LOCAL AND MISCELLANEOUS.

Oil market closed yesterday 72 1/2.

To-night, At the School Hall.

New Orleans University Singers.

Capt. Haight, of Cooper Tract, called to say how-do-do, on Thursday last.

The ballot reform bill passed the House at Harrisburg yesterday by a vote of 171 to 16.

Miss Hattie Heyrick of Franklin, and Miss Myra Benedict of Titusville, are visiting Mrs. S. D. Irwin.

Hopkins & Co. have handed in copy for a new ad. but it was not possible to get it up for this week.

Rev. McAninch entertained a goodly number of the older members of his church and congregation at the residence of Dr. Siggins last evening.

Dr. Nason returned from Leechburg Monday and reports Mrs. Sloan some better from her attack of pneumonia, with fair hopes of her ultimate recovery.

Man's greatest enemy is the wine-glass; woman's, the looking-glass. But the greatest friend of both is that world-renowned philanthropist, Dr. Bull's Cough Syrup.

The Hardison well, near the depot, is down 350 to 400 feet, and has thus far struck a little gas. They will go to 500 feet where they expect to get the third or oil producing sand.

Seven new members were taken into the Presbyterian church last Sabbath on confession of faith. Under Rev. McAninch's ministrations the church is steadily gaining in membership.

Now fish for trout, and if you catch any the law will protect you—if they are five inches or over in length. A trout less than that length never was heard of—from the fellow that did the fishing.

Harry Moody has become a citizen of the borough, moving into the house of Wm. Heibenthal. Willis Brace has also come to be one of us for a time at least. He will occupy D. W. Clark's vacant house.

Jan. H. Fones was called to Pittsburgh last week by the illness of his sister, Mrs. Clara Hayden, who is critically ill with inflammatory rheumatism. At last accounts she was little or no better, her friends will be sorry to learn.

Mr. S. J. Campbell was called to Euclid, Butler county, last week, to attend the funeral of his daughter, Mrs. Oliver Piser, who died on the 9th inst., aged about 30 years. She leaves a husband and 5 small children to mourn her loss.

Licenses court was held in Warren this week, and the work of hearing petitions and remonstrances consumed Monday afternoon and all of yesterday. The court reserved his decision till Saturday at 2 o'clock. Meanwhile both sides are on the anxious seat.

Will Morrow is home, and expects to start for Pittsburgh to-day to take a position as drug clerk in the store of E. H. Hyatt, formerly of this place. Will's sister, Miss Nannie, has gone to the Watson Farm, Howe twp., to finish his term as teacher of the school at that place.

Twelve thousand trout, furnished by the Corry hatchery, were distributed to citizens of this county last week, upon the applications recently made to the State Fish Commission.

The trout, which were about 3/4 of an inch in length, were all deposited in streams within the county.

Walter J. Smith, father of our former townsmen, C. W. Smith, died at his home near Warren on the 30th ult., as a result of an accident from a pistol shot which terminated in blood poisoning. He was well known to many of the old time lumbermen of the Allegheny, amongst whom he spent many years of his life.

An exchange is responsible for the statement that there is an element in the common pineapple similar to pepsine, and of such remarkable strength that the juice of a single apple will digest ten pounds of beef. It further states that the juice of the fruit is a very active solvent of the mucus caused by diphtheria.

The Memorial Home cook book, going through the presses of the News, will probably be completely printed next week. It is a work of two hundred and forty to fifty pages and will be ready for delivery about the first of May. The contributors cover a wide range of the States and include many valuable recipes. We have no doubt it will find a ready sale and that the W. R. C. will make a nice revenue therefrom.—Tidoute News.

To those who would enjoy a really rich musical treat, we would say, go and hear the famous New Orleans University Singers, at the School Hall to-night. It is not often a town of the size of Tionesta is favored with a performance as meritorious as this will be, and it should be well patronized. There is nothing finer on the road in the line of jubilee singers, and to miss hearing them will be to miss the musical event of the year. Admission 25 and 35 cents.

Mr. and Mrs. Chas. Kirchartz arrived in town last Friday, and will soon begin housekeeping in the house lately occupied by R. L. Haaslet. Charlie was given a royal send-off by his friends in Brookville, where he and his better half are deservedly popular, and if there is any rice or old shoes left in the place it is because his rig was not large enough to carry them away. The REPUBLICAN joins in extending the happy young couple a cordial welcome to our midst.

