist, at Pittsburg, who was obliged to inform them that the sight was permanently injured, although perhaps not totally destroyed.

U. have charge of the affair, and will leave nothing undone to give the people a rare treat, and they hope to be greeted by a good house. Don't disappoint them.

Congressman Watson of Warren, through his efficient Secretary, Carl Shawkey, has remembered many of our Forest county citizens with garden seeds this spring. It's a good thing we Republicans live handy a Republican district where they elect good men to office, else we might have to go down into our pockets when garden making comes around. The Warren district will do itself an injustice if it don't return Col. Watson for another term.

The newly elected borough council met on Monday evening of last week, with Burgess Jas. R. Clark in the chair, the full board, consisting of Messrs. Eli Holeman, S. H. Haslet, J. C. Hood was elected Street Commissioner. The following committees were announced by the Burgess: On streets, Haslet and Foreman; on sidewalks, Holeman and Joyce; on finance, Scowden and Herman.

A change in the mercantile firm of Wm. Smearbaugh & Co. has taken place, Wm. Lawrence having purchased the interest of the estate of the late Mr. Butterfield, and the firm will hereafter be known as Lawrence & Smearbaugh. The new firm will materially enlarge their line, keeping a good supply of fresh provisions, such as salt meats, syrups, molasses, &c., hitherto not kept in the store, and by close attention to the people's wants hope to merit a fair share of public patronage.

Dr. Stiggins is announced in the Vindicator as a candidate for Congress on the Democratic ticket. The doctor would have extended the courtesy of his announcement a little farther, but it is whispered around that Editor Kepler refused him admission to his columns, and it is further hinted that he has some designs on this county's instructions, himself. Republicans have little concern in the matter, but all the same, it would grieve us all to see the thing sold out again like it was two years ago. Such proceedings are disgusting to all parties.

The Blizzard thus mentions a character well known to many of our raftmen, who have "run across" him on their trip down the river: "James Collins, one of the men arrested Tuesday by the Fur, Fin and Feather Club for seining in the river, is spoken of by raftmen who have known him for years as an eccentric and peculiar character. His home is on the river and his face is a familiar one to the older raftmen. They meet him frequently on the river with his boat loaded—sometimes with fish and at other times with turkeys, frogs, pigs, game, Christmas trees, or whatever he may find a special demand for down the river. They also find him at times with his boat empty and loaded himself—loaded with whisky and drunk on the bank. He has made plenty of money along the river but is just as poor as though he had made less. The seine taken from him and his partner was probably made by Collins, who is said to be very handy in turning out work of that kind. It is 150 feet long and worth about fifty dollars."

Brief mention was made in our issue of last week of the tragic death of Harvey Hardison, brother of our esteemed townsman, J. H. Hardison, near his home at Santa Paula, Cal., on the 5th inst. Since then additional particulars have been received which are about as follows: In company with two companions, Mr. H. had entered an oil mine to make some investigations after an explosion in the forenoon of the same day had occurred. Having entered the mine about 700 feet, they evidently had attempted to turn on the incandescent electric light, and there being probably some escape in the light, the gas in the mine was ignited and the explosion occurred, killing all three men instantly. In that country, one way of obtaining oil, is to dig into the hillsides, into the acid rock, and when the oil is struck it flows or runs out of the tunnel while the supply holds out, which is almost indefinitely. The tunnel in which these men lost their lives was about 900 feet long, in which the only means of lighting, with any degree of safety, is by electricity.

The following additional particulars of the shooting of Mr. E. H. Darrah, near Portland, Oregon, on April 1st, mention of which we made last week, are taken from the Portland Oregonian, of April 3d, to which paper the circumstances were related by Mr. I. D. Doverspike, a relative of the deceased: "Mr. Darrah and I left Portland a week ago to inspect some timber land along the Clatskanie river. We looked over quite a number of claims and Darrah and another man named C. R. Hall bought up about twenty during the few days we were there. Yesterday afternoon Darrah and I again went out and after walking together a while, we drifted apart. I heard a rifle report and when I came to investigate I found Darrah dead, with a bullet hole through the heart. The shot was fired by a deer hunter named J. C. Murray, and the shooting evidently was entirely accidental. I saw Murray this morning, and he said in all probability he did the shooting, as he was looking for deer, and discharged his rifle about four o'clock in the afternoon. We at once summoned a coroner's jury, and the inquest was to have been held to-day. I myself came to Portland to send the sad news to his wife at San Diego. The remains will be brought to Portland to-morrow."

Prohibition League.

State Organizer, Tallie Morgan, will be at the Court House, Tionesta, Pa., April 18th, 1890, at 2 o'clock P. M., to organize a Prohibition League. All who are in favor of temperance and opposed to the saloon are requested to be present.

The superior work turned out at the Sires photograph gallery is bringing in a large run of custom these days. No inferior work allowed to leave the gallery. Prices reasonable.
