LOCAL AND MISCELLANEOUS.
—Oil market closed yesterday 58 1/2.
—Men's suits for \$3.50, at Chas. F. Black & Co.'s. It.
—Dr. and Mrs. F. T. Nason are visiting with Mr. and Mrs. W. R. Dunn, in Washington, D. C.
—Yesterday was a really pleasant spring day, although the regular spring opening is yet almost a month hence.
—Mr. John Noble, wife and two children, of Butler, Pa., are paying a visit to Mr. N.'s mother this week.
—Ed. Morgan is home from Chicago on a short visit, looking well and enjoying a good handshake with friends.
—Joseph Adams, Esq., of Philadelphia, was a visitor to town last week, and gave this office a pleasant call on Friday.
—The names of Dr. Towler of Jenks, and Capt. Haight of Howe, are this week announced for Assembly, subject to Republican usage.
—Ben. W. May arrived from Chicago last week on a visit to his mother and friends here. Ben's proverbial good humor continues to contribute to his health and avoidaups.
—Our friend John Krone was re-elected tax collector of the thriving city of Kittanning at the recent election by a majority of over 300. This speaks well for John's popularity as a tax gatherer and citizen.
—Hon. J. B. Agnew arrived from Washington, Friday evening last and is attending court this week. Mrs. Agnew and her two young daughters accompanied him, and will remain several weeks.
—"I wonder what Dr. Smith is looking so glum about?" "Why I can tell you, he says his trade is almost ruined, that he'll hardly have a patient in the winter months after a while, all on account of Dr. Bull's Cough Syrup."
—Now the backbone of winter is busted, leastwise for the present, as it appears. There is less snow in sight now than there has been since the first sleighing came on, and it looks much as though the breakup had come to stay.
—Amos Clinger is home from investigating the Honduras gold mine scheme. He had enough. The title to the mine was no good, and neither was the mine itself. He found poverty and suffering and concludes it is a good country to stay away from.—Tidoutue News.

—The REPUBLICAN was the recipient of pleasant calls from the following gentlemen during the week: Frank Nash, R. A. Durnell, A. P. Anderson and J. W. Black, Howe twp.; S. B. Manross, Paundus; J. C. Confer and Dr. Towler, Marienville; A. W. Cook, Cooksburg.
—At the recent session of the State Dairyman's Association in Meadville, the sum of \$2,000 was pledged to a fund to assist in prosecuting oleomargarine dealers in Western Pennsylvania. In the western part of the State there have been 148 arrests and 145 convictions for violations of the law.
—Glass doors have been hung on all the offices of the court house, making a marked improvement in the convenience as well as appearance of the same. A new safe for the Sheriff's office is also among the long list of wants that has been supplied and will insure the safety of valuable records in that office.
—The *Blizzard* saw "wild geese flying north Sunday morning." Seeing them on Sunday morning is perhaps nothing unusual with the *Blizzard* force, but had the observation taken place Monday morning, after the boys had had sufficient time to recover, the hallucination might have been more difficult to understand.
—Lieut. Thomas Connelly while hunting in Forest county found a piece of tin in which was imbedded, six inches from the surface, an ox's shoe. The shoe had been pounded into the tree many years ago and the timber grew over it. It was discovered by a man who was splitting the tree into rails.—Bradford Era.

—The REPUBLICAN acknowledges the receipt of a very creditable poem by Joseph Moriarty recounting the many victories of Marienville's crack second nine base ball last season. It wouldn't surprise us if our Tionesta boys would make an effort to knock a little of the poetry out of their Marienville rivals next summer.
—The ninth annual convention of the Woman's Relief Corps of Pennsylvania, will be held in G. A. R. Hall, 4th Ave., Pittsburg, commencing to-day, Wednesday, and continuing over to-morrow. Mrs. C. C. Rumberger and Mrs. Dr. Morrow are the accredited delegates from Capt. Stow Corps, No. 137, of this place, and they will be accompanied by Mrs. Hopkins, Mrs. Lanson, and Mrs. Anna Propper, who will go as visitors. No doubt the ladies will enjoy a very rich treat.
—Wednesday noon, while coasting on what is known as the school house hill on Jefferson street, Charles, son of Mrs. R. J. Carson, aged about thirteen years, was instantly killed. As is known, the hill runs both ways, and it was while coming down one declivity on a single sled that he was met by a bob coming the other way. The icy condition of the road made a collision inevitable, and the unfortunate lad was hit in the breast directly over the heart with one point of the bob and in the left groin with the other. He was thrown about a red by the shock. He was insensible, or rather dead, when picked up. He was taken home and Dr. Acomb sent for, but all efforts to revive him were futile.—Tidoutue News.

