LOCAL AND MISCELLANEOUS.

Oil market closed yesterday 531. The days are now growing shorter. Yesterday was the longest of the year.

Mrs. J. P. Grove is visiting her old home at Bridgewater, Beaver county, Pa.

Ben and Ted Kelly are home from Kiekiminetas school for the summer vacation.

Hons. George Maloney and Representative Henry F. James, were up from Franklin a few hours on Friday last.

Mrs. James T. Young of Ebensburg, Pa., accompanied by her children, is the guest of her sister, Mrs. L. Fulton.

McCuen & Simon, the fashionable tailors, hatters and gents furnishers, Oil City, have a new ad. in this issue. Read it.

Misses Inez Brownell and Lizzie Randall came home from Oberlin College, Ohio, last evening for the summer vacation.

Editor Smith, of the Marienville Express, was a visitor to town yesterday and gave the REPUBLICAN a fraternal call during his stay.

Marienville is the only town in the county that is preparing to celebrate the Fourth in a general way this year, so far as heard from.

Saturday "half holidays" are now in vogue and very much enjoyed by those who haven't any thing to do in particular, Saturdays or any other days.

The Oil City papers publish the following statement of the relief fund: Received at Oil City, \$48,857.34; at Titusville, \$59,771.14; grand total, \$108,628.48.

Mr. John M. Zuendel has purchased a part of the farm of his brother, J. H. Zuendel, at Starr, and has commenced the erection of a new house thereon.

T. J. Bowman has started his mill on the headwaters, or south branch of Little Hickory. He has a considerable body of pine, oak and hemlock there.

Mrs. J. H. Fones will please accept our best thanks for a nice quantity of most luscious strawberries of her own raising, which far exceed the imported article.

Our county is well represented with students at the Clarion Normal School, and all accounts are very favorable regarding the efficiency of that growing institution.

The Rene base ball boys went up to Meadville on the 11th and brought home a victory with them, the score standing 7 to 6 in their favor. The Reno's played the Clarion Normal team Monday and were beaten 9 to 4.

The many friends in Tionesta and vicinity of Miss Rilla Ball will extend best wishes to her on the event of her marriage to Mr. W. E. Trantum, a very worthy young man of Corry, Pa., notice of which appears in its proper place in this issue.

Doubtless the heaviest rainfall in the same length of time that our town has ever witnessed swooped down upon us yesterday evening. Elm St. was a veritable river for several hundred yards, and many gardens were badly washed. Otherwise little damage was done.

Forest J. Bovard, who graduates with the senior class at Grove City college this week, has our thanks for an invitation to attend the commencement exercises. Forest has made rapid progress since his admission to that institution. Mrs. Bovard departed for Grove City Monday, to be present at her son's graduation.

The election which took place in Barrelet township on Tuesday of last week was one of the most hotly contested of any in the history of the township, and called out a good sized vote. The question at issue was a proposition to change the place of holding the general elections from the Jacob Maze carpenter shop to the village of Clarington. The change was not made, the majority being decidedly against it.

Mrs. Clara Marsh, who has taught the President school for a number of terms, has been obliged to relinquish the work for a while on account of impaired health. Monday, accompanied by her father, Mr. Brownell, she went to Buffalo, where, her many friends hope, the treatment may speedily restore her wanted health.

One week from next Monday the glorious Fourth of July will be on hand, but up to this date Tionesta has made no move toward a general celebration of the event, and aside from the picnic and dance by the band boys there will be comparatively nothing of more than ordinary interest going on here. Perhaps it's just as well.

The Democratic primaries take place next Saturday in this county. The principal interest is centered in the congressional plum, the fight being between Drs. Siggins of Tionesta, and Weber of Hickory. For Assembly J. B. Watson of Jenks, and J. J. Greenwalt of Barnett, are making the dust fly.

Another, and doubtless the finest of all, has been added to the many handsome monuments in Odd Fellows' Riverside Cemetery, within the past week. It is that erected in memory of our late lamented townsman, Nelson S. Foreman, and is a fitting tribute to the sterling worth of him whom it is intended to honor. The work upon this massive monument, which is of the sarcophagus style, is most exquisitely done and reflects much credit upon the firm which erected it, Messrs. J. W. Kerr & Son, Franklin, Pa.

