LOCAL AND MISCELLANEOUS.

—Oil market closed yesterday 55½.

—Plowing for fall wheat will soon keep the farmers busy.

—Harold Sharpe is home from Chicago for a few days.

—Miss Josephine Hall of Warren, is the guest of Miss Inez Brownell.

—Miss Brownie Bates of Titusville is a guest at the home of her grandma, Mrs. May.

—Misses Pauline and Rose Merkle of Tidioute, were guests of Miss Dora Blum from Friday till Monday.

—Prof. A. W. Wilson Jr., of the Kiskiminetas school, Saltsburg, Pa., was the guest of Mr. Kelly last Friday.

—Miss Emma Woodburn of Franklin, was the guest of Misses Maggie and Artie Robinson a few days of the past week.

—Mrs. Solomon Fitzgerald was taken suddenly ill with congestion of the brain Monday, but is getting better now.

—Kennedy Haugh, of Nebraska, drove over to his old home, Brookville, one day last week, where his family have been visiting for some time.

—Will Kepler departs for Randolph, N. Y., next Monday, where he will attend Chamberlain Institute, one of the leading schools of that State.

—Found, two pairs new mittens. Owner can have same by calling at R. B Crawford's and describing property, and that, too, before cold weather sets in.

—Mr. Will H. May, of Louisville, spent a day or two of last week here visiting his mother. He was looking exceptionally well and said his health was never better.

—Dr. Nason, who has been suffering severely of late with throat trouble, is still confined to his bed, but his physicians expect him to recover now without further difficulty.

—A goodly number of the veterans of Stow Post are making calculations on going to the big re-union at Washington on the 20th of September. Some of the civilians are also designing to take in the great doings.

—An alarm of fire last Wednesday evening brought out the populace in force. Happily there wasn't much of it, a small blaze in the roof of John Wiant's house, which was easily extinguished, causing the commotion.

—Recollect that Lawrence & Smearbaugh have just stocked up on shoes, and that their line is one of the nicest of the season. Ladies, gentlemen and children will find something fine to select from at their counters. Call.

—Alex Whitehill and James Duncan, Brookville's famous base ball battery, were among Tionesta friends yesterday. They are a team that is seldom vanquished. During his brief stay Alex's many friends here extended him a hearty welcome.

—L. E. Osgood, who manipulates the lever at Wheeler & Dusenbury's large sawmill at Stowtown, gave the Republican a pleasant call one day last week. He reports business active up in that section, and the new railroad coming right along.

—It is said West Hickory enjoyed the distinction of having a regular knock-out slugging match on Friday night last, between two of her pugilistic citizens. It required nine 3-minute rounds to decide the scrap and compel one side to toss up the sponge.

—Court convenes next Monday, being nearly a month earlier than heretofore. The calendar embraces about the usual number of causes, while there will be a few criminal cases on tap. We are always glad to "see our friends" on these occasions, and this time especially, as the machinery is considerably in need of the stuff that makes it run smoothly.

—The camp meeting which begins at West Hickory next Sabbath, is being quite extensively heralded by hand bills, and will doubtless be largely attended. Revs. Ross of Pittsburg, Hamilton and Lawson of Franklin, and John Lawson of Erie, are the principal ministers mentioned that will be present. Excursion rates are advertised on the W. N. Y. & P. road between Oil City and Irvineton.

—The 57th annual session of the Erie Conference of the M. E. Church commences at Warren, Pa., Sept. 7, at 9 a. m. The Conference consists of 227 ministers in the effective, supernumerary and superannuated relations. Bishop John P. Newman, of Omaha, will preside.

—Peaches will be high this year, for they are not plenty. Delaware and New Jersey will not be able to supply the demand. Pears are also scarce and correspondingly high. The only fruit that promises to be very abundant is grapes. This year's grape crop is exceedingly large.

—Mr. John Brooking of the LaRue, Ohio, News, was one among 50 or 60 guests who suffered from the effect of poison, which had mysteriously gotten into the food at a wedding supper at that place last week. Mr. Brooking and wife were both severely affected, but fortunately none of the cases proved fatal, though all present were prostrated for some time.

—J. N. Heath of Starr, has the agency for a first class seed house, and makes a specialty of the seed potato business. The "Ohio Jr." is one of his favorite varieties, and is specially adapted for this country. It is the earliest variety now on the market, is a great yielder, and grows large size. Now is the time to place your order for next season's seeding, and when John comes around give him a trial. He guarantees good results.

