**OUR STATE CANDIDATES.**

**THE NEXT AUDITOR GENERAL.**

General David McMurtrie Gregg, the hero of Gettysburg, the nominee for Auditor General, is one of the best known military men in Eastern Pennsylvania to day.

In personal appearance General Gregg is dignified and stately. He is six feet in height, of slender build, and his beard and mustache are just turning gray. He was born in Huntingdon, Pa., April 30, 1833, from which congressional district he was appointed to West Point, July 1, 1851. He graduated from that institution July 1, 1855, and stood eighth in his class. On the same day he was made second lieutenant of dragoons. He served at the garrison at Jefferson, Mo., during 1855 and 1856, on frontier duty at Fort Union; marched to California in 1856 and was stationed there until 1857. From there he was transferred to Fort Vancouver, Washington, where he served until 1858, and thence to Fort Walla Walla on the Spokane exhibition, and participated in a desperate combat with Indians at Tohotsumme, Washington.

At the outbreak of the rebellion General Gregg was called to Washington. He was made captain of a company in the Sixth Pennsylvania cavalry and later colonel of the Eighth Pennsylvania cavalry, and participated in all the engagements of the Peninsular campaign. On November 29, 1862, he was made a Brigadier General of United States volunteers, and in the campaign of '62-63 he participated in the skirmish at Rappahannock railroad bridge, Stoneman's raid toward Richmond, and in the Pennsylvania campaign of 1863 was engaged at Beverly Ford, June 9; skirmishes at Aldie, Upperville, Shepherdstown, and took a conspicuous part in the great battle of Gettysburg. General Gregg was in command of the cavalry of the Army of the Potomac from August 1, 1864, to February 3, 1865, when he was made Brevet Major General of volunteers for highly meritorious and distinguished conduct. While in command of the cavalry he participated in the battles of Deep Bottom, Reams' station, Peebles' farm, Vaughn road, Boydton, Plankroad, Stony Creek station and Bellefield.

President Grant appointed General Gregg consul to Prague, Austria, during his first term, which post he resigned three years later. He then returned to Reading and has been a resident of that city ever since.

General Gregg was married to Miss Ellen, daughter of Wm. Sheaff, of Philadelphia, in 1862. Upon the death of General John Hartman, General Gregg succeeded to the command of the Pennsylvania Commandery of the Order of Loyal Legion, and still retains that position. General Gregg is a modest and unassuming gentleman, and there are few who are more universally beloved than he. He lives quietly with his wife and two sons, George S. and David M., on North Fourth street, Reading.

**THE NEXT STATE TREASURER.**

Captain John W. Morrison, nominated for State Treasurer, was born in Philadelphia on February 15, 1841. He was educated in the High schools of the Quaker City, and upon his graduation moved with his parents to a farm in Butler county, near Centerville. He lived there until he was 15 years of age, when he entered a grocery store in North Liberty as a clerk. Two years later he went to Pittsburg and became errand boy in the Sixth street wholesale house which he now owns. From the lower ranks he soon rose to the dignity of a junior partner, and afterwards to sole proprietor.

Captain Morrison's war record is particularly bright and has been perpetuated by the love he bears for the "stars." He entered the Union private in Company E, Pennsylvania Volun-

teers, in August, 1861, and continued in service for over three years, in the meantime rising to the rank of a lieutenant. The regiment was known as the Roundheads and saw hard service in North Carolina, Virginia, Maryland, Mississippi and Tennessee.

In 1881 Captain Morrison was elected to the Legislature. He was re-elected in 1883. In recent years he has held the responsible positions of journal clerk and chief clerk of the House of Representatives, having held the latter office during the last two sessions of the Legislature.

In domestic life Captain Morrison's experience has been most happy. He was married in 1866 to a daughter of the late J. M. Burchfield, formerly a well known Pittsburg dry goods merchant. He has four children, one son and three daughters. His home is a beautiful country place in Bellvue, and when not at his Pittsburg business house, the Republican choice for State Treasurer can almost always be found with his family.

**Our Tin Mines.**

"California is a land of big things," said Congressman-elect Bowers, of San Diego, at the Ebbitt yesterday, "but the biggest thing of all is the development of our tin mines. This is going to be, in the course of a little while, the greatest industry we've ever started, and I am keeping in the bounds of truth when I state that the Temescal mines in San Bernardino county alone contain enough ore to supply this whole country with tin. The property is owned by Englishmen, and the experts whom they sent over to inspect it made such flattering reports that their principals at first refused to credit them; but when they found out for themselves that the California ore ran from 12 to 40 per cent. of tin, while the famous Cornwall mines averaged only 2 1/2 per cent., they made haste to buy up some 48,000 acres of land.

"They built an experimental mill at first, which was a complete success, and are putting up an immense plant, having employed from 250 to 400 men since last September in continuous work on a great dam and foundations of the building. Altogether they have spent over \$400,000. In a few weeks they will be shipping from eight to ten tons per week. Before Congress meets the output will have reached hundreds of tons weekly. Orders have already come in, and those doubting Thomases who claimed that America would never produce a pound of tin will have to acknowledge their mistake."—Washington Post.

