The last day upon which a citizen can be registered in order to entitle him to a vote this fall is September 4th, next. Republicans should not lose sight of this fact and see at once that their names are on the list. It is the first imperative duty in the campaign, and should not be neglected a day. Committeemen should see that this matter is promptly attended to.

LONDON is a free-trade city, in which one worker in five dies in the poorhouse or some public institution. This is the end to which the free-trade urged by Democratic Senators invites to be the best for the country and they have confidence in his judgment as a American workingmen.

THERE are 2,000 delegates in the Texas State Convention, and the man nominated there is chosen by the voice of "the people," Sure. One of the planks in the platform demands separate coaches for whites and blacks on Lewis Emery, Jr., made certain the railroads. That might be expected in a state like Texas, which gets its and senator. Until now, I have recue from South Carolina and Missis-

ONE Democratic faction in South Carolina is going to put up an independent ticket and try to make terms a very active professional and business with the colored voters. At least that's the story now told. This being so it may be regarded as pretty certain that the colored man's vote will be counted and it will really count for counties; the exceptionally strong in something. The millennium is dawn- dorsement of citizens and business men ing in South Carolina.

SENATOR DELAMATER'S square denial of ex-Senator Emery's gorilla attack of last April will be found in this issue. It is unequivocal, straight tinued silence on my part may be from the shoulder, and no goingaround-the-bush. If Emery recovers sufficiently before the ides of November a statement should be forthcoming, otherwise he should clap his mouth shut else the sun might warp his lungs. His accusations must be supported by the facts. Mere talk won't do.

HENRY GEORGE tells a London interviewer that the Republicans li Congress have carried the policy of protection to an extreme that will provoke an uprising that will sweep the party away at the next election. The force of this observation is somewhat mitigated, however, by Mr. George's artless remark that he has been so long away from America that he "has but vague ideas as to wont is going on there."

MR. HAISTEAD says this: "We expect Mr. Blaine and Mr. McKinley to Blaine leader in Ohio, and there is no question at all about it that if he is defeated by the gerrymander designed to leave him out of Congress, he will be the Republican candidate for Governor next fall; and he will be elected by a thundering majority. There is no dream about that. It is clear daylight business."

SENATOR CAMERON said on the floor

of the Senate in reply to Mr. Vest, of Missouri, that the reduction in the price of land was not due to tariff legislation, but to the demonstization of silver by Congress in 1873. Senator Cameron is not alone in this belief. The vast majority of the country is with him, and outside of the circle under the influence of Eastern banks and brokers there are very few who do not heartily agree that the demonetization of silver was a gross blunder. When the bill which remonetized this metal was passed a few months ago the one standard journals of the East got financial panic would be upon us before the lapse of sixty days. Senator Delamater's Denial.

At a large and enthusiastic reception at Chambersburg, Thursday evening, Senator Delamater was called upon by a prominent colored Republican to explain the Emery charges, a request promptly complied with by the sepator in the following language:

On April 4, last, during my candidacy for the nomination, ex-Senator frained from making a public reply. Prior to my nomination I claimed the right to make my own contest in my own way, and was content to rely for my vindication upon my lite long character and reputation, built up in career in Northwestern Pennsylvania. The enthusiastic and unanimous in dorsement of my own county; the cordial support of a majority of the delegates selected from the country of Philadelphia, and finally my nomination by the Harrisburg convention, all in the face of these undenied charge, bad seemed to me a sufficient

As the candidate of that party, I cannot allow its interests to be prejudiced in the estimation of any citizen by a refusal to answer any inquiry touching my personal and offi-cial integrity, and I take this occasion to enter a most positive, emphatic and unequivocal denial of each and every
