Call for the Convention. HEADQUARTERS REPUBLICAN STATE COMMITTEE, PHILADELPHIA, April 23, 1890.

The Republican State Convention will be held in the Opera House at Harrisburg, Tuesday, June 25, 1890, at 10 o'clock.

The purpose of nominating Governor, Lieutenant Governor, Internal Affairs, and other offices.

Attention of Republicans throughout the State is respectfully directed to the following Permanent Rules for the holding of State Conventions and the conduct of the party.

First, That Delegates to the State Convention shall be chosen in the manner in which candidates for the General Assembly are nominated.

Second, Hereafter the State Conventions of the Republican Party shall be held not earlier than the third Wednesday of August, except in the year of the Presidential election, when it shall be held not more than thirty days previous to the day fixed for the National Convention, and except in gubernatorial years. At least sixty days' notice shall be given of the date of the State Convention.

Third, That we recommend to the county organizations, that in their rules they allow the largest freedom in the general participation in the primaries consistent with the preservation of the party organization.

The State Convention of June 30, 1886, having abolished Senatorial representation, Delegates to the approaching State Convention will be selected according to the number of Representatives in the Legislature to which each county or city is entitled under the Representative Apportionment law passed by the Legislature of 1887.

By resolution of State Committee. WM. H. ANDREWS, Chairman.

Republican County Committee. The members of the Republican County Committee of Forest County are requested to meet at the Sheriff's office, Tionesta, on Tuesday evening, May 20, 1890, court week, for the purpose of transacting such business as may be brought before them, and making final arrangements for the holding of the primaries, June 7th, 1890. A full attendance is earnestly requested.

A. J. SIOWORTH, Chairman.

CHAIRMAN ANDREWS of the Republican State Committee, is announced as a candidate for State Senator in Crawford county. He will not likely have any opposition in his party.

The New York Star, Democratic, complains that the Republican census enumerators will not count the negroes. Why should the Star complain? The Democrats have not counted the negroes for more than ten years, when they vote.

U. S. SENATOR BECK, of Kentucky, dropped dead from paralysis of the heart, in the Baltimore & Potomac station, Washington, at 4 o'clock, Saturday afternoon. Senator Beck was a statesman of national renown, and his demise deprives Kentucky of a very brainy representative.

SENATOR DOLPH has reported, from the Senate Foreign committee, a concurrent resolution requesting the President to negotiate with the governments of Mexico and Great Britain treaties to prevent the Chinese coming into the United States through Canada and Mexico, and it has been adopted by the Senate. That's business.

The Hon. Calvin S. Brice, of New York and Ohio, is said to have assumed a serious demeanor since the impudently thrust of the last-named State cruelly thrust a United States Senatorship upon him. It may be that the Senator's solemn manner is due to the trouble he is having in determining just which of his two States he ought to represent at Washington.

The practically united support of Ex-Governor Pattison by the Philadelphia Democrats has been a genuine political surprise for the whole State. Its full meaning has not quite dawned on some of the untried of the interior counties, and its utility and various beauties will have to be gradually unfolded in order not to create too profound a shock. Its effect will be to crystallize the Pattison sentiment wherever it exists. It is a notice that whoever gets the Democratic nomination will have to fight for it, and that is something not very much desired by some of the candidates.—Phila. Press.

It is now generally believed that Speaker Reed's idea of an adjournment by the first of July will be endorsed by Republican caucuses of both Houses. Aside from the regular appropriation bills, all of which are in an advanced state, the tariff bill, the silver bill, the service pension bill and perhaps, but not certain, a Federal election bill, will be passed before adjournment. The Democratic leaders tried their best to work up a sentiment in their party against early adjournment, but owing to the fact that most of the members, of both parties, are anxious to be in their respective districts as early as possible this year, they failed.

PRESIDENT HARRISON sounded the Republican legislative note week appropriating for an addition to the Government building in a town where he did not think the addition of pressing necessity. The concluding paragraph of his veto message was as follows: "The erection of public buildings is largely a matter of local necessity and convenience, while expenditures for enlarged relief and recognition of the soldiers and sailors of the war for the preservation of the Union, necessary for coast defenses, and for the extension of our commerce with other American states, are of universal necessity, and involve considerations, not of convenience, but of justice, honor, safety, and general prosperity." Congress has already taken the hint which the President's language so plainly conveys.

The Supreme Court of the United States, on Monday of last week, handed down a decision in a liquor case, involving the constitutionality of the Iowa prohibitory law. The decision is to the effect that a citizen of another State may import liquor into a prohibition State, and without a license, into a license State, and sell the same in the original packages. The court virtually says that the prohibition of any article is an interference with inter-State commerce, and therefore contrary to the Federal Constitution. The opinion was handed down by Chief Justice Fuller, three of the Associate Justices, Gray, Harlan and Brewer, dissenting. It is thought pretty generally that the decision is too radical, also that the question of prohibition is removed to the head of the government, and will hereafter be a National instead of a State or local issue.

WATCHMAKING. The undersigned would respectfully announce to his old friends, that he has returned to Tionesta and has located in the Kepler Block, formerly occupied by Mr. L. Fulton as a harness-shop, where he will be prepared to give his old friends and many new ones, having contracted an inward disease from which I have suffered for 24 years, and which requires exercise, I must therefore have an hour's walk each morning and evening, and shall open my office at 8 o'clock, A. M., and close at 8 o'clock, P. M.
