

THE FOREST REPUBLICAN.

E. L. DAVIS, EDITOR & PROPRIETOR.

WEDNESDAY, JULY 20, 1891.

REPUBLICAN TICKET.
COUNTY.

Delegate to Constitutional Convention,
E. L. DAVIS.
(Subject to action of District Conference.)
District Attorney,
P. M. CLARK.
Auditor,
JOHN A. DAWSON.
Coroner,
DR. C. C. RUMBERGER.

REPUBLICAN STATE CONVENTION.

Chairman William H. Andrews, of the Republican State Committee, has issued this call for the Republican State Convention, which will be held August 19, in Harrisburg:

HEADQUARTERS
REPUBLICAN STATE COMMITTEE,
CONTINENTAL HOTEL, PHILA., June 20.
To the Republican electors of Pennsylvania:
After consultation and correspondence with the members of the Republican State Committee, and by their direction, I hereby give notice that the Republicans of Pennsylvania, by their duly chosen representatives, will meet in State Convention at Harrisburg, Wednesday, August 19, 1891, at 10 o'clock a. m., for the purpose of placing in nomination candidates for the offices of State Treasurer and Auditor General; for the nomination of 18 candidates for delegates at large to the Constitutional Convention provided for in the act of Assembly, approved June 19, 1891, and for the transaction of such other business as may be presented.
Notice is especially directed to the fact that, in accordance with the provisions of the last mentioned act, each Senatorial district is entitled to a representation of three delegates in said Constitutional Convention, two of whom only can be members of the majority party in said district. The electors of each district are, therefore, requested to make proper nominations for delegates to said convention, the rules governing the nomination of candidates for State Senator to be applicable. In this connection the Chairman desires to call the attention of Republican voters to the recommendation of the State Convention of 1882, that "they allow the greatest freedom in the general participation in the primaries consistent with the preservation of the party organization."
WILLIAM H. ANDREWS, Chairman.
FRANK WILLING LEACH, Secretary.

REPUBLICAN PRIMARIES.

The Republican primaries, which were held last Saturday throughout the county, were, as a natural consequence quite spiritless, owing to the lack of opposition for any of the nominations sought after, and small importance attached to the offices to be filled, together with the fact that most every one at this particular time of year is specially busy.

A number of the precincts held no election at all, but those which did were represented at the convention which was held at the court house in Tionesta yesterday afternoon.

The meeting was called to order by Chairman Scowden, and temporary organization formed by the election of H. M. Zahniser as presiding officer.

The sealed returns were then opened and the votes computed, and as the vote for each candidate was announced, he was duly declared elected or nominated as the case might be. At the conclusion of the canvass of the vote the election of a chairman of the County Committee for the ensuing year was taken up, and resulted in the unanimous choice of Sheriff John R. Osgood, Mr. Scowden, the retiring chairman, having expressed a desire to be relieved of the duties of the office which he so ably conducted during the last campaign.

This concluded the business of the convention, which on motion adjourned.

The ticket as nominated is as follows:

Delegate to Constitutional Convention, E. L. Davis.
Delegate to State Convention, Chas. R. Davis.
District Attorney, P. M. Clark.
Auditor, John A. Dawson.
Coroner, Dr. C. C. Rumberger.

Then and now is generally interesting, but never more so than when comparing the difference in prices of manufactured articles and farm products. Some one looked up a day book of 1845 and these are some of the prices he found:

Two pounds of nails, 16 cents; 1 pound of tea, \$1.25; 7 yards of calico at 22 cents per yard, and 19 1/2 yards at 33 cents per yard; 83 pounds of beef at 2 cents per pound; butter as low as 4 and 5 cents per pound; black muslin, 10 cents per yard; corn 12 1/2 to 15 cents per bushel; fresh pork, 3 cents per pound; 2 hogs weighing 340 pounds each, at 2 1/2 cents per pound; brown sugar, 12 1/2 cents per pound; eggs, 2 cents per dozen.

That's good enough tariff argument for us, not only from the standpoint of the consumer of farm products, but more from the position of the farmer. Protection has fostered manufactures lowered prices on manufactured articles, while it has created a home market for farm products, at prices doubled and trebled. Protection won't make hair grow on a bald head, or cure all the ills that flesh is heir to, but it has made this country great and prosperous, has helped the farmer as much as the artisan, and is the safe ark of future success, and if the people of the United States ever leave it to battle in the stormy waters of free trade, there is more chumpism abroad in the land than we have ever realized.—Derriek.

McKINLEY'S majority in Ohio, it is variously estimated, will be from 75,000 to 100,000.

LUCIUS ROGERS says in the last issue of his McKean county Miner: "The editor of this paper is not a candidate for the Presidency of the Republican League Clubs of the State and no contingency could arise which would induce him to consent to be one."

An exchange says President Harrison will probably have his nomination for the nine-new circuit judgeships ready to send to the senate soon after the meeting of Congress, and adds that probably he will allow the democrats three of the nine. Not much; President Harrison is not built that way.—Warren Ledger, Dem.
You bet your neck he isn't.

