Church and Sabbath School.
Presbyterian Sabbath School at 9:45 a. m.; M. E. Sabbath School at 10:00 a. m.

Services in the Presbyterian Church every Sabbath morning and evening, Rev. J. V. McAninch officiating.

LOCAL AND MISCELLANEOUS.

Oil market closed yesterday 62 1/2.
Our staunch old Republican friend James McGaffigan of Balltown gave us a pleasant call yesterday.

Messrs. E. B. Miller and H. H. McClelland of Jenks, were pleasant callers yesterday.

Mr. R. Rudolph was down from Newtown yesterday and gave the REPUBLICAN a friendly visit.

Wet weather has thus far hindered all work on the water line, except the hauling of some of the supply pipe.

G. W. Oles, the famous violinist, and Mrs. Anna White Oles, the charming soprano, at Keeley League rooms Saturday evening.

The Derrick has added the illustrated feature to its already complete equipment and its front page shows up brighter every morning.

Rev. McAninch is in Indiana county assisting his friend Rev. Bell with his work. Hence there will be no services in the Presbyterian church next Sabbath.

R. H. Haight and Annie E. Haight, both of Clarington, this county, were granted a marriage license by the Recorder of Jefferson county, last week.

Squire Salley, of Clarendon, one of the charter members of Tionesta Odd Fellows lodge, attended the anniversary banquet last Wednesday, and during his stay gave the REPUBLICAN a pleasant call.

Remember the Oles concert at Keeley League rooms Saturday evening next. You will not have another opportunity to attend such an excellent performance in Tionesta perhaps for many years.

There will be no base ball games in Tionesta this summer. Leastwise, not on the old grounds, for they've been plowed up, and a crop of oats will be raised there. It may not afford quite so much fun but will be more profitable, likely.

Those who attend the World's Fair from this section will find on file, in the newspaper room of the Pennsylvania State building, the FOREST REPUBLICAN from May 1st to Nov. 1st, and are welcome to avail themselves of the same.

Rev. Rumberger was up from East Brady a day or two of last week, but found the trouting rather sluggish and the water high. While here he received word that his daughter, Mary was quite ill at the Clarion Normal, which hastened his return.

Mrs. C. M. Shawkey, who has been very ill and was taken to Buffalo for treatment, arrived home last week feeling much better, and is now rapidly recovering, and we are glad to note.—Warren Mail. And so will her many Tionesta friends be pleased to learn.

Will Kemble of Tidouote, was down last Saturday arranging to rush the bicycle trade in this section this summer. He has established an agency here, and lays claim to two things which ought to do the business—the best wheel at the lowest price.

Word is received here of the striking of a 200 barrel gusher in the Indiana field by our old friend J. H. Hardison. There won't be any lack of rejoicing among Mr. H.'s friends hereabouts at the receipt of this good news. May he strike a dozen more, and then some.

On Monday at the hour of noon President Cleveland pressed the golden electric key which set in motion the machinery of the great show at Chicago, and the World's Columbian Fair is now open to the world in all its grandeur. Hundreds of thousands have already viewed the building and grounds, and it is estimated that the number who will enter the gates at Jackson Park between now and November 1st, will reach up into the billions. And if the railroads will come down to a living figure on the fare there will be a few extra ones there to see the show, no doubt.

Messrs. J. M. Kimmell and J. B. Elgin are introducing a very excellent article in the line of a churn dasher, which should be seen to be appreciated.

They are stopping at the Lawrence House and are prepared to negotiate with responsible parties for the sale of territory in this section. Call and see them.

The following is from the pen of a Georgia editor who evidently has strong feelings on the subject: "The wind bloweth, the water floweth, the farmer soweth, the subscriber oweth, and the Lord knoweth that we are in need of our dues. So come a runnin' ere we go gunnin', we're not fussin', this thing of dunnin' gives us the blues."

Counterfeit silver dollars, half dollars, quarters and dimes are said to have been recently put into extensive circulation in some of the eastern counties of this state. They are brand new coin, and can be easily detected if you are on your guard. They haven't the true ring and the feel of them is different from the genuine.

Charlie Whiteman has purchased the J. F. Overlander store on the west side, next to the depot, having taken possession last Friday. Mr. Whiteman will move his cigar factory into rooms of the store building, and in connection with a general grocery business, continue to turn out his famous brand of cigars. Success to the new deal.

Some of the farmers on German Hill are complaining of the carelessness of their neighbors in allowing their hogs to run at large, and are threatening to invoke the strong arm of the law if the annoyance is not checked. As the law now stands owners of cattle and hogs must look after them or take the consequences if they do any damage.