Mr. J. H. Robertson, who left here about four weeks ago for Washington State, intending to embark in business, returned last week, fully satisfied that the chances for a man of moderate means were a half better in Forest county than in that section of fair wages and very high prices. He didn't propose to remain there long enough to spend all his funds, either, and will once more settle in business in this county, which we are glad to know, and welcome him back.

Mr. and Mrs. John Walter, in company with Charles and his wife, left on the noon train yesterday bound for Washington. John passed a year of his life in that State and liked it, but he found it "not good for man to be alone," and so came back to Forest county and took unto himself one of her charming young daughters to share his fortunes on the distant Pacific slopes. Good luck, good health and much happiness go with them, is the wish of all their acquaintances here.

Senatorial and Judicial apportionment bills have been introduced in the legislature, but as both are Democrats they will not pass in their present form. The Senatorial bill puts Forest in with Warren and McKean counties, a very desirable place, and one which would be satisfactory to our county. The Judicial bill leaves us where we are, with Warren, also a very satisfactory condition. Whatever changes may be made in these bills it is hoped the arrangement of these two districts will remain as now proposed.

The borough council held its regular monthly meeting on Monday. P. M. Clark was elected clerk for the ensuing year. Settlement was made with Street Commissioner Hood, and partial settlement with Collector Canfield. Mr. Hood was temporarily engaged to look after such repairs in streets and sewers as required immediate attention. The tax levy for the ensuing year was fixed as follows: Cash tax, four and one-half mills; road or work tax, four mills; bond tax, two mills, and light tax, one mill.

The death of Whitman S. Davis, a brief sketch of whose life is furnished by a friend of the family, will be a sad surprise to very many in this county, where he was so well and favorably known. A private note from his bereaved widow, written on the day of his death, was received by us on Friday last, two days after the funeral, and was the first intimation friends here had of Mr. D.'s death. The REPUBLICAN joins in the general sympathy that will go out to the family in the loss of a devoted husband and affectionate father.

Mr. Oliver Byerly returned a few days ago from Kelso, Washington, where he has spent the past two years, in the management of the mercantile establishment of Collins & Co., who are carrying on a large lumbering institution there. He called on the REPUBLICAN yesterday and he had grown so fat we scarcely recognized him. Mr. B. is here for the purpose of disposing of his farm and household effects and to take his family back with him. Notice of the sale appears elsewhere in this issue. He reports all the Forestopians in that section well, prosperous and happy.

Hopkins & Co. have their store well stocked with reasonable goods and at prices very low. People make no mistake when they trade at their store.

If you want a fine spring suit of clothes Hopkins & Co.'s is the place to get the latest. Don't forget it.

Here's a pair of 'em from the Blizzard:

There are men who never have any use for a newspaper until a hopeful son or daughter displays some phenomenal brilliancy. They then want a long account of it written and as like as not they will "support the paper" by buying three copies. But they will insist on getting them at dealers' rates.

It is amusing to see some of the old skin flints, who never advertise nor subscribe for a paper, come belly-aching around for a complimentary puff when they change their business location in the spring time. They always get a sweet little notice in the Blizzard—when they bring the price with them.

Some of the sick: Quintain Jamieson, who has had a severe attack of the grip, was slowly mending at last accounts. George Klamp, who has been confined to his house for nearly three months, is still very weak, but hopes to be able to go out again when pleasant warm weather comes. Francis Watson, the aged father of George F. Watson, has been having a severe attack resembling grip, but is gaining a little now. G. W. Robinson was taken with a sudden and severe attack of grip last week, and his friends were considerably alarmed about him, but he is now in a fair way to get out soon, if taken with no backset.

A member of the Junior Order of American Mechanics says that when that order presented flags for the school buildings one of the conditions, as agreed to by the School Board, was that the flags should be run up in the morning, taken down in the evening and otherwise given good care. The wind continues to blow through the whiskers of the one on the Cottage Hill building.—Blizzard.

This is not the case with the flag presented to the Tionesta school board by the P. O. S. of A. It is regularly run up at the calling of school, and lowered and properly cared for when school is dismissed. And while the flag is floating on the breeze the fond parent may content himself with the thought that his boy is poring over his books and rapidly growing in knowledge. Unless, perchance, the young rap-scallion has silently stolen away to the sucker-fishing grounds.

