REPUBLICAN COMMITTEE MEETING.

The members of the Republican County Committee of Forest County are requested to meet at the Court House, in Tionesta, on Monday eveping, Aug. 29th, court week, at 7:30 o'clock, for the purpose of considering business of importance to the Republican party of the county. A full attendance is earnestly requested. AMOS F. LEDEBUR, Chairman.

C. R. DAVIS, Secretary. STEVENSON is attending pieces in Illinois. There will be a grand pienic

all over this country on November

8th, but Steve will not be in it. HENRY WATTERSON has burst forth with the declaration that "The Battle Is On." This is true. But after noting that he thinks free trade is going to win this year we are justified in adding that while "The Battle Is On," Henry Watteson is off.

Mr. Carter has every means of knowing the exact situation, and what he says can be accepted as truth. New York being safe, now is the time to break the solid South.

Average daily wages of iron and steel workers in Belgium, according to the report of Cousul Roosevelt, our representative at Brussels, 65 cents. We will not be so cruel as to suggest to American iron workers often averaging as high as \$10 to \$15 a day.

M. W. Bovee, of Grand Valley, Warren County, has accepted the Democratic nomination for Assembly in that county. His opponent on the Republican ticket is C. C. Thompsou, Esq, of Warren, Speaker of the House at the last session of the Legislature. Mr. Bovee was the last Democratic nominee for the State Senate in the Warren-Venango Senatorial district, making the run against ex-Sheriff W. R. Crawford, the Republican candidate, who was elected, as Mr. Thomp son will be this fall.

THE McKinly law put up the duty on linseed oil from 25 cents a gallon to 32 and the duty on flaxscod itself from 20 cents to 30 cents a bushel. Well linseed oil has declined in price from 57 cents a gallon to 34 cents in 1892. Is the tariff a tax? If it is, it is a tax that repeals itself by opening factories and increasing production. Workingmen, which way of repealing a tax do you like better-letting it open factories and repeal itself, or repealing it by law and closing the factories? - New York Press.

Intquirous Democratic gerrymanders, designed to secure control of State legislatures, have been declared unconstitutional in Wisconsin and Michigan. The New York gerry-mander, which was the most outrageous of them all, has gone the same way, having been declared unconstitu-

Get Registered.

Republicans should remember that September 7th is the last day for registration of voters prior to the election on the 8th day of November. Under the provisions of the new registry and election laws it is difficult and embarrassing to electors, otherwise qualified, to prove their rights to vote unless they have been duly registered on or before the 7th of September. On September 6th and 7th it is the duty of the registering officer to be at the place of holding elections in each district from 10 o'clock a. m., to three o'clock p. m., and from six o'clock p. m., to nine o'clock p. m., of each day, to register

persons duly qualified to vote.

We especially call the attention of voters who voted "on age" last year (1891) to the fact that unless they are registered on or before Sept. 7th and assessed with a tax (which must be paid thirty days before the election) they cannot vote. In such cases registration and assessment is an absolute ly essential qualification. Don't forget it. Republican committeemen in each district should give this matter atten-

Boodle For The West.

THE New York free trade newspapers are trying to raise a fund to corrupt voters in the Northwestern States, and Chairman Harrity has written a letter endorsing the project, in which he says that he sees the necessity of an "aggressive movement" to win the West, where there is need of "a campaign of education and organization." It is all very well for the Free Traders to prate about a campaign of education, but they deceive nobody. Their fund is not for educational purposes. It is intended to purchase and and corrupt whoever is purchasable and susceptible of being corrupted,

for, we grieve to say it, there are many

such, not only in the west but the

country over. But while they are doing this the Republican press is not idle in exposing the scheme, and cautioning the leaders to keep an eye on Mr. Harrity and New York. Mr. Harrity enjoys the reputation of being "a slick article," and it is possible that while his henchmen are trying to draw attention MR. CLEVELAND has expressed by letter to Caesar Celso Moreno his gratification at the latter's intention East. But his efforts this year will to support him. If a sharp investigation were set on foot, probably a letter that is not wild are not for Mr. Harri-could be found from Mr. Cleveland to ty and his kind. They are in the Rethe man that struck Billy Patterson. publican column and do not propose to repeat the experiment of two years CHAIRMAN CARTER expresses ro ago, when the Democratic victories seate views on the Republican chances were so unexpected that it duzed the in New York. That is encouraging party into the idea that the revolution was a permanent one.

Let them put all the money they please in the northwest, and let them play all kinds of sbarp tricks in New York; they will not win this year. Neither salt nor boodle will save them. -Harrisburg Telegraph

THE funuiest thing in the political situation is the sudden concern that has seized the Southern Democrats as comparisons between these wages paid to the action and welfare of the colored voters. A colored county convention in Georgia, held last Saturday indorsed the renomination of Governor MR. CLEVELAND speaks of the Northen, and the Democratic newspa-American farmers "being robbed by pers were so lost in admiration of the the stealthy hand of protection." event that they celebrated it in edito-New York farmers are selling hay for rials and sent an account over the tel-\$10 a ton and have a good market. egraph wires all over the country. Just across the St. Lawrence river the Then the Third Party in Harlem Ga. Canadian farmers are selling hay for is accused of trying to intimidate the \$7 a ton and but little market at that, colored voters and prevent them from holding a political meeting. Where-upon the Democratic Agusta, Ga., SPEAKING of the diabolical way in Chronicle asserts with a good deal of which the Republican party has fierceness that the negroes shall not be "squandered the surplus," it is important to note that the interest bearing their meetings. Verily, as that Richmond preacher asserted, "The sun do move.

Pronounced Hopeless, Yet Saved.

From a letter written by Mrs. Ada E. Hurd of Groton, S. D., we quote: "Was taken with a bad cold, which settled on my lungs, cough set in and finally terminated in Consumption. Four doctors gave me up saying I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Conghs and Colds. I gave it a trial, took in all eight toffles; it has cured me and thank God I am now a well and hearty woman." Trial bottles free at Proper & Dout's Drugstore, regular size, 50c, and \$1.00.

Lie Consumption Incurable ? way, having been declared unconstitutional by a New York District Supreme Court. It is a sad day for the people when the Democratic machine is able to secure control of the courts and to influence them to confirm them in their lawless schemes for plunder of power and public place. The plan of David B. Hill and his benchmen to lay violent hands on New York falls through because the people can still ebtain justice in the courts.
