The bill requiring school boards to furnish school books and other supplies free of cost passed the House finally at Harrisburg on the 28th ult. It now goes to the Senate.

GOVERNOR PATTERSON will probably send to the Senate this week the appointment of a successor to Dr. Walker, Superintendent of public instruction. It is said Dr. Scheffer, a well-known Normal School principal, will be the man.

CHAIRMAN REEDER has decided to call the next Republican State Convention to meet in Harrisburg on August 30th. This was done after all the members of the State Committee had been consulted and their answers sent by mail. The date of August 30th was the unanimous choice, while Harrisburg was the choice of all but three members, two of whom wanted the convention held in Williamsport and one in Reading.

MR ANDREWS has made a good play by declining to put in a claim for his own expenses in the contest with Mr. Higby. This brings him in decided contrast with his opponent whose bill, as rendered to the Legislature, is being generally scored as exorbitant. - *Franklin News.*

If the Democrats don't find some way to curb the greed of that man Higby, they'll succeed in making Mr. Andrews the most popular member of the legislature. It looks as though he knew what was best for the State when he set about to knock Higby out.

PRESIDENT CLEVELAND'S reasons for an extra session in September are stated to be a desire to deal at an early date with the troublesome question of a revision of the tariff, which it is anticipated will somewhat disturb business men and commercial conditions. Secretary Carlisle, it is said, will immediately go to work upon a tariff bill for submission at the extra session. It is not stated what the Reform Club of New York will have to say of Secretary Carlisle's bill. It is significant that they have drawn up one of their own, which the New York Sun characterizes as a protective tariff measure from beginning to end.

Ex-Officials Strictly Barred. The following interesting matter comes straight from Washington: A week ago the four years' term of the Clark postmaster expired and Representative Kribbs is worrying about his successor. There are seven candidates as follows: Ex Postmaster M. M. Kaufman, John J. Shick, B. H. Fraughton, W. D. Burns, W. A. Mabey, W. R. Coril, and T. L. Ray. Of course they are all good men and Mr. Kribbs is waiting for some distinctive sign that will designate the people's choice. Mr. Kaufman might as well put his petition away in some secret drawer, as he comes under rule one, that bars ex-office holders, and can file no exceptions that would be sustained under the modifications.

Western Pennsylvania. He feels pretty confident that Senator Hill will be District Attorney, and the latter's appointment is about all the Twenty-eighth district is entitled to. J. S. McGarry, of Franklin, is making the liveliest kind of a campaign for the Revenue Collectors'hip, and is said to be trusting to the Horry influence for the place.

Work Well Done. Mr. Farr's free text book bill has passed the House just as the Telegraph predicted it would. There was a stiff fight made against it by alleged friends of the Book Trust, and the specious argument was made that the bill will work for the best interest of the Book Trust, inasmuch as it will give the Trust the opportunity to charge just whatever price it chooses for the books. We do not believe a word of it. The moment the Trust tries to put up the price of books, that moment the State of Pennsylvania goes into the school book printing business and the Book Trust goes out of business in this State.

Already there is talk of the State printing the school books, and it would take very little argument in the next two years to prepare the public mind to demand that a printing office be established to that end. There are at present 23,437 schools in Pennsylvania outside of Philadelphia, these will all be benefited by the passage of the new bill. It will help the worthy poor who cannot send their children to school because they cannot afford to buy text books for them. A prominent member of the Legislature, who very cheerfully cast his vote for the free book bill, said in the hearing of a number of his fellow members that when he was a boy his parents could send him to school but three years for the reason that they were too poor to buy the books for him. Fortunately he got an education in the poor man's college—the printing office—and he remembers his sad experience at school when the free text book bill came up. Many a lad now grown to manhood had the same experience. Many a parent, struggling along in poverty, has had to skimp and pinch and practice the most rigid economy in order that the children might have the necessary books for their education. Under the free text book bill this will all pass away. Children sent to school will be sure of the books, and there will be no staying at home because the means for an education are not furnished.

The bill is now in the Senate, and that body ought to pass it without any delay. It is a measure demanded by the people, and their voice ought to be heard. - *Harrisburg Telegraph.*

Will be Free at the Big Fair. President Higginbotham, of the World's Columbian Exposition, has issued an address to the public in which he says:

1. The exposition will be opened in readiness for visitors on May 1st.
2. An abundance of drinking water, the best supplied to any great city in the world, will be provided free to all.
3. Ample provisions for seating will be made without charge.
4. About 1,500 toilet rooms and closets will be located at convenient points in the buildings and about the grounds, and will be absolutely free to the public.
5. The admission fee of fifty cents will entitle the visitors to see and enter all the exhibition buildings, inspect the exhibits; and, in short, to see everything within the exposition grounds except the Esquimaux village and the reproduction of the Colorado cliff dwellings.
6. Imposition or extortion of any description will not be tolerated.

When Doctors All Agree It is a fact well established, that February and March are the most trying months to aged or feeble persons. Pneumonia, influenza and kindred chest affections, are most liable to get in their deadly work. There is but one thing to do, build up and fortify the system with a pure stimulant. Medical men all over the country agree that Klein's "Silver Age" at \$1.50 per quart, and "Duquesne" at \$1.25 per quart, stand without a peer. If you want fine six year old Guckenheimer, Finch, Gibson, Overholt, or Bear Creek, you can have them at \$1.00 per quart or six quarts for \$5.00. We are recognized headquarters for the choice brands of Wine, Liqueur, Cordials, etc. Goods expressed anywhere. Send for complete price list: mention this paper. MAX E. LEIN, 52 Federal St., Allegheny, Pa.

—My wife was confined to her bed for over two months with a very severe attack of rheumatism. We could get nothing that would afford her any relief, and as a last resort gave Chamberlain's Pain Balm a trial. To our great surprise she began to improve after the first application, and by using it regularly she was soon able to get up and attend to her house work. E. H. Johnson, of C. J.
