Church and Sabbath School.

Presbyterian Sabbath School at 9:45 a. m.; M. E. Sabbath School at 10:30 a. m.; Preaching in M. E. Church every Sabbath evening by Rev. Rumberger.

LOCAL AND MISCELLANEOUS.

—Oil market closed yesterday 67 1/2.

—Don't forget the excursion to Niagara on the 30th inst.

—T. J. VanGieson, Esq., is up from Leechburg, on a few days' visit with Tionesta friends.

—Miss Lizzie Greaves of Warren, is visiting at the home of her uncle, Hon. E. L. Davis.

—Mr. J. B. Legnard and daughter, Miss Gussie, of Waukegan, Ill., are guests at Mrs. May's.

—Don't forget the Republican primaries next Saturday. Turn out and show up a good vote.

—Mrs. L. Fulton and children are paying a two or three weeks' visit to friends in Johnstown, Pa.

—Dr. Rumberger, of this place, is to-day announced as a candidate for Coroner, subject to Republican usage.

—Mr. John A. Dawson is this week announced as a candidate for County Auditor, subject to Republican usage.

—Jas. T. Brennan, Esq., was re-appointed Notary Public by Governor Pattison, and has received his commission.

—Turn out next Saturday and see the game between Tionesta and Titusville. Five hundred people ought to witness the sport.

—Attorneys Rice and Neill of Warren, had business at argument court here yesterday. Also Hon. J. H. Osmer of Franklin.

—A colored camp meeting will be held on Whig Hill, commencing next Sunday and continuing ten days. No doubt it will be well attended.

—Zach. H. Eddy, who was well known to a large number of our older class of citizens, died at his home in Warren, on the 11th inst., aged 73 years.

—Ex-Judge Brown attended argument court here yesterday, and many of his old friends had the pleasure of shaking hands with him during his short stay.

—A son of Mr. Wirt, who lives on the old Sibley place, German Hill, had his left arm broken below the elbow, by falling off a load of hay one day last week.

—Miss Artie Robinson entertained, during a part of last week, two of her former school friends, Misses Ethel Cooper of Delaware, and Anna Stone of Warren.

—Mrs. P. Normils and sister, Miss Hattie Tobey, have leased the Ridgway House, at Hydettown, Crawford county, and yesterday departed for there to take charge of the same.

—The steady rain of last Saturday, while it checked the harvesting, gave the lumbermen a nice boat and barge flood, which was duly taken advantage of in the starting of several of these craft for the lower markets yesterday.

—The young people of Whig Hill, and vicinity will indulge in a pleasant hop next Friday evening. A large platform has been erected and it is the intention to have an occasional hop during the summer season. All well disposed young folks are cordially invited.

—Persons having visitors of whom they are not ashamed and who are welcome, are invited to send their names to this office where a personal mention will be cheerfully made of the fact. The same applies to those who are going away from home to visit others.

—Last Friday afternoon, Clifford, the four-year-old son of Andrew Carr fell out of a hammock and sustained a fracture of the left collar-bone. The little fellow was just recovering from a fall of a day or two previous, which injured the same bone but did not break it, thus making the latter hurt doubly painful.

—One of the pleasant events of the season was the marriage on Wednesday last, of Miss Nellie Hunter, to Mr. Frank Amaler. Only the immediate relatives of the bride and groom were present at the marriage, which occurred at 6 p. m., at the conclusion of which an elegant wedding dinner was partaken of. The newly wedded pair will make their future home in Pittsburg, where the best wishes of many friends here attend them.

—The hay harvest is pretty well whipped throughout this section. The crop has been a very fair one, generally speaking, although nothing like the big crop of last year. The wheat and rye crops are now receiving the attention of farmers. These can hardly be said to be up to the average. Oats could not look better.

—The men who take your advice never give you a chance to forget that it was your advice if it turns out to be bad for them.—Atchison Globe. And why should they? On the other hand, if it should turn out good for them, you will never give them a chance to forget that it was your advice which they acted upon.

