REPUBLICAN TICKET.

COUNTY.

Delegate to Constitutional Convention, E. L. DAVIS.

District Attorney, P. M. CLARK.

Auditor, JOHN A. DAWSON.

Coroner, Dr. C. C. RUMBERGER.

REPUBLICAN STATE CONVENTION.

Chairman William H. Andrews, of the Republican State Committee, has issued this call for the Republican State Convention, which will be held August 19, in Harrisburg:

HEADQUARTERS.

REPUBLICAN STATE COMMITTEE, CONTINENTAL HOTEL, PHILA., JUNE 20.

To the Republican electors of Pennsylvania:

After consultation and correspondence with the members of the Republican State Committee, and by their action, I hereby give notice that the Republicans of Pennsylvania, by their duly chosen representatives, will meet in State convention at Harrisburg, Wednesday, August 19, 1891, at 10 o'clock a. m., for the purpose of placing in nomination candidates for the offices of State Treasurer and Auditor General, for the nomination of its candidates for delegates at large to the Constitutional Convention provided for in the act of Assembly, approved June 19, 1891, and for the transaction of such other business as may be presented.

Notice is especially directed to the fact that, in accordance with the provisions of the last mentioned act, each Senatorial district is entitled to a representation of three delegates in said Constitutional Convention, two of whom only can be members of the majority party in said district. The electors of each district are, therefore, requested to make proper nominations for delegates to said convention, the rules governing the nomination of candidates for State Senator to be applicable. In this connection the Chairman desires to call the attention of Republican voters to the recommendation of the State Convention of 1882, that "they allow the greatest freedom in the general participation in the primaries consistent with the preservation of the party organization."

WILLIAM H. ANDREWS, Chairman.

FRANK WILLING LEACH, Secretary.

THE REVENUE ACT OF 1891.

A pamphlet prepared by Hon. John A. Glenn, of the Auditor General's department, gives some interesting information relative to the new revenue act known as the Boyer bill, passed during the closing days of the recent legislature. Among the changes in the old law made by this bill, are the following:

Section 1 taxes all personal property with certain exceptions at four mills upon the dollar of the value thereof, instead of three mills, under the act of 1880. This section takes effect January 1, 1892.

Section 2 taxes all stages, omnibuses, hacks, etc., used for transporting passengers for hire, and all amnities yielding over \$200 annually, at the rate of four mills upon the dollar of the value thereof, instead of three mills, under the act of 1880. This section takes effect January 1, 1892.

Section 3 provides that three-fourths or three mills, instead of one-third, or one mill, as at present, of the personal property tax, shall be returned promptly to the respective counties for their own use. This section takes effect January 1, 1892.

Section 4 taxes the capital stock of corporations. The first report under this section is to be made for the year ended the first Monday of November, 1892, and annually thereafter. This section is new as far as the valuation of the capital stock is concerned. It does away with the dividends as a basis of taxation, except in so far as they indicate a value. The basis of valuation is the average price of the stock during the year, or that indicated by the net earnings or profit made, declared in dividends, or carried into surplus or sinking fund. This section also provides that upon failure to make a report of capital stock for a period of sixty days, the Auditor General and State Treasurer shall estimate a valuation and settle an account, from which there shall be no right of appeal.

Section 5 changes the rate of tax to five mills upon the actual value of the whole capital stock, except in the case of fire and marine insurance companies, the capital stock of these companies is taxed at three mills upon its actual value.

Section 6 taxes incorporated state banks, and changes the optional tax from six mills to eight mills, and in case of failure to elect to pay the eight mill tax, then they are to report the value of the stock in the market which is then taxed at the rate of four mills, and the shareholders are taxed at the same rate locally.

Section 7 relates to the taxation of national banks, which are taxed at the same rate as incorporated state banks.

Section 8 repeals all inconsistent acts, reserving the right to collect taxes or penalties accruing under prior laws.

The difference which this law makes to our county is found to be of considerable importance when it is seen that, under the old law we received for school purposes \$2,598.66, while the new gives us \$6,496.66. And instead of \$193.41 personal tax returnable under the old law, we now get \$580.24.

When the bill was before the House on final passage, Messrs. Ritter and Wherry, the Democratic leaders, made a motion to "indefinitely postpone," which is one way of killing a bill. Against this motion several very able speeches were made, but none more to the point than the following pithy remarks by Dr. Towler of this county, which form a part of the pamphlet referred to, as follows:

"Mr. Speaker, I hope there will be no confusion in the minds of the gentlemen on the floor of this House in regard to this matter. There is no time for quibbling. It is well understood by this chamber that the other chamber has substituted this bill. Whether that was right or wrong is none of our concern. It is equally well known that all revenue bills must

originate in this House. We are now pursuing our constitutional right in this matter. This afternoon we passed an amendment to the appropriation bill, giving to the public schools of the commonwealth five million of dollars per year, and now let this bill be enacted to meet the demands of that appropriation. The gentlemen on the floor of this House ought to understand the line of policy that is indicated by this bill if carried through as it ought to be carried through, it outlines the policy that in time the entire school tax will be wiped out, and that will be the biggest kind of relief to the country districts. The gentlemen from the country ought to be careful and not vote this down indefinitely, but carry it through most emphatically, standing together on both sides of the House in this matter. This is outlying the policy by which the entire school tax will be wiped out as a local tax, and our schools supported by the state. After careful consideration I am sure we will conclude "This is the way we long have sought, and I mourned because we found it not."