BRO. WHITE, of the Tidouate News, touches it up the best of any who have yet spoken on the subject: "It looks now as though Quay would resign the Chairmanship of the National Committee. But it will hardly do to name a practical politician to succeed him. We ought to have a goody-goody milk sop that will reveal all his plans and operations and ask the advice of the Mugwumps and Lincoln Republicans."

HARRISBURG'S hospitality will be put to the test during the third week of August, when the Republican State Convention and the Grand Lodge of the Knights of Pythias will assemble here. Already the hotels are turning away those who failed to engage rooms earlier and the probability is that the boarding houses and even private residences will be called upon to open their doors for the visitors. Harrisburg is a convention city and everybody will be accommodated.—Telegraph.

It is quite difficult to find a citizen hereabouts who is going to vote for a constitutional convention, and if the sentiment, generally, is anything like that expressed in this section the proposition will be laid very low at the November election. The sentiment seems to be that the present constitution is a good one, and if there are any serious defects in it they can be more easily remedied by amendment, and thus the whole fundamental law will not be endangered by tinkering, such as would most likely be attempted in a convention. Notwithstanding the apparent sentiment now against the proposition, the people should be careful to select the very best material to be had for delegates to represent them in the convention, should the decision at the election be in favor of holding one. It is well to be on the safe side.

EX GOVERNOR CURTIN puts the Constitutional Convention situation very pithily. When asked his opinion as to the advisability of holding the convention, he said:

"For my part I don't see what can be gained. It is only seventeen years since the present State constitution was framed and ever since then about every new State that was framed at least in part and some of them wholly adopted the Pennsylvania form. If those new States all prosper under their borrowed constitution why can not the old Keystone State get along with its own."

That is a fact. If the new States that have adopted the constitution of Pennsylvania are getting along all right, why shouldn't this State be content with its own. However, let the matter be discussed pro and con for all it is worth, and then let the people have the final say at the polls. A question of so much importance cannot be too freely discussed.—Harrisburg Telegraph.

A DAY AT NIAGARA FALLS.

The first grand excursion this year to Niagara Falls, under the management of the W. N. Y. & P. Railroad, is booked for Thursday, July 30th.

A special train of through coaches will leave Tionesta at 6:30; Hickory, 6:43; Trunkville, 6:57, stopping at all intermediate stations between here and Olean. Fare for the round trip, only \$2.50, which is certainly as low as any reasonable person could desire. Tickets will be good to return from Buffalo on the following day, so that excursionists can stay all night in the latter city thus making the trip much pleasanter and less fatiguing. This is one of the nicest features of the outing. To those who have never seen the great falls this excursion will afford an opportunity to do so at an expense that is within the means of any one. The train will stay seven hours at the Falls, which is plenty long enough to view all the sights of interest. Returning will leave at 8:00 p. m. Excursion Agent Newton will be with the party and see to the personal comforts of all.

A Word About Cataracts.
It is the mucous membrane, that wonderful semi-fluid envelope surrounding the delicate tissues of the air and food passages, that Cataract makes its stronghold. Once established it eats into the very vitals and renders life a long-drawn breath of misery and disease dulling the sense of hearing, frammeling the power of speech, destroying the faculty of smell, tainting the breath and killing the refined pleasures of taste. Insidiously, by creeping on from a simple cold in the head, it assaults the membranous lining and envelopes the bones, eating the delicate coats, causing inflammation, sloughing and death. Nothing short of total eradication will secure health to the patient and all alternatives are simply protracted sufferings, leading to a fatal termination. The doctors have, by treat-

ment local and constitutional, made the cure of this dread disease a certainty, and has never failed. Even when the disease has made frightful inroads on delicate constitutions, hearing, smell and taste have been recovered and the disease thoroughly driven out.

Chronic Diseases.
The Doctors treat the acute disease, but make an entire specialty of chronic and long standing disease. Cases given up by other Doctors and pronounced incurable, they most desire to see. The Doctors have treated over 15,000 cases in Ohio in the last twelve years, many of which had been given up as incurable, some to be blind, and others deaf, and a large number to be invalids for life. But behold! now they see and hear and many are started on the high road to recovery every month. The Doctors are surrounded with the largest collection of fine instruments ever imported to this country for examining and treating all chronic diseases of the head, face, eye, ear, throat, heart, lungs, stomach, liver, kidneys, bladder, skin, brain and nervous system, cancers, tumors, piles, swellings, old sores, Sts. paralysis, neuralgia, rheumatism, dropsy, gout, sick headache, debility, depression of spirits, diseases of children, hereditary diseases of all long standing chronic diseases.

Rectal Diseases.
They also make a specialty of all forms of Rectal Diseases, piles--internal and external, itching and bleeding, rectal ulcers, fistula--which are often taken for cancerous and lung diseases, all cured if taken in time. Remember we cure all forms of piles without pain, interruption or detention from business, and without the use of a knife, caustic, ligature or injection. Come and be convinced. Dr. McC. made these diseases an extensive specialty for ten years in a large city.
