Mr. Agnew's well known success in securing pensions in the past will go far toward assuring claimants that business entrusted to this firm will be carefully handled, and promptly attended to.

The fire alarm last Friday forenoon called out our "department" by the double quick. The fire was in the rear of Kepler's block, and owing to its timely discovery the "soda fountain" was not brought into service. The fire originated in some barrels of waste and rubbish which sat against the building, and had scorched quite a portion of the siding. How the fire started is a mystery.

The sad news was received here by the family, yesterday, of the death of Mrs. Benjamin W. May, at Norristown, Pa., on Sunday, July 13th. The cause of her death was consumption. She was married to Mr. May on March 17th, 1847, at Andover, Mass., and came here in the same year, afterwards removing to Norristown where they have since resided. Mrs. May was aged about 80 years. The funeral services will be held to-morrow.

One of the most entertaining little volumes that has come under our notice for a long time is "Recollections of General Grant," by George W. Childs, whom everybody knows as the General's steadfast friend while he lived. Perhaps no man now living is better fitted for such a work than is Mr. Childs, owing to the wonderful intimacy that existed between these two really great men during the most interesting period of the lamented General's eventful life.

An enterprising broker at the Oil Exchange embarked in a side business the other day. He bought a nice whetstone for fifteen cents and proceeded to sharpen his knife. A fellow broker admired the stone and was sold a half interest in it confidentially for five cents, which he made on a recent break in the market. Since then the original purchaser of the stone has quietly sold a half interest in it to about twenty partners and is thinking of investing in a grindstone.—Blizzard.

The Standard Oil Company has a rig up and will commence drilling immediately, on a lease across the creek from the Oldtown flats, near the old Whitman shute, in Tionesta township. A carload of coal has been drawn through this place for the well. Messrs. Bovee & Duck, we understand have also located a well near the Lawrence & Smeaburg dam, just out of the borough limits. Wolcott & Co. are now ready to commence drilling on the Wm. Huddleson farm, in Hickory township.

A shocking accident occurred in Franklin, Thursday evening, which resulted in the almost instant death of Mrs. Edward Fuller, a well known and highly respected lady of that place. From the Evening News we glean the following particulars of the sad affair: "At about 7:30 o'clock Mrs. Fuller, of the Third Ward, was driving up Liberty street. In the buggy with her were Mrs. Martin Black, of the Third Ward, and Miss Hattie Tobey, sister of Rev. Mr. Tobey, pastor of the Free Methodist Church. When near 7th street the horse, which belongs to Rev. Mr. Tobey, took fright at the big umbrella on a grocer's wagon that was passing. He started on a run, not very swift, but fast enough to alarm the ladies. Miss Tobey, who was driving, was thrown out and somewhat bruised. Mrs. Fuller then rose and attempted to spring out. In doing this, either her foot caught in the lines or the folds of her skirt caught in the spokes. The exact nature of the mishap is not certain, but those who saw the accident agree that she was caught and whirled forward with the wheel. Her head and shoulders struck on the ground with such force that her neck was broken. Some who had witnessed the accident cried to Mrs. Black to remain in the buggy, which she did. The horse was stopped before he got to 8th street."

Hon. J. B. Agnew has become connected with a prominent law firm in the city of Washington, D. C., and opened an office in the Leoman Building, on New York Avenue, in that city. He will practice before the United States Supreme Court, Court of Claims, District Courts, and all the Departments of the Government. In his practice before the Departments, he has associated with him Mr. George

W. Taylor, of Washington, who has had an experience of twenty-five years, thus being well qualified for the transaction of such business as the collection of soldiers' claims for pension, bounty and pay; as also cases arising under the customs, navigation, internal revenue and inter-state commerce laws, which will engage their special attention. Mr. Agnew's well-known ability as a lawyer, his undoubted integrity and responsibility, long experience in the military service and civil office, and his proverbial success in prosecuting claims, will prove a sufficient recommendation to all who know him, and ensure for him and his associate a full measure of success. A liberal share of patronage is solicited by the new firm, who will give their undivided attention to all cases entrusted to their care. Address, Agnew & Taylor, Attorneys, Solicitors, and Agents, Lenman Building, Washington, D. C., or Agnew & Clark, Tionesta, Forest Co., Pa. We might here state that this arrangement will not change Mr. A.'s residence nor interfere with his law practice here.

Stewarts Run.

Last week we had our letter written. Our girl had received a letter from her best fellow, which she thought she had better burn, but by mistake burned our letter and left hers. Now, Mr. Editor, the next time this occurs, we will have a love letter to print.