—Arrangements have been made for a game of ball on the Tionesta grounds, on Saturday, Aug. 1st, between the Juniors of Marienville, and the Juniors of this place. Tionesta's juniors put up a pretty good game, and as we understand the Marienville boys are right up to snuff, an entertaining game may be expected.

—The Clarion Jacksonian says all aspirants for appointment to the Judgeship, in place of Judge Wilson, deceased, have given way to Capt. W. W. Barr, who seems to be the choice of the Clarion Bar and the Democratic party, and that he will be the next Judge. Capt. Barr has many friends in this county who would bear with pleasure of his appointment.

—Unless he is pardoned, Samuel Wayman, whose conviction as one of the murderers of Emory Thayer, of Avon, N. Y., grew out of his arrest in Oil City a couple of years ago, will be executed at Genesee, N. Y., August 6th. As the murder referred to was committed before the passage of the electrocution law, Wayman's death will be by hanging.—Blitzard.

—A man named Chris Kufner met with an accident on Collins & Co.'s mill, Nebraska, on Monday, which may yet prove serious. He was acting as tail-sawyer on the circular mill, and in some manner had his right leg caught between the carriage and rollers, crushing it very badly from below the knee to the thigh, but breaking no bones. His physician, Dr. Siggins, considers the bruise a dangerous one, the results of which cannot be foreseen at present.

—The hall game between Titusville and Tionesta, set for last Saturday on the grounds of the latter, was postponed on account of rain. A game will doubtless be played between these two clubs some day this week, but the date has not yet been fixed. P. S.—Since this "was writ" word has come from Titusville that their team will be here next Saturday, and the game will be called shortly after dinner. Don't miss it. There's promise of an interesting game.

—Mr. Eli Holeman, while lathing on one of J. M. Kepler's new buildings Monday afternoon, fell backward, striking his right side against a sharp corner of the woodwork, and sustaining a fracture of one of his ribs. He kept on working for a while after his breath returned, but the injury became so painful that he was obliged to give up and call in a physician, who soon discovered, as above stated, that one of his ribs was broken, but believes there was no other internal injury.

—Albert Lawrence got a severe clip on the eye from a "foul" Monday, while playing on the ball grounds, and will likely be housed for a day or two. And right here it might be well to remind the boys and men, too, that an ordinance prohibits the throwing or tossing of ball on the streets, a practice which has been considerably indulged in of late, and which is dangerous in many ways. The penalty is \$5.00 fine. It is hoped those who have been practicing the dangerous pastime, if they can read, will take the hint.

—Some quail liberated in the woods near Basti, N. Y., are said to be increasing rapidly. Why wouldn't it be a good plan to introduce these delightful little game birds into this country again? At one time—many years ago, to be sure—the pleasant note of the Bob White, was a common thing to hear as one passed through the farming communities, and there is no good reason why they should not again become plentiful if given a fair chance. They flourish best as the country becomes more settled, and the foxes become scarcer.

—Of the camp-meeting, mention of which was made in the REPUBLICAN of last week, and which opens to-morrow, Thursday, the Franklin News says: The success of the Wesleyan camp-meeting is already assured, so far as attendance and patronage can make it so. The 47 tents which will compose the camp have all been rented. In addition to these, there will be a tabernacle tent, 30 by 50 feet, for meetings. The situation of the camp in Bleakley Park—dry ground, finely shaded, well lighted at night, and commanding a full view of the city and valley of Franklin—is so attractive and convenient that it is certain to draw a large attendance. There is not in this part of the country a more comfortable, healthy and beautiful spot for a camp. Able and experienced camp-meeting conductors and revivalists will be in charge. Many Franklin families will camp on the grounds and make their summer outing within sight of the home nest.

—No little excitement, as well as considerable amusement was occasioned last Saturday in an effort to recapture Mr. Brennan's valuable parrot, which had escaped a day or two previous. All the boys, and a goodly share of the men of the town joined in the chase, which extended nearly the entire length of the town, the bird being able to fly quite a stretch, and generally managed to find the highest tree and the highest limb on the tree. The heavy and steady rain finally got to Polly and she was at last obliged to take to the tall grass where the capture was made. It cost the 'Squire ten or twelve dollars to settle with the boys, but the satisfaction of getting his pet back was ample compensation for the outlay.

