LOCAL AND MISCELLANEOUS.

Oil market closed yesterday 67.

Excursion to Rock City next Sunday. Train leaves here 8:56 a. m.

Special inducements this week in Clothing at Hopkins & Co's.

Ben. and Ted. Kelly are home from Saltburg school for the summer vacation.

Mrs. G. W. Robinson and Miss Artie, visited relatives and friends at Stoneboro during the past week.

Wilbur Hunter of Newtown, rejoices over the arrival of a girl at his home on Wednesday of last week.

Miss Jessie Hesselgesser, of Worthington, Armstrong county, is visiting her sister, Mrs. J. A. Boyd.

Rev. Mr. Bell is paying a visit to Rev. McAninch, whose pulpit he filled on Sabbath last morning and evening.

Amos Ledebur came home from Allegheny College last week to spend the summer vacation which extends into September.

Mrs. J. C. Scowden and children are paying a visit to Mr. Scowden's old home at Meadville, expecting to remain a couple of weeks.

Mr. George Salsgiver, of Smokey Hill, is having a rather serious spell of sickness, having been prostrated by the recent extreme heat.

United Presbyterian services will be held in the school house next Sabbath at 11 a. m., and 3:30 p. m. Rev. A. S. Stewart will preach.

Mrs. Charles Bonner, accompanied by the children, arrived from Chicago last week and will be the guest of her parents for two or three weeks.

Selden Whitman issues his annual invitation to all to call at his famous blackberry patch this season, which he says will bear an immense crop from present appearances.

Squire W. W. Thomas, who has been laid up several weeks with a severe attack of pneumonia, is again able to be out, and expects soon to be able to resume work.

Will Saul and sister, of Tryonville, were over last week renewing old acquaintanceships. Will still holds his position of station agent at that place, and is doing finely.

Lawrence & Smeachugh have a nice stock of fire works for the Fourth, which they have marked down to the lowest notch, in order to place them within easy reach of all the boys.

The congressional and legislative apportionment bills passed by the last legislature have been voted by the Governor. Nobody, this is, hardly anybody, expected him to do anything else.

Whig Hill will celebrate this year with a grand platform dance, which will begin in the afternoon of July 3d. Everybody is cordially invited to come and participate in the festivities.

The floods of the past week have been well patronized by the lumbermen of this section, and quite a number of flat boats, barges, and some lumber, have been started for the lower market.

A. J. Sigworth has moved his family from East Hickory to the Lineville oil field, where he has some very nice territory upon which he will operate this summer. Al. has our best wishes for success.

Rev. J. Baruhart is the new postmaster at Mayburg, this county, having received his appointment this week. May be wax financially fat from the proceeds of his new office under Uncle Sam, who is first rate pay, if you can only get a job of working for him.

The entertainment at the School Hall, or rather, what was to be the entertainment, on Friday evening last, fizzled out, on account of the operator's oxygen bag busting just as he was leaving New York on his trip around the world. The admission fees were returned to those who invested, and there was considerable disappointment depicted on the countenances of those who had settled themselves down to see a good show.

No rubbing it out! Hopkins & Co., give the best value for the money.

The Fourth comes one week from next Saturday. There was an effort to have some kind of doin's in town, but owing to slim attendance at the meeting the project fell through. But the boys will have their fire crackers just the same, as there are plenty already on sale and cheap.

The Marienville Express has changed ownership, Mr. Jas. S. Lytle purchasing the outfit. Mr. L. is a practical printer and promises substantial improvements in the make-up and general appearance of the paper as soon as such can be brought about. May success attend his efforts.

The Children's Day exercises at the M. E. Church last Sabbath morning were attended by an immense congregation, all of whom were highly entertained by the attractive program carried out. The church was tastefully decorated, and the occasion was an entire success from beginning to end.

Mr. N. R. Groves, accompanied by his bright young son, passed through town en route to Balltown yesterday for a few days' visit. Mr. Groves is still with the extensive glass works a Tarentum. He gave the REPUBLICAN a friendly call, and we couldn't see but he was the same genial gentleman as of yore.

The ladies of the M. E. Church will give an ice cream festival in the Holman building, corner Elm and Bridge Sts., next Friday evening, to which they issue a general and cordial invitation. Strawberries, cake and cream will be served during the evening, and patrons may depend on getting the most delicious of these.

Mr. Lyman Cook started for Pittsburg yesterday with a pair of flat boats, taking with him his family, and Mrs. T. D. Collins, Misses Emma Klinestiver and Emma Thompson, of Nebraska, and Rev. Rumberger and family of this place. The river is in nice stage for such a voyage, and no doubt the excursionists will have a pleasant time.

Yesterday Mr. J. A. Shriver departed with his family for Chehalis, Washington, where he intends making his future abode. Surely the new State of Washington is drawing heavily from Forest county's best citizens, and we begin to feel like drawing the line soon, because we've furnished full more than our quota to her good population. Nevertheless, our best wishes go with Add. and his family, and since we can't hold them here we bespeak for them a prosperous future in their newly chosen home.

