Church and Sabbath School.
Presbyterian Sabbath School at 9:45 a. m.; M. E. Sabbath School at 10:00 a. m.; Teaching in M. E. Church every Sabbath evening by Rev. Rumberger. Preaching in the F. M. Church every Sabbath evening at the usual hour. Rev. A. T. Sager, Pastor.

LOCAL AND MISCELLANEOUS.

—Oil market closed yesterday 57 1/2. The queen of the May got a ducking.
—Road and bridge washouts will be plenty for a while.
—The showers of the first of the week have told on vegetation.
—Read our Ballot Law supplement, and preserve it for future reference.
—It is thought these showers will check the woods fires to some extent.

—There has been nothing half way about the rains since the 1st of May.
—Mrs. Daniel Noble is lying very low with pneumonia at her home opposite Dawson station, Hickory township.

—Al. Sigworth was over from the Lineville oil field Saturday. Business there, as everywhere else in oil matters, is dull.

—David Mintz, Marienville's live merchant, appears in a new ad. This which gives valuable pointers where to secure great bargains. Read it carefully.

—Tionesta still needs a first class tinner, and the mechanic who can fill the bill may depend on a good opening here. Who'll be the lucky man to take it in?
—Dr. A. Fisher, Dentist, will be at Kellestville all of this week, and next week at Nebraska, where he will be prepared to attend all who are in need of dental work of any kind. 11.
—The flood of Sunday night did considerable damage in the way of washing out bridges, culverts, etc., along Salmon creek, which got on a merry old high very suddenly.

—Henry Kiser is building a large and substantial barn on his farm, German Hill. Conrad Barben is doing the same thing on his farm, a mile beyond Mr. Kiser's place.

—Marienville voted 36 to 27 against incorporating itself into a borough. Come out of the woods, boys. You're old enough and big enough, and ought to put on a little city airs.

—Geo. Raab, who lately moved to Oil City, has purchased the Oil Exchange barber shop, one of the best in the city, and is building up a fine trade. He invites his Tionesta friends to call when in the city.

—Chairman Osgood issues a call this week for a meeting of the Republican County Committee at his office, on Monday evening of court week.

All members who can possibly do so should be in attendance.
—The pet bear that has caused so much sport at the Hotel Farmington has recently been disposed of at a shooting match, Jerry Greenwalt of Forest county becoming bruin's master. —Clarion Jacksonian.

—New spring goods have been arriving in great quantities at the store of R. Barnett and those who are looking out for rare bargains and the latest and handsomest in spring and summer wear will do well to call. 21

—The following letters remain uncalled for in Tionesta, Pa., post office, May 3, 1892: Mrs. Rebecca Richards, Frank Smith, Mr. Wm. Stanley, F. Ziegler. When calling for above please say "advertised." D. S. Knox, P. M.

—The Clarion Presbytery, which met in Reynoldsville last week, elected Rev. Dr. Elder, of Clarion, Commissioner to the General Assembly, which meets in Oregon during the present month. The election was unanimous.

—Over one hundred oil producers in the fields of Pennsylvania, Ohio and West Virginia have already attached their signatures to the agreement to suspend operations for a period of at least five months, beginning May 1st.

—Talk about spring harbingers, and signs of coming summer, but there are none that are in it with the little swallow. When he arrives plant your garden, for he's a dead sure winner and there is never much continuous cold weather after that. He's here now, and there's only one other sign lacking to bring on the summer—the whip-poor-will,—and possibly he's got here, although we've not heard his "whip," as yet.

—Messrs. J. B. Watson and George W. Rose, of Marienville, paid the county seat a visit yesterday returning to day. Neither of them had lost any of his faith in Democracy that we discovered, yet they seemed as hale and jovial as always.

—Harry Marks of Oil City, bought the furniture and other paraphernalia belonging to the Raab barber shop, and has taken possession. He is well recommended as a barber, and will bring his family here as soon as he can rent a house.

—Seventy five members of the Edinboro senior class are now enrolled in the Clarion school. They express themselves well pleased with the opportunities offered them here, and expect to make this last term of their course a most profitable one.

—The heavy showers of Sunday and Sunday night brought the creek and river up on the double quick, and on Monday rafts were running out of the creek. The rise lets out a good many who were a little late getting started on the regular spring freshet.

—Al. Richards of East Hickory, was down Monday, and gave us a pleasant call. He will "go on the road" this season, in the interest of his father's newly patented sand reel for rigs, which are now being manufactured by Joseph Reid, at Oil City, and which promise to take the place of all former patents in this line.

—Joe Morgan, with his crew, is turning off boats at the Lawrence & Smearbaugh scowyard at a lively rate these days, averaging about two and a half a week since the weather became settled. And the funniest part of it is that none of the boys have got licked for crowing at inoffensive passers, but we expect some of them will before the season ends, if we have to do it ourself. In that case it will be well done.

—The Marienville Express reports another accident to a child of James Thomas, who not long ago lost one by being scalded to death: On last Saturday morning, April 23, at Haskell's mill a little son of James Thomas was run over by a loaded wagon, injuring him badly. The wagon was driven by a man in the employ of Haskell's and was loaded with coal. The teamster did not see the little fellow until too late to avoid the accident. He will recover.

—The April oil report shows 168 completed wells, 6861 barrels new production, 33 dry holes, and 330 wells drilling and rigs up. Compared with the previous month this is an increase of 19 in completed wells, decrease of 1 in dry holes, and a decrease of 22 in rigs and drilling wells. The report is bullish and would indicate a rise in prices, but whether this much desired result will be realized is quite another conundrum.

