LOCAL AND MISCELLANEOUS.
—Oil market closed yesterday 60 1/2
—To-day is the longest of the year.
—The band is practicing for the Fourth.
—Will Kepler is home for the summer vacation.
—Miss Maud Brennan is visiting friends in Hamilton, Ontario.
—Charlie Whitman has moved over the river, and occupies rooms over his store building.
—Judge Noyes is the happy father of a daughter, born on Wednesday morning.—Warren Ledger.
—The Fourth is less than two weeks off. Tionesta will celebrate in good style. Everybody invited.
—Shingles wanted.—In car lots. Send us your address. H. L. Lamb, Guichard, Crawford county, Pa. 2t.
—B. H. Frampton has received the appointment of postmaster at Clarion, vice J. B. Patrick, the Republican incumbent.
—An Ohio boy was stricken dead by lightning while hoeing corn. We hope this will not deter other boys from taking a hand in the business.

—Bradford edition of Oil Cities: Mrs. James Furman, of Sanford street, is entertaining her aunt, Mrs. Root of Washington State, and cousin, Mrs. G. F. Watson, of Tionesta.
—The school board of Hickory township will receive bids for the erection of a new school house in that township until July 20th, next. Contractors should see notice in this issue to that effect.
—Messrs. Walters and Proper are arranging to put up a large building on their newly acquired lot on the corner of Elm and Walnut streets. It will be 45x48, with two store rooms on the ground floor.
—Mr. and Mrs. F. M. Morgan were up from Oil City Monday and Tuesday, visiting with friends. They drove to Bear creek yesterday and tried the trout fishing, returning in the evening with a nice catch.

—The ladies of the Missionary society will give a dime Turtle social Friday evening, at Mrs. P. M. Clark's. All are cordially invited to come. Dainty refreshments will be served. Mrs. J. B. Hagerty, Sec'y.
—Our thanks are due Mrs. A. McCray, of Hunter station, for a basket of the finest strawberries that we have ever seen. They were of her own raising, and she has no difficulty in finding customers for such delicious fruit.
—We omitted to state last week that Mrs. Lanson accompanied her husband on his visit to the World's Fair and the far West. Among the other Tionestans now at the Fair are Mr. and Mrs. T. E. Armstrong and Miss Ida Paup.

—The creameries at Marble and Wolf's Corners, Clarion county, expect to begin the shipment of butter at this station this week. Their weekly output will be about 2000 pounds each. This makes quite a lively industry.
—Charles R. Bowman was successful in his canvass for the Democratic nomination for treasurer of Clarion county at the primaries last Saturday. Charlie has a large circle of friends in Forest county who will be pleased by this piece of news.
—Word was received here within a few days past of the very serious illness of Rev. McAninch's father, at Manhattan, Kansas, his physicians having given up all hope of his recovery. Mr. McAninch has been with his father for three weeks past.

—The contract for laying the water line in the borough has been let to Messrs. Amana & Shellhammer, of Warren. They are both practicing men and will give their personal supervision to the work, expecting to have everything in readiness for making connections inside of six weeks.

—By the burning of the dwelling house occupied by the families of Adam Ikenburg and John Zuck, last week, all the household goods of both families were consumed, the menfolks all being out in the woods at the time. It was known formerly as the Knapp house. We believe there was no insurance.
—Governor Pattison has vetoed the bill appropriating funds for the improvement and repair of the bank of Oil Creek from the damage occasioned by the great flood of June 5, 1892. The Governor thinks the bill is unconstitutional. It is a hard blow to the section of country which suffered so terribly by that awful flood.

—It is possible, even probable, says an exchange, that land owners over the county have forgotten the Canada thistle law. A prominent granger asks us to call attention to the fact that the thistle is a great nuisance, and requests his brethren not to weary in well doing, but rather continue in the destruction of the pest.
—The axe is beginning to swing in these diggins. Saturday's dispatches brought news of the following changes in Forest county: Postmaster at Marienville, H. H. McClellan; at Whig Hill, Eli Berlin; at East Hickory, J. T. Bowman. The new medical board of pension examiners for Forest county is made up as follows: Drs. J. B. Siggins, Howard Weber and J. W. Morrow.
—Home grown strawberries have not yet appeared in market. In fact, there are so few raised in this section that we doubt whether many will appear. There seems to be money in them, and why some of our enterprising gardeners don't engage in the business is something we can't fully understand. The home grown berry should sell for one two cents more per quart than the imported, and doubtless would.
—One of the heaviest failures of the day, and one which comes very close to this section, is that of the Oil Well Supply Co., which does business in every nook and corner of the entire oil country. The announcement was made late Monday evening and came like a bolt of lightning from a clear sky. John Etou has been appointed Receiver of the concern. The opinion among operators seems to be that the oil business will not be seriously affected by the failure.

