The chestnut crop didn't seem to promise a very great yield, but from the vast quantities that are being shipped from this and adjoining counties would indicate that she is a big one. They're just in their prime now.

The buckwheat crop is a fair one this year, and hot pancakes are among the morning dainties in many households these days. A little later and the delicate pork and sausage will form the regular accompaniments to the flap-jack.

Nothing could be more exquisitely beautiful than the autumn scenery now painted upon the river hills, and lovers of the beautiful in nature are enjoying the sights to the fullest extent. Parties in quest of nuts and autumn leaves are numerous.

Squire Emanuel Whiting, one of Marienville's most highly esteemed and worthy citizens, died at his home on the 29th ult. He was aged 49 years and leaves a widow, four daughters and two sons, besides a large circle of friends to mourn his death.

The Proper & Walters building has been finished, and the firm of Flora Walters & Co., moved their millinery store to that place yesterday. The building is a tasty one, and the ladies have nice rooms in which to display their goods and receive customers.

David Mintz, Marienville's enterprising merchant, has a good solid announcement in this issue telling the people where they will find the latest in fall styles at the hardest of hard time prices. David is a hustler and keeps right up to the times in all things pertaining to merchandise.

The many Tionesta friends of Mr. M. Silk of Warren, will grieve with him in the loss of his bright little 7-year-old daughter, Mamie, which occurred on the 4th inst. This is the fourth time that death has robbed them of a jewel, all having died when about the age of the little one just gone.

Look out for the well dressed lady traveling through the state working all the towns. She comes in and offers to give you instructions in painting and sells you a lot of material, gives you a few instructions, goes on to the next house and so on until she has worked the town and then she skips.—Ex.

Mrs. Olive B. Watson a most estimable lady of Warren died suddenly of apoplexy on Tuesday evening of last week. Mrs. Watson will be pleasantly remembered by many of our older inhabitants as a former resident of Tionesta, where she was a teacher at one time in the public schools of our borough. She was 70 years of age.

Supt. Schaeffer has fixed on Friday, Oct. 20th as Arbor Day. He urges upon superintendents, teachers and school officers throughout the State the adoption of a program of exercises that shall be educative as well as interesting. He says the day occurs near the anniversary of the landing of Columbus, and therefore many patriotic and historic associations may be made to cluster around the celebration.

Benjamin May Esq., who went to Chicago about four weeks ago to spend a few days at the fair, returned home Monday evening accompanied by Harold Sharpe. When Mr. May reached Chicago he was taken ill, and during his entire stay was confined to his room, except the last day, when he was able to make a short visit to the grounds. Mr. May is upward of 86 years old, and has enjoyed remarkably good health until recently.

On Monday of last week Wm. Anderson met a horrible fate on the Hickory Valley Railroad, losing his life in the twinkling of an eye. He was engaged as brakeman on the road, and at the time was attempting to set a brake on the head of a train, the engine being in the rear acting as a pusher. In tightening the brake the rod broke letting the young man fall between the cars, the entire train passing over him severing his body almost completely. The accident was not discovered until the engine had passed over him when the fireman discovered blood and clothing alongside the track. The young man was son of Maj. Wm. Anderson, one of Hickory's oldest inhabitants, was aged about 19 years, and known as an industrious and worthy young man.

We find the following pleasant and interesting item in the Franklin News of the 4th inst., concerning one of our prominent citizens: "Hon. Samuel H. Haslet, of Tionesta, was in town to-day on an important and auspicious errand. During his stay he took out a license for his marriage to Mrs. Sarah E. Gould, of Reno. This is the second venture of both parties in the matrimonial line. They both have a host of friends to wish them a long and happy future. Mr. Haslet is one of the leading citizens of Forest county. Mrs. Gould is one of Reno's most highly respected residents. She is the mother of Miss Hattie Gould, teacher in one of the Oil City schools." Mr. Haslet and bride continued their visit for a week or two and are now seeing the beauties of the World's Fair.

The Warren Mirror is right when it remarks that while your neighbor has perhaps a pretty good stock of faults, if you look a little you will see that he has also a good lot of traits. The human race, in the main, is all right. Don't lose faith in it. Hunt out the good side instead of the bad one and you will be better suited with your neighborhood, while they will be much better satisfied with you.

Owing to the replanking of the river bridge passage over by teams has been obstructed since Monday, but there is the best of fording a short distance below, and so there is no great inconvenience to teamsters and others. The Commissioners could not have selected a better time for doing this work, and it is being done in a first class manner. The ice breakers will be repaired also and put in good shape for the winter.

The sympathy of our community is with Mr. and Mrs. Patrick Joyce in their hour of affliction. A little more than two weeks ago their little three-year-old son Martin Leo, was taken sick with typhoid malarial fever, and on on Thursday night breathed his last. The remains were interred in the Catholic cemetery at Tidouste on Friday following. Four others of the family are down with the disease, but all except the baby are seemingly getting along well.

