lively fight for the Democratic State is a candidate for re-election. There can be but one outcome of the fight that is certain to come off in Harrislicans enjoy the outlook .- Harrisburg Telegraph,

THE Supreme Court delivered a blow from the shoulder at the State ed by Governor Beaver in March, 1890, to serve out Dr. Higbee's term. but the Senate, by a vote of 31 to 19, refused to confirm the appointment. After the adjournment of the legislature Governor Pattison again appointed Mr. Snyder and issued a commission to him. In July last the Dauphin county court entered judgment of ouster against Mr. Waller.

THE Pittsburg Times finds that it's remarkable prosperity is too much for it, and so it must, therefore, needs get into larger and more modern quarters. te new Times Building is rapidly nearing completion, and will be one of the most imposing structures in the city, with every modern convenience known to this day and generation. As to the size of the building the Times says: "On Fourth avenue it has a frontage of 45 feet. Its depth, extending through to Third avenue, is 172 feet, and there it emerges with a frontage of 60 feet. It is consequently L shaped, and it covers an area of 9,030 square feet. From the sidewalk to the top of the cornice is 128 feet, in which will be the eight stories. Including the basement, 17 feet, the height from cellar to roof will be 145 feet. Its cubical contents will be 1,309,350 cubic feet. The total floor space will equal two acres, which is an area one-third greater than that of any other office building in Pittsburg."

THE following complimentary notice of our neighbor, Congressman Stone, is from the Titusville Herald: Congressman C. W. Stone, of Warren, will serve on the committees on Coinage and State Department Expenditures. There are few members of the House of Representatives who have enjoyed the length of service of Mr. Stone. He was a prominent candidate for Governor of Pennsylvania two years ago. He held the office next in rank to that of Governor-that of Secretary of State, for four years. For the law. four years he presided over the State ans Lieutenant Governor, having

State Senate and of the lower House. Mr. Stone takes a high rank in Congress by reason of this long parliamentary experience and from his prominence as a member of the legal profession, having kept up his practice all through these busy years of political service. Should be be nominated for Vice President, it will take him out of the race for Governor or Senator, and there is said to be some talk of such a contingency, as his rivals would like one less competitor in their way, and a competitor who