—Yesterday Judge Noyes, with Associates White and Clark held argument court here, when a number of matters were disposed of. A petition was presented asking the appointment of viewers for the purpose of vacating and supplying the road leading from the Hunter grist mill to a short distance below Jamieson track. The court appointed Messrs. Henry Kiser and Wm. B. Heath as such viewers. Mr. Ritchey presented a petition asking for the appointment of a commission to inquire into and report upon the availability of re-uniting the Borough of Tionesta as a whole, and doing away with the ward line. The petitioners' prayer was granted, and as such commission the court appointed Messrs. John Thomson, and R. O. Carson, Harmony township; W. B. Heath, Kingsley twp. They will make a report at next term of court. Ever since the ruling of the court on the license question at May term, in which the question of the division of the Borough into wards was raised as an objection to the granting of the same, there has been some little doubt as to the legality of the election of the present officials of the Borough. To set matters right the Burgess and Councilmen offered, through their Clerk, P. M. Clark, Esq., their resignations to the court, in order that the court might fill the vacancies by appointment, thereby removing all doubt. The court was of the opinion that such a course was unnecessary, and that the present officials were officers de facto, and therefore their acts were valid so long as they were not legally ousted. And so the matter was pressed no farther, and the officers will go on about their business as usual.

—The New Oil Field. There is no abatement in the ripple of excitement caused by the recent developments in the new field south of Little Hickory creek, and the hunt for leases is getting quite brisk all along the line, extending some distance in advance of any developments. Patterson has two good wells, one on the Furnace and one on the Smith tract. The latter started to pumping at 75 barrels, and will not drop below 25 or 30 barrels very soon, say the experts. Wolcott & Son's strikes are still showing up well, and they have made several runs of oil through the pipe line, which has already been connected up to the new field. Their best well is on the Powell farm and is a nice 25 barrel pumper. They are putting more rigs up on the latter place, and also on the Veckroth farm which lays well to catch future developments. In fact Messrs. Wolcott have a full mile of territory that seems to be right "in it." Patterson is putting up more rigs on the Furnace and Smith tracts. Nicholson, of Oil City, is rigging up on the Charles Albaugh farm and will soon have the drill started. The Grove & Shields well on the Chris Cropp farm will be drilled to the third sand. It had only gone to the second sand heretofore.

—J. H. Hardison has secured a lease of the Diekrager and Winkler farms, and will commence a rig on the latter forthwith. There seems no question but that the field will be a prolific one, with perhaps no great gushers, but nice paying pumps, affording a handsome revenue to both owners and operators. The distance from Tionesta to the new field by road is between three and four miles, on an air line perhaps two and one-half miles. —For bargains in Furniture go to S. H. Haslet & Son's cheap furniture store.

draw a large attendance. There is not in this part of the country a more comfortable, healthy and beautiful spot for a camp. Stewart's Run.

Miss Alice Fogle has returned from Waterford, Erie county, where she has been visiting for some time. Her sister, Mrs. Boyd, accompanied her for a visit with her parents.

Miss Brown is staying at Mr. Hutchison's. Mr. Dora Carson's children have almost recovered from the scarlet fever, and U. S. Zahniser's three youngest children have had it quite badly, but are improving slowly.

Fred Fogle's children have the chicken pox. Rev. Brennan preached Mr. Morris' funeral sermon at the White Church Sabbath last. Mr. Morris had been suffering for about a year from cancer on the face. He leaves a wife and four children—one young man and three small children.

George Dawson came home last week. He will remain at home for some time. Welcome back. Miss Rilla Ball is staying at Len Range's. Mrs. John Huddleson, who has been quite poorly, is some better.

No. 3, on the Fair, which we reported last week, is doing 12 barrels. Wood & Brunston are building a rig on the Jocelyn. Will drill right away. July 21. CITIZEN. East Hickory.

