LOCAL AND MISCELLANEOUS.

—Get registered!

—Oil market closed yesterday 92 1/2.

—Are you registered? If not, then see to it NOW!

—Miss Florence Appleby, of Meadville, is visiting the Misses Randall this week.

—Prof. Crouse of Tidioute, paid Tionesta a visit Monday remaining over night.

—The Fall term of the Clarion State Normal School will open on the 2d of September.

—Mr. A. B. Kelly and family, Rev. McAninch and Harold Sharps are among the visitors to Chautauqua this week.

—Mr. and Mrs. W. R. Squire, of New York, are guests at the home of Mr. John A. Dawson, Stewarts Run, this week.

—Mr. J. T. Comfort, of Kendall, McKean county, was a pleasant caller at our sanctum Monday, while spending a few hours in town.

—The W. N. Y. & P. is being re-railled between Oil City and Irveton with heavier material, to accommodate their increasing coal traffic.

—Don't put off the matter of registration until it passes out of your mind, thus endangering your vote this fall. See to it, Republicans.

—Dr. J. N. Fradenburgh of Warren, will be present at the coming S. S. Convention here and will lecture one evening on "Young Men."

—Rob. Jamieson of Bradford, a former Tionesta boy, spent a day or two of the past week shaking hands with old friends here. He was looking unusually well.

—In our sketch of the life of the late Wm. A. Dusenbury last week, we gave his age at about 46 years. This was an error. It should have been 51 years, 10 months and 18 days.

—Yesterday was the day set for the adjourned meeting of the Judicial Conference of this district, at Warren. We have no news as to what was done, but it is not likely that a nomination has been made.

—Mr. W. Anthony and wife, of Cleveland; Mrs. Gloekle, of Warren, O.; Mrs. Russell and children, and Mr. T. T. Moll of Russells, Warren Co., Pa., are visiting John Muenzenger and family this week.

—On the Fisher farm, out from Oil City, near Salem, blackberries are cultivated as a fruit, and a ready sale is found this year for the product. Eight cents per quart is the price asked—and paid—at the farm for the "luscious."

—Mrs. Ferry, widow of Burt S. Ferry, whose death by accident at Warren was noted in these columns at the time, has received from the friends who desired to aid her, the handsome sum of \$625.00. The bereaved lady very much appreciates the kindness shown by the friends of her late husband.

—R. R. Dunbar has moved to Elulalia, Forest county, where he has an interest in a large timber tract. While he lived in Clarion he made many friends, all of whom will be glad to see him return to our town as soon as he finds it convenient and profitable, which will be within a year.—Clarion Jacksonian.

—The absence of fruit in all parts of the country has created a demand for blackberries. Folks from 'most everywhere are coming all over our county where blackberries are plenty. No berries have been sold anywhere for less than 7 cents per quart, so far as we have learned, and good ones bring 8 cents readily.

—The cyclorama of the Battle of Gettysburg, corner of Irwin Ave. and Beech St., Allegheny City, is still the attraction in that quarter, and is visited daily by thousands, although it has entered upon its fourth year, and if not for its faithful representation of that great battle, would surely have ere this dwindled into insignificance. A visit to this wonderful exhibition is well worth the while of those who are in the city; in fact those who miss it have missed the greatest attraction in the city.

—The market value of the stock of the New Orleans Lottery Company has risen from thirty-five dollars per share, in 1879, the \$1,200 in 1890. They have built up the original capital, which was never subscribed, and have accumulated an enormous surplus of unknown amount, while declaring dividends of eighty to 100 per cent. per annum, and that, too, out of only one-half of the net earnings, as the other half belongs to the lessees. Such enormous profits, amounting to many millions annually, demonstrate conclusively who get the capital prizes. If any of the readers of the Blizard have been victimized—and it would be safe enough to bet that a good percentage of them have—the present is a good time to discontinue sending money to the swindling concern.—Blizard.

—REPUBLICANS, see that your names are on the registry list. Look after this matter right away.

—The school board of Kingsley township, Forest county, will meet Saturday, Sept. 6th, 1890, at Newtown Mills for the purpose of electing teachers for the seven schools of said township. Applicants will please appear in person or send their certificates, &c., to John R. Osgood, Newtown Mills, Pa.