—There's no use going away from home to attend camp meeting this year, as one is booked for Tionesta to commence on the 3d and continue over the 11th of September, as per notice elsewhere in this issue. Broad Axe Smith, the now famous colored minister, will be in charge of the meeting, which means that it will be a success in all particulars. Mr. Smith will be accompanied by his wife, besides which there will be a number of colored ministers of prominence in attendance.

—The sixth annual convention of the W. C. T. U. of Forest county will be held in the Presbyterian Church at Marienville, this year, on the 1st and 2d of September. The program is unusually large and attractive this year, and will doubtless afford much pleasure and profit to all who attend the sessions. Among the prominent National workers in the cause who will lend their presence is Miss Clara Hoffman, State President of Missouri, who will deliver one of her brilliant lectures on Friday evening.

—The W. N. Y. & P. R. R., will run a grand double excursion to Niagara Falls and Toronto, Ont., Friday September 9th. Special train will leave Tionesta at 6.45 a. m. Fare for the round trip, to Niagara Falls $2.50 to Toronto $3.75. Niagara tickets good returning for five days, Toronto ten days. Toronto passengers will leave Niagara Falls at 4:55 p. m., for Lewiston, where boat will be taken for Toronto. This is a grand opportunity to take in the charms of Niagara, and Canada's Great Industrial Fair, which is to be held at Toronto, Sept. 5th to 17th.

--The strike of the switchmen in the Lehigh Valley and Erie yards at Buffalo is causing no small amount of annoyance in the freight business, which is affecting nearly all branches of business more or less seriously. A good deal of railroad property has been destroyed by fire, said to have been the work of the strikers. There is no telling where it will end, as the strike is spreading to other roads, those of the W. N. Y. & P. having gone out within a day or two. This is purely a sympathy strike, the men being perfectly satisfied with their wages.

—Tionesta went up to Tidioute Monday and smashed the ball team of that place in an old-fashioned sort of way. The game was rather loosely played on the part of Tionesta, thus allowing Tidioute to get eight runs while they took eleven. This was done, we apprehend, for the purpose of coaxing them down here next day where, of course, they would never have seen home plate. But it didn't work, the Tidiouters being minus the sand. To be sure our team were outrageously treated by the audience, but they expected nothing else and it didn't rattle them any. They had the game in their own hands all along and so rather enjoyed the contortions of the crowd.

W. S. Gillespie and family were visiting at R. J. Flynn's on Sunday.

The Whig Hill ball club went down to East Hickory on Saturday to play the club there. The game was a close one but the playing was very wild, score 21 to 23 in favor of Hickory. We hope there will be a return game soon with different results.

Fred Gillespie Jr. is suffering from a severe hurt on his right foot; hopes are entertained by his friends that he will soon be able to be around once more.

School commences here on Sept. 12. The school house has been fitted up by our director, D. I. Beck, and everything has been done to make it what a school house should be. We are informed a Miss Arley Weiner has been retained as teacher.

Master Grant Gillespie has been quite badly afflicted with a sore knee, caused by cutting it with a piece of glass.

NEWSY NOTES.

The *News* says the school board of Emlenton have adopted the free text-book system.

Allen Milton Browning, of Huntington, W. Va., is 60 years old, has been married six times and has 67 children.

According to a census bulletin just issued there are only 97,000 female persons to every 100,000 males in the United States.

Of the 328,000 divorces granted in the United States during the last twenty years, 316,000 were granted on the petition of the wife.

A Prohibition candidate for congress in Illinois is named Sunday, and the newspaper wags are saying he is in favor of closing the saloons on himself.

The Pennsylvania supreme court in an opinion delivered by Justice Heydrick, has decided that a debtor is entitled to the $300 exemption upon each execution, even though issued a second time upon the same judgment.

An old restaurant bill printed in Richmond in January, 1864, gives the following war time prices in Confederate money: Soup, $1.50; chicken, $3.50; roast beef, $3; raw oysters, $2; coffee, $2; bread and butter, $1.50; a bottle of champagne, $50; a drink of rye whisky, $2; a bottle of ale, $12, and a cigar, $2.

A lady in San Francisco has patented an apparatus to prevent a dead fowl from flying—a clamp to keep the bird from flying into your neighbor's lap while you are carving it. An improvement is certainly needed on the old system of holding the bird in the dish by resting the knee or foot upon it.—*Franklin News.*

A Rochester man has worked out a scheme for utilizing the waste force of Niagara Falls, and proposes to build there a power house 1,000 feet high, with the necessary equipment, and at a cost of $250,000,000. He intends to begin work in November, when some other great schemes are to culminate and—collapse.

