LOCAL AND MISCELLANEOUS.

Oil market closed yesterday 57.
Robinson & Weant will start their
mill this week.
Blizzard: Shipping and marine
news: Arrived—From Tionesta a raft
of ties.

The copy for David Mintz's new
ad. came too late for this issue, but
will appear next week.
The weather continues to remain
cold and somewhat sour, despite the
brightness of the sunshine.

Mr. J. W. Burson, State manager
of the Keeley Institutes of Pennsyl-
vania, spent Sunday in town.
Mr. H. J. Templeton and wife, of
Jamestown, N. Y., were guests of Mr.
and Mrs. Chas. Kirchartz a few days
this week.

Mr. and Mrs. Corbet Agnew, of
West Hickory, buried their little six-
week old daughter in the cemetery at
this place on Saturday last.
The pleasant countenance of A.
J. Wallace of Marienville, dispelled
the gloom of the REPUBLICAN office
for a short time last evening.

The Epworth League will please
accept the thanks of the Keeley Club
for a beautiful bouquet and vase sent
in on Monday.
The W's and the Y's will hold a
union prayer meeting at the W. C. T.
U. Reading Room on next Saturday
evening at 7:30. All are cordially
invited.

Green stuff—onions, lettuce and
radishes—is coming in. It looks quite
nice, and at the ruling price that's all
the average country editor can tell
about it.
Charles Thomson has gone to
housekeeping in the Haslet house, re-
cently occupied by Charlie Kirchartz.
All such good citizens are welcomed
to our midst.

The Christian Endeavor Society
will hold its meeting in the Presby-
terian Church on Sunday evening next
at 7:30, instead of Monday evening.
All are invited.
Mrs. Bovard has just received a
very large and elegant consignment
of spring millinery goods. Something
the ladies will be delighted to learn
and see and buy.

William B. Heath, one of Forest
county's faithful Republicans, was
selected as the county's representative
on the State Committee for the ensuing
year. Surely a very good choice.
Curtis Rhodes has got nicely sit-
uated in the house next the Free
Methodist Church, recently vacated
by Chas. Russell, who now occupies
one of Mr. Brennan's houses at the
foot of Church St.

Mr. George Haslet, who has spent
some time with the Forest county con-
signment in Washington State, returned
to his native home yesterday. He reports
all doing quite well out in that section,
but says times are rather dull. Mr.
Haslet thinks this country good enough
for him during the balance of his
days.

There will be no preaching in the
Presbyterian Church next Sabbath,
Rev. McAninch being absent. Yester-
day, as Moderator of Clarion Presby-
tery, he presided at a meeting of that
body at Reynoldsville, and on next
Sabbath will assist his classmate,
Rev. Stevenson, at Duquesne, in con-
ducting communion services.

In the case of assault and battery
against Mr. John Booher, of President
township, a nol. pro. was entered by
the Venango county court on Monday
last, the prosecutor failing to appear.
We trust this is the end of this unfor-
tunate case, as Mr. Booher's neighbors
are loth to believe him guilty of the
charge preferred against him.

Two men are making the rounds
of neighboring counties selling what they
call "the national anti-explosive lamp
powder put up by the United
States government inspector of light-
houses." They sell it for 50 cents a
package. It is common salt, worth 90
cents a barrel. Keep a look out for
them as they may visit this county.

The borough schools close Monday
for the term. In the evening the four
rooms will join in giving an exhibition
at the assembly hall to which the
public is cordially invited, the patrons
particularly. After the exercises the
diplomata will be awarded to those
pupils who have finished the school
course. No doubt those who attend
will be well entertained.

The Blizzard of last Thursday has
this mention of one of Forest county's
popular citizens, whose friends will
learn with regret of his intended re-
moval from amongst them: "Warren
B. Teed and family were in the city
yesterday afternoon on the way from
West Hickory, Forest county, to Ran-
dolph township, Crawford county,
where Mr. Teed will erect a residence
on a farm he owns there. He will
retain his oil interests in the vicinity
of West Hickory."

