gross, State Senator, &c. [In the city and county of Philadelphia separate conventions are held to nom-inate the several candidates on the county ticket. For each county of fice, therefore, there is a separate group on the official ballot. In the other countles, however, where the same convention nominates ALL THE COUNTY CANDIDATES, the latter included in a single group. In other words, the number of Republican certificates of nomination determine

the number of Republican groups.-Section 14.] e. If the voter desires he can make a cross mark in the square opposite and to the RIGHT of each of the candi

dates for EACH office to be filled in the Republican column, and his vote will be connted as one vote for each candidate so marked.

If the voter adopts the plan of mark-ing a cross to the RIGHT of each can-didate he should be careful not to miss a name, as a name not crossed would not be counted.

How to Vote a Straight Ticket.

e. The simple method, where the voter desires to vote the "straight" or whole ticket, is to place a cross mark to the RIGHT of the party name at the head of top of each group in the Re-publican column. The only difficul-ties in the use of the new ballot being those which arise from an attempt to vote a mixed or "scratched" ticket Republican voters are cautioned against voting any but a straight ticket (except for good cause, and then only after careful instruction), as to do so is attended with danger that the entire ballot may be in

validated. Where a Democrat desires to vote for a candidate on the Republican ticket. a candidate on the Republican theset, say for Representative in the General Assembly, he can put an \mathbf{X} at the head of each group in the Democratic column, except the Representative group; and if there are, say, two Representatives to be elected, he can put an \mathbf{X} opposite the area of one put an X opposite the name of one Representative nominee in the Dem octatic group, and another X oppo site the name of one Representative nominee in the Republican group. In other words, so far as he votes a straight ticket he MARKS THE GROUPS, was about to receive her. and where he desires to "cut" his ticket he MARKS THE NAMES of the

NOMINEES. g Crosses must be marked in the AP PROPRIATE MARGIN OR PLACE ONLY, and always at the RIGHT HAND SIDE of the party column.

If a voter marks MORE NAMES than there are persons to be elected to an office his vote shall not be counted FOR SUCH OFFICE. FOR EXAMPLE. - The voter marks a

oss to the right of the first group in the Republican column. This mark would indicate one vote for EACH and EVERY NAME printed in that group, to wit, THIRTY-TWO CANDIDATES FOI PRE IDENTIAL ELECTORS, TWO CANDI-DATES FOR CONGRESS-AT-LARGE, AND ONE CANDIDATE FOR JUDGE OF SU-PREME COURT This year two con gressmen-at-large are to be elected. If the voter, after having placed a cross mark at the top of the group and to the right of the word "Republican," should desire to vote for the Democratic candidate for that office and should place a cross mark opposite and to the right of each of their names, his vote for congress men-at large would not be counted for either party, because he would by so marking vote for FOUR instead of TWO candidates.

I. The voter MUST NOT CROSS OUT ANY NAMES upon the ticket, NOR COVER A NAME WITH A "STICKER" OR 'PASTER," except in the case referred to in the next section.

When a candidate has died or withdrawn, and a substituted nomination is made after the ballots are printed. the new name will be printed upon a "sticker," which should be pasted oven to cover the name of the de-(tiw ro base drawn candidate. in placing

MARRIED.

KERR-LEECH-At the residence of the bride's mother, Mrs. A. S. Whitehill, Alliance, Ohio, Sept. 29, 1892, by Rev. C. H. Frampton, George W. Kerr, Supt. of Schools of Forest County, and Miss Ella Leech, of Marienville, Pa.

DIED.

ARNER-At the home of her parents, in Tionesta, Saturday evening, Oct. 1st, 1892, Blanche May, eldest daughter of Mr. and Mrs. Calvin M. Arner, aged 9 years, 8 months and 16 days.

The death angel has again visited a happy household and robbed one more bright young life of its existence; one more little chair is vacant; play-things undisturbed; here a shoe, there a doll, all speak more eloquently to the grief-stricken parents than any human tongue can do. Blanch was a bright, inteiligent child; thoughtful beyond her years; vivacious in health, always ready for fun, as she tormed her innocent plays; with a touch of daring that made her a general favorite with her playmates. About two weeks ago she became afflicted with what seemed a slight cold accompanied with hoarsness, with croupy symptoms, although nothing alarming until within a few days of her death. The attending physician, Dr. Siggins, becomiing alarmed at the sudden and dangerous development of the disease, telegraphed for Dr. Ritchey of Oil City. Upon consultation it was deemed advisable to operate upon the throat as a possibility of saving the little sufferer's life. With the assistance of Drs. Siggins and Morrow, it was done. Too late ! Death had already marked her as his own. With the intuition, as it were, of the great change about to take place, she requested her mama to dress her doll fresh and clean and put it with some other cherished play-things in the bureau which she called her own. Also talked of the spot in the cemetery she liked, where flowers bloomed best, She was frequently heard lisping her prayers in simple, trusting faith, that He who said Suffer little children to come unto me, for of such is the kingdom of heaven,"

The funeral services were held at the nouse at five o'clock Sunday evening. All the ministers being absent, Mr. Kelly, Supt. of the Presbyterian Sabbath School, onducted the services in a very affecting and satisfactory manner. Mrs. Sue Sharpe, Mr. Ritchey and Mr. P. M. Clark sang, tenderly and softly, two appropriate hymns. A profusion of lovely flowers was sent by thoughtful, sympathizing friends. Rev. Rankin arriving as the prossion was about to proceed to the cemetery, concluded the services there.
