Besides the regular Normal course the Clarion Normal sustains the following departments: College Preparatory, Music, Stenography, special elocution and Military drill. Students are permitted to enter at their convenience. Recitations are 45 minutes in length and the instructions not to be excelled in thoroughness.

Congressman George F. Kribbs of Clarion, has caused the arrest of Editor John J. Shick, of the Jacobsonian on charge of libel. The trouble grows out of the publication by Mr. Shick of some pretty severe strictures on the course of Mr. Kribbs in connection with the appointment of a postmaster for Clarion borough, for which Mr. S. was an applicant.

When you want to buy a suit of clothes just look around, and when you have made the round just buy where they are as cheap and better, which, of course, is at Lanson's.

Good Work for the Church.

The revival services of the Presbyterian church which closed last week were attended with a measure of success that must be very gratifying alike to pastor and members of the congregation, not alone on account of membership, but because of the very healthy condition in which these efforts have left the church. A feature in connection with the meetings, and which doubtless added materially to their success, was the meetings held for men only. The first one held in the afternoon of the Sunday preceding these services was attended by nearly all the men in town not connected with other churches. The pastor stated that the object of the meeting was to consider what could be done toward helping to make the meeting successful in accomplishing the object in view. Many suggestions were offered by those present, which might be summed up in a single statement: "Attend ourselves and endeavor to get others to do so." The large attendance of men at the meetings of the two weeks following showed that they were in earnest.

Last Sabbath afternoon another large and quite enthusiastic meeting was held at which the question of "how to make permanent the work so auspiciously begun" was discussed. The results of these meetings have already begun to show themselves; for instances, one class in Sunday School had an increase of ten men on Sunday last, and still "there are more to follow." The question of "how to reach the men" has been largely solved in this place it would seem. They are ready to go if properly approached. Rev. McAninch is enthusiastic and indefatigable in his efforts, and his popularity with young and old has largely tilted in favor of the church in this work.

Hicks on February Weather. The month is expected to come in cloudy with rain, sleet and snow up to the 7th, when a regular storm period, with snow, is predicted lasting till the 11th. This period is to be both preceded and followed by a sweeping cold wave, insuring cold weather until about the 14th. The 17th is the central day of the next storm period, and by the 21st will reach the eastern section; this period will also be followed by a severe cold wave. The month is expected to go out in cold winter weather. According to these forecasts, our winter is to come in February, when, if Mr. Hicks is correct, we will, or should, have sleighing and enough freezing to insure an ice harvest. Let's watch and see.

Kellettville. The lumbermen have been improving the time the last few days putting in their wares, the plank road being the only road where sleighing is indulged in. A few inches of snow would add greatly to the hauling.

Some time ago mention was made about the protracted meeting at Whig Hill, which was held in the newly dedicated M. E. Church, by both M. E. members and Free Methodists. Since last week the latter named denomination has been holding meetings in the F. M. church with good results. The young people from here seem to take a lively interest in the meetings, as several are in attendance nightly.

Mrs. Thomas Gifford, of Mayburg is quite sick. The Republicans of Kingsley twp. met at Whig Hill school house on Jan. 27, and nominated a full ticket for the regular spring election.

The Democrats of the same twp. met at Newtown Mills same date at 2 p. m. and also put a full ticket in the field.

A few of Mrs. M. Andrews' many friends called on her Saturday evening. The people present were Mr. and Mrs. W. A. Kribbs, Mr. Web and Bert and Miss Sadie Ampler, brothers and sister of Mrs. Kribbs, Miss Ella Ardery, Miss Nellie Jackson, Miss Gertrude Griffin, Mr. Thos. Gillooly, Leslie Catlin and Joe Miller.

The Kellettville P. O. has been both a money order and postal note office for the past month. Something new for us.

The query among the gentle sex is why did Less sacrifice that darling mus-tache. Let her grow less.

Wm. Tobey's fast trotter gave an exhibition of his wonderful speed one day last week by whirling Mr. Tobey and cart over the rough hubs and having his own way until the sulky could stand the strain no longer and gave way, throwing Mr. T. out and smashing the cart all to smithereens. Fortunately the occupant was not injured in the least. This is not the first time that this animal has had his own way, and it is high time that he should be checked.

The ice crop in this vicinity looks mighty slim and with most of the winter past there are small prospects of a very large crop.

Kellettville seems to have a desire to let the people in the outside world know what they are doing, as they have a reporter who occasionally dots down a few items for the Harrisburg Telegram.