—Clarion, which lays out in the woods, almost due south of us, voted to let the cattle roam on her streets. Clarion is a town of 1500 or 2000 inhabitants, the county seat and largest town in the county; with a State Normal school, one of the finest in the Commonwealth, and many wide-awake, wealthy and progressive citizens, and why shouldn't cattle be allowed to nose around the streets, breaking through and littering up the sidewalks? 'Twould have been an outrage (on the cows) to have had it otherwise.

—The Pittsburg Times is teaching voters of this State how to cast their ballots according to the Baker law. The special representative, with a full voting outfit, who is engaged in giving a practical demonstration of the method, will be in Tionesta on Tuesday, May 17, and as that date falls on Court week here, no doubt many will avail themselves of the opportunity thus afforded to test the workings of the new law. Those wishing to cast a ballot and otherwise posting themselves should not forget the date.

—The roads throughout Tionesta township are already in a very fine condition, made so by the prompt use of the big scrapers as soon as the weather became fairly settled. A very little attention from this on will keep them in first class condition during the summer season, and with a proper care in the fall, good roads are assured during the entire winter. It is a source of much gratification to note the general improvement of the public highways all over our county, and the tendency of officials to keep them so.

—This is indeed growing weather. The warm rain makes the lawns smile and the garden truck to spring forth in a manner to flatter the vanity of the amateur gardeners, who smile in a sort of a satisfied way, as much as a boy says, "I'm the boy that can make the garden." One of Oil City's most noted gardeners, in relating how things were growing at his place, stated that when he went for his dinner to day he found that his grindstone had grown to about twice the size it was when he left home in the morning. —Blissard.

—The fourth contest for the Demorest silver medal is booked for Friday evening next, at the M. E. Church. The contesting class has been carefully trained by Mrs. Seigel, and will doubtless acquit themselves with much credit, while a musical class of some thirty or upward of young folks, which has been rehearsing for the past ten days, will add much to the entertainment of the audience, which is likely to be a large one. Those who have witnessed the former contests may be depended on to be present at this one, and to bring their friends with them.

—The borough schools closed Monday. In the evening, at the hall, a public exhibition was given by the pupils and teachers, which was attended by a packed house. The exercises consisted of dialogues, essays, recitations, declamations, etc., interspersed with appropriate music, and the entire performance was a decided credit to those taking part. The graduating class—Ben Davis, Russell Dingman and Mary Rumberger—received their diplomas, after each had given a recitation. Scores of dwellings will begin building immediately. This is the biggest boom Jamestown has received. Buffalo and Boston both bid for the industry. The removal is due to the McKinley law.

A unique exhibit from Pennsylvania to the World's Fair at Chicago, will be a map of the United States, 38x24 feet, made entirely of pickles, vegetables, fruit, etc., preserved by the company which makes the exhibit. The State lines will be accurately shown, and the lakes and rivers will be represented by vinegar. The larger cities will be indicated by spices. The whole will be covered with a piece of plate glass, which is being specially made for the purpose. The expense of this interesting exhibit of the pickling and preserving industry will be \$15,000.

Dr. Keeley, of the Dwight Institute for the cure of drunkenness, says of cigarettes: "Too much cannot be said of this soul-sapping, body-demoralizing abomination of the present day. This tobacco is first soaked in nicotine, largely impregnated with opium, stramonium, or belladonna. The wrapper is usually rice paper whitened with arsenic. The result is the blood is poisoned and vitiated and the final result cardiac inhibition and heart failure." Nothing that has been said about the evils of smoking, however, influences those who are addicted to the habit to make an effort to break away from it. Moreover, the sale of the little paper tubes to children in towns and cities is carried on without restriction, regardless of the law's limitations.

—Mr. J. P. Blaine, an extensive real estate dealer in Des Moines, Iowa, narrowly escaped one of the severest attacks of pneumonia while in the northern part of that State during a recent blizzard, says the Saturday Review. Mr. Blaine had occasion to drive several miles during the storm and was so thoroughly chilled that he was unable to get warm, and inside of an hour after his return he was threatened with a severe case of pneumonia or lung fever. Mr. Blaine sent to the nearest drug store and got a bottle of Chamberlain's Cough Remedy, of which he had often heard, and took a number of large doses. He says the effect was wonderful and that in a short time he was breathing quite easily. He kept on taking the medicine and the next day was able to come to Des Moines. Mr. Blaine regards his cure as simply wonderful. 50 cent bottles for sale by Proper & Dunt, druggists. apr.

—English Spavin Liniment removes all hard, soft or calloused lumps and swellings from horses, blood spavins, curbs, splints, swellings, frog-bone, stifles, sprains, all swellings, bromas, congs, etc. Save \$50 by use of one bottle. NEWSY NOTES.

Warren, Pa., will be first of the towns in this section to be in the field with an electric street railway. The road is now laid from the P. & E. depot almost to the Carver House.

Burglars entered the postoffice at Ridgeway, Pa., on Wednesday night, blew open the safe, and stole a big haul of money and registered letters. It is thought \$2,000 will not cover the loss.

Prof. G. A. Langley, of the Edinboro Normal School faculty, reports an enrollment of 70 students at the school. The attendance will probably soon reach the old figures. Everything is now quiet at Edinboro.

Deeming the demon whose trial in Australia for the murder of his wife has ended, was found guilty, and will surely hang. There is scarcely any doubt but that he is the terrible "Jack the Ripper," of Whitechapel notoriety, and it is believed the confession which he is supposed to have already made will reveal all of those horrible butcheries.

The Jamestown Journal announces that Henry Lister & Son, of Yorkshire, England, will immediately remove their mammoth textile manufactory to Jamestown, the buildings to begin at once, for which 110 acres of land have been secured. Twelve hundred and fifty hands will be employed. Scores of dwellings will begin building immediately. This is the biggest boom Jamestown has received. Buffalo and Boston both bid for the industry. The removal is due to the McKinley law.