COURT MINUTES.
Court called at the usual hour, 10 o'clock, Monday, and after hearing reports of constables, the grand jury was charged by the court.
The question of taking the river bridge at this place as a county bridge was then brought up, and it was decided to hear testimony on the matter, with the jury sitting in open court. Many witnesses were heard, almost the whole afternoon being taken up. The jury's deliberations were conducted the next forenoon, and after due consideration the following was presented to the court as their finding:
And now to-wit, Feb'y 23d, A. D. 1892, upon the report of the viewers, it appears that the bridge across the Allegheny river at Tionesta, ought to be declared a county bridge, and is necessary for the public accommodation, and the payment of tolls thereon is an unjust burden on the traveling public, and the people of Tionesta Borough and Tionesta Township. Therefore, we, the grand jurors of the county of Forest, after a careful consideration of the report of said viewers and the evidence introduced before us, do approve said report.
JOHN T. DALE, Foreman.
Of the civil list, but one case has been disposed of as we go to press, that of O. C. Brownell vs. the County of Forest. Verdict for plaintiff for \$16.00, subject to opinion of the court upon the points reserved.
Case of Economy Society vs. Davidson, was continued, as were also the cases of Empire Lumber Co., vs. West Hickory Hardwood Co., Wilson, Neill et al. vs. Shanburg et al.
Case of Kaster vs. Welsh is now on trial.

Specimen Cases.
S. H. Clifford, New Cassel, Wis., was troubled with Neuralgia and Rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him. Edward Shephard, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Spaeker, Catawba, O., had five large fever sores on his leg, doctors said he was incurable. One bottle of Electric Bitters and one box of Bucklen's Arnica Salve cured him entirely. Death of George P. Park.
The Franklin News of Tuesday contains the following, which will be read with regret by many Tionesta people:
Relatives in this city have received the sad news of the death of George Plumer Park, which occurred at Los Angeles, Cal., on Saturday last, Feb. 20. He was the second son of the late Hon. John P. and Laura Plumer Park, and was aged about 24 years.
The death of this young man will be learned with sincere regret, as he was esteemed by all his acquaintances and is cut down on the threshold of a promising life. He was endowed with bright perceptions, a laudable ambition to excel, and an energy that led him into the paths of active business at a very early age. When a mere child he was busy in doing for himself, and while yet a lad he held for several years an important and responsible position in the banking house of May, Park & Co., of Tionesta, Pa. Later, he was for a few years in the office of the Pennsylvania Natural Gas Co., at James-town, N. Y. Over a year ago falling health compelled him to relinquish work and seek the benefits of a winter in California. He returned to this city in the summer, but little improved. When he started again for California in November last, it was evident that he was in the grasp of the insidious disease, consumption, which claimed his mother's life two years ago this spring.
The remains will be brought to Franklin for interment, and are expected to arrive next Saturday or Sunday.

—No healthy person need fear any dangerous consequences from an attack of influenza if properly treated. It is much the same as a severe cold and requires precisely the same treatment. Remain quietly at home and take Chamberlain's Cough Remedy as directed for a severe cold and a prompt and complete recovery is sure to follow. This remedy also counteracts any tendency of influenza to result in pneumonia. Among the many thousands who have used it during the epidemics of the past two years we have yet to learn of a single case that has not recovered or that has resulted in pneumonia. 25 and 50 cent bottles for sale by Proper & Doult, Druggists.

