There are no loose scores laying around up at Kane this year it seems. At any rate Tidouite's team didn't find any when it went up last Friday to play ball, while the Kane boys pulled in six. Tidouite must have been playing with one man short.

At Kane, on Friday, the home club won from Tidouite by a score of 6 to 0. Alexander, of this city, was in the pitcher's box for Tidouite, and but 6 hits were made off him, but he was poorly supported.—Franklin News. This calls for another blast from Br'er White.

While at Tionesta last week, by invitation of Dr. J. B. Siggins, the resident physician of the Keeley Institute at that place, we visited the institution and watched the Doctor inject the gold cure into the arms of 17 patients who are at present receiving treatment there. The men all spoke highly of the management, and it is said by those who have been there that the cure is a certain success.—Clarion Jacksonian.

Mrs. Zuendel, mother of Adam and Henry Zuendel, Mrs. C. F. Gillespie, Mrs. Wm. White and Mrs. A. B. Root, all well known to the people of this vicinity, died at the home of her eldest son, Conrad Zuendel, in Fairview, Erie county, on Thursday of last week. She had attained the ripe old age of 93 years. Mrs. Zuendel, with her husband, was among the very first German settlers in this section, having come over in 1840, and settled on the farm now owned by Henry Kiser, on German Hill.

—One week from next Friday the band will give another dance at their platform. Further particulars will shortly be given.

—On Saturday Rev. Rumberger attended the funeral of Rev. W. B. Holt, at Meadville, whose death occurred on Thursday evening at Plumertown, Venango county, where he was pastor of the M. E. Church. He had served thirty-three years in the ministry.

—As will be observed by reference to the marriage corner of this issue, the happy social relations which have for some time existed between District Attorney Clark and Mrs. Myra E. Morgan culminated in a quiet wedding at the home of the bride on Wednesday last. So quietly indeed, had the happy event been arranged that the surprise to even the most intimate friends of the contracting parties was complete. But it was a pleasant surprise, and so they're for a long life of prosperity and joy.

—The Green township road case was up at argument court again yesterday. The report of the last viewers presented a year or more ago, to the effect that the road should be built around the bluff, was confirmed, and the road ordered to be opened. But the court stated that as the township was already indebted in an amount exceeding two per cent. of its assessed valuation it could not be forced to incur a greater debt at this time, but as soon as the debt was sufficiently reduced, the authorities could be forced to build the road. Thus it will likely stand until the financial conditions of the township are favorable.

—Every now and then, says an exchange, we are inquired of as to the law regarding strays, the leading program regarding which is about as follows: If you take up a stray animal, you must, within ten days, give notice of it to your township clerk, who must make a book entry of the same; then you advertise the animal in your local paper, and sixty days after such advertisement has appeared, you apply to your justice of the peace to sell the animal; he issues a warrant to the constable, who gives ten days notice by posters and then sells it, for your expense, according to the sale. The penalty for taking up a stray and not giving notice is \$5, and besides this the owner can come upon your place and take it without paying you anything.

—The Venango County Medical Society, which embraces Tionesta's physicians, held a meeting in Odd Fellows hall, this place, yesterday. The following members were present: Drs. J. A. Ritchey, F. F. Davis, Wm. Forster, A. F. Coope, T. C. McCulloch, and W. F. Conners, of Oil City; E. W. Moore, W. A. Nicholson and T. E. Smith, Franklin; J. E. Taylor, Clintonville, and Morrow, Siggins and Nasson, Tionesta. The meeting was called to order with Dr. Conners, President, in the chair, and E. W. Moore, Secretary. A very interesting discussion of puerperal eclampsia, as well as several interesting cases from private practice, was had. The visiting doctors were the guests of their professional brethren here, and speak very highly of the hospitality shown them during their sojourn. A vote of thanks was tendered the Odd Fellows for the use of their hall.

—Lightning played some curious freaks at the residence of A. M. Dunt, during the storm of last Friday evening. The bolt struck a tree standing near the house to which one end of a wire clothes line was attached, the other end being fastened to one of the porch posts at the rear of the house. The lightning came down the tree followed the clothes line to the post, jumping thence to the house, a distance of at least four feet, where it followed a nail through the wall and setting fire to the paper on the inside. A sink standing directly under where the lightning came through was badly demolished, and from thence the bolt passed out of the building through the floor under the kitchen stove. The clothes line was broken into three or four pieces and partly melted, and the grass into which it fell was considerably scorched. A number of ladies who had taken tea with Mrs. Dunt had assembled in the parlor, and all were more or less shocked but none severely injured. The bolt seems to have divided, for the lightning rod on the court house, several rods away, was broken near the ground and a brick near the south-west corner knocked out. Sheriff Osgood and wife were seated on the veranda at the time, and Mrs. Osgood was so severely shocked that for several moments she was unable to speak.

Fleishly Work.

Last Sunday morning a highly prized cow belonging to Mrs. H. H. May was found dead in the barn yard, having died during the night. Nothing particularly strange was thought of it at first, but on closer examination evidences of poisoning were discovered, and a still more thorough investigation proved beyond question that it was the work of some fiend. The cow's slop pail was examined and shown to have contained Paris green. An old tin cup was also found in which the poison had been mixed and the stick with which it had been stirred, and other conclusive evidence that it could not have been the result of carelessness or accident. In fact, the family never allowed the use of Paris green about the premises, and none of the help knew of the existence of any. It seems to have been a clear case of fleishiness, and what motive any one could have in perpetrating such a devilish deed is a puzzle to all. In September last a cow belonging to Mr. Kelly died under similar circumstances, and the investigation of this case has revealed enough to convince him that she was poisoned in about the same way, except that the perpetrator was more fortunate in concealing the evidence of his crime. It is just possible that the strong arm of the law will soon have to deal with the guilty one. Let it be to the full extent.

—The Supreme Court of Pennsylvania has decided that all traveling doctors must, in addition to being registered, take out a county license, the fee of which is \$50.—Ez.

George Pearson, of Mercer, late private secretary to Governor Beaver, has been appointed Prothonotary of the Supreme Court of Pennsylvania. Mr. Pearson is a deserving and capable man, and his platter is always right side up when it rains porridge.—Franklin News.

This is the season that belongs peculiarly to the small boy. It is the season of green apples and fishing and swimming. Let the boy have his fun. He may now and then get drowned or tied in a hard knot with cramps and cholera morbus, but the joys of his youthful breast must not be hampered by restrictions, for the days will come and years draw nigh when he will find no pleasure in such things as these.—Penn. Spirit.

Several parties are canvassing our county selling spectacles at any price they can get. If they can get three dollars for them they take it; if they can get 25 cents the sale is made. They are in great luck when they come across a crossed-eyed person. They have just the thing for that trouble in a pair of glasses which they guarantee to relieve the trouble in 90 days. They sell them at \$10 and usually make a sale. Experience comes high, but some people will have that way.—Clarion Jacksonian.