—Sheriff Sawyer, Charles Hunter, O. C. Brownell, H. C. Whitekin and George Raab will represent Tionesta at the National Encampment of the G. A. R. at Boston, this week, having taken advantage of the low rates to visit the Hub, get a good dish of beans and a hunk of brown bread, besides seeing the big lot of old vets.

—Next Saturday the last M. E. Quarterly Meeting for this conference year, Tionesta charge, will be held at Nebraska. On Sabbath morning, after Love Feast, the handsome new church edifice at that place will be dedicated. Presiding Elder Smith will be present and officiate, assisted by the Pastor, Rev. Romberger.

—We find the following item in the Franklin News of Monday, which will be pleasant news to the many friends of the popular young couple: "Denise D. Shields, of Bradletown, and Miss Augusta M. York, of South Oil City, have taken out a marriage license." We understand the marriage took place yesterday. The REPUBLICAN extends its best wishes.

—When a man gets up in the morning early and hies him away to the green wood with two good sized pails, and the same man comes home early in the afternoon with both pails filled with blackberries—and does this same for a week right along—and you ask him if berries are plenty where he was and he says they are not, all dried up with the hot weather, woods full of brush and hard to get through, snakes plenty, berries small, etc., etc., you are justified in believing that man is toying gently with your credulity.

—At the meeting of the State Road Commission in Titusville a few days ago, Ed. Clapp made a hit by telling a story of his endeavor to get a certain man in Venango county to join him in keeping up good roads by which they both would be benefitted and the public, too, but not a cent would the man contribute. He turned tables on that man one day, however, when the man applied for aid in building a church in the locality. "I gave him the answer," said Mr. Clapp, "to go ahead and build the church, and I would build the road to get there."—Franklin News.

—"It is curious," a friend at our elbow remarks, "that stamped envelopes vary in price considerably owing to where you buy them. Here in Tionesta I paid 11 cents for 5 stamped envelopes; over in McKean county, at a certain place, not long ago, I paid 12 cents for the same number; last week I paid 13 cents for the same number and kind; and longer ago than last week, at a certain place in Venango county, I wished to buy a package of stamped envelopes—25—and the lady postmistress (then lately installed) asked 75 cents for the package. I said to her I had been in the habit of paying 56 cents (the price then) a pack, whereupon she said, with a brisk business air, 'they cost us that.'"

—Mr. A. S. Parsons is in our midst delivering the History of Forest County to subscribers. The volume is a large one, most elegantly bound and handsomely printed and gotten up. It embraces the counties of McKean and Elk along with Forest, and makes a splendid addition to the library. The work shows much care and labor in its compilation, and while the contents may not seem to us of the present generation to be "newsy," they will be news to future generations, for whom histories are designed anyway. A vast store of knowledge is thus preserved for time to come that could in no other way be kept. Its reception by subscribers will doubtless be very cordial, and we trust they will preserve it with great care for their children and children's children.

—The market value of the stock of the New Orleans Lottery Company has risen from thirty-five dollars per share, in 1879, the \$1,200 in 1890. They have built up the original capital, which was never subscribed, and have accumulated an enormous surplus of unknown amount, while declaring dividends of eighty to 100 per cent. per annum, and that, too, out of only one-half of the net earnings, as the other half belongs to the lessees. East Hickory. Derrick correspondence.] Miss Vockroth of Gesman Hill, visited friends here last week. The Misses Hoyt, of Tidioute, are visiting at A. B. Hoyt's. The rise in the river was not sufficient to float heavy timber. W. A. Kribbs lost another horse on Thursday. Arnold Hill is working at the forge for John Church. Wheeler & Dusenbury have again resumed work after the burial of William Dusenbury. T. J. Fleming has about finished a new log slide for Collins & Henderson, which will facilitate the stocking of their mill on Queen. Bark peeling has been discontinued in this section, the recent dry weather making it very difficult to peel. P. C. Hill, formerly of this place, has opened a blacksmith shop at Kellewille. The Sons and Daughters of Temperance have organized a flourishing lodge here, with James Henderson as president and A. B. Hoyt and Rev. C. R. Thompson occupying prominent positions. Thus far nearly 50 members have joined and they are still enrolling members. Already the good effect of the organization is apparent in the neighborhood, and less of the ardent spirits are used here.