—Work on the Presbyterian church addition is progressing nicely. It was found necessary to put new sills under the entire building, the old ones being badly decayed. The top was lifted from the corner stone, in which a sealed glass jar was found, containing, no doubt, some precious mementoes upward of 38 years old. The seal was not broken and the jar was replaced in the stone as it was taken out. A copy each of the REPUBLICAN and Vindicator was also placed in the stone.
—Among the good laws of the late Legislature, of which there were a few, is one directing the county commissioners of the several counties to procure, bind and preserve copies of weekly newspapers published within each county. Another good law was one providing for the punishment of persons who procure the publication in a newspaper of false and malicious statements designed to injure others. People who are inclined to impose on editors with false statements about their neighbors would best be careful now what they write.—Franklin News.

—Charles Spaythe, tried in the Armstrong county courts last week for the murder of Councilman Shaffer, in connection with the attempted Leeburg bank robbery last February, was found guilty of murder in the second degree, same as Rhine, who is now serving sentence in the penitentiary for the same offense. The jury was out 14 hours, and rendered its verdict Sunday morning last. It is said that both Spaythe and Rhine will now plead guilty to the indictment for burglary, for which they were to be tried. This leaves only the cases against Wyckoff and Kromer, which will probably be tried without delay.

—D. E. Maloney, proprietor of the Marien House, at Marienville, was killed by a train on the P. & W., on Monday of last week. The accident happened at the crossing near the depot in that place, while the unfortunate man was walking on the main track, supposing he was on a side-track. The cow-catcher struck him and knocked him against the platform where he fell between the engine and the station platform. He lived but a few hours after the injury, suffering terribly. He was well liked in the community in which he had lived but a short time, and the young wife who survives him has the sympathy of all in the neighborhood. His remains were interred at Ridgeway, his former home.

—Samuel Hunter, an early settler of this section, died at the home of his son, John Hunter, at Ross Run, at an early hour yesterday morning. For many years Mr. Hunter owned and occupied what is still known as the Hunter place, on Tionesta creek about two miles distant here. Here he reared a large family of children, four sons, John, James, Samuel and Robert, being residents of this county. Upward of twenty-five years ago he moved from here to Mercer county, where he continued his residence until about a year ago, when he came to live with his son. Some time ago he became afflicted with erysipelas, which ultimately caused his death. Mr. Hunter has always borne an honorable reputation, and was highly esteemed as a citizen and neighbor. His age was about 80 years.

—Friday's storm was somewhat unusual, in that it came from the east and southeast. And this recalls that Hicks, in his forecast for June said: "Our friends will remember the tendency of storms to whirl suddenly back from the east, from the 10th to the 26th of June. Showery conditions are liable during all that period, and local swirls will repeatedly fly back after passing east, unexpectedly taking the starch from the collars of careless and unsheltered people." For the balance of the month he said: "From the 21st to 25th, inclusive, we will pass the turning point in our trip around the sun, and start for shorter days and longer nights. It will be natural to expect some heavy storms, with rain and much lightning and thunder, say about the 23d, 24th, 26th."

—State Fish Warden Hague of Pittsburg, with two or three assistants, started in at Warren last week to make a tour of the Allegheny river in quest of fish law violators, and to look after matters pertaining to the welfare of the game and fish laws generally. They had gotten down below Tidouste last Friday, where they suspended operations for a short time, expecting to resume their trip in a few days. They have destroyed a large number of "johnboats," that gave evidence of having been used for spearing purposes, and confiscated any number of spears and other fishing paraphernalia found on their way down the river. The tour will be continued as far down the river as evidence of illegal fishing is found, so they say. At Warren legal talent has been engaged for the purpose of discovering how far an officer's authority extends in the direction of confiscating and destroying the fisherman's outfit. Doubtless, however, the officers know what they are at.

