ANNOUNCEMENT.

The Republican Conference having adjourned sine die, without making a nomination for the office of President Judge of the 37th Judicial District, and having received the nomination of the Republican party at the primary election in this County, and believing that Forest County is entitled to that office as of right, I will remain in the field as a candidate, and hope to receive the hearty support of the Republicans of Forest County.

SAMUEL D. IRWIN.

TO THE VOTERS OF THE 37TH JUDICIAL DISTRICT.

Having received a large majority of the votes cast for President Judge at the Republican Primaries held May 10th, 1890, I wish to say to the voters of this Judicial District that I am a candidate for the election, and desire your hearty co-operation in the Fall campaign. I shall use every honorable means to aid and serve you, and feel confident that we will achieve success. I am, Yours very truly, Geo. H. HIGGINS.

OUR TICKET.

Voters of Forest County, we wish to say a word to you about the candidates on the Republican ticket, and which you will have a chance to vote for in less than two weeks from this date.

As to the State ticket we wish to be thoroughly understood when we say it embraces the names of men who, personally, are the peers of any of their opponents in this contest, and politically we claim they are far, far in advance of all others. In their tour of the State we ask voters to contrast their manly, honorable discussion of the issues which are now before the American people, with the slanderous, mud-slinging campaign waged by the Democrats. It is useless to go over the field, which has been covered so thoroughly during the past few weeks, and give reasons why Republicans should be Republicans just as much now as in '88, or as they expect to be in '92. We hope no Republican will longer try to console himself with the thought he can bolt the ticket now and make it all right then. Parties are not fostered and kept in that way. Stay by the party. That is the only safe way.

Of the President Judgeship it is needless to say much. Unfortunately for the Republican party in this district, there are two candidates in the field. The Democrats hope to profit by this state of affairs in our ranks, by electing their man. It only remains for the Republicans to see that they do not succeed in their designs. The Republicans can and will win the fight in the face of this apparent split if they falter not. And with this we leave the matter in your hands, willing to bow to the verdict which you may render.

C. W. CLARK,

the Republican nominee for Associate Judge, is one of the men who never shirks his duty, be it at the front, in the heat of battle for the Union, or in a civil office bestowed by his fellow men. Always the same honest, large-hearted man in whatever sphere of life you meet him. As a brave soldier of the late war Capt. Clark honorably wore the Union blue through four years of bloody conflict, and came home with a record for bravery and fidelity to the cause, which is the pride of any true soldier. A man of ripe years, unbiased mind and honest heart, who will say that he is not just the man for Associate Judge, where personal prejudices should never be allowed to enter? Who knows Capt. Clark intimately that would not willingly allow him to sit in judgment on his case, no matter what personal differences had previously existed between them? And that's the kind of a man we want to put on the bench. Vote for him, and elect a man of honor and unswerving integrity.

For the office of State Senator we have an exceptionally good candidate in the person of

L. C. BOYD,

who comes to us splendidly recommended by his neighbors and those who know him best, as one of the sterling young men of Clarion county. A man of ability, honor, and of the strictest integrity. Give him your hearty support, notwithstanding we are in a district which is thought to be hopelessly Democratic.

DR. S. S. TOWLER

is the Republican candidate for Assembly, and we feel proud to be able to present to the voters of Forest County such an excellent man for that important place. Dr. Towler is so well and favorably known to the people of this county that anything we might say could scarcely add to the high esteem in which he is held by his

fellow men. A true Republican, one whose time and means have been given for the up building of the party, who has never faltered in his devotion to its principles, who has ever stood shoulder to shoulder with his fellow Republicans in every important fight since his residence in the county, never "sour" on the ticket or saiking in his tent when his services were needed, he certainly deserves the heartiest support of every true Republican in the county. He is pre-eminently the man for the office of Representative, and no man—friend or foe—will deny his ability to make a member of whom the county may be proud and who will reflect great credit upon his constituency. His abilities as a speaker are recognized by all, and we have no doubt he would immediately forge to the front as a leader among his colleagues in the House. This is one of the most important offices to be filled this year. As before stated, there is a United States Senator to elect, the State to be re-apportioned into Congressional districts, and many other matters of vital importance to come before the next legislature. Can Republicans be indifferent to these matters? We think not. With such an exceptionally good candidate to vote for we have no idea that you will waver for a moment, or allow yourselves to even think of giving a friendly or complimentary vote to the opposition. Personal friendship is one thing and political duty and fidelity quite another. Let us give Dr. Towler the Republican vote to a man. When the Democrats are standing firm it becomes us to do the same.

