CONGRESSMAN STONE of Warren will please accept our thanks for a copy of his speech in favor of the silver repeal bill. It is among the foremost speeches that have been delivered in the house during the present session, so conceded by friends and foes alike. Did space permit we should be glad to reproduce it in our columns.

SINCE August 26th this country has had seven railroad accidents in which 72 people were killed and 116 injurred. Is it not time for railroad men to pause and consider whether their boasted precautions against accident are perfect? What is the mattercheap roads, or cheap and incompetent labor? The record is a fearful one, the blunders costly.

STATE TTEASURER MORRISON has made public the fact that the State debt can be entirely extinguised in two years, should the Legislature so decide. The net debt now amounts to only \$2,400,000, or about forty-five cents per capita. The Treasurer shows that the debt will really take care of itself, the provision of the ainking fund being sufficient for every dollar we owe.

tive measures taken by this government have kept the scourge from the United States. The danger is not over yet, and there should be no relaxation of watchfulness and care.

HAVE Samuel Gustine Thompson and Frank C. Osburn the least idea that they are going to be elected? If they have, they had better dispossess themselves of it right now. They will never get within a thousand miles of the winning post. In fact they are not in it from the start. They are mere figure-heads for a party that has no hope in this State, that cannot expect to win, and that will not be downcast at all if it does not win.

THE Pennsylvania Democratic Convention endorsed Hoke Smith's pension policy, which of course includes his uncalled for and cruel raids on the pensions of the old veterans, and then it nominated an antisoldier ticket. Neither Thompson or Osburn were in the army. On the other hand Judge Fell enlisted when a mere boy and served to the close of the war, while Colonel Jackson burg Dispatch independent in politics, fought in many battles and made a gives its opinion of the Democratic famous charge at Gettysburg. GOVERNOR MCKINLEY, the great Buckeye statesman, is sweeping everything before him in his campaign. The old soldiers who love him turned out in great numbers to hear him the other day, and this is what he told them:

"I want the old soldier to face his accusers. I do not want a cowardly assassination of my comrades of the Grand Army of the Republic. The Democrats talk as though the only thing soldiers entered the army for was to draw pensions. I know there was not an old soldier who knew when he enlisted that there was such a thing as a pension."

Brave words, and they were brave-**GRECERIES & PROVISIONS.** ly cheered. McKinley is all right. He will have 50,000 majority.