Editor Muse of the Vindicator claims to have received the big egg of the season, farmer Charles Weingar having left it at his office. It is hinted around that Charlie fixed up a china egg and palmed it off on Br'er Muse for a genuine article. If this is the case, it won't surprise us to hear next of some one leaving door knobs there. The editor of the Vindicator is dead easy.

The Derrick's monthly oil report for April shows 321 completed wells in the entire field, 16,579 barrels daily production, and 60 dry holes. This is a decrease of 6 in number of completed, 18 barrels less production, and an increase of 3 in the number of dry holes as compared with the March report. There were 80 more rigs up and wells drilling on April 30 than on March 31.

Quarterly meeting will be held at the M. E. church next Sabbath. Preaching on Friday evening at 8 o'clock by Rev. M. Smith, P. E.; also Sabbath evening at the same hour, at which time the Holy Sacrament will be administered. Love Feast at 10 a. m. Preaching at 11 by the pastor. Anyone having children whom they desire to have baptized will please have them present at the Sabbath morning services.

The Odd Fellows' banquet last Wednesday evening was as complete a success as it could well be made, notwithstanding the very inclement weather. We weren't present, but acknowledge with thanks a very cordial invitation to the feast of good things, and the fact as we've been kicking ourself ever since. But it's just our luck. When it's raining pudding we don't seem to have the sense to turn our dish right side up.

Henry McCalum, of near Baum station, met with a very painful accident on Wednesday last. While unhitching a yoke of oxen from a plow, the animals started suddenly while he was between them, throwing him down and tangling him in the chain in such a manner as to dislocate his right shoulder. Drs. Morrow and Rumberger were called and gave the needed medical attention, and left their patient in a much more comfortable condition, although it will be several weeks before he will be able to work.

The closing exercises of the borough schools take place at the school hall this evening, and those who can should avail themselves of the opportunity to witness the performance, which promises a pleasant evening to all. The program will consist of music, recitations, class exercises, flag drills, dialogues, hoop drills, etc., sufficiently varied to keep all in good humor and wide awake. No admission will be charged, but there may be a collection taken to defray incidental expenses. So take a little change with you, and go.

Don't put off too long in buying your summer shoes. Barnett has a fine line of all styles, sizes and prices, for Ladies, Gentlemen, Misses, Boys and children. The prices will be the eyes as will the fine quality of the goods. Don't fail to see them. 2t.

School Directors' Convention--Supt. Kerr Re-elected.

The school directors of Forest county met at the court house in Tionesta yesterday, in accordance with the proclamation of Supt. Kerr, for the purpose of electing a County Superintendent for the ensuing term. The convention being called to order, Mr. Miller of Jenks moved the election of T. F. Ritchey Esq., as permanent Chairman, the motion carrying unanimously. Messrs. Gus. B. Evans and M. E. Abbott of Hickory, were elected Secretaries of the convention. The chair then called for nominations for the Superintendent, and G. W. Kerr, the present incumbent, T. E. Armstrong of the borough schools, and R. J. Christie of Kellestville were placed in nomination.

The roll was then called and the following directors voted for Mr. Kerr: Barnett township—Joseph Hall, David Haight, R. W. Brennehan, Edward Kerr.

The result being 47 votes for Kerr; 4 for Armstrong, and 2 for Christie. The Chair, declared Mr. Kerr duly elected for the ensuing three years.

The question of salary then came up. The chair read from the school laws the following provision: "That in all counties having * * * a school term exceeding seven and one half months, the salary of said superintendent shall not be less than fifteen hundred dollars."

In accordance with the foregoing the convention fixed salary at \$1,500. This completed the actual business before the convention and the Chair called for remarks first from the successful candidate, and then from his competitors. Mr. Kerr made many very important and excellent suggestions to the directors present in the course of his remarks, closing by thanking his friends for their support and the confidence reposed in him.

Both Messrs. Armstrong and Christie were called upon, and returned their thanks for the support given them, and pledged their hearty co-operation in the work of the Superintendent toward the advancement of the cause of education in the county.

A resolution was unanimously adopted declaring it to be the sense of the convention that the Farr compulsory education bill should become a law. Very wholesome remarks were made by several of the members of the convention before the final adjournment.

Clarion Presbytery.

The Presbytery of Clarion met in Wilcox, April 25, at 4 p. m., and was opened with a sermon by Rev. Geo. H. Hill, the retiring moderator. At the popular meeting in the evening Rev. Cornelius preached a sermon on the Essentially Benevolent and Missionary spirit of the Christian, and addresses were made by Rev. McAninch on Home Missions, and by Rev. Bell on Foreign Missions. The ovation handed down by the General Assembly on the revision of the Confession of Faith was answered in the negative, and that on Deaconesses in the affirmative.

Rev. Earsman and elder Test were elected commissioners to the General Assembly, which meets in Washington D. C., May 18, and Dr. McCurdy and elder Watt alternates.