When we find about the right kind of an item in an exchange that fits the case pretty well we generally appropriate it for its worth and give our readers the benefit of it. Here's one from the Titusville Herald that covers the ground very well: "If your wife whips you let us know, and we will set it right before the public. If you have company tell us. If a youngster arrives at your house and demands food and raiment buy a quarter's worth of cigars and come around, and if you are a cash subscriber we will furnish a name for him or her as the circumstance may warrant. If you have social gatherings of a few friends bring around a big cake, six or seven pies or a ham—not necessarily to eat, but as a guarantee of good faith. You need not bother to invite us, for it may be too hot for our wardrobe. We mention these things because we want news."

The conference has been the largest and most successful ever held by that denomination. During the session Friday afternoon Rev. J. D. McGeary resigned as secretary, and Rev. M. S. Kelleitville.

A few of our people attended the mammoth show at Oil City last Wednesday. Henry Groce has a job of skidding square timber at Hickory, and also the hauling of 300 cords of bark. All the bark around here is hauled and piled at the tannery. The new office at the tannery is nearly completed, and when finished will be quite an improvement over the old one. Clarence Jenkins and family will leave for Michigan in a few days where they intend making their future home. A good half dozen of the town boys started for Warren Friday to see the Barnum & Bailey show. To say that the boys were somewhat disappointed would be easily guessed at when the show was at Warren, Ohio, instead of Warren Pa. Be sure, boys, before you go again. The entertainment given by G. W. Oles, the famous violinist of New York, was largely attended by the musical admirers. Mr. Oles was assisted during the performance by Dr. and Mrs. Barber, who rendered some very fine music. Mr. Pierson and wife went to Tionesta on Monday. John Bell has moved his family from the mill to the house lately vacated by A. J. Puffenburg. George Atwell has returned with his family and will be employed on the saw mill. Westley Whitehill has the lumber on the ground for a new dwelling house on the lot adjoining Proper & Myers' store. J. G. Wolf has sold the Kelleitville mail route to James Walters of Tionesta. Mr. Wolf has the route between here and Cherry Grove. F. F. Whitekin is doing some surveying here this week.

NEWSY NOTES. In the hope of being able to dispense with waiters a woman has invented a table which will wait on itself. The table is round, with a space ten inches wide for the plates, cups, etc. Inside this circle there is a revolving disk, raised about two inches upon which the food is placed. By turning in any direction, may have the bread, butter, olives or cream without asking or waiting for them. Here is a valuable pointer to young men: The best time to choose a wife is early in the morning; if a damsel is at all inclined to sulks and slatternly ways it is just before breakfast. As a general thing woman does not get an easy temper until after ten o'clock. To meet her before that hour you would not know her to be the same girl you met in the parlor in the evening. Of course there are exceptions, but it isn't safe to take the chances.—Ex.

The laws of the A. O. U. W., on membership will be changed on October 1st so that applicants over 45 years of age cannot join the order, thus cutting down the limit five years, as it is at present 50. The Supreme Lodge has also decided to establish a relief fund which shall consist of a sum equal to \$1 for each and every workman degree member in good standing upon the 30th of June, and shall be raised by each grand lodge prior to the 30th day of December of each year. Here is some good seasonal advice from the Jamestown, Pa., Sentinel: "During the school days parents should be very careful how they speak of teachers before children. If there is any fault to be found with a teacher by parents, it should be talked of in private and not in the hearing of the children. They are wonderful imitators, and if they hear anything of the kind, they very naturally will do the same many times, injuring both the teacher and pupils, but the pupils most. Teachers, as a rule, are competent, or they would not be employed. They have a great responsibility on their shoulders, and parents should do all in their power to help them, instead of to hinder. The school year has just begun, and it would be well to weigh these subjects carefully, co-operate with the teachers, visit the schools, and encourage both teachers and pupils in their work. The result will be good work and better progress."

Resolutions of Respect. The following resolutions of respect were passed by the Tionesta W. C. T. U., at their last meeting on the death of Mrs. Sarah A. Sloan: Whereas, God, in his all wise providence, has removed by the hand of death, our dear sister, Mrs. Sarah A. Sloan, therefore, Resolved, That while we bow in submission to the will of Him, who doeth all things well, we realize in the death of our dear sister, that we part with one of our most faithful, earnest workers, and have lost a staunch friend and supporter in the temperance cause, and that though she is no longer with us, the fruits of her labor remain as a living monument to her name, and that the memory of her pure life shall stimulate us to greater exertion in the cause we so much love. Resolved, That we sincerely sympathize with the bereaved husband and children, and pray that God may overrule this bereavement, to His glory and the advancement of His Kingdom. Resolved, That a copy of these resolutions be sent to the family of the deceased and entered upon the minutes of the Union, also published in the county papers.

"During my term of service in the army I contracted chronic diarrhoea," says A. E. Bonding, of Hasely, Oregon. "Since then I have used a great amount of medicine, but when I found any that would give me relief they would injure my stomach, until Chamberlain's Remedy, Colic, Cholera, and Diarrhoea Remedy was brought to our notice. I used it and will say it is the only that gave me permanent relief and no bad results followed." For sale by Siggins & Heruman.