Thousand Islands Excursion. The last excursion of the season to the Thousand Islands, by the W. N. Y. & P. R. R. will take place Friday, Aug. 29th, leaving this station at 8:40 a. m. It is needless to say that these excursions are among the very finest that are run from this section, and afford people an opportunity to visit one of the most famous spots in America at a nominal cost giving them time to take in all the points of interest without much hurry. The fare for the round trip has been fixed at \$5.50, with tickets good for ten days. The excursion will be in charge of Mr. S. B. Newton, which insures success.

Notice. All parties holding Tionesta Township Road Orders are hereby notified to present them for payment to the Treasurer, on or before August 28, 1890. After that date interest on same will cease. The following orders are excepted from the above call: Nos. 722, 742, 754, 805, 819 and 820. By order of Road Commissioners of Tionesta Township. Wm. LAWRENCE, Treasurer. Attest, Q. JAMESON, Clerk.

MARRIED. BOYDE—BARNETT. At the Jones House, Clarion, Pa., August 6th, 1890, by Rev. David Steele, Mr. Samuel W. Boyde and Miss Elizabeth M. Barnett, both of Clarion county.

THE PUBLIC HIGHWAYS. [Under this head we will publish views of those who care to air them, if their articles are brief. While the subject is one which is just now claiming a large amount of public attention, we can only devote a limited amount of space at a time, and would therefore request that writers talk straight to the point. We are not responsible for the views expressed by any one.—Ed.]

ROADS. The improvement of our public roads is a subject in which every citizen is interested, and now as "The Road Commission," appointed by the Governor of the State, is making a tour of the Commonwealth to get the views of the people, it is high time we should bring this matter home and think about it. The commission is composed of thirteen members with Hon. A. D. Harlan of Chester, as President. The duties of the commission are, to get the views of the people on the question of improvement of roads and suggestions as to amendments and alterations of present road laws, and then in their report draft a law that they think will benefit and suit the people; the law so drafted by them will be presented to the next legislature and will probably become the law. The printed questions prepared by the commission for discussion at their meetings have been published in these columns. The first of the questions is one of the most important to our farmers and laborers. At the meeting of the commission, held Aug. 5th, in Towanda, Bradford county, as well as at the Titusville meeting, Aug. 7th, this was the principal question. From the report of the Bradford county meeting a large majority of the taxpayers there favor the work tax. Also at the Titusville meeting a majority favored the work tax; yet at Titusville there were many, (but not principally farmers or actual laborers) who were in favor of all road taxes being paid in money. The class who favor the cash tax are generally those who do not work out their taxes themselves. Do the people of Forest county want to pay all their road taxes in money? Do you want to pay your money into the hands of a political machine and be prevented from working out your own taxes? If not it is time that you protest against it and see that your protest is heard both by the Road Commission and the representatives you elect to serve you in the next Senate and Legislature. That we need better roads and a better and more practical road law are questions conceded by all candid citizens. What we want is a simple, practical road law; not one run out into fine spun theories that are difficult to understand and impossible to put into practice. Take for instance the theory advocated at the Titusville meeting of the commission by Col. Carter, which was given so much prominence in the Oil City Derrick and Pittsburgh Dispatch, without giving what his theory was, and ask any reasonable man if it can be put into practice or is over necessary in this part of the country, and he will say no. How would he build a road? He would have a road grade not over 3 degrees; clear the road out 40 feet wide, dig off all the top soil or loose ground down to solid earth. Then put on a layer 6 to 8 inches deep of broken stone, crushed in a steam crusher, then cover with sand, roll with steam roller, and then put the ground back on top and roll it solid with steam roller; all culverts to be made of stone and underneath have stone foundation; center of road to be 8 to 10 inches higher than at sides; and this is the way, so he says, that Napoleon built his roads over the Alps. Well suppose he did, who cares. Are such roads necessary in Forest county?