Chairman Quay has Resigned.

The resignation of Hon. M. S. Quay as member of the Republican National Committee from Pennsylvania was forwarded to the Republican State Committee on Wednesday of last week. On the same day he sent his resignation as Chairman of the Executive Committee of the National Committee to that Committee which was in session at the Arlington House in Washington. In accepting it the Committee refers to the campaign of 1888 as "the odds of the contest being against the Republican party," and puts on record the following splendid tribute to the services rendered by Senator Quay in that campaign: "By his matchless power, his unequalled skill in resources, his genius to command victory, won for his party an unprecedented victory in the face of expected defeat. We know, as no one else can know, that the contest which he waged was one of as much honor and fair methods as it was of invincible power and a triumphal victory, and that it was won largely by the power of his superior generalship and his unflinching strength as a political leader. In the great contest of 1888, in the months of severe effort and the years of those personal associations with him, we have learned to know the nobility of the man and we desire in this conspicuous manner to place on public record for the present and for the future as an enduring answer to the partisan assaults of a defeated enemy, our testimony in appreciation of his party services and his personal worth."

Hon. W. W. Dudley resigned as Treasurer of the Executive Committee at the same time.

Hon. Jas. S. Clarkson was elected to fill the vacancy caused by Senator Quay's resignation.

It looks more and more every day as if the contest for the State League presidency will result in the election of a compromise candidate, and that neither John Dabell nor John B. Robinson will be chosen. The conservative element of the Republican party all over the State has been heard from in no uncertain tones regarding this uncalculated for scrimmage, and they demand that factional bickerings shall not be permitted to mar the meeting of the League. The men who permit their ambition to create dissension must go—and quickly, too.—Harrisburg Telegraph.

A PHILADELPHIA paper, which has solicited opinions on the subject throughout the State, come to the conclusion that two-thirds of the lawyers, business men and party leaders are opposed to holding a Constitutional convention. Some are of the opinion that amendments are the proper source of relief from defects that may exist in the present organic law. However, the question will be fully discussed on all sides, and the people will decide whether they will want such a convention called.

THE Democratic County Committee of Forest county, took matters in its own hands on Friday afternoon, and named the following ticket for the party to support this fall: Delegate to Constitutional Convention, T. F. Ritchey; Coroner, D. W. Clark; Jury Commissioner, R. W. Guiton; Delegate to State Convention, F. E. Bible. Pattison was taffed and Cleveland was endorsed for '92. That settles it.

A Word About Catarrh.

It is the mucous membrane, that wonderful semi-fluid envelope surrounding the delicate tissues of the air and food passages, that Catarrh makes its stronghold. Once established it eats into the very vitals and renders life a long-drawn breath of misery and disease dulling the sense of hearing, transmuting the power of speech, destroying the faculty of smell, tainting the breath and killing the refined pleasures of taste. Insidiously, by creeping on from a simple cold in the head, it assaults the membranous lining and envelopes the bones, eating the delicate coats, causing inflammation, sloughing and death. Nothing short of total eradication will secure health to the patient and all alleviations are simply procrastinated sufferings, leading to a fatal termination. The doctors have, by a treat-

ment local and constitutional, made the cure of this dread disease a certainty, and has never failed. Even when the disease has made frightful inroads on delicate constitutions, hearing, smell and taste have been recovered and the disease thoroughly driven out.

Chronic Diseases.

The Doctors treat no acute disease, but make an entire specialty of chronic and long standing disease. Cases given up by other Doctors are surrounded with the largest they most desire to see. The Doctors have treated over 15,000 cases in Ohio in the last twelve years, many of which had been given up as incurable, some to be blind, and others deaf, and a large number to be invalids for life. But behold! now they see and hear and many are started on the high road to recovery every month. The Doctors are surrounded with the largest collection of fine instruments ever imported to this country for examining and treating all chronic diseases of the head, face, eye, ear, throat, heart, lungs, stomach, liver, kidneys, bladder, skin, brain and nervous system, cancers, tumors, piles, swellings, old sores, fist, paralysis, neuralgia, rheumatism, dropsy, gout, sick headache, debility, depression of spirits, diseases of children, hereditary diseases of all long standing chronic disease.

Rectal Diseases.

They also make a specialty of all forms of Rectal Diseases, piles—internal and external, itching and bleeding, rectal ulcers, fistula—which are often taken for cancerous and lung diseases, all cured if taken in time. Remember we cure all forms of piles without pain, interruption or detention from business, and without the use of a knife, caustic, ligature or injection. Come and be convinced. Dr. McC. made these diseases an extensive specialty for ten years in a large city.

CONSULTATION FREE.

WHAT CUTS!

Talk about bargain sales! Some people take a knife to cut prices. During this month we are going to close out our entire stock of Spring and Summer Goods to make room for the Fall Goods, and in order to do this we will just take a broad-ax to cut the price. Everything in the line of Summer Goods must go this month. The low price that we will make will soon clean them up. Everybody come and get a bargain while they are going.