It is indeed most gratifying to note that all crops have taken on a most decidedly better appearance within the past few days, owing to the copious rains we have been getting. Corn, oats, hay, &c., are almost sure now to be more than an average crop, if appearances count for anything, and as a result of the outlook, oats have dropped in price from 75 and 80 cents, to 45 and 50. Potato bugs are thus far non est, and a good crop of the tubers is in prospect; all of which, as we previously remarked is mighty gratifying.

Governor Pattison, on Monday appointed the commissioners to the World's Fair, after approving the bill providing for Pennsylvania's representation at the big show of '93. The list embraces thirty names, and the Governor did not forget his Mugwump friends in its composition. It starts with the name of Col. McClure of the Phila. Times, and among the western members are the following: Ben. Whitman, Eric; Lewis Emery, Jr., McKean; Chas. S. Wolfe, Union; James M. Guffey, Allegheny; J. K. P. Hall, Elk. T. V. Powderly is also a member of the commission.

A case of special interest to School Boards and teachers comes from Perry Township, Fayette county. A. C. Woolsey has sued the Directors for a balance which they refuse to pay him, on account of his having engaged a substitute while he took a vacation for a week last February. When he presented his order to the President of the Board, that official refused to sign it because of the lost week. When Woolsey insisted that he had a substitute in his place, he was told that he had no authority to hire teachers in Perry Township. The Board hired another teacher to hold school another week to fill out the term. Woolsey brought suit at New Geneva, thirty miles away, but the Board at the hearing presented a letter from Deputy State Superintendent John Q. Stewart, to whom the case had been referred. He decided the Board had done right in not paying for the week. Woolsey did not teach, and that a teacher had no authority to hire a substitute. The Justice has not decided the case yet.

David Barnett invites you to call and inspect his fine stock of clothing for men, boys and youths. He takes a back seat for none, either in quality of goods or lowness in price.

Such complaints as this are floating around in several of our exchanges: "The new Pennsylvania registry law appears to be a badly mixed up piece of legislative work, and is therefore a source of much annoyance to the county commissioners. The bill was not signed by the Governor until May 29th, but is framed to take effect the first Monday of May. The commissioners of the county had sent out the necessary blanks for making the registration under the old law one week previous to receiving notification that the new act had become a law. These blanks have been called in and new ones will be sent out which will incur an additional expense of several thousand dollars on this county."

Tionesta was all fixed for going to Tidouite by special train last Friday, when word came asking that the ball game set for that day be postponed. Tionesta could see no good reason for postponement, and therefore refused to concur. After repeated telegrams between the managers of the two clubs, Tidouite finally declared its inability to go on with the pre-arranged game, and so the Tionesta boys were obliged to countermand their order for the special train. We don't know why Tidouite couldn't play, but understand it was on account of a disappointment in getting a home pitcher of the imported pattern. Tionesta has always heretofore been ready to go up with a club of all home boys and give their neighbors a friendly game, but how it will be now we don't know.

The recent rains have so improved the crops that the farmer now looks quite happy. The dry weather of May made the outlook for good crops anything but flattering but now we may expect a fair harvest.

A. J. Handy is hauling lumber and ties to the river with both his teams for Dingman & Dale.

Mrs. F. E. Metcalf and Miss Daisy Zahnsier made Mr. and Mrs. Nathan Zahnsier, of Buck Mills, a visit last week.

We forgot last week to mention the visit of Mr. Quint Jamieson and family, and Chas. and Gib. Thomson, at John Thomson's Sabbath, the 14th.

Mrs. Blanche Botsford and Mrs. Herring were over from Terril's Corners last Sabbath.

The question is, where are we all going to spend our Fourth? Grove Bros., on the Range, are having trouble with their casing. They are down about 400 feet.

Rig No. 3, on the Fair, will be built this week.

If the party that stole Fred, Fogle's turkey gobbler will step up and pay for the same he may save himself trouble. Little birds carry news. A word to the wise, &c.

Mays has lost a bailer in No. 3, on the Shaddock, and is having a fishing job. The well is shot and is showing for 10 barrels, Quinn said.

Shaddock is building a rig on the east end of the Howarth, joining the Jocelyn on the north, and the Hays on the west.

East Hickory. [Derrick correspondence.] Free Methodist general quarterly meeting took place here Sunday, after which a large number of pilgrims were sprinkled and immersed in the river. During the services many returned the blessing, and all returned home greatly benefited by being there.

Hilton Church has purchased a livery stable at Grand Valley, and will take possession in a few days.

Edith and Burt Berlin visited friends here Sunday.

T. J. Fleming is over from Salmon Creek for a few days.

Dr. Weber and T. J. Spencer caught a string of 310 trout last week, weighing nearly 25 pounds.

Philip Boarts and family returned from the Lima oil field last week.

W. Hunter has moved to Stowtown.

Mrs. Amos Chambers returned from Hemlock city last week.

Amos Ledebur returned from Meadville Friday, where he has been attending college.