There is more prosperity to the square acre in the United States than in any section of the civilized globe. But no amount of legislation or prosperity will bring wealth to the profligate, the fools who seek to grow rich without labor, the feebleminded or the vicious. Whatever of discontent there is in this country emanates from the classes named.—New York Advertiser.

England has had 31 Prime Ministers under the rule of the house of Hanover, 10 of whom have held the office twice, and two—Earl Derby and Mr. Gladstone—three times. Gladstone is now entering upon his fourth term, thus breaking the record. At the same time he breaks another record by taking the office when nearly 83 years old, no other Premier ever having been appointed at such an advanced age.

The credit of breaking the world's trotting record now belongs to Nancy Hanks, who made the mile on the Chicago track Wednesday of last week in 2:07½, one full second less than Sunol's fastest time. It is claimed by horsemen, however, that the new style of sulky with ball bearings and pneumatic tires, running as lightly as a bicycle, cuts a full second or more from a mile performance. Budd Doble was her driver. Twelve thousand people saw the sport.

It was during one of the Legislative sessions, along towards the close, when even the most sedate old Senator relaxed his dignity a trifle and unbent sufficiently to take a drink with the "boys" A party of choice spirits had been alternating between the reading room and the bar of a prominent hotal, and one of them, a Senator who could tell a funny story and was congenial when he had encompassed his share of the bottle, was feeling a little bit wobbly in the legs. In fact as his legs got tangled his speech grew very thick and his tongue was evidently clad in a fur ulster. That was his condition as the party ranged up to the bar for a parting drink. As the boozy Senator looked toward the barkeeper he saw a card hanging on the mirror which read: "No liquor sold to minors or intoxicated persons." Gazing at it for fully a minute—that is, it was a full minute for him—he pointed to the card with his long forefinger, and addressing the barkeeper said: "Mizzer President, I move you, sir, that the rules be sushpended." The motion was carried, but adjournment followed quickly.—Harrisburg Telegraph.

Last week a young lady of Sewickley, Pa., stepped on a match that was lying on the floor, and her clothing took fire, resulting in disfiguring her for life. On Monday a woman in Richmond, Va., had a similar accident, and died from her burns within a few hours. People have little idea of the dangerous risks of fire and loss of life which they run by allowing matches to be carelessly handled or strewn about. Vigilance in this matter is the price of life and property.

Columbus Day.

October 21st, next, will be observed in the United States as Columbus Day, according to President Harrison's proclamation to that effect. Some of the boys and girls—some old people, too—may not understand why October 21st instead of October 12th, the day Christopher discovered this fair land, should be selected as Columbus Day. A circular at hand thus affords the desired information:

"At the instance of the Executive Committee of the National Public School Celebration of Columbus Day, a bill was introduced into Congress instructing President Harrison to issue a proclamation making Columbus Day a general holiday. In the interest of scholarly accuracy, this bill authorized the change in date from October 12th. to October 21st. It passed both branches of Congress and received the President's signature.

"Above all other dates nearly every pupil in our public schools remembers that Columbus discovered America October 12th, 1492. They will all want to know why the 400th anniversary falls on October 21st, 1892.

"For many centuries the calendar instituted by Julius Cæsar, known as the Julian calendar, was commonly accepted. This calendar, assumed that there were 365¼ days in a year. But as this made the year eleven minutes and fourteen seconds too long, it could not without correction very long answer the purpose for which it was devised. Consequently, in 1582, it was found necessary to reform the calendar, and the Gregorian calendar was adopted. In order to erreect the errors that the old calendar had made, ten days were dropped out, and October 5th of 1582 became October 15th. As the error was found to be exactly three days in 400 years, the Gregorian calendar omitted the leap-year from every centurial year, excepting those which were divisible by 400. Thus the years 1500, 1700 and 1800 were not leap-years.

"As above stated, this reformation took place in 1582, and ten days were omitted from the calendar. But as Columbus discovered America previous to the year 1500, which reckoned by the Gregorian calendar would not be a leap-year, there would be but nine days to omit.

"On October 21, 1892, the sun will occupy the same relative position to the earth as on the memorable October 12, 1492."

School Examination.

As previously announced the Boro Schools will open on Sept. 6th. An examination will be held on Saturday, Sept. 3, at 9 a. m., for all who were not in school at the close of last term and who wish to be promoted at the beginning of the present year.

T. F. Ritchey, Sec'y of Board.

On Sunday, the 11th, a wedding ceremony will be performed in the grove. The following ministers and speakers have been invited and are expected to be present: Mr. and Mrs. Broad Axe Smith, Rev. L. Williams, and others. No intoxicating liquors will be allowed on the grounds. There will be three services each Sunday and one each night of the week.