The Council has awarded to Moses Hepler the contract of erecting a lookup, at \$133, to be furnished all materials. They have entered into an agreement with G. W. Robinson whereby the borough comes in possession of a lot 25x110 feet, adjoining the Bovard & Landers handle factory, on very reasonable terms, and which is well suited to such a building. We have not learned the exact dimensions of the bastille, but understand it is to be at least "horse high, bull strong and hog tight," and that will do.

On account of the increased State appropriation for schools, each district is entitled this year to receive two and one half times the amount that was received last year. The warrants for the amounts will be sent to each district as soon as the annual district reports are received at Harrisburg, in case there is money in the State Treasury to pay them. Secretaries should send in their reports at once, as those who send theirs late may have to wait on their money. They must all be received in the Department at Harrisburg in June.

Tionesta's Silver Cornet Band will give a platform dance in a pleasant grove on the banks of the Allegheny river, at the upper end of town on the Fourth of July, beginning early in the day. Swinging, boating and other outdoor sports will be provided, and all who attend are assured by the boys will have a pleasant day of it. Good music, plenty of refreshments, and strictly first class order are promised, and the band will appreciate the patronage of the public to the extent of giving in return a full measure of enjoyment for the money outlay.

And now as to mowing machines! Scowden & Clark handle the D. S. Osborn machine, which, while not thoroughly known in this section, are still up with the best of them. They will guarantee them to be such, and will put them up with any machine on the market in all respects. To cap the climax they offer them for sale at \$45, which is far below the selling price of all others, thus saving customers the usual agent's commission and more too. All they ask is a trial of the machine, as each one is sold with a positive guarantee to give perfect satisfaction. They also handle the Thomas hay rake, which they sell for less money than anybody else will sell you a rake for. Come and see us; we are ready to stand over every claim we make.

First of the Season. The W. N. Y. & P. R. R. reminds us that summer is again at hand, by announcing one of their popular low-rate excursions to Niagara, for Tuesday, June 28th. Special train will leave Tionesta, at 6:30 a. m. The low rate of \$2.50 will be made for the round trip. Tickets will be good for return on special train leaving Niagara Falls at 8:00 p. m. To accommodate those desiring to remain overnight at Buffalo, tickets will be good for return passage on train leaving Buffalo 5:30 p. m., Wednesday, June 29th, via Olean. Special train will be in waiting at Olean to convey the passengers down the river, thus allowing two full days. One can take in the charms of Niagara, the great tunnel now almost completed which promises to make the new city of Niagara Falls one of America's greatest manufacturing centres, and booming Buffalo, at a cost almost nominal. These excursions become more popular each season under the personal and popular management they receive.

The Spartansburg Sentinel lams it to the correspondents of the city dailies in fine style for the columns of "slush" sent to their papers blaming the dam at that place for the terrible havoc wrought by flood and fire along Oil Creek. Instead of the bursting of the dam the Sentinel seems to think it is the bursting or overflow of imaginations of the dampfools sent out by the big dailies to write up the disaster, which have created disturbances little less than the flood itself.

Farmer Hopkins has retired with a fortune, having disposed of his fine farm, the old Sibbald place, on the Allegheny river, to Mr. John Walters, of Newmansville, who takes possession directly. Yes, Linus, who put in many a hard day's work—by proxy—on the farm, found that both his constitution and pocket book were sufficiently recuperated to stand the strain and drudgery of the mercantile business for a while again, so he let 'er go, and will give his callous hands a well earned rest.

The Republican Platform.

These are the salient features of the platform on which the Republican party proposes to carry the coming election: We believe in the American doctrine of protection.

We believe that articles, except luxuries, which cannot be produced in the United States should be admitted free of duty. We demand that all imports competing with the products of American labor duties should be levied equal to the differences between wages at home and abroad.

We demand that every citizen, rich or poor, native or foreign born, white or black, shall be permitted to cast one ballot and have it counted as he casts it. We propose to keep on fighting till we have honest elections in every State.

We favor the revival of our foreign commerce in American ships. We demand a navy to protect our interests and maintain the honor of our flag.

We demand that arbitrary combinations of capital to control trade conditions shall be rigidly regulated. We believe in wise and consistent civil service reform.

We believe in admitting all the Territories to the Union as soon as they are qualified for entrance. We reaffirm the Monroe doctrine. We demand the restriction of criminal, pauper and contract immigration.

