

Announcements.

Announcements will be as follows: Delegate to Constitutional Convention, \$3.00; State Delegate, \$2.00; Auditor, \$2.00; District Attorney, \$3.00; Coroner, \$2.00. Cash must in all cases accompany the order for announcement.

CONSTITUTIONAL DELEGATE.

We are authorized to announce E. L. DAVIS, of Tionesta borough, as a candidate for Delegate to the Constitutional Convention, subject to the decision of the Republican District Conference.

STATE DELEGATE.

We are authorized to announce DICK DAVIS, of Tionesta, as a candidate for Delegate to the Republican State Convention.

DISTRICT ATTORNEY.

We are authorized to announce P. M. CLARK, Esq., of Tionesta, as a candidate for District Attorney, subject to Republican usages.

AUDITOR.

We are authorized to announce JOHN A. DAWSON, of Harmony Township, as a candidate for County Auditor, subject to Republican usages.

CORONER.

We are authorized to announce Dr. C. C. RUMBERGER, of Tionesta, as a candidate for Coroner, subject to Republican usages.

The Ohio Democrats "favor liberal and just pensions to deserving and honest soldiers." But they don't favor the appropriations for the same. See?

Says the Harrisburg Telegraph: It appears that the labor vote is discovering that the Pattison administration is not just so lovely for it as was expected. When the report of the legislative committee appears things will not be so smooth as they have been since the upheaval last fall.

The Cologne Gazette is authority for the statement that the McKinley bill has destroyed the steel industry on the lower Rhine. At the same time we can state, without the slightest fear of contradiction, that the McKinley bill has not destroyed the steel industry of the United States.

There is talk of compromising on Bro. Lucius Rogers, of the McKean Miner, for the Presidency of the State League of Republican Clubs. The petty little two-for-a-cent fight isn't worth talking about, but for a compromise, and to settle what may result in a senseless fuss, some one has hit on a good way out of the muddle. "Loche" Rogers would suit the northwest to a "t." He is stalwart enough for anybody, and yet has the backbone to kick when there's a sensible excuse for it.

REPUBLICANS should bear in mind the primary election to take place in Forest county next Saturday afternoon, and turn out to the same. It may be argued that the candidates having no opposition there is little use to attend the primaries. This is a mistake. A good turnout is an indication of activity, and makes the victory the easier to win in the fall. Besides there is the new county committee to elect, which should be composed of active wide awake workers. It is hoped there will be a good attendance at next Saturday's primaries.

The official count of the money in the United States Treasury made necessary by the change of Treasurers, which has been going on for sixty days, was completed last week. It shows that there is a total of \$600,062,537 on hand, which tallies to a cent with what the books show ought to be there. This is actual money and does not include gold bars to the value of \$62,067,743.69, silver bars \$26,880,847.95 and trade dollar bars, \$4,484,203. Rather a pretty showing isn't it for a Treasury which is declared by a few crack-brained democrats to be on the verge of bankruptcy.

EX-SOLICITOR GENERAL JENES arrived in the city from Brookville yesterday, and when spoken to on the subject expressed himself strongly in opposition to a constitutional convention. "I hope," he said, "that there won't be a half dozen votes in the state in favor of a convention. It is an unfortunate time to have one with so many crack notions in the air. It is wrong to endanger the Constitution in that way. We have a good Constitution—one of the best in existence, and if there is need of improving it in any particular it can be done by amendment. The Constitution should not be torn to pieces or a new one made, as might be done if a convention is held. A Constitution should be a growth, improved and altered only as it becomes necessary. Our Constitution provides a safe way of doing this without running any risks. We shouldn't throw away the experience and interpretations of seven-tens years, but amend with a view to retaining the benefit of the decisions of the courts. Generally speaking, a new Constitution should only be made at the founding or creation of a state. I think you will find that the railroads

are all in favor of a convention. They hope in some way to get article 17, so obnoxious to them and which causes them so much trouble at each session of the legislature, repealed. The interests that want special legislation are also anxious for a convention, and you will nearly always find some ring behind every demand of that kind."—Pittsburg Commercial Gazette.

STATE TREASURER BOYER was asked whether he would now honor the warrants of Dr. Waller, Superintendent of Public Instruction, since Judge Simonton's decision in the case. He said he would take no further action in the matter until a conference with all concerned had been had. He added that he would be only too willing to pay out the school funds so soon as the Attorney General has decided he can do so legally. "We now have about \$4,000,000 in the general and \$3,000,000 in the sinking fund."—Harrisburg Telegraph.

It is not a fact for rejoicing to the party as some professed Republican papers will undoubtedly maintain, that Senator Quay will probably resign the chairmanship of the Republican National Committee. It deprives the party on the eve of a great contest of a skillful hand at the helm. The Democratic party and press may well rejoice, but their gain and the Republican party's loss will be tempered by the fact that Senator Quay will remain a member of the committee. It's an ill spirit to abuse the horse that carried you over, but many who shared in the benefits of Republican success seem to be unmindful of the fact.—Derrick.

The democrats are trying very hard to make it appear that they like the nomination of Campbell and the platform which was adopted by the Ohio State convention last week; they are trying to convince themselves that Campbell will get enough republican votes to elect him, but they are not succeeding very well. The national democratic committee has been appealed to, to use its influence to whip the kicking democrats into line and it has promised to do so, but inasmuch as the committee has for some time practically conceded the election of McKinley by laying wires to capture the legislature by trading votes for Governor for votes for candidates to the legislature it is hardly probable that it will make any serious attempt to help Campbell.