The marriage of Mr. Chas. Walter and Miss Gertrude Gillilan, at the home of the bride, at Nebraska, last Wednesday afternoon, was one of the pleasant social events of the season for that busy little village. Guests to the number of sixty or more were in attendance to witness the ceremony and participate in the festivities. The wedding took place precisely at 4:00 o'clock, after which all sat down to an elegant wedding dinner, and not until late in the evening did the jolly guests take leave of the happy bride and groom, leaving their best wishes, and very many beautiful and useful presents as souvenirs of the joyful occasion. Mr. and Mrs. Walter departed yesterday for Chehalis, Washington, where they expect to make their future home, and where the kindest regards and best wishes of a large circle of friends, of which the REPUBLICAN is one, go with them.

There's nothing half so sweet in life as "love's young dream." Now about this there is some diversity of opinion. Some giving preference to a good article of taffy, but there are few things any sweeter than case after a racking pain and this is only gotten by using Salvation Oil.

East Hickory.

Derrick correspondence. Brown Bros. are down about 1,300 feet, with no show for oil or gas. At the depth of 900 feet the Queen sand, 30 feet in thickness. They will drill the well 1,800 feet.

Herbert Stoughton was rolling logs from a pile near the river on last Monday, and was caught by two large logs, which rolled completely over him, injuring him severely, but at present he is in a fair way to make an entire recovery.

Prof. Reno, the magician, gave a very creditable performance in Whitton's hall on Saturday night.

John Metzger is home from Cobham, the mill crew being down sick with grip.

T. J. Fleming has moved his family to Hickory.

Carpenters have laid the foundation for Wheeler & Dusenbury's new mill, and a full force of carpenters are now at work.

The timber above town is about all rafted in and jobbers are waiting for a rise in the river to run on.

Amos Ledebur started for Meadville to attend Allegheny College the ensuing term.

A boy was born to Mr. and Mrs. Max Hessian on Friday.

Wes. Wilkens has purchased the interest of F. A. Wheeler in the drug store on the West Side.

Era Hill has left the blacksmith shop and is now on the old farm.

A wedding is reported to take place in the near future.

Oxford and other bibles now for sale at Lawrence & Smearbaugh's.

DEATH OF WHITMAN S. DAVIS.

Whitman S. Davis, known all over Forest county, died at his home in Marienville, April 6th, 1891, of paralysis.

Mr. Davis was born June 15, 1841, near Jamestown, N. Y. He came to Forest county at an early age, and went into the employment of S. S. Holbrook, in Hickory twp. Soon after the opening of the war of the rebellion he went into the army and served nearly two years as Corporal of Co. F, 74th Reg., N. Y. Vols., and served his country bravely in some of the most severely contested battles.

He was known in the county as a hearty, good-natured, companionable man, intelligent, ready to please, and an expert in running and managing sawmills. He was at times in the employ of Holbrook, Brace Brothers, Geo. S. Lacy & Co., and Curll, Campbell & Co. He was married on June 12, 1864, to Miss Ellen Kady, who, with two daughters, Mrs. T. S. Mooney, and Miss Blanche, survive him and mourn his loss. February 24, 1890, he went to Mississippi and took the management of the large saw mill of Norwood & Butterfield. His descriptions of the training of his darkey crew, their shiftness, antics, excuses, etc., were graphic and amusing. He returned home on Feb. 24, 1891, was stricken with paralysis on March 16th, and died as stated. He was a member of the American Mechanics, and G. A. R., both of which orders attended the funeral services in the Presbyterian Church on Wednesday, April 8. The church was crowded to its utmost capacity. The joint choir of the Presbyterian and M. E. Churches furnished the solemn music, and Rev. Shawkey, of the M. E. Church, officiated. After the church services the body was accompanied to the Presbyterian Cemetery by a large number of friends, the services of the Mechanics and the G. A. R. were read, the guard fired a final salute, and all that was mortal of W. S. Davis was left in the "silent city of the dead." Peace to his ashes.

NEWSY NOTES.

Judge Henry Souther, formerly of Erie, died suddenly on the 4th inst. at Fredericksburg, Va., aged 64 years. He held important positions in the State. About four years ago he removed to Fredericksburg. He made a fortune in this State and was extensively engaged in business in Virginia.