Mr. Meyer Levy, one of Marien-
ville's merchants, died at that place
on Wednesday evening last, and on
Thursday morning following the re-
mains passed through here on their
way to Titusville for interment. Mr.
Levy had been a sufferer from Bright's
disease for some time, which caused
his death. He was a good citizen,
and left a good name for probity and
honesty in his dealings with his fel-
lowmen. He leaves a wife and two
or three children, we believe.

Hereafter all W. N. Y. & P.
trains will arrive at and depart from
the New York Central & Hudson
River railroad depot on Exchange
street, Buffalo. By this arrangement
passengers from the W. N. Y. & P.
railroad destined to points on the New
York Central, Lake Shore, West Shore,
Michigan Central, Grand Trunk and
B. R. & P. railroads, will avoid the
unpleasant transfer between depots at
Buffalo. The change will also be of
great advantage to passengers going to
Buffalo as they will in future be land-
ed in the heart of the city.

Complaint is made in banking
circles because the new fractional coins
will not stack. It is claimed that a
stack of five is worth more than the
rest of the coin, and when placed in
stacks of from \$5 to \$10 they topple
over. We cheerfully announce our
willingness to receive these coins on
subscription, notwithstanding this
"defect," as we don't intend to "stack"
ours in five and ten dollar piles this
year as has been our custom in the
past, and those having designs on
leaving a few at the sanctum need
not hang back for fear of giving
offense.

The patients of the Keeley Insti-
tute here have organized a club,
known as the Tionesta Institute Bi-
chloride of Gold Club, with a mem-
bership of twenty. These clubs are
being organized all over the country
where there are institutes. To become
a full member it is necessary to take
a course of treatment, but any citizen
can become an honorary member on
the payment of one dollar. Persons
in sympathy with the cause can in
this way materially help if they see
proper. In many other places suffi-
cient money is raised in this way to
furnish a club-room nicely. In War-
ren the ladies furnished the club with
an organ; the banks, with three
paintings at a cost of \$75, and the
citizens furnished and carpeted the
room handsomely. Any good citizen
who is not engaged in the manufacture
or sale of intoxicating liquors, can
become a member by applying to the
secretary at the institute. Who will
be first?

The Dingman & Dale saw mill at
the mouth of Little Tionesta creek,
was totally destroyed by fire on
Wednesday afternoon last. The fire
was caused by a spark falling among
the sawdust under the filling room, and
before the discovery was made had
gained such headway as to make it
impossible to arrest the flames. The
mill structure was a very substantial
one, being the one erected by Thos.
Brace & Co., five years ago. The loss
will foot up close to \$1500, and is
total, there being no insurance on the
property. The company has a great
deal of stock yet on hand, and will
erect a new plant, work on which has
already begun.

German Hill.

The farmers have about finished
their oats sowing; next will be the
planting of corn and potatoes.
Miss Amelia Winker returned from
West Hickory where she has been
staying for some time.
Mrs. M. R. Vockroft returned home
last Sunday after paying a week's visit
to her parents, Mr. and Mrs. H. W.
Ledeber, at East Hickory.

Christ Jensen made the purchase
of a fine horse, having lost the use of
one of his team horses by being kicked.
R. C. Heath has rented Harry
Lovell's farm. That's right, Carlos,
industry is fortune's right hand and
frugality her left.

Albert Gathers and Wm. Cropp Jr.
have the job of running a large saw
mill for Grandin & Slater at Thomp-
son's, in Warren county. Augustus
Rhodes and Walter Gathers will go
with them.
Charles Schaffer of East Hickory,
will be joined in marriage to-day, to
one of German Hill's estimable young
ladies, Miss Adda, daughter of Mr.
and Mrs. Wm. Cropp. May she ever
live happy in the wish of her many
friends, and to you, Charles, the cor-
respondent congratulates you on the
happy occasion.

