Samuel D. Irwin, SAMUEL D. IRWIN.

TO THE VOTERS OF THE 37TH JUDICIAL

Having received a large majority of the votes cast for President Judge at the Republican Primaries held May 10th, 1890, I wish to say to the voters of this Judicial District that I am a candidate for the election, and desire your hearry co-operation in the Fall campaign. I shall use every henorable means to aid and serve you, and feel confident that we will achieve success. I am, Yours very truly,

State will not show itself in Congressional districts alone, but will affect the Legislative districts, and will make the General Assembly Democratic for the next ten years. Does any true Republican want this?

We might go over the whole line which separates Republicanism from Democracy, but the points we have made above are enough to set any dis-

Furthermore, the into Congressional districts, and with to full view, what may we not expect can who wants any of this on his plate? should that party have a majority in our legislature. Republicans of this county should be awake to this fact. Don't get apathetic on the question. We have a member of Assembly to elect who will take part in the Senatorial election. Do you want him to cast his ballot for a Democrat or a Republican? We believe you all want him to vote for a Republican. Then make it possible by voting for a Republican Representative. Dr. Towler is a Republican who will make one of the best members the county has ever had. A NUMBER of prominent Democrats from Clearfield county, disappointed over the defeat of Mr. Kerr for a renomintion in the 28th Congressional district, were in this place Thursday last, where they held a conference with friends of Mr. Kribbs with a view to having the Clarion gentleman with draw in Kerr's interest. While the Clearfield gentlemen were kindly received, Mr. Kribbs' friends were not backward in telling them that they were not in the withdrawing business. Failing so completely in the purposes of their mission, the Clearfield gentlemen returned to their homes a very disconsolate set of politicians.—Brookville Republican.

What a Democratic Vote Means.

Under this head the Meadville Gazette puts the matter straight home to Republicans, and so clearly reminds them of a sacred duty that we can not see how a member of the party can possibly disregard the warning. Read this and ponder seriously over it, if you have had the least idea of even ukewarmness toward the ticket:

The Democrats want the Governor and the Legislature because they want Congress and the Presidency, and they are reckless enough to say so. Any body who knows anything about poli ties knows that if the Democratic par ty could elect Pattison and a Demo cratic Legislature, or either of them, it would improve their chances of elect ing a Democratic President in 1892. We assume that no one will dispute this point. It follows, then, that a vote for Pattison, or for a Democratic candidate for the Legislature, is a vote want to do this?

Again: The next Legislature will elect a United States Senator to serve for six years. That man will be a Democrat, if the Legislature is Democratic, and the chances are good that he would be the worst Democrat in the State-free trade Wm. L. Scott, who wants to put the working man

If it be Democratic, the same infamous plan will be adopted in Pennsylvania, which now prevails in Ohio, and our Republican State with its 80,000 majority will have a delegation in Congress Democratic two to one. Does any true Republican want to do this?

Again: The gerrymander of the State will not show itself in Congres-