We demand that the employes of railroads, mines and factories shall be protected against all needless dangers. We sympathize with the oppressed in every land. We demand freedom of speech and of the press.

We believe in popular education. We favor the construction and control of the Nicaragua canal by Americans. We believe in self government of Territories.

We believe that the Columbian Exposition should be made a success worthy of the dignity and progress of the nation, and that the government should aid in this if necessary. We sympathize with all legitimate efforts to promote temperance and morality.

We pledge to the loyal veterans of the war for the Union the recognition that is theirs by right. We are proud of President Harrison's magnificent administration. And we propose to give the country another administration just as good for the next four years.

NEWS NOTES.

"Trust men and they will be true to you," was one of the many sayings of Ralph Waldo Emerson. Newspaper men cannot fully agree with the Sage of Concord.

One of the wonders of Clarion county is the fish ponds of Jacob Faller of Fryburg. He has enclosed in his two large dams thousands of the funny tribe. They are altogether too thick for comfort, for when a storm comes they are driven against the banks and are stuck in the mud, requiring the aid of the proprietor to gain the water.

Full preparations have been made for the "Catholic Chautauqua" which has been instituted within a few months past. The location selected is at New London, Ct., and the opening will be on the 6th of July. The program embraces a wide scope. Cardinal Gibbons will preside at the opening and it is expected that all the distinguished clergy of the Church in this country will attend. The faculty in English Literature will be composed of Richard Malcolm Johnson, George Parsons Lathrop, Dr. Francis Egan, of Notre Dame, and Ernest Lagarde, of Emmetsburg, Md.

At Meadville, Friday, Robert Bonner was asked: "Do you think Sunol will improve her record this season?" Without replying, Mr. Bonner drew from his pocket a letter he had received from Joseph Cairn Simpson, one of the best judges of horses in America, who recently visited Meadville. An extract from the letter was: "I never saw Sunol looking so well as she does this season. She is perfect in every part. I believe she will lower the record to 2:57 or better before many months have elapsed."

The persons in charge of the Relief headquarters have been faced with many phases of human character since the flood. There have been those who wouldn't take button shoes, because they wanted gaiters; those who preferred blazers to seal skin aquatics; some who wanted tennis suits instead of fannels; some who kicked on sheets with seams in them, and those who wanted Queen Anne furniture instead of antique, some won't take strawberry ice cream because they want vanilla. On the other hand there are those who take whatever is offered and accept it with thanks; those who say others may need it more than they, and are willing to take less. Those who place their losses low and those who double them. It is noticeable that those who are well educated and had the

best homes, are the ones who appreciate the relief and accept what is offered; while the less provident class are satisfied with nothing.—Blizard.

A New Kind of Insurance.

For twenty-five cents you can insure yourself and family against any bad results from an attack of bowel complaint during the summer. One or two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy will cure any ordinary case. It never fails and is pleasant and safe to take. No family can afford to be without it. For sale at 25 and 50 cents per bottle by Siggins & Fones, druggists.

It Saves the Children.

Mr. C. H. Shawen, Wellville, Kan., says: "It is with pleasure that I speak of the good Chamberlain's Colic, Cholera and Diarrhoea Remedy has done my family during the last fourteen years. In the most obstinate cases of summer complaint and diarrhoea among my children, it acted as a charm, making it never necessary to call in a physician. I can truthfully say that in my judgment, based on years of experience, there is not a medicine in the market that is its equal. For sale by Siggins & Fones, druggists.

HAPPY HUSBANDS.

Wm. Timmons, Postmaster of Idaville, Ind., writes: "Electric Bitters has done more for me than all other medicines combined, for that bad feeling arising from Kidney and Liver troubles. John Leslie, farmer and stockman, of same place, says: "Find Electric Bitters to be the best Kidney and Liver medicine, made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: "Electric Bitters is just the thing for a man who all run down and don't care whether he lives or dies; he found new strength, good appetite and felt just like he had a new lease on life." Only 50c a bottle, at Proper & Doubt's Drugstore.

Remarkable Recovery.

Mrs. Michael Curtin, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. Her doctor said she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from her first dose. She continued its use and after taking ten bottles, found herself sound and well, now does her own housework and is as well as she ever was. Free trial bottles of this Great Discovery at Proper & Doubt's Drugstore, large bottles 50c. and \$1.00.