April 26. JAY.
Over in Barnett.
Spring time has come, the time of
the singing of birds, and arbutus, and
the planting of garden seeds, and the
most prolific time of the whole year
for fishing worms, but the south wind
is behind time, and winter lingers in
the lap of spring as though he had
been hypnotized. Good tramping
weather if the nights weren't so cold.
But most of professions and callings
have their drawbacks and the tramp's
sivry calling is not exempt.

Over here in Barnett most of people
are in pretty good humor, put there
by the boom that struck the hemlock
square timber trade this spring. The
demand was good and no such prices
have been realized for at least 15
years. Ten cents per foot was the
figure and sales were easily and
quickly made at that quotation. Of
course some of inferior quality sold
below that. Oak was dull. Pine
brought 22 cents and not extra timber
either. Flat-boats were good. There
will be 3 boat scaffolds in operation at
Clarington, and one at Maple Creek,
this summer. The Maple Creek Co.
will build not less than 50 boats at
Maple Creek. They will probably
put in a small mill there some time
this year, and build a tram road up
Maple Creek. Their mill at Redeflye
is running, and has been all winter.
A singular accident occurred there not
long ago. A man had hired to fire on
the mill and in the afternoon of the
first day he worked he broke his arm.
He had reached up above his head to
tighten a nut on a screw and while
twisting it with his finger the great
bone of the upper arm broke short off
near the elbow.

Considerable bark will be peeled
in around Redeflye. Will Smathers of
Cooksburg, has taken a job of peeling
bark and has moved himself and
family to Redeflye.
At Cooksburg the summer work has
hardly begun as the boys are just get-
ting back from down the creek, but in
a week or two, or along there some-
where, everybody will drop into ranks
again and business will go on briskly.
Blackberry mill, on Maple Creek,
will start up, and the boat scaffold at
the mouth of Thom's Run, and the
saw mill up the Run, and the logging
and timbering in the woods.

Jacob Cook has built, and is now
running, a very substantial planing
mill near the mouth of the Run.
Crossing the creek at Cooksburg
var tramp, (no, we didn't have to
wade) in search of new forging
ground, trod the highway to Clarin-
ton by way of Hominy Ridge. (The
post office there is called Ella.) The
country over there is being settled,
new farms are being cleared up,
new houses built, new families are coming
to the front or being formed or arising
or words to that effect (most anybody
knows what we mean), and the roads
are better and not quite so long as they
used to be. Hominy Ridge has two
churches, a large, nicely painted M.
E. church, and a smaller, but very
neat, U. B. church. At least they

looked that way from the outside.
The Shields Bros. at Clarington,
will build a large store building on
the Forest county side of the river.
It will be on the vacant lot opposite
Pearcell & Co.'s store. They will be-
gin work soon.
John Henderson has moved from
the Forest House into his own house
on Main Street, where he will continue
in the hotel business. Wm. Rorer is
still landlord in the Shields House.
We don't know whether any one will
go into the Forest House or not.

Samuel Gray's billiard saloon was
discovered to be on fire early on last
Saturday morning. The fire was casu-
ally put out.
Everhart Mays is getting ready to
put up a new barn.
The Clarington post office now issues
money orders and postal notes.
The M. E. Church experienced quite
a religious revival the past winter, and
now has a plan on foot to raise some
money to repair the church.

The mill at Coleman is running,
and the boat scaffold there, also.

( THE TRAMP )
NEWS NOTES.

Miss Laura Holt, a fascinating young
lady, of Raymlton, Venango county,
pumps four oil wells. She fires up, runs
the engine, and delivers the oil into its
respective tanks just as well as any "male
man" in the oil country. — Greenville
Argus.

