As will be seen by our marriage notices the Chautauque excursion last Saturday was fraught with more pleasure for at least a quartette of Tionesta's young people than a mere visit to that delightful resort.

The happy couples have the best wishes of all their friends for a long, and prosperous life, and the REPUBLICAN hopes that the future of Frank and John and their better halves may be as bright and cheerful as the day upon which their hearts were joined.

Orrin Butterfield Deceased.

On Tuesday, August 1st, 1893, at his late home in Marienville, Pa., passed away perhaps the oldest citizen in point of age, in Forest county. On that morning, after an illness of about six weeks, Mr. Orrin Butterfield breathed his last.

Mr. Butterfield was born in Jefferson county, N. Y., Aug. 24, 1806, and had lived till the 24th of this month would have been 87 years of age. When yet a vigorous young man he moved to Jefferson county, Pa., and near the present town of Clarington settled upon a piece of land which he cleared into a fine farm, and which he continued to occupy until about four years ago when he moved to Marienville. By close attention to business thrift and energy he made a success of life, and had the pleasure of seeing all his children happily married and well-to-do before his end came. Mr. Butterfield was twice married. Five children, three boys and two girls, were the result of the first marriage, of whom two are now living, Charles Butterfield of Crown, Clarion county, and Mrs. W. B. Rost of Mercer county. His second wife was Miss Elizabeth Spencer, of York State, and she survives him. This union was blessed with three children, Mrs. A. Braden, of Clarington, Mrs. A. J. Wallace of Marienville, and Orrin D. Butterfield of near Clarington. All the children and a number of grand children were present at the funeral, which took place on Wednesday afternoon last, and the concourse of sympathizing friends was the largest ever witnessed in the town of Marienville.

The REPUBLICAN had a pleasant call one day last week from Mr. Jacob Rapp, of Warren, a former Tionesta boy, who was here to visit his old friend Benjamin May. It was Mr. Rapp's first visit in about 17 years. He left this place in company with Mr. May's family nearly 30 years ago. Time has not changed him much.

An opening has been made for the outcropping of another statesman from the region comprising the counties of Forest, Clarion, Cameron and Elk, namely—the election of some one to take the place in the State Senate of Harry Alvin Hall, recently appointed United States District Attorney for the Western District of Pennsylvania.—Blizzard

Dogs have been getting in their deadly work on the sheep up in Harmony township, recently, J. K. Green, who has a very fine flock having been a sufferer to the tune of a dozen or fifteen. A neighbor of his has also suffered severe loss by sheep dogs. So long as farmers and citizens make no greater distinction between mutton and worthless dogs the slaughter may be expected to continue.

A driver of a vehicle who attempts to pass another on the same road does so at his own peril, for if any accident occurs to the man he is passing the rear driver is responsible. This does not mean that the man in advance is not obliged to yield a part of the road when notified, but that the burden of care rests on the rear driver who is in position to see and avoid danger while the other is not.

A French Creek flat boat loaded with 12 men, a two horse team and wagon and road scraper passed here Monday on its way from Tionesta to Pittsburg. The captain brandished a libel statement that the team, wagon and scraper were a necessity in opening a channel in the river in order for them to get through and explained that the men, machinery and team were to work on a new road near Pittsburg.—Derrick

Look out says an exchange, for a well-dressed, smooth-talking young man who is traveling about the western part of the state claiming to represent a New York house which has no existence, and show a lot of high class samples from which he offers to make a suit for \$12. When the order is given he demands a \$3 deposit as a guarantee of good faith. This he pockets. The stranger disappears and the clothing never comes.

NOTICE—I am going East about Sept. 8, to purchase my fall and winter stock. All parties having accounts with me are kindly requested to call and settle on or before the above date. DAVID MINTZ, Leading Dry Goods House, Marienville, Pa.

The New Dog Law. The new dog law passed by the late legislature provides that the county commissioners may levy a tax on all male dogs of not more than \$2; a tax on all female dogs of not more than \$4. The basis upon which the tax is to be levied is the amount of damage done to sheep in all the townships. The commissioners are to foot up all the amounts reported to them by the authorities designated by the law during each year, and then make a levy proportionately, on each dog to pay the same, but levy not to exceed the above amount. The owners of dogs are liable for damage done by them, provided, after an investigation by the township authorities, they refuse to kill the dog or dogs which did the damage. Killing the dog will relieve him. Dogs under the age of four months are not to be taxed.