A Happy Event.
The wedding of Miss Savilla J. Keister, daughter of Lewis Keister, of East Hickory, and Mr. Henry A. Shippe, of Marienville, took place at the home of the bride's parents on the 16th inst., at 2 o'clock p. m. Miss Agusta Keister, sister of the bride, was maid of honor, and Mr. Mercillott, of Marienville, acted as best man. The Misses Randall of Tionesta, rendered the wedding march. At the hour appointed the bride and groom proceeded to the altar, where the ceremony was performed by Rev. Wm. Richards, after which many congratulations were extended, followed by the "festive board," which was enjoyed amid much profusion.
After an extended wedding tour, Mr. and Mrs. Shippe will take up their residence in Marienville amidst a host of friends who will wish them a long, prosperous and happy life.

NEWSY NOTES.
A. D. Deming, a prominent and popular citizen of Oil City, died at his home Saturday.
The postoffice and store at Dugall Warren county, was burglarized Monday evening and \$2.00 in stamps and \$75.00 worth of merchandise purloined.
John Kearny, 17 years of age, was killed in a runaway accident at Oil City Saturday. His foot caught in a wheel of the buggy and he was dragged several rods.
Last week the Delaware county grand jury interviewed a leper, John Anderson by name, at a distance of fifty yards. It was a long but most healthful range for the interviewers.
The State Convention of the People's party, in session last week at Williamsport, nominated J. H. Stevenson, of Allegheny, for Supreme Judge, and F. M. Windsor, of McKean, for State Treasurer.

Punxsutawney has a population of 3,432 and the adjacent borough Clayville has 2,178, making a total of 5,610 for the two boroughs. These twin cities are growing rapidly, having gained 1,236 in the past two years.
William Decker, aged 82 years, a clock-maker of Huntingdon, has started to walk to the World's Fair at Chicago. He handles his clock exhibit in a wheelbarrow and expects to complete his journey within 30 days.
The proposed participation of the Pennsylvania National Guard in the World's Fair having been abandoned, it will encamp in regiments this summer, as it would have done last year if the Homestead riots had not interfered.
Not less than one quarter of a million of dollars are paid out monthly by the various coal, lumber and tanning industries of Reynoldsville, Falls Creek, DuBois, Helvetia, and around Punxsutawney. More than three-fourths of this is for coal mining and kindred labor.—Brookville Democrat.

If it be a fact, as it is said to be, that a boy of late was born in Ohio, to the iris of whose right eye the characters 1892 are plainly delineated, while on the iris of the left eye the characters 2003 are as plainly depicted, the phenomenon can hardly be looked upon in any other light than that of a portent.—New York Times.

An act of considerable importance to horsemen has been passed by the legislature, signed by the Governor, and is now a law. It provides that owners of stallions offering the services of the same, shall file with the clerk of courts the name, age, pedigree and record of such stallion before the services of the same are advertised or offered to the public, and the clerk of courts shall then issue a certificate or license to such owner. The act provides a penalty for a non-compliance with its provisions.
The postal script will soon take the place of the postal note now in use. The postal note costs three cents, and carries any amount up to \$5, while in a script a sheet calling for amounts from one cent to \$5 has been prepared from which, on payment of one cent, the amount of money to be sent by mail to any part of the United States may be torn off the same as an express order. There will be no writing on it of any kind by the postmaster, the sender endorsing the check draft. The government guarantees its safe transportation.
People who asserted that the song "Ta-ra-ra Boom de ay" was an absurdity of the first magnitude, should draw near and list to the following refrain of the latest London craze. Even royalty is humming it:
Ducky, ducky, ducky-meaty.
Kissy-missy me.
Nissy-spissy, perwinkie,
Tinkle-inkle-ee;
Lovey-dovey, rosy-posy,
Oh, ker-noodle-do,
Poppy-weezy, kickeey-wickeey.
Winky, pinky-poo.

Having sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for the past fifteen years, and knowing its reliability, he procured a 25 cent bottle, two doses of which completely cured him.
