WEDNESDAY DECEMBER 2, 1891.

THE President having submitted the first draft of his message to the Cabi net will now complete that important document. Silver, protection and reriprocity will constitute the main fertures of the State paper.

THE Government will soon issue a statement of the number of tin plate mills in the country, their capacity, prospects, etc. When such statement is made the tin-plate liar cannot be found with a search warrant; an army of "told you-so's" will take his place.

PENNSYLVANIA is capturing the large iron contracts of the World's fair. So far the contracts for the great tower and machinery hall have been awarded to Pennsylvania firms. The latter is to be erected by the Beading Iron Company. The buildis to be of iron and stone and will be 850x500 feet.

HOMER says something about the swarming of nations, which we cannot quote, but you get an idea of what the old man had in mind by learning from President Fish, of the Illinois Central, that during the Fair year there will have to be a railway service between the center of Chicago and Jackson Park capable of transporting 150,000 people an hour .-Pittsburg Times.

IT may now be set down as practically certain that ex Representative Kerr will be nominated by the Democratic caucus for Clerk of the House of Representatives. As matters have shaped themselves in the past few days he seems to have made important headway. The only other minor office which has been agreed upon is that of Sergeant-at-Arms, which will go to Ohio in the person of ex-Representative Gorden.

will act with the Democrats. Senatorelect Irby of South Carolina, who defeated Wade Hampton for the senate, amnounces that though elected as an Aliance man he is a Democrat first and for the Alliance afterwards. This will cause Republican Alliance members in the West to return to the Re- MONDAY, DECEMBER 21, A. D. 1891, publican party, and will practically disrupt the new organization.

THE revolutionary character of the proceedings which Governor Hill has instituted in New York to overturn the Republican majority in the Legislature is bringing down upon him the criticism of all fair newspapers, Democratic as well as Republican. How the scheme is being carried out may be judged from the fact that a Democratic Supervisor in Onondaga county took the election returns which the

THE American Economist is not satisfied with the results of the election suit of J. L. Grandin and W. J. Grandin, form of Grandin Records. in New York or with the plan of campaign. It holds that the Republican managers made the mistake of catering to the Mugwump vote by the elimination of the tariff and that for every Mugwump vote they succeeded in securing they kept half a dozen straight Republicans away from the polls. The Economist advises New York Republicans to remember when next they have a campaign on hand to hoist the banner of Protection and send for men like McKinley to present the issues to the people. And the Economist is right, and the Republicans now see the effect of their folly because they have not only lost the State Legislature for years to come as Hill is proposing not.

Sheriff's Office, Tionesta, Pa., November 23, 1891. Economist advises New York Republiyears to come as Hill is proposing not only to steal the legislature but to make the electoral vote sure for himself next year by political legislation and that would dishonor even the thieves of Mississippi.

Governor Pattison has appointed Hon. Christopher Heydrick, of Franklin, as Judge of the Supreme Court, vice the late Justice Clark. The appointment of Mr. Heydrick is a compliment to the Northwest as well to the eminent legal talent of the appointee. No man stands higher in all things going to make up a lawyer and citizen than Mr. H, and his selection to the exalted position of justice of the supreme court of so great a State as Pennsylvania is calculated to give the most decided satisfaction to all, the most decided satisfaction to all, regardless of party affiliations. Mr. Haydrick is a Democrat, but not one of the bitter partisaus. The appointment is for the term prescribed by the to the first Monday in January, 1893.

At the general election held in November, 1892, the people will elect Judge Clark's successor, and Mr. Heydrick will serve in the interim.

The salary attached to the position is found for confirmation:

SUFFERED FEARFULLY.

Have suffered fearful pain in my left eye for more than five weeks, caused by breaking of a machine needle, and the same penetrating the eye-ball. I was treated for it by home physicians, but without the least success. But after the first treatment by Drs. McClellan & Salm I had and have now perfect relief and absolutely no pain. I am certain they understand their business.

Very gratefully,

MRS. REBECCA WEGLEY.

PERFECTLY SATISFIED.

The pain produced by same was at times almost intolerable, and my doing any work was out of the question. After having had the first treatment from Drs. McClellan & Salin the relief was remarkable and the fearful pain of years' standing had vanished as it by magic, and now after a short course of treatment I consider myself entirely cured.

LUNG TROUBLE CURED. LUNG TROUBLE CURED.

In June of last year I put myself under treatment of Drs. McClellan & Salm for a bad case of long trouble. I was losing flesh rapiply and became weaker daily, so that my friend and myself became very much alarmed. Although treated by several of our best home physicians I began to sink more and more. At this date I consider myself entirely cured of all my previous trouble, have once more a good appetite and can sleep and eat with pleasure, and am indeed very much satisfied with the result. Drs. McClellan & Salm have done all they promised.