A mass meeting of the congregation
was held in the M. E. Church at Warren
Friday evening, to celebrate their emanci-
pation from debt. The cremation of the
papers which represented the obligations
of the congregation formed a feature of
the evening. Rev. J. M. Thoburn Jr., of
Trinity Church, Oil City, addressed the
meeting.

There is every prospect, says the Sharon
Eagle, of another abundant fruit year.
Since winter first set in there has not been
enough soft weather to start the buds on
any tree or bush; in fact there has not
been a genuine spring day. At the same
time, there has been no very severe
freezing, sufficient to injure the fruit
germs. The only danger ahead lies in
late spring frosts.

Smith found a \$10 gold piece in the
road. He gave it to Brown to settle a
meat bill; Brown gave it to Jones to pay
a grocery account; Jones turned it over
to Baker in payment of a balance due on
lumber; Baker returned it to Smith in
settlement of a note; Smith took it to
the bank to deposit it, when the cashier
threw it out as counterfeit. Now were these
various debts paid?

Hon. S. R. Peale, of Lock Haven, who
is president of the association of the early
pioneers of olden, states that the associa-
tion is in a flourishing condition. A con-
vention of the members will be held in
Titusville in the latter part of August,
whose main object is to erect a monument
to the memory of E. L. Drake and the
men that were associated with him in
drilling the first oil well.

You have seen, says the Punxsutawney
Spirit, the dry goods box statesman, the
sage who sits around all day solving pro-
found problems of political economy, but
who is scarcely able to solve the problem
of where the next sack of flour is to come
from. You are acquainted with the phil-
osopher who never read nor studied any-
thing, but who knows everything by intu-
ition—the gentleman who has general
supervision over all things, who is a mine
of information that doesn't inform and a
cyclopaedia of misconceptions. To be sure
you have. Every community has a repre-
sentative or two of this type.

Who has not heard of the empty gly-
cerine can? It is a harmless, innocent
looking affair. The stories of its pranks
have become chestnuts in the oil regions.
Yet every now and then persons are killed
or maimed in trying to cause one to ex-
plode. Some young men away off in
Forest county were trying that game on
last Saturday. They built a fire and laid
a harmless looking old can on the blazing
pile and in a short time a report followed
about as loud as that made by a large fire
cracker. The can was taken from the fire
when, at the same time, a young man,
second son of Philip Shutt, threw a stone
and struck the can. A tremendous report
followed, young Shutt being struck in the
groin with a piece of the can which in-
flicted a very dangerous wound. He was
brought to Warren last evening and seen
by Drs. Pierce and Preston. Shutt is in
a comfortable condition at present and it
is thought best to make no effort to re-
move the piece of tin.—Warren Mirror.

--D. S. Knox has been appointed
agent for LeClare & Manning, Bright-
on, N. Y., growers of every variety of
seeds, and is now ready to take orders
for the spring delivery. This firm of-
fers to the public choicest potatoes
grown especially for seed, and guaran-
tees every pound sent out by them. He
has also taken the agency of the Stand-
ard Silverware Co., Boston, and can
supply any article in that line at very
lowest rates. Samples can be seen at
the Postoffice. He wants a number of
good live agents to canvass the county.
Good commissions. Call or write for
particulars.
--Mr. J. P. Blaine, an extensive real
estate dealer in Des Moines, Iowa, narrowly
escaped one of the severest attacks of
pneumonia while in the northern part of
that State during a recent blizzard, says
the Saturday Review. Mr. Blaine had oc-
casion to drive several miles during the
storm and was so thoroughly chilled that
he was unable to get warm, and inside of
an hour after his return he was threatened
with a severe case of pneumonia or lung
fever. Mr. Blaine sent to the nearest drug
store and got a bottle of Chamberlain's
Cough Remedy, of which he had often
heard, and took a number of large doses.
He says the effect was wonderful and that
in a short time he was breathing quite
easily. He kept on taking the medicine
and the next day was able to come to Des
Moines. Mr. Blaine regards his cure as
simply wonderful. 50 cent bottles for sale