Death of George P. Park.
The following "harem-scarem" yarn appeared in the *Derrick* a short time ago, and as the season for all kinds of hunting lies is about on its last legs, it will do as a good-by effort:
A correspondent writing from Little Sandy this county, says that there is a wild animal in that vicinity that is causing a wholesale slaughter of fine live stock and dogs, and has injured several hunters. On Tuesday a party of 50 hunters and half as many dogs followed the trail from Little Sandy to Gypsy's Rocks, between Cogley Run and Big Sandy, where Marvin Hess and G. Best shot at the animal, but missed. The beast sprang at Hess and struck him with its paw, injuring him so badly he had to be carried home. The animal killed three of the best dogs and was fired at six times, but got away. It started for the hemlock thickets, and in crossing the Cogley farm it killed and partly ate a yearling heifer. The hunters tried to head it off at Cooon Run and were joined by Jacob and R. Geiton, two experienced panther hunters from Forest county. The big cat was headed off and made for Little Tionesta creek. Near this place, on the Holpless farm, it killed two sheep, but was followed so closely by the dogs that it did not stop long enough to eat. Four shots were fired at it on the Wm. Huddleston farm by John Myers and Michael and Hiram Ming, who declared they saw the fur fly, and that the animal was as big as a Rocky Mountain lion. Its jumps were measured and found to be from 36 to 40 feet. Near Clark's Mills eight men got a shot at it, only one of which took effect. The trail was plainly marked with blood, but the animal was strong enough to kill three dogs that ventured to near. One of these was a fine bred stag hound owned by Wm. Geiton. The cat was desperate by this time and turned on the hunters. It singled out Mr. Geiton. One blow from its paw cut a big gash in his shoulder and with its hind leg it tore a large strip from his thigh. His clothing was almost entirely stripped off, and when the hunters found him he was unconscious. He was bleeding from a number of bad looking gashes and was taken to Linville, where Dr. J. Carey dressed his wounds. A large number of the party followed the trail to Prairie Run, where the cat was sighted by a party of five and shot in the foreleg while killing two dogs belonging to two hunters named Holliday and Rumberger. Holliday's left shoulder was clawed in this scrimmage and Rumberger was badly mauled and his face was scratched. At Moses Weiss' it killed a yearling pig and leaped up at Milligan's cave, where it could not be dislodged. Traps have been set for the varmint. The panther has been in the vicinity of Little Sandy for some time, and it is supposed to have killed Edward Ayers' valuable blooded horse a month ago. In the Weaver settlement it has killed a number of calves, sheep and hogs, and has taken nearly all of Wm. Lamber-ton's live stock.

P. S.—Since the above was put in type we learn that this is the same cat that Andy Carr killed out on Hemlock with a sharp stick recently, and sold to a taxidermist for a few dollars above the bounty fee.—Ed. Kerr.

SEVERE EYE TROUBLE CURED.
I have been troubled with some eye disease for some time. The pain was almost unbearable at times, and I couldn't think of reading or sewing at any time, but myself under care of Dr. McClellan & Salm, who visit Butler every four weeks. After only three months treatment, I consider myself entirely cured, and can safely say that my eyes feel better and I have better vision than at any time within the last twelve years. Mrs. P. GOLDEN.
Butler, Pa., W. Jefferson street.
SUFFERED FEARFULLY.
Have suffered fearful pain in my left eye for more than five weeks, caused by breaking of a machine needle, and the same penetrating the eye-ball. I was treated for it by home physicians, but without the least success. But after the first treatment by Drs. McClellan & Salm I had and have now perfect relief and absolutely no pain. I am certain they understand their business.
Very gratefully,
Mrs. REBECCA WEGLEY.
PERFECTLY SATISFIED.
Am now 20 years of age and was born crippled by a machine needle, and visited Indiana every four weeks, operated upon my left eye to-day. It was done within one minute time and without pain, and now consider my eyes perfectly straight.
Gratefully,

After first treatment the most intense pain had vanished as if by magic. For nearly five years I have suffered from this. The pain produced by same was at times almost intolerable, and my doing any work was out of the question. After treatment by Drs. McClellan & Salm, the painful pain of years' standing had vanished as if by magic, and now after a short course of treatment I consider myself entirely cured.
Gratefully,

SEVERE EYE TROUBLE CURED.
I have been troubled with some eye disease for some time. The pain was almost unbearable at times, and I couldn't think of reading or sewing at any time, but myself under care of Dr. McClellan & Salm, who visit Butler every four weeks. After only three months treatment, I consider myself entirely cured, and can safely say that my eyes feel better and I have better vision than at any time within the last twelve years. Mrs. P. GOLDEN.
Butler, Pa., W. Jefferson street.
SUFFERED FEARFULLY.
Have suffered fearful pain in my left eye for more than five weeks, caused by breaking of a machine needle, and the same penetrating the eye-ball. I was treated for it by home physicians, but without the least success. But after the first treatment by Drs. McClellan & Salm I had and have now perfect relief and absolutely no pain. I am certain they understand their business.
Very gratefully,
Mrs. REBECCA WEGLEY.
PERFECTLY SATISFIED.
Am now 20 years of age and was born crippled by a machine needle, and visited Indiana every four weeks, operated upon my left eye to-day. It was done within one minute time and without pain, and now consider my eyes perfectly straight.
Gratefully,
MAGGIE MILLS.

FISSURE, FISTULA AND ULCERATION OF RECTUM.
After first treatment the most intense pain had vanished as if by magic. For nearly five years I have suffered from this. The pain produced by same was at times almost intolerable, and my doing any work was out of the question. After treatment by Drs. McClellan & Salm, the painful pain of years' standing had vanished as if by magic, and now after a short course of treatment I consider myself entirely cured.
Gratefully,
JOHN HONOR.
