RATES.—Congress \$20; Assembly \$10; County Treasurer \$8. Announcements and tickets strictly cash in advance. ASSEMBLY.

We are authorized to announce Capt. J. J. HAIGHT, of Howe township, as a candidate for Assembly, subject to Repub-lican usages.

This is the toast that the Springfield Union proposes: "David Bennett Hill, never in war, seldom in peace, and trymen."

AND now the New York World has discovered that the Democrats in New York are not standing together. As news this is not strictly new, but there can be no doubt as to the truth of the assertion .- Blizzard.

HERE's a sentiment from an exchange which we can all heartily endorse: Ex Secretary of the Comwho is serving his first term in Congress, is a candidate for another term, and should have no Republican oppo-". D. Mr. Stone is a man of great

Between 1800 and 1820, when wool was practically on the free list, our annual production increased from 8,000,000 to 14,000,000 pounds, a gain of 6,000,000 pounds. By 1830 a Protective Tariff had been placed on wool. Mark the result. From 18,-000,000 pounds in 1830 our annual wool production had jumped to 90,-000,000 pounds in 1850, a gain of 72,.. 000,000 pounds. That is the difference between two decades of free wool and an equal period of protected wool.

MUTCHLER is the arst Representative in ten years or more who has ventured to pare and prune the estimate of the Pension Bureau. Even rigorous economists like Mr. Randall, while cutting at all points left these estimates untouched. This should be done now, but Mr. Mutchler is constrained by the auxious desire of the majority in the House to appear to cut down approprintions and its inability to see any opening for genuine economy and real reduction.

EDITOR SMITH, of the Punxsutawney Spirit, wishes to succeed himself in the Legislature. Referring to his cach county of the State copies of aunouncement in his own paper he says: "As it is usual to give a fellow a little send-off when he announces his name in this paper, we do not propose to make an exception in this case. We have no hesitancy in saying he is letter to county commissioners and our man for the office, and we can as- sheriffs certifying nominations, letter sure him that if he does not turn up his toes to the daisies before the roses bloom again, he is dead sure of at and watcher's certificate. least one vote."

Gov. Flower, though elected by the support of Grover Cleveland, heads Hill's delegation to Chicago. Mr. Flower could not be elected governor of his state to-day. Gov. Flower, by his expressed approval of the midwinter convention, has forfeited the respect of those Democrats who were deprived of a fair chance for representation in the convention. To pretend that the Democrats outside of the Hill faction had a fair chance in so short a time is to insult common intelligence. - Titusville Citizen, (Dem.)

HARRITY and the rest of the domi pant faction leaders are making use of the name of Cleveland simply as a convenience. They know that the ex-president is wholly out of the contest; they know that he has been clubbed to death in his own state, and that his name is not at all likely to come before the Chicago convention, nevertheless they are electing Cleve land delegates. This is so shallow a trick that it is surprising any considerable number of Democrats can be deceived thereby .- Scranton Republi

If you haven't seen a copy yet, it may be information to you to hear that the ballot is just about 181 inches long by 141 inches wide. You can't get that in your vest ticket at home and carry it to the polls under your arm like a map, for the reason that when you go to the polls and are shown to one of those curious stalls the election officers hand you a ticket, and you then, in the secrecy of the little booth, mark with a pencil a cross opposite the names of the people you wish to vote for.