A bill which has passed first reading in the Senate has a definite effect on leases or deeds for oil or other mineral rights in lands. It provides that where persons claim such rights by conveyance, lease, reservation or any other writing, and the right has been exercised at any time and subsequently abandoned, or not worked, for a period of 21 years, a release of the said conveyance, &c., shall be presumed, and such writing shall be void, unless the claimant shall proceed to assert or exercise the same within one year from the passage of this act.

Now is a good time to prune trees of all kinds. Prune for shape first, then prune for fruit; cut clean and leave no ragged stumps. Carry a sharp knife, a keen saw, and a pot of thick brown paint. After every limb is finished, touch with paint to keep out the water, prevent rot, and make the wounds look slightly. Every good limb must be saved. All limbs which cross another should be cut out. All crowding must be remedied by thinning out. Make the whole tree look rathery thin, as the summer's growth will remedy all that. Trim off all suckers, whether on the trunk, at the roots or on the main branches.—Ez.

Miniature Oil Field.

Peter Gruber and Dr. C. J. Reynolds, of Oil City, are now completing a unique piece of work, on which they have been engaged in their spare hours during the past year, and which will probably be one of the oil region's exhibits at the World's Fair.

It is a miniature oil field about 6 by 12 feet in dimensions, complete in detail and operation in all its appliances, which include four pumping wells with sucker rod and twin table attachments, by means of which they are all pumped at once; a drilling well on the side hill with the bluff so cut away as to show the various formations and the operation of the tools; a pump station with pipe lines and loading rack; a railroad encircling the farm, half of the way through a tunnel; an oil train equipped with the tub cars of the past, the tank cars of the present and cars filled with oil barrels; a gas well and an unfinished derrick, on and around which rig-builders are at work automatically. The oil and motive power for operating these equipments are supplied from beneath them.

On the farm are shown the home of the owner of the land, who has evidently done well on his bonuses and royalty; a railroad station from which the agent promptly emerges upon the arrival of the oil train; a well-shooter halting with his torpedo rig on a wagon road; a gully down which flows a little stream supplied by a spring near the top of the hill, and beside it a counterpart of the Colonel Drake well, which will be readily recognized by any one who has seen the famous oil well or its photograph. The reproduction in detail is accurate and forms a uniquely clever exhibit.

A Card of Thanks.

The members of the G. A. R. residing outside of the Borough of Tionesta, desire to return their thanks to the directors and taxpayers of the town for so cheerfully opening their school-room for the benefit of our organization on the evening of April 6th, in order that we might fittingly and agreeably to general orders, publicly celebrate the quarto-centennial of the Grand Army of the Republic. Respectfully submitted in F. C. & L.

—Everybody wears shoes, and the purchase of these necessary articles is no mean portion of the family expenditures, and where to purchase is a matter worth thinking of. Hopkins & Co. have the largest assortment. Bought for cash and sold at the lowest possible price. It will pay you to examine the assortment there before purchasing.

FOR SALE.

Two new 12x12 upright engines, made to work together if desired. Will run the largest saw mill if coupled together. Will sell reasonable.

CHAS. S. LEECH & CO., Marienville, Pa.

BRATS.

This is the striking title of Judge's Library, or Monthly Magazine of Fun, for April. It tells of the funny doings of other people's children. Brats will be found to interest not only the kind-hearted grandparents, the indulgent parents, but also the children themselves as well. We again advise the lovers of pure and genuine American humor to avail themselves of the clubbing arrangement which our paper alone offers in this country. Sample copy can be seen at the office. Remember that this Magazine of Fun contains sixty-four pages of reading matter and sketches. Regular price of Judge's Library is \$1.00. When taken in connection with the REPUBLICAN it costs but 40c.

Pronounced Hopeless, Yet Saved. From a letter written by Mrs. Ada E. Hurd of Grotton, S. D., we quote: "Was taken with a bad cold, which settled on my lungs, cough set in and finally terminated in Consumption. Four doctors gave me up saying I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took it in all eight bottles; it has cured me and thank God I am now a well and hearty woman." Trial bottles free at Proprietor's Drugstore, regular size, 50c, and \$1.00.

BUCKLEN'S ARSENIC SALVE.