NEWSY NOTES.

Flirting is said to be at its height at Chautauque. The third national convention of the Keeley League is called to meet on the 12th of Sept. in Central Music Hall, Chicago.

The Pennsylvania Railroad Company a few days ago paid its annual capital stock tax in Pennsylvania, \$700,000, to State Treasurer Morrison.

Ex-Senator W. I. Newell, insurance broker of Philadelphia, made the lowest bid for insuring the State Capitol and its contents and gets the contract at \$394,000.

The tanning business is suffering from the present financial depression, as well as most other manufacturing industries, and many of the sole leather tanneries are running at only about one half their capacity.—Ridgway Democrat.

A Renova cow had not been giving any milk for three months, when one day it came upon a broken keg of beer that had fallen from a wagon. The cow drank of the beer, and since then has been giving 20 quarts a day—of milk, of course.

At last a successful case of electroton occurred in York State. It is reported from Salamanca, where a cow had her head through a barbed wire fence. Lightning struck the fence some distance away, ran along the wire and electrocuted her. She never kicked.

Tuesday morning of last week, nearly the entire stock of breeding fish in the State hatchery at Corry were found floating dead on the water. Over 100 of the oldest and most valuable lake trout were picked up. There is little doubt that the fish were designedly poisoned.

A new worm more destructive than the potato bug, is working great havoc among the potato plants in Lancaster county. Dr. S. E. Webber has examined the worms and finds they are the larvae of the "blister fly." The state board of agriculture has been notified.

Mr. John S. Barr has in his possession an autograph letter from President Abraham Lincoln, written just about 30 years ago, and was received by Mr. Barr while a resident of Summerville. It is a valuable keepsake and is highly appreciated by the owner.—Brookville Republican.

Among the failures reported to-day is one which will not occasion much regret. The big deal in pork which has held the price of that commodity at an inordinate high figure for months has collapsed, accompanied by the announcement of the failure of the three leading houses concerned in it. Hereafter it may be possible for a man of ordinary means to occasionally banquet on a ham sandwich.—Blizzard

The Meadville Star says: "An epidemic is prevalent among the horses of Western Crawford and Erie Counties. Thomas McGuire, of Albion, last week lost two valuable stallions by the disease. At Shadeland a large number have been afflicted during the past week. The disease originates in the head and throat, and as yet, seems to baffle the skill of the best veterinarians. It is more prominent among the stallions."

The present reaper and binder, which is now doing such excellent work in every wheat field, one would think, could hardly be improved upon, and, as all know, drops the sheaves at the moment it has bound them, leaving the gathering of them afterwards to human hands, but now many of them have cunning attachments which carry the bound sheaves along until six of them—half the number of an ordinary shock—are bound, when they are all dumped on one spot, thereby expediting the work of gathering and shocking very materially.—Ex.

The mail carrying between Titusville, Pleasantville, Tidoute and Enterprise is temporarily in the hands of W. B. Dutton again. The contractor, a western man, had sub-let the contract to a Mr. Milliner, or Mrs. Milliner, or both of Titusville. Mrs. Milliner carried the mail since July 1st, until about a week ago when they forfeited their bond and gave up the route. Mr. and Mrs. Milliner no doubt confidently expected when they took this contract that they were securing one of Uncle Sam's pie bakeries; but that running a mail route a distance of 40 miles each week day for a little less than \$1 a trip, can't be done, is only one of the many things that a person has to find out, who is foolish enough to attempt it.—Pleasantville Record.

Mr. Thomas Batta, editor of the Graphic Texarkana, Arkansas, has found what he believes to be the best remedy in existence for the flux. His experience is well worth remembering. He says: "I had a very severe attack of flux. I tried almost every known remedy, none giving relief. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended to me. I purchased a bottle and received almost immediate relief. I continued to use the medicine and was entirely cured. I take pleasure in recommending this remedy to any person suffering from such a disease, as in my opinion it is the best medicine in existence." 25 and 50 cent bottles for sale by Siggins & Nason.

The success of Mrs. Annie M. Beam, of McKeesport, Pennsylvania, in the treatment of diarrhea in her children will undoubtedly be of interest to many mothers. I got some of Chamberlain's Colic, Cholera, and Diarrhoea Remedy from Rev. Mr. Chapman. It cured both of them. I knew of several other cases where it was equally successful.