Miss Leona Bowman, a daughter of T. J. Bowman, of this place, who has been attending the Jamestown High School, and was a member of the graduating class this year, graduated with high honors, and passed an examination, in which all the schools in Chautauqua county competed, and carried off the State scholarship at Cornell University over all the competitors.

Charles Buras is driving team for T. J. Bowman.

Lumbermen have taken advantage of the floods to run their lumber and timber to market, also logs to their mills.

NEWSY NOTES.

Grocer Winchester, of Titusville, who fixed a gun over the doorway so that it would go off if burglars attempted to enter, but which went off and killed a boy, has been acquitted by a jury. The worry has made a physical wreck of him.

The body of E. M. Haskell, who has been dead for over twenty years, was recently removed from his grave, at Northfield, Minn., it being supposed to put the body in another lot. When his body was exposed it was found that he had a beard over twenty-three inches long. His wife said that before he died he had been shaven, and all his hair must have grown after burial.

It takes 22 hours for the Philadelphia Record to turn out printed papers, after beginning to cut the willow in the woods from which the pulp is made. The wood is cut and ground into pulp; then it is taken to the paper mill, then to the press room. In laborers, editors, reporters and all necessary to complete the paper for market is 1144 persons, and it is then sold at one cent a copy; and \$2,500,000 capital is invested.

Common dry salt is said to be one of the best agents for cleaning marble, such as wash stands, sink fixtures and the like. It requires no preparation, and may be rubbed upon the tarnished surface, removing any incrustation or deposits at once, leaving the marble shining and clean. This is well worthy of remembrance, as it is often found to be provokingly hard to clean marble thoroughly without injuring the surface.

There is a large factory in Bridgeport, near Chicago, employing one hundred workers, in which waste animal blood is converted into buttons. From 8,000 to 100,000 gallons of beef-blood are used daily for this purpose. It is prepared in thin sheets by evaporation and chemical processes, and afterward worked into various useful articles. Not only buttons, but tons of ear-rings, combs, belt-clasps, and trinkets are usually made in this manner from blood.

To determine the number of any congress in this country add 19 to the year in which the congress first convened and divide by 2—the quotient will be the number of congress. Thus the last congress convened in '89; adding 19 gives 108, half of which gives 54, the last being the fifty-first congress. Conversely, to find the year in which any number of congress convened, double the number of congress and deduct 13. Thus '07 the fifteenth congress: 2 multiplied by 15 minus 13 equals 17 and the fifteenth congress met in 1817.

The best yet. Peterson for July is a very handsome number. There are two beautiful full page engravings, and two double fashion plates, and a profuse supply of capital illustrations. "Here and There in Switzerland" by Olney Towne, is a very interesting sketch of places not usually visited by the traveller and is effectively illustrated. The number contains numerous other good things. The new volume opens bi-monthly. Terms \$2.00 a year, \$1.00 for six months. A sample number will be sent for 5 cents. Address Peterson's Magazine, 305 Chestnut St., Philadelphia.

Some time ago the Wheeling Development Company began drilling a well near Wheeling, W. Va., in search of petroleum or natural gas. The hole has now reached a depth of 4,100 feet. In this distance several veins of coal have been passed, and both oil and gas have been struck, but not in paying quantities. The hole is 8 inches in diameter. It is reported that Prof. White, State geologist of West Virginia, has succeeded in interesting the officers of the United Geological Survey in the exploration, and that the hole is to be continued to a depth of 1,000 feet more, or as far as is practicable, with the idea of making investigations of temperature and magnetic conditions.

By a formal order issued from the War Department the field or union of the national flag in use in the army will, on and after July 4th, next, consist of forty-four stars in six rows, the upper and lower rows to have eight stars, and the second, third, fourth and fifth rows seven stars each, in a blue field. Wyoming's star will go upon the flag. Secretary Tracey, mindful of the necessities of flag-making, gives timely notice of the way the new union is to be arranged, with Wyoming's star included.

The little fellow could not swallow anything, but the old darkey rubbed the juice on the boy's tongue. Then he called for a tube, which he filled with juice, and taking the rubber nipple off the baby's milk bottle fixed it on one end, and thus injected the juice into the boy's mouth. After awhile some of it went down the throat, and after four hours the patient showed signs of improving. From that time on the boy kept on getting better, and in six weeks was making mud pies with his companions. The pineapple should be thoroughly ripe. The juice is of so corrosive a nature that it will cut out the diphtheritic membrane. I tell you it is a sure cure."

Happy Hoppers. Wm. Timmons, Postmaster of Idaville, Ind., writes: "Electric Bitters has done more for me than all other medicines combined, for that bad feeling arising from indigestion and liver troubles." John Leslie, farmer and stockman, of same place, says: "Find Electric Bitters to be the best I know of for Liver troubles, made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: "Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies; it gives me new strength, good appetite and felt just like he had a new lease on life." Only 50c. a bottle, at Proper & Douth's Drugstore.

Remarkable Rescue. Mrs. Michael Curtin, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption, and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking ten bottles, found herself sound and well, now does her own housework and is as well as she ever was. Free trial bottles of this Great Discovery at Proper & Douth's Drugstore, large bottles 50c. and \$1.00.
