REPUBLICAN COMMITTEE MEETING.

In pursuance of the call of Chairman Osgood, the Republican County Committee of Forest County, met at the Sheriff's office, on Monday evening, May 16, 1892. Mr. Osgood being detained by official business, ex-Chairman G. W. Sawyer, called the meeting to order, and a Secretary was elected, who read the call. A number of the regular committeemen were found absent, but as there were several good Republicans present from each township, all the precincts were well represented.

The first thing in order was the fixing of a date for holding the Primaries. A motion to make the date Saturday, June 11th, was proposed and it seemed this date was satisfactory to all present, and the motion carried unanimously.

A number of voting precincts were remedied, the population having so shifted in the past two years as to make some of the former places impracticable. The following precincts were unanimously agreed upon:

Barnett Twp.—At Redely's and Maze's Carpenter Shop.

Green—At Nebraska.

Harmony—At Fogle Farm, West Hickory, and Fleming Hill.

Hickory—At East Hickory.

Howe—At Balltown, Cooper Tract, Brookston, and Watson Farm.

Jenks—At Marienville, Clough's, Byrontown, and Parish.

Kingsley—At Newtown Mills, Star, and Whig Hill.

Tionesta—At Blocher's, and Borough.

Tionesta Borough—In the Borough.

There being no other business before the Committee a motion to adjourn prevailed.

The St. Louis Republic, a free-trade Democratic paper, says that "the passage of the cheap clothing bill" by the Democrats will save the people of the country \$400,000,000 in the cost of clothing next year. By "the cheap clothing" bill the Republic means the bill putting certain classes of wool on the free list. Of course, the Republic knows that this bill has not and will not become a law, and therefore its assertion is an outright falsehood for that reason. But there is another reason why, if it could and should become a law, this assertion is false, and if the Republic does not know what this reason is, it is woefully ignorant. That is there that were only \$338,000,000 worth of woolen goods of all kinds made in this country last year, and as woolen goods are the only ones that could possibly be affected by this bill, it is difficult to see how \$400,000,000 could be saved upon the woolen manufacturers should give away all their products and add a bonus for having them taken. But this is only one of a par with all free trade lies.

A SPLENDID OPPORTUNITY.

By this arrangement we are enabled to furnish both the REPUBLICAN and the Weekly Press at the very low price of \$1.75. Any person sending us this amount will receive the two papers for one year, an advance of only 25 cents over the price of the REPUBLICAN alone. With these two papers in your family you will be sure of the best service in each department. The REPUBLICAN is the oldest and best of the county papers, supplies you weekly with all the home news and a mass of general reading such as no local paper can possibly furnish. No other paper has ever been made by any responsible paper in the county. Subscribe now.

HON. GEORGE F. KRIBBS, our Congressman, is announced in his home county, Clarion, as a candidate for re-election. As we are not "in it" we know not what the Democratic party of the district has determined upon in regard to this matter, but if close attention to business, the strictest fidelity to the interests of his constituency, and a stiff backbone in the discharge of his duty as a Democrat count for anything in that party, Mr. Kribbs should have no trouble in securing a re-nomination. And this we say with all deference to the claims of Forest county's aspirants. Mr. K has made a good record as a Democrat, and as the district will, in all human probability, return a member of that party, he should be the man.

If a Tammany man in New York sees anything he wants he doesn't ask for it, he simply reaches out and takes it in.

The tin plate industry in Baltimore has started off with a boom and will grow with others in the same line until the Democrats kill it.

The Canadian farmer has no doubt that the tariff is a tax—on him. He has to pay it in order to bring his products across the line and sell them in the American market.

The bloody shirt is being well waved in Congress, but not by Republicans. They are not even replying to the Democrats. It ought to be plain enough to the country who is responsible for "stirring up sectional feeling."

With a bill adopted which provides pensions for a certain class of ex Confederates and bills pending to admit them to the regular army it is plain that the present Democratic House is doing faithfully the work of its masters.

Parties who labored under the assumption that the sending of a large number of new Democratic members to Congress implied increased economy in legislation evidently miscalculated the stuff of which Democrats are constructed.—Blissard.

A FEW years ago wire nails were so dear farmers could not afford to use them, but now, under protection, they have fallen in price until they are sold for less than the tariff on the imported article, and consumers get home made nails which are not only low in price, but the best quality of any made in the world.

CONGRESSMAN ENLOE announces that the end of the investigation into the Pension Bureau affairs is in sight, and there is every reason to believe that Mr. Enloe is mighty glad of it. Started originally to make political capital for the Democracy it petered out wofully when the only party proven to have profited by rascality was the private Secretary of a Democratic member of the investigating committee. Then followed the attack by Enloe on Commissioner Raum, and his absurd show of "plantation manners" which led to his condemnation by his own party. Enloe will be glad to get out whole.

SOME of the newspapers are worrying themselves about who shall be the president of the Republican National Convention and it is said that "Hon. Galusha A. Grow is a candidate." Mr. Grow is probably not a candidate or anything of the kind. If the Convention want him and say so, he will probably accept it and perform the duties ably, but, as long as we can remember, the name of Mr. Grow has been used by the Republicans of unsavory reputation for every office that stuck its head above water; so that though Mr. Grow is a good Republican, the perpetual candidacy for every office has made it somewhat chestnut in favor.—Meadville Gazette.

As to the class of independent citizens and all adherents of parties which under the law may not be entitled to have their tickets officially printed, the Supreme Court suggests a way to expedite their business within the booths. This is by means of the always convenient printed "sticker." The understanding has been that a strict interpretation of the positive declaration of the law that the State shall print all the ballots which can be legally used would prevent the use of any such device as Chief Justice Paxson suggests. Of course, if one name can be used as a sticker, a whole ticket can thus be prepared. Therefore the independent citizen can take with him to the polling place a printed ticket not prepared by the State, run his tongue along its entire length, and plaster the whole thing on the official ballot.—Philadelphia Telegraph.