Mr. Wm. Coleman visited his parents last week. Mr. Jocelyn, of New York, is out looking after his oil interests.

We understand Brunston, Wood & Jocelyn bought the land and royalty of the Jocelyn farm, which was sold the 5th of July.

No. 9 on the Jocelyn reached the Quinn sand last evening; there was only about one foot of it. They will reach the Black sand about Thursday.

No. 2 on the Bromley is down and producing four barrels. No. 3 will start to-morrow.

Stewart & Son got a 40 barrel well in the Quinn sand on the old Fair farm.

One of Stewart's engines ran away last Sabbath, wrecking it completely. Miss Gertrude and sister have gone to Meadville to spend the summer.

H. M. Zahniser and son, J. J., went to Whig Hill to see Mr. A. D. Zahniser, who has been quite sick with the measles.

The well on the Cummings farm has been delayed on account of water. They got started to spud Monday.

Miss Kate Hoover, who was married on the 3d inst. to Mr. J. T. Ross, has the best wishes of her many Stewart's Run friends for a long and happy life. MCGINTY.

Tom. Allender, of West Hickory, was out yesterday looking over the oil field and made us a call.

Chas. Thomson was out home over Sabbath.

U. S. Zahniser was down at Mercer county last week.

The royalty and land interest in the Jocelyn farm was sold on the 5th of July. We understand Mr. Jocelyn, one of the Jocelyn Oil Company, bought it. The firm is now Wood, Brunston & Jocelyn. Mr. Jocelyn was out from New York last week, to see No. 9 come in, which was a dry hole.

Sam Stewart got a 50 barrel well 400 feet east of the old Asbury Chapel some time ago, but it is now down to 25 barrels. He has another location about 350 feet east of it.

No. 2, on the Bromley, is finished after a prolonged fishing job, and is a 4-barrel well. No. 3 is down about 300 feet.

Our school closed last week with a picnic. Miss Hotchkiss is an able teacher and we are sorry to lose her. Daisy Zahniser has been quite poorly, but is better at present writing.

Farmers are busy harvesting. The grass is very light in some places, and some fields of oats will be almost an entire failure; also some fields of corn.

The drillers on the Cummings have their water well down, and the oil well down about 200 feet. July 15. MCGINTY.

Lickingville. The farmers of this community are busily engaged in putting away their hay. J. E. and R. A. Stitzinger passed through this place en route for Marienville where they intend peeling bark for a few weeks. The Sandrock Bros. of this place are at present engaged in erecting a large house for John Myers of Strobleton. Dame rumor has it that J. E. Sutter purchased Mrs. Terwilliger's store a few days ago. July 14. H.

Base Ball.

Since our last issue before the 4th, base ball has been booming in this place. On the Fourth a nine accompanied by a large delegation of our townsfolk left here for Tidiotie, on the morning train. Owing to the necessity of their returning on the noon train but four innings of the game were played. Following is the score by innings: Tidiotie.....0 2 7 0-9 Tionesta.....3 3 3 0-9

On the afternoon of the same day a game between the Hickory Jrs. and Tionesta Jrs. was played at this place. Our youngsters proved a little too much for their opponents as the score will show: Tionesta.....5 6 1 0 8 1 3 *-19 Hickory.....1 2 2 0 0 1 0 1-7

Last Friday a return game was played on the grounds here, between Tidiotie and Tionesta. The result was the first victory of the season for Tionesta and our boys feel somewhat elated over their success. Quite a number of Tidiotie's citizens came down to witness the game. The score: Tionesta.....0 2 0 1 4 1 7 3-28 Tidiotie.....0 0 0 4 5 3 2 0 0-14

The game that has drawn the largest crowd and produced more enthusiasm than any played in our town for some time was played last Saturday, between nines of this place superintended over and ably managed by Messrs. Albert Grove and R. M. Herman, respectively, and a glance over the following array of talent will convince one that the game was well worth seeing:

HERMAN'S NINES. R. M. Herman Capt. George Raab, c. J. W. Walters, p. J. W. Strong, ss & p. W. W. Brown, p. O. C. Groves, 3b. J. E. Hillard, 2b. J. H. Dingman, 1b. Justin Shawkey, cf. J. F. Proper, p. G. W. Robinson, 1b. D. W. Clark, cf.

Six innings were played the score standing 42 to 45 in favor of the Colts. A few of the many features of the game was Doctor Morrow's slide for third base; Justin Shawkey crossing a base runner for second out, and Brownell's home run in the first inning. Judge Irwin made an excellent two bagger but refused to run, claiming three strikes at the ball and that he had hit one.