While it is true that much of our road tax is squandered in the manner in which it is generally worked out, yet is it not the fault of the manner of working it and not that of the principle. Pathmasters have got too careless, because they are not apparently responsible to any one for what they do, and in too many instances the object is to get in all the extra time possible. Would it not be better if the office of pathmaster was abolished and the road commissioners made responsible for the working out of the tax? Give them the authority to divide the township into three districts and hold each one accountable for the work in his district, and require him to give bond for the faithful performance of his duties. They also should have power to say where and when taxes must be worked, and if any taxpayer refuses or neglects to work his taxes at the time and place required, then he should be compelled to pay his taxes in cash. Roads ought to be repaired just as soon in the spring as the ground gets dry enough for work, and as early in summer as possible, so that they would have time to settle and dry before the rains of fall. It would also be a great saving if the Road Commissioners were required to keep some one to walk the road in wet weather and after big rains to open ditches, turn water off, etc. One patrolman in this way might in one day prevent damage that would require several men several days to repair if the water was left to run on and wash the roads as it often does. If the work was all to be done under the immediate direction of the Commissioners it would be done better, the road machines could be used to a much better advantage, and much more work would be done for the same taxes, because the Commissioner, being under bond to perform his duties and render a true account of his work, would not permit the men to idle their time telling stories or lying in the shade. Space will not permit a discussion of all the points in one article. These are mentioned to call out the wishes of the people on the subject. Others may be taken up in the future. Let us hear what the people desire in the road matter. R.

NEWSY NOTES. The reason why halitones are so generally compared to hens' eggs in size is that the sizes of hens' eggs vary so widely. The egg of a hen canary, for instance, is very small. Great fatality is resulting among cattle and hogs along the Loyalhanna Creek and Kiskiminetas river, in consequence of the presence of vitriol in the water. The people living along the banks of the streams have appealed to the Commissioners of Westmoreland, Indiana and Armstrong counties to interfere in the matter. The poisonous substance, it is supposed, comes from a manufacturing establishment on the Loyalhanna. —A common cold should not be neglected. Down's Elixir will cure it. For sale by Bovard.

—Arnica & Oil Liniment is very healing and soothing, and does wonders when applied to old sores. For sale by Bovard. —Itch cured in 30 minutes, by Woodford's Sanitary Lotion. This never fails. Sold by Herman & Siggins, Druggists, Tionesta, June 23—4m. —For sale, either for cash or on time, house and large lot in Tionesta Borough. For terms apply to P. M. Clark. —BUCKLEN'S ARNICA SALVE. The best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by G. W. Bovard. —English Spavin Liniment removes all Hard, Soft or Calloused Lumps and Blisters from horses. Blood Spavins, Curbs, Splints, Swellings, Ringbone, Stiffles, Strains, all Swollen Throats, Coughs, etc. Save \$50 by use of one bottle. Warranted the most wonderful liniment cure ever known. Sold by Herman & Siggins, Druggists, Tionesta, June 23—4m. —Their Business Booming. Probably no one thing has caused such a general revival of trade as G. W. Bovard's Drug Store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures, and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted. —The motto of the proprietors of Dr. Henry Baxter's Mantrake Bitters is, "the greatest good to the greatest number," and so sell a large bottle of a valuable remedy for the small price of 25 cents, and warrant every bottle to give satisfaction or money refunded. For sale by G. W. Bovard. —RENEWS HER YOUTH. Mrs. Phoebe Chesley Peterson, Clay Co., Iowa, tells the following remarkable story of the truth of which is vouched for by the residents of her town: "I am 73 years old, have been troubled with kidney complaint and lameness for many years; could not dress myself without help. Now I am free from all pain and lameness, and am able to do all my own housework. I owe my thanks to Electric Bitters for having renewed my youth, and removed completely all disease and pain." Try a bottle, only 50c, at Herman & Siggins' Drug Store.

When Baby was sick, we gave her Castoria, When she was a Child, she cried for Castoria, When she became Miss, she clung to Castoria, When she had Children, she gave them Castoria.