CALVIN M. ARNER,

our candidate for Prothonotary, has abundantly proved his fitness for the position to which he asks a re-election. His conduct of the Prothonotary's office during the past three years has been eminently satisfactory to the people of the county, and an examination of the records kept by him will convince anyone who wishes to know, that he has performed his duty in a most excellent manner and shown himself more than competent to discharge the duties of that office. This fact was recognized when, last spring, he was accorded a unanimous re-nomination by the party. His pleasant treatment of those who have had business to transact there has made him a host of friends in all parties, and they will see to it that Cal. is re-elected by a bigger majority than before. He will get the full party vote, and many from the opposition, who believe that a faithful officer should be rewarded, will give him their cordial support. Elect him and be assured that the affairs of that office will receive the same good attention they have had in the past, to which will be added the ripe experience he has had in the past three years.

JOHN R. OSGOOD,

the Republican nominee for Sheriff, is one of the industrious, energetic and wide-awake young men of our county whose sterling worth is recognized by all who know him. Born and reared in our county, he has by his own efforts and honest toil made himself what he is, a perfect success at whatever he undertakes. From boyhood he has followed lumbering and jobbing, and in this capacity has employed a great many men, everyone of whom will vouch for him in any particular. In our many years' acquaintance with him we have yet to hear the first breath of suspicion uttered against his honor or integrity; in fact, he is regarded as the soul of honor by all who know him—his word is his bond every day in the week. Of his staunch Republicanism there never has been a taint of suspicion. Of his capabilities, the successful conduct of his own business affairs is a guarantee as to that, and that he will make a faithful officer, as he has always been a citizen, and friend of the laborer, there is neither evil or doubt. Give John your earnest support; it will be most worthily bestowed.

JAMES M'INTYRE,

one of our candidates for County Commissioner, is a man in every way well qualified for the position, and of his popularity as a candidate the large support he got at the primaries speaks louder than words. He is a man of excellent judgment, careful and conservative in business affairs, prompt and reliable in all his dealings. The success attending the management of his own business matters gives ample assurance that he will be the right man in the right place. Unfortunately for Mr. McIntyre just at this time he is suffering from an injury received some time ago by being thrown from a load of hay, which may prevent his going out to make a personal canvass and meet the people, which he would very much like to do, and we hope the voters will bear this in mind, and not allow it to militate against him at the election, but that they will roll up a big vote for a good man to look after their affairs for the next three years. In common with his neighbors who know him best we vouch for James McIntyre, and recommend him in every particular.

C. F. LEDEBUR,

the other Republican nominee for County Commissioner, deserves and should receive a large popular vote of the people. He is well known throughout the county, and in all his acquaintanceship there is none that will impute to him a dishonest motive, or that will say he has a dishonest hair in his head. He has been a member of the board for three years during which time he has faithfully endeavored to perform every duty devolving upon him in an honorable and business-like manner. There is not that man living on earth who can serve a term in the office of County Commissioner and encounter no opposition, or escape some censure. Doubtless Mr. Ledebur, as all past officials have, incurred the displeasure of some, yet his acts have had the stamp of honesty in them, and it is impossible to make any fair-minded

man believe differently. He is the only one of the old board now before the people for re-election, and, as every tax-payer knows, it is a good practice to have at least one old head in that office, and that there is danger in putting in an entirely new set of men. Vote for the Republican candidates for Commissioner and your affairs will be in safe hands for the next three years.

COUNTY AUDITORS.

For the office of County Auditor the nominees are T. B. Cobb and Wm. Thomas, both capable men, and as they have no opposition will both be elected. The same may be said of our candidate for

JURY COMMISSIONER.

J. N. Heath, who will also be elected, there being two to elect. John deserves a good vote and will get it.

Now, Republicans, this is your ticket. Let us stand by it shoulder to shoulder. There is no reason why it should not go through with the usual majority, and the way to put it through is to vote it straight, and allow no petty personalities to swerve us from our duty to the cause. Be Republicans.

A SOLDIER who votes for Patison forgets his comrades and refuses them honorable burial.

THE Hall Ring and their satellites are boasting that the baughty Harry Alvan has an easy "walk over" in his race for the State Senate. It is greatly to be hoped that they may keep on entertaining that idea until the votes are counted.—Ridgway Advocate.

THE Democratic campaign so far has been one of slander and personal abuse. It will be so to the end. The Democratic party presents no "issue" this fall. The Republican party, on the contrary, has a well defined policy. The Republican party has just passed a Protective measure known as the McKinley Bill as a part of its policy. It proposes to pass soon another bill which will secure to the poor negroes and poor whites of the South the right of franchise, a right withheld from both classes by an oligarchy made up of "Southern gentlemen, sab." The McKinley Tariff Bill is a clean Republican measure. Not one Democrat voted for it. Not one Democrat will vote for the Federal Elections Bill. The Democrats to day in Pennsylvania are so hostile to the McKinley Bill that once in power in Congress they would repeal the bill. But in this campaign they utterly ignore the fact that Congressmen are to be elected. To speak of this fact would involve them in something else than a campaign of slander and falsehood. They hope to create dissatisfaction and disaffection against the entire ticket through heaping abuse on the head of the ticket. It isn't Delamater they are after nearly so much as the Republican party of Pennsylvania.