Is every Republican voter in your precinct registered? If not, see that he is at once. The last day is to-morrow, Thursday, September 3d.

The Prohibitionists held their State Convention at Harrisburg last week, nominating for Auditor General, W. W. Hague, of Tidouate, Warren county; for State Treasurer, George Drayton, of Media, Delaware county. Mr. E. T. Lowden, of Nebraska, was the delegate from this county.

JUDGE GLENNI W. SCOFIELD died at his home in Warren on Sunday morning last, paralysis being the cause. The official career of Judge Scofield has been a lengthy and most honorable one. He was a member of the 38th, 39th, 40th, 41st, 42d and 43d Congresses, was Register of the Treasury under President Hayes, and was appointed judge of the court of claims by President Garfield, which position he filled until July last. He was born at Dewittville, N. Y., March 11, 1817. The funeral was held yesterday at 2:30 o'clock.

**TRIAL LIST.**

**A Matter of Great Importance to You!**

If suffering from long standing Chronic Diseases, diseases of the Blood, Skin and Nervous System as well as those suffering from

**EYE, EAR, NOSE AND THROAT TROUBLE.**

MORITZ SALM, M. D., Specialist.

DR. J. J. McCLELLAN, Specialist.

Will be at the Central House, Tionesta, Pa., Fridays, Sept. 11, Oct. 9, Nov. 6, Dec. 4, 1891.

They will visit this country every four weeks, thus saving their patients the trouble and expense of visiting the city, as they are the only physicians and surgeons in this country who carry their own Manakins, Models, Diagrams, etc., to illustrate and make plain to all the afflicted the cause and nature of their disease.

**Chronic Diseases of the Eye**  
Such as Granulated Lids, Chronic Inflammation of the Lids, of the Iris, of the Choroid, of the Retina, Chronic Ulcerations, Spasms of the Lids, Cancer of the Lids and Eye, Tears running over the cheeks, Day and Night Blindness, Purulent or Mattering sore eyes, gonorrhoeal ophthalmia, syphilitic ophthalmia, red blotches or brown ones on the ball, phlyctenular ophthalmia, opacities or milk white spots on the eye, glaucoma or cupping of the nerve, amaurosis, falling out of lashes, soreness of edges of lids and eyes, and all other diseases to which the eye or its appendages are liable, positive and rapid cure guaranteed.

**Ear Troubles are Cured**  
In an astonishingly quick time. He will relieve you of all roaring, hissing and ringing noises, heaviness, itching, pain, running of the ear, will close up a hole in the drum of fifty years standing; will insert artificial ear drums of his own invention with astonishingly gratifying results.

**A Word About Cataract.**  
It is the mucus membrane, that wonderful semi-fluid envelope surrounding the delicate tissues of the air and food passages, that Cataract makes its stronghold. Once established it eats into the very vitals and renders life a long-drawn breath of misery and diseases dulling the sense of hearing, trammeling the power of speech, destroying the faculty of smell, tainting the breath and killing the refined pleasures of taste. Insidiously, by creeping on from a simple cold in the head, it assaults the membranous lining and envelopes the bones, eating the delicate coats, causing inflammation, sloth and death. Nothing short of total eradication will secure health to the patient and all alleviations are simply procrastinated sufferings, leading to a fatal termination. The doctors have, by treat-

ment local and constitutional, made the cure of this dread disease a certainty, and has never failed. Even when the disease has made frightful inroads on delicate constitutions, hearing, smell and taste have been recovered and the disease thoroughly driven out.

**Chronic Diseases.**  
The Doctors treat no acute disease, but make an entire specialty of chronic and long standing disease. Cases given up by other Doctors and pronounced incurable, they most desire to see. The Doctors have treated over 15,000 cases in Ohio in the last twelve years, many of which had been given up as incurable, some to be blind, and others deaf, but behold! now they see and hear and many are started on the high road to recovery every month. The Doctors are surrounded with the largest collection of fine instruments ever imported to this country for examining and treating all chronic diseases of the head, face, eye, ear, throat, lungs, stomach, liver, kidneys, bladder, skin, brain and nervous system, cancers, tumors, piles, swellings, old sores, fits, paralysis, neuralgia, rheumatism, dropsy, gout, sick headache, debility, depression of spirits, diseases of children, hereditary diseases of all long standing chronic diseases.

**Rectal Diseases.**  
They also make a specialty of all forms of Rectal Diseases, piles--internal and external, itching and bleeding, rectal ulcers, fistula--which are often taken for cancerous and lung diseases, all cured if taken in time. Remember we cure all forms of piles without pain, interruption or detention from business, and without the use of a knife, caustic, ligature or injection. Come and be convinced. Dr. McClellan has treated these diseases an extensive specialty for ten years in a large city.

**WHAT CUTS!**

Talk about bargain sales! Some people take a knife to cut prices. During this month we are going to close out our entire stock of Spring and Summer Goods to make room for the Fall Goods, and in order to do this we will just take a broad-ax to cut the price. Everything in the line of Summer Goods must go this month. The low price that we will make will soon clean them up. Everybody come and get a bargain while they are going.