A popular meeting was held in the Johnsonburg church on Wednesday evening. Presbytery adjourned to meet in New Bethlehem, May 8, to ordain and install Rev. Dible pastor of that church. Corsica was chosen as the place of the fall meeting.

A Midnight Blaze.

Last Thursday night about 11:30 the fire whistle routed the people out in rather short order. A short time previous to that hour the J. A. Dawson house on Bridge St., occupied by Harry Marks was discovered to be on fire, and when the discovery was made the flames were already far beyond control, and it seemed the lower portion of the main building inside was entirely enveloped. People rushed to the scene, but soon found that any effort to save the contents was nonsensical. The origin of the fire is a mystery, as there was no one about when it broke out. Mrs. Marks was away on a visit, and Mr. Marks was still at his barber shop when the discovery was made. The building was one of the old fashioned frames and evidently built to stay, as it hung together until every joist and rafter was burned off.

Mr. Dawson had an insurance \$700 on the building. Mr. Marks had his household goods insured for \$1,000.

Kellestville.

About a round dozen of the Marienulle P. O. S. of A. came down to visit our Camp Saturday evening. They came by special invitation. At 8 p. m. the hall was opened to all who wished to hear a few remarks on the feature of the order by J. B. Watson, Z. S. Himes, J. K. Shippe and others. The attendance was good and a pleasant evening was passed. The Order at this place has made some substantial gains, going from a membership of 30 to 50 in a short time.

Chas. Bauer, the new merchant, is repairing his store room, and putting in new goods. When all his goods arrive it will be one of the best equipped stores in town.

Kribbs & Flemming have completed their timber job. The Tionesta Lumber Co. finished their stock of logs on Saturday. For the past two weeks they have been running the mill night and day. Mr. Smalley, the business manager of the new company, has not arrived yet but will be here in a day or two.

Thos. Gillooly intends moving to Warren ere long. He will be employed by an engine repairing company at Glade Run.

The schools in this place close next Friday. Miss Barber is visiting her brother, the doctor.

Several of our anglers have been trying their luck, but as yet no very large strings have been caught.

Jesse Miller of Callery Junction, Butler county, returned home Monday after a two weeks' visit with his brother, E. D. Miller.

J. B. Hagerty is still rafting lumber at this place. He will soon be done, however. The total amount rafted by Mr. H. will exceed three million feet.

Since our last letter quite a number of changes have been made by our people, moving here and there, but we have not lost any of our citizens.

Horton & Johnson are running the tannery short handed for the past two weeks. There seems to be a fight on between the principal tanners of the United States and the hide dealers, and there may be a general suspension of operations. We hope not.

WILL WALKS.

NEWSY NOTES.

Governor Pattison vetoed the bill making Jefferson county a separate judicial district.

Dr. Keeley denies the report that his famous gold cure has been sold to a New York syndicate for \$10,000,000.

Denman Thompson, the celebrated actor, is a native of Girard. He recently sent a check for \$100 as his contribution to its library building.

The total acreage of the Chantanooga and North East Grape Belt is 24,964 acres, valued at \$5,563,750. Portland is the heaviest, with 7,290 acres.

The Clarion Normal School appropriately observed Arbor Day last Saturday. Among those taking part in the exercises was Miss Kittie Joyce of Tionesta, who recited "Arbor Day."

The Farmington Hotel at North Pine Grove, kept by Peter and Thomas Waley, was totally destroyed by fire on Wednesday of last week, together with all its contents. The inmates barely escaped with their lives. Loss partially covered by insurance.

By an explosion at the Climax Powder Works at Emporium, Cameron county, on the 23d ult., three men lost their lives and the works were completely wrecked. The killed were Messrs. Lyons, Badger and King, employes, two of whom were married and have families. The explosion occurred in the mixing room from an unknown cause.

A new postal money order is soon to be ready for use. It is said to have little or no complication, and at the same time is a good way to send money. A sheet calling for any amount from a cent up to \$5 has been prepared, and which on payment of the amount to be sent, will be torn off about the same as an express order. There will be no writing upon it by the postmaster, the sender endorsing it as a check or a draft. The government guarantees its transportation.

We know of no place where men receive such high-sounding titles and complimentary prefixes as in Washington City. Nearly every man occupying a position of any importance there is a "general," or a "colonel," or a "major," or a "captain," or a "judge," or a "professor." When our townsmen, ex-Solicitor General Jenks, goes there he is "Judge Jenks." This is complimentary, but it causes a good many persons to confound him with his brother, Wm. P. Jenks, for ten years' president judge of this district. When we were in the interior department we had occasion to call frequently in a business way on a certain chief of division in the general land office. We had observed that nearly every official had a complimentary handle to his name. Desiring to be polite with this gentleman to the fullest ex-