Derrick correspondence. T. J. Fleming, of Salmon Creek, was home over Sunday. Mrs. Eli Berlin, of Whig Hill, was in town on Saturday. Mrs. Green, an old inhabitant of this place, died last week, aged 69 years, of heart failure. Deceased leaves a large circle of friends to mourn her loss.

Employees of the government were here on Friday laying out the location of a wing dam, to be built at Green's Island. Work will be commenced in a few weeks. Wheeler & Dusenbury changed their feed on the mill, and have considerably increased its daily output.

A colored camp meeting will be conducted on Whig Hill, beginning on Saturday, July 25, and lasting over two Sundays. Colored visitors from Pittsburg, New Castle and Franklin will be present to assist at the meeting. C. Hall has set his mill on Whig Hill, and is now cutting out his stock of white oak.

In the case of Becket vs. Douglass, before Squire Foreman, for surety of the peace, the defendant was bound over to court under \$100 bail. Warren Bean and wife returned from Smethport, on Saturday; also Mr. and Mrs. McCray. Smith Sutley & Bros. are drilling four wells on Poverty Hill. Charles Burns is rejoicing over the arrival of a 10 pound boy at his house, as is also George Copeland.

Phil Boarts has gone to housekeeping in his house near the bridge. Geo. Stover passed here last week in a boat, accompanied by four cows and other young cattle, four hogs and two dogs. He will stop at Oil City, where he will engage in the dairy business. Editor Muse, of the Vindicator, was in town on Monday.

A DAY AT NIAGARA FALLS. The first grand excursion this year to Niagara Falls, under the management of the W. N. Y. & P. Railroad, is booked for Thursday, July 30th. A special train of through coaches will leave Tionesta at 6:30; Hickory, 6:43; Trunkville, 6:57, stopping at all intermediate stations between here and Olean. Fare for the round trip, only \$2.50, which is certainly as low as any reasonable person could desire. Tickets will be good to return from Buffalo on the following day, so that excursionists can stay all night in the latter city thus making the trip much pleasanter and less fatiguing. This is one of the nicest features of the outing. To those who have never seen the great falls this excursion will afford an opportunity to do so at an expense that is within the means of any one. The train will stay seven hours at the Falls, which is plenty long enough to view all the sights of interest. Returning will leave at 8:00 p. m. Excursion Agent Newton will be with the party and see to the personal comforts of all.

NOTICE. I now have my steam thrasher in No. 1 repair and am ready to do threshing. Give me a call. I guarantee good work. J. G. BROWLEY, Stewart's Run, Pa.

No. 1 Mackerel, this season's catch, fresh and fine, in bulk or by the pound, at G. W. Robinson's. 2t BUCKLEN'S ARNICA SALVE. The best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Proper & Douth.

NEWSY NOTES. The Chautauqua Assembly Herald will make its appearance July 22, and continue daily, Sunday excepted, for five weeks. Maj. D. V. Derickson, one of Meadville's most prominent citizens, is hopelessly ill. Both mind and power of speech are gone, and the body must soon perish. His three daughters and two sons are at his bedside.

The body of young Nelson F. Sterrett, of Titusville, who was drowned near Fair Point, Chautauqua Lake, on the Fourth of July, has been recovered. The parents of the young man had offered \$1,000 reward for a successful search. Talmage never said a truer thing than that one of the noblest things in our human nature is the feeling that prompts us to say nothing but good of the dead, and the meanest thing in our nature is to wait until they are dead before saying it.

REPUBLICAN PRIMARY RULES.

RULES GOVERNING THE REPUBLICAN PRIMARY ELECTIONS OF FOREST COUNTY. 1. The candidates for the several offices shall have their names announced in one or more of the county papers at least three weeks previous to the Primary Meetings stating the office, and subject to the action of the party at the said primary meetings.

2. The voters belonging to the Republican party in each township and borough shall meet on a day to be designated by the County Committee, at the usual place of holding spring elections, at 2 o'clock P. M., and proceed to elect a person for Judge, and two persons for Clerks who shall form a Board of Elections to receive votes and determine who are the