"All doubts of Secretary Blaine's condition," said a gentleman connected with the Department of State, "have been removed by his directing by wire that all the papers in a number of important matters pending before the department be forwarded to him at once. That means that the Secretary feels well enough to resume work and that he proposes doing so." All the Democratic, and a few sucker Republican papers, who are trying to kill Mr. Blaine by pretending great friendship for him, will, of course, go right on expressing grave doubts about his ever getting well, notwithstanding the almost daily reports of his improvement to the contrary. The shyster Republican papers act as though all their readers were a parcel of fools, too thick headed to see through trickery.

JUDGE SIMONTON of Dauphin county, on Thursday returned a decision in the case of the Commonwealth against Dr. Waller, superintendent of public instruction, who is contesting the power of Governor Pattison to remove him from office, the Senate having refused to confirm the Governor's appointee. The Court awards a judgment of ouster against Dr. Waller, but gives the usual time in which exceptions may be filed. The case, it is understood, will be appealed to the Supreme Court, in which event a final opinion will hardly be reached before next May. Judge Simonton holds that a person rejected by the Senate cannot be appointed, and this will also bar Dr. Snyder, the Governor's appointee. According to this decision, then, it would seem the State is without a superintendent.

Is Consumption Incurable? Read the following: Mr. C. H. Morris, Newark, Ark., says: "Was down with Abscess of Lungs, and friends and physicians pronounced me an incurable Consumption. Began taking Dr. King's New Discovery for Consumption, and now on my third bottle and able to oversee my work on my farm. It is the finest medicine ever made." Jessie Middlewart, Decatur, Ohio, says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of Lung Trouble. Was given up by doctors. Am now in perfect health." Try it. Sample bottles free at Proper & Douth's Drug Store.

ELECTRIC BITTERS. This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the song of praise. A Matter of Great Importance to You!

If suffering from long standing Chronic Diseases, diseases of the Blood, Skin and Nervous System as well as those suffering from EYE, EAR, NOSE AND THROAT TROUBLE.

MORITZ SALM, M. D., Specialist.

DR. J. J. MCCLELLAN, Specialist.

Will be at the Central House, Tionesta, Pa., Sunday and Monday, July 19 and 20, 1891.

They will visit this country every four weeks, thus saving their patients the trouble and expense of visiting the city, as they are the only physicians and surgeons in this country who carry their own Manikins, Models, Diagrams, etc., to illustrate and make plain to all the afflicted the cause and nature of their disease.

Chronic Diseases of the Eye Such as Granulated Lids, Chronic Inflammation of the Lids, of the Iris, of the Choroid, of the Retina, Chronic Ulcerations, Spasms of the Lids, Cancer of the Lids and Eye, Tears running over the cheeks, Day and Night Blindness, Purulent or Mattering sore eyes, gonorrhoeal ophthalmia, syphilitic ophthalmia, red blotches or brown ones on the ball, phlyctenular ophthalmia, opacities or milk white spots on the eye, glaucoma or cupping of the nerve, amaurosis, falling out of lashes, sores, redness of edges of lids and eyes, and all other diseases to which the eye or its appendages are liable, positive and rapid cure guaranteed. Ear Troubles are Cured In an astonishingly quick time. He will relieve you of all roaring, hissing and ringing noises, heaviness, itching, pain, running of the ear, will close up a hole in the drum of fifty years standing; will insert artificial ear drums of his own invention with astonishingly gratifying results. A Word About Catarrh. It is the mucus membrane, that wonderful semi-fluid envelope surrounding the delicate tissues of the air and food passages, that Catarrh makes its stronghold. Once established it eats into the very vitals and renders life a long-drawn breath of misery and disease dulling the sense of hearing, and trambling the power of speech, destroying the faculty of smell, tainting the breath and killing the refined pleasures of taste. Insidiously, by creeping on from a simple cold in the head, it assautes the membranous lining and envelopes the bones, eating the delicate coats, causing inflammation, sneezing and death. Nothing short of total eradication will secure health to the patient and all alleviations are simply procrustean sufferings, leading to a fatal termination. The doctors have, by a treatment local and constitutional, made the cure of this dread disease a certainty, and has never failed. Even when the disease has made frightful inroads on delicate constitutions, hearing, smell and taste have been recovered and the disease thoroughly driven out. Chronic Diseases. The Doctors treat no acute disease, but make an entire specialty of chronic and long standing disease. Cases given up by other Doctors and pronounced incurable, they most desire to see. The Doctors have treated over 15,000 cases in Ohio in the last twelve years, many of which had been given up as incurable, some to be blind, and others deaf, and a large number to be invalids for life. But behold! now they see and hear and many are started on the high road to recovery every month. The Doctors are surrounded with the largest collection of fine instruments ever imported to this country for examining and treating all chronic diseases of the head, face, eye, ear, throat, heart, lungs, stomach, liver, kidneys, bladder, skin, brain and nervous system, cancers, tumors, piles, swellings, old sores, fist, paralysis, neuralgia, rheumatism, dropsy, gout, sick headache, debility, depression of spirits, diseases of children, hereditary diseases of all long standing chronic diseases. Rectal Diseases. They also make a specialty of all forms of Rectal Diseases, piles—internal and external, itching and bleeding, rectal ulcers, fistula—which are often taken for cancerous and lung diseases, all cured if taken in time. Remember we cure all forms of piles without pain, interruption or detention from business, and without the use of a knife, caustic, ligature or injection. Come and be convinced. Dr. McClellan, made these diseases an extensive specialty for ten years in a large city.

CONSULTATION FREE.

1891. Loaded! 1891.

The shelves and counters in our store are loaded with a choice selection of Spring goods.
