ED. REPUBLICAN:-

Having engaged in business that will demand every moment of my time and make it impossible for me to give any attention to a canvass of the county, I hereby authorize and request the withdrawal of my name from the list of candidates for County Treasurer. In doing so I wish to very kindly thank the large number of friends who had promised me their hearty support for that office. Very Sincerely Yours,

Senator Quay's Victories.

The victory won by Senator Quay in the popular contest in Armstrong county has grown greater and more pronounced than first figures gave it, his official majority being 1746 in a poll of 4266 votes. The Free Press, which savagely opposed him, yields to the verdict with the utmost grace. It

says:
"We clearly mistook the feelings of the majority of the party in Armstrong county in this respect, and now find ourselves so overwhelmingly in the minority that at the first breathing opportunity after the result had been determined, we seek a reason for the unexpected demonstration in favor of Senatos Quay. The best and most practical solution is that he enjoys in a very large degree the confidence of his party, who remain loyal to him through good and evil report. To say or faction of the party is to do injus tice to the Senator as well as to bis supporters; and to say that the result was produced by machine politics or questionable influence, is equally wide of the truth. Senator Quay has been a power in the politics of the State for ears and he proved a success in the field of National fame of such recent memory that the party he has saved appear unwilling to forget it."

IN LAWRENCE COUNTY, where the Senatorial question was submitted to popular vote, Senator maries last Saturday.

CRAWFORD AND ERIE COUNTIES held their primaries yesterday in

which the majority for Senator Quay was almost unanimous, Crawford giving him about 3500 majority, and Eric about the same.

SENATOR HILL in his Birmingham Net indebtedness .. speech said of the city's growth: "Your triumphs here in every department are the wonders of the world. There is no example like it afforded in the country. The place where this city stands, only a few years ago was an open plain, and now is one of the most thriving cities of the whole South." The Senator spoke the truth as far as he went, but he should have told the whole truth and said that all that wonderful growt! was the direct result of the Republi ean policy of protection to home in dustries. Birmingham's chief indus try is the manufacture of iron, an without protection the place would yet be as the speaker said it was a feyears ago-"an open plain." If the No poor tax was levied in this year. Senator is as honest as he claims to be. why doesn't he tell the whole truth?

Some of the Democratic greenhorns in Congress have made a ludicrous spectacle of themselves in wailing over the need of free raw material to enable American manufacturers to Attest, C. D. RHODES, Clerk. export goods and compete in the mar-kets of the world. The McKinley tariff provides free raw material in such cases and if that is all the manufacturers need they have it in full measure. By degrees the Democrats are learning what the McKinley tariff really is and what it means. It took them nearly two years to learn that the McKinley tariff is constitutional, but when the Supreme Court gave its opinion they had to take the medicine. They will catch ou to the other good features of the McKinley tariff in the Borough of Tionesta, Pa., 3181 27 3182 34-3-31 time and learn to like them.

"I po say that the enormous sum paid in the way of pensions is a double hardship on the people of the South," said General Patterson of Tennessee, one of the plain-spoken ex-Confederate Brigadiers in the House. He abjects to pensions because they draw money away from the South and put it in the hands of Union veterans at put up and resold. the North.

THE more active Democratic in the House are waking up to the fact that the tariff issue is trumps .- Chicago

And to the further fact that the Republicans hold most of them.

Another private bill day has gone y in the House and the only pension bill allowed to go through was one for a soldier of the war of 1812, now ninety nine years old. Others were choked off by the point of no quorum.

OLD SOLDIERS who are petitioning Congress against the passage of the Bland free coinage bill can judge how much chance there is of any attention being paid to their petitions by watching the course of the House towards pension bills.

JUDGE HARRY WHITE, of Indiana, paid a friendly visit to his old Tionesta acquaintances to-day, with whom he met a warm welcome. The Judge is a prominent candidate for the Reublican nomination for the vacancy on the Supreme Bench, caused by the death of his old friend and neighbor Justice 217 Clark, and is receiving very encouraging assurances of support from all over the State.