The attention of base ball players who receive wounds of one kind or another every day, from bat or ball, is directed to the fact, that Salvation Oil is the best application in use for the cure of cuts, bruises and sprains. 25 cents.

NEWSY NOTES.

Porter Haskell of Main street, while talking with a friend yesterday just before dinner time, was taken by a violent case of hemorrhage of the nose, and two physicians were called to administer the proper remedies. In a short time he was all right again.—Clarion Jacksonian.

It is a peculiar fact that for the first time in a quarter of a century a barrel of apples is worth more than a barrel of flour, and the relative difference promises to grow larger before the year is closed. Fair apples now retail at \$5 a barrel, while flour can be obtained fully a dollar cheaper. It is also cheaper to buy good oranges by the box than apples by the barrel.—Ex.

Advices by the steamer Belgio from China, announced the complete annihilation by earthquake of the town of Kutchin, Persia. Twelve thousand persons were killed in the awful disaster. Ten thousand bodies have been recovered to date. The once important and beautiful city of 20,000 people is now only a scene of death, desolation and terror. Fifty thousand cattle were destroyed at the same time.

We all admire the beautiful hymn "Nearer my God, to Thee." Now if you will take a bushel of potatoes, a sack of flour and a bulk chunk of meat to some poor family, who are suffering for the necessities of life, it will bring you nearer to God than all the spiritual songs you can sing for the next six months. The songs are all right and exert a good influence, but when mixed with a charitable deed the combination gives much peaceful rest to the conscious.

A few days ago Judge Doty of Westmoreland county, Pa., decided in a test case that theatrical companies, exhibitions menageries, circuses, etc., are required under the law to pay a license of \$50 in every county where they do business, unless they have a state license. The decision is made on an old act of Assembly which was passed in 1845, when the state was hard up for money, and which has never been repealed. Its enforcement to the letter would play havoc with most of the theatrical troupes in this State and would make them very scarce within our borders in future. However, Attorney General Hensel and the Auditor General have accepted Judge Doty's ruling, and have instructed county treasurers to collect the \$50 fee, except where a State license is held. The latter costs \$1,000.

Of peculiar happenings, one occurred right here in Bradford a few days ago, that many say they have never heard the like of. Master James Lindsey a few days since found in the front yard of Mr. C. E. Judd's property on Congress street, a penny stock, containing some six or eight buds and one full blown pansy. The flower was perfect, unusually large, of the mottled variety and seemed to be quite hardy.—Record Another of these

The great offer being made by the Pittsburg Dispatch to take the sixty teachers of Pittsburg, Allegheny and other points in Pennsylvania, Ohio, West Virginia and Maryland, to Atlantic City in July is the talk of the hour. The additional inducement that the twelve teachers of the sixty who receive the largest number of votes will be taken on a supplementary trip to Philadelphia, New York and Boston after the Atlantic City trip is over is indicative of the liberality which governs the Pittsburg Dispatch in everything it does. Give your favorite teacher the benefit of a splendid summer outing.

About a year ago I took a violent attack of the grippe. I coughed day and night for about six weeks; then my wife suggested that I try Chamberlain's Cough Remedy. At first I could see no difference, but still kept taking it, and soon found that it was what I needed. If I got no relief from one dose I took another, and it was only a few days before I was free from the cough. I think people in general ought to know the value of this remedy, and I take pleasure in acknowledging the benefit I have received from it. Madison Mustard, Otway, Ohio, 25 and 50 cent bottles for sale by Siggins & Herman.

During the epidemic of the grippe Chamberlain's Cough Remedy took the lead here and was much better liked here than any other cough medicine. M. M. Bangs, druggist, Chatsworth, Ill. The grippe is very much the same as a very severe cold and requires precisely the same treatment. This remedy is prompt and effectual and will prevent any tendency of the disease toward pneumonia. For sale by Siggins & Herman.

The persistent cough which usually follows an attack of the grippe can be permanently cured by taking Chamberlain's Cough Remedy. W. A. McGuire of Mealy, Ohio, says: "La Grippe left me with a severe cough. After using several different medicines without relief, I tried Chamberlain's Cough Remedy which effected a permanent cure. I have also found it to be without an equal for colds for children, when troubled with cough or croup. 25 and 50 cent bottles for sale by Siggins & Herman."

A Horrible Railroad Accident. Is a daily chronicle in our papers; also the death of some dear friend, who has died with consumption, whereas, if he or she had taken Otto's cure for Throat and Lung diseases in time life would have been rendered happier and perhaps saved.
