A London paper reports a celebrated artist as saying: "I am afraid I have greatly interfered with my own practice by giving the following advice to many of my friends: At the first symptoms of earache let the patient lie on the bed with the painful ear uppermost. Fold a thick towel and tuck it around the neck; then with a teaspoon fill the ear with warm water. Continue doing this for fifteen or twenty minutes; the water will fill the ear orifice, and flow out on the towel. Afterward turn over the head, let the water run out, and plug the ear with warm glycerine and cotton. This may be done every morning until relief is obtained. It is an almost invariable cure, and has saved many cases of acute inflammation. The water should be quite warm, but not too hot."

District Attorney Snyder and Thomas Montgomery, Esq., of Manor township, have returned from New York State where Mr. Montgomery had went to recognize the man who banished him out of \$5,000 this spring. The man, whose name is Patrick Devissal, had a suit, was arrested in New York City by Detective Norris, of Springfield, O., for inducing an Ohio farmer out of \$5,000. Mr. Montgomery recognizes him as the man and District Attorney Snyder has taken out requisition papers for his arrest after they dispose of him in Ohio where he will probably get a long sentence to the penitentiary.
