gross, State Senator, &c. Iln the city and county of Philadelphia separate conventions are held to no inate the several candidates on the county ticket. For each county of fice, therefore, there is a separate group on the official ballot. In the other counties, however, where the same convention nominates ALL THE COUNTY CANDIDATES, the latter are included in a single group. In other words, the number of Republican certificates of nomination determine the number of Republican groups. Section 14.]

e. If the voter desires he can make a cross mark in the square opposite and to the RIGHT of each of the candidates for EACH office to be filled in the Republican column, and his vote will be counted as one vote for each candidate so marked.

d. If the voter adopts the plan of mark-ing a cross to the RIGHT of each candidate he should be careful not to miss a name, as a name not crossed would not be counted.

How to Vote a Straight Ticket. e. The simple method, where the voter desires to vote the "straight" or whole ticket, is to place a cross mark to the RIGHT of the party name at the head or top of each group in the Re-publican column. The only diffcul-ties in the use of the new ballot being those which arise from an attemp to vote a mixed or "scratched" ticket Republican voters are cantiones nst voting any but a straight

ticket (except for good cause, and then only after careful instruction), as to do so is attended with danger that the entire ballot may be in-Where a Democrat desires to vote for a candidate on the Republican ticket. y for Representative in the General Assembly, he can put an X at the head of each group in the Democratic column, except the Representative group; and if there are, say, two Representatives to be elected, he can put an X opposite the name of one Representative nominee in the Dem-

ocratic group, and another X opposite the name of one Representative nominee in the Republican group. In other words, so far as he votes a straight ticket he MARKS THE GROUPS, and where he desires to "cut" his ticket he MARKS THE NAMES of the NOMINEES.

Crosses must be marked in the AP-PROPRIATE MARGIN OR PLACE ONLY, and always at the RIGHT HAND SIDE of the party column.

If a voter marks MORE NAMES than there are persons to be elected to an office his vote shall not be counted FOR SUCH OFFICE.

FOR EXAMPLE. - The voter marks a cross to the right of the first group in the Republican column. This mark would indicate one vote for EACH and EVERY NAME printed in that group, to wit, THIRTY-TWO CANDIDATES FOR PRESDENTIAL ELECTORS, TWO CANDI-DATES FOR CONGRESS-AT-LARGE, AND ONE CANDIDATE FOR JUDGE OF BU-PHEME COURT This year two con rhems count. This year two con-gressmen-at-large are to be elected. If the voter, after having placed a cross mark at the top of the group and to the right of the word "Re-publican," should desire to vote for the Democratic candidate for that office and should place a cross mark opposite and to the right of each of their names, his vote for congress-men at large would not be counted for either party, because he would by so marking vote for FOUR instead

of Two candidates. The voter MUST NOT CHOSS OUT ANY NAMES upon the ticket, NOR COVER A NAME WITH A "STICKER" OR PASTER," except in the case referred

to in the next section. When a candidate has died or with drawn, and a substituted nomination is made after the ballots are printed, the new name will be printed upon a "sticker," which should be pasted OVER to cover the name of the deceased or withdrawn candidate. The voter should. in placing the sticker" over the name of the candidate so deceased or withdrawn, use GREAT CARE SO AS not to cover MORE THAN the ONE NAME. Under no other circumstances can a "sticker" be pasted over a name, or be placed in

the Republican column. k Before leaving the voting shelf or compartment the VOTER MUST fold his ballot without displaying the marks made by him, in the SAME WAY it was folded when handed to him by the ELECTION OFFICER, and keep it folded until he has voted.

After leaving the voting shelf, and before leaving the enclosed space, he shall give his ballot to the election officer in charge of the ballot box m This officer WITHOUT UNFOLDING the ballot, shall NUMBER IT in the right hand upper corner of the back of the immediately to the left of the

folding line, and then shall fold the corner so as to cover the number, and paste it down so that the number cannot be seen and deposit it in the ballot box. n. The voter may make a memorandum of the number of his own ballot. No voter, not an election officer, shall be allowed to re-enter the enclosed

space after he has once left it, except to give help, as hereinbefore stated. VII PENAL OFFENSES. Violations of Provisions of the Act

KERR-LEECH-At the residence of the bride's mother, Mrs. A. S. Whitehill, Alliance, Ohio, Sept. 29, 1892, by Rev. C. H. Frampton, George W. Kerr, Supt. of Schools of Forest County, and Miss Ella Leech, of Marienville, Pa.

DIED.

RNER-At the home of her parents, in Tionesta, Saturday evening, Oct. 1st, 1892, Blanche May, eldest daughter of Mr. and Mrs. Calvin M. Arner, aged 9 years, 8 months and 16 days,

The death angel has again visited a hap-

y household and robbed one more bright oung life of its existence; one more little chair is vacant; play-things undisturbed; here a shoe, there a doll, all speak more eloquently to the grief-stricken parents than any human tongue can do. Blanch was a bright, intelligent child; thoughtful eyond her years; vivacious in health, always ready for fun, as she tormed her inocent plays; with a touch of daring that made her a general tavorite with her playmates. About two weeks ago she became afflicted with what seemed a slight cold accompanied with hoarsness, with croupy symptoms, although nothing alarming until within a few days of her death. The attending physician, Dr. Siggins, becoming alarmed at the sudden and dangerous development of the disease, telegraphed for Dr. Ritchey of Oil City. Upon consultation it was deemed advisable to operate upon the throat as a possibility of saving the little sufferer's life. With the assist ance of Drs. Siggins and Morrow, It was done. Too late! Death had already marked her as his own. With the intuition, as it were, of the great change about to take place, she requested her mama to dress per doll fresh and clean and put it with some other cherished play-things in the oureau which she called her own, Also talked of the spot in the cemetery she liked, where flowers bloomed best. She was frequently neard lisping her prayers in simple, trusting faith, that He who said Softer little children to come unto me, for of such is the kingdom of heaven, was about to receive her.
