President, BENJAMIN HARRISON, of Indiana.

Vice President, WHITELOW REID, of New York.

STATE.

Judge of the Supreme Court, JUDGE JOHN DEAN, of Blair County.

Congress-at-Large, ALEXANDER McDOWELL, of Mercer County.

WILLIAM LILLY, of Carbon County.

COUNTY.

Assembly, J. J. HAIGHT, of Howe Township.

Treasurer, QUINTAIN JAMIESON, of Tionesta Township.

Surveyor, J. E. PROPER, of Tionesta Borough.

IMPORTANT TO VOTERS.

The attention of Republican committeemen, and all others, who have an interest in the success of the party at the approaching election is specially directed to the following important matters:

1. That all who desire to vote on November 8th, must be registered on or before Thursday, September 8th, that being the last day for registering.

2. The Act of May 20th, 1891, (P. L. 134), provides that "it shall be the duty of the assessors to assess, from time to time, on the personal application of anyone claiming the right to vote." Under this provision of the law, the voter must make personal application to the assessor to have his name added to the list of voters.

3. No person shall be permitted to vote at the election, whose name is not on the list, unless he shall make proof of his right to vote as heretofore required by law.

4. In view of the difficulties that will arise under the new Ballot Law from want of knowledge on the part of the voter, the importance of having the voter's name on the list, so that he may have as little trouble as possible in casting his ballot, will be readily understood.

5. Therefore, see that every Republican voter is registered.

It may comfort the little Tin Plate Liar to know that forty-two tin plate firms are prepared for work, and twenty-six factories have produced 20,000,000 pounds this year.

STEVENSON, the Democratic candidate for Vice President, has left New York for his Illinois home, very much discouraged over the outlook. He will now have to explain his attitude during the war, something he cannot get away from. And what a deal of prevarication he will indulge in.

HON. WHITELOW REID, the next Vice President of this great and glorious nation, is very much pleased over the political outlook, and says the Republican ticket will win. Mr. Reid has the reputation of being able to read the political future a trifle clearer than the average political leader, and he never makes a mistake. Look out for a landslide in November, under which the Democracy will be buried forever.

The true issue cannot be lost sight of. Secretary Foster says: "The great issue in the campaign is the tariff. The Democrats are trying to make a Force bill issue, but they are not succeeding. The life is all out of that. The Force bill issue is without vitality. Whatever Mr. Harrison has to say on that subject in his letter of acceptance will be wise and well said." And it will have force enough to kill the Force bill howl of the Dana-ites.

As was expected the switchmen's strike in New York is a total failure. The men were called out on a strike by a few self-important leaders who wanted to show their authority, and who gave them assurances that they would win. But the other organizations of railroad men refused to go in to a sympathy strike, the soldiers were placed on guard and trains began to run, there were many applicants for the strikers' places, and it was only a question of time for the strike to go to pieces. The men have lost their situation, a few men have gained a little notoriety, the railroads have won, and that is about all there is to say. It is a great pity for the poor fellows who have lost situations by being compelled to follow the leadership of such impractical leaders.

As yet Mr. Cleveland has not signified his intention of dropping the free trade issue and adopting Dana's cry of "no force bill! Down with negro domination."

The London Times of the 21st of July in winding up a review of the political situation in the United States says: "Undoubtedly, our interests as a trading community must make us wish success to the Democrats, who now for the first time go to the polls as the avowed champions of Free Trade rather than to the authors and defenders of the mediaeval McKinley bill."

There is not an English newspaper that does not express this sentiment of "The Thunderer" in some form.

I AM for Cleveland for president because I am a free trader.—Henry George.

The Democratic party, except in the person of imbeciles not worth mentioning, is a free trade party.—Henry Watterson.

I will never help to make a law which stands in the way of free trade.—Roger Q. Mills.

I am a free trader, the Mills bill is a step in that direction.—Congressman Breckinridge.

Mr. Cleveland, by his message for which I honor him, has challenged the protected industries of the country to a fight of extermination.—Senator Vest, (Dem.) Missouri.

COMMANDER-IN-CHIEF PALMER has been in Washington for a few days looking after the work of getting ready for the National Encampment. He expresses himself as highly gratified at the progress being made, and predicts, from knowledge gained by visits to 26 Departments of the Grand Army of the Republic, that the coming National Encampment will be the "high-water mark of the G. A. R."—that the attendance will be much larger than any other Encampment ever held, or that ever will be held. All the veterans want to come to Washington before they die, and bring their wives and children, and they are going to swarm hither from every part of the country.—National Tribune.

The other evening in New York city the general committee of the county Democracy held a meeting to consider the campaign. In the course of the proceedings Chairman Jackson denounced Tammany as one of the worst foes Democracy has within its organization, and whenever he mentioned the name of Dave Hill it was roundly hissed. The fight between the Tiger and his enemies grows more bitter as the campaign advances. It is a good sign for healthy politics in New York city when Tammany, the foulest nest of rascals in the country, and Dave Hill, the State thief, are flayed in a Democratic organization. And it bodes no good to the Democratic National ticket, Tammany castigated by Cleveland's admirers is not going to hurt itself getting votes for Cleveland, and when Tammany does not practice its election frauds in New York, there is no uncertainty regarding Republican success. Let us hope that the County Democracy will not let up on Tammany, and that Tammany will whet its teeth for a square meal on Cleveland on election day.

The Real Cause.

There is a growing disposition among the Democratic politicians to criticize Chairman Harry's management of their party affairs. There has been some correspondence on the subject with the New York leaders, which makes it look as if Harry were to be made the scapegoat of the Democratic collapse.

They claim that the only management the chairman has shown so far is to manage to get around from place to place without accomplishing anything. It is not Chairman Harry's fault that the Democratic outlook is so discouraging and yet there are many, especially in the West, who are clamoring through correspondence for his removal from the chairmanship.

The publication by General Springer of a book on "Tariff Reform the Par. amount Issue," which he is circulating very generously among his friends, is just the kind of a volume to convince any thinking American of the nonsense of tariff reform and the economic suicide of free trade. It makes a fine Republican campaign book, and is much more responsible for the paralyzed condition of the Democracy than anything Harry has or has not done. It is the current history of the party on free trade that is making the election of Harrison a certainty and Harry's work useless.—Harrisburg Telegraph.

"I would rather trust that medicine than any doctor I know of," says Mrs. Hattie Mason, of Chilton, Carter Co., Mo., in speaking of Chamberlain's Colic, Cholera and Diarrhoea Remedy. This medicine can always be depended upon, even in the most severe and dangerous cases, both for children and adults. 25 and 50 cent bottles for sale by Stiggins & Fones, druggists.
