—The sleighing which was all right during a part of last week, is again played out—unless it cools off and snows a little more before this issue of the paper is read.

—There was more joy in the Wm. Ellis household at Fogle farm, on the 7th inst., than would have been occasioned by the return of two prodigal sons. This was a girl—10 lbs.—Pleasantville Record.

—Lost—A heavy rough-lock chain, somewhere between the river bridge and Haslet's store. The finder will confer a favor on the owner and be suitably rewarded by leaving same at Scowden & Clark's shop.

—In response to letters of inquiry as to the observance of Washington's birthday (to-morrow, Thursday), Prof. Shaeffer, Superintendent of Public Instruction, advises teachers to keep their schools open on that day and to devote part of the session to exercises appropriate to the anniversary.

East Hickory.

The sleighing is growing thin in some places. Mr. Wheeler has been able to get in most of his lumber from the Economy mill.

Hickory township will, to all appearances, roll up a large Republican majority this spring.

A dance is given out for the 22nd in Whitton's Hall.

A party went for a sleighride on Thursday evening and while driving past a horse and sleigh they upset, when the driver suddenly found himself in the snow with the seat across his neck.

Porkey.

Quite a heavy snow storm visited this place Monday and now many of the fair sex are looking forward to some delightful moonlight drives, when sleighing becomes a little better.

Our grocerman J. L. Saxton showed his desire to make the young folks happy by taking all the school children and young folks for a sleighride to Foxburg one moonlight evening last week.

A number of our young people attended an invitation ball at Garfield last week.

The new pump station and engine house have made a vast improvement on the appearance of Porkey.

Extensive preparations are being made for a literary entertainment to be held in the school house at Balltown, Friday evening, under the management of Misses Dove Mitchell and Minnie Johnson.

Messrs. Arthur and Carl Van Norman, of Corduroy, were visiting friends here last week.

Misses Gertie Griffin and Nellie Jackson spent Sunday in Kelleitville.

Miss Dove E. Mitchell spent Sunday in Garfield.

Mrs. H. H. Mitchell, who has been visiting her parents in West Virginia for the past two months, has returned home.

Mrs. Stroup, of Titusville, is visiting her parents in this place.

Mrs. C. F. Griffin and Violetta McGaffigan spent a few days of last week in Tionesta.

Tionesta creek is very high at this place and the water is still rising.

Kelleitville.

The beautiful snow is fast disappearing and with a few more warm days like Sunday and Monday, wheeling will be the next in order in the line of travel.

About all the ice houses in town are filled chock full of ice, such as it is.

The Forest Co. Theatrical Troupe performance came off as billed Saturday evening. The hall was packed to its utmost capacity, and people were present from far and near. We give below the programme as rendered:

- 1. Song—"Music Call." 2. Farce—"Two Ghosts in White." 3. Tableau—"The Templer." 4. Comedietta—"Too Much of a Good Thing." 5. Song—"The Old Old Home." 6. Recitation—"Money Musk, Ella Ardery." 7. Tableau—"Kneeling for Mercy." 8. Farce—"That Rasical Pat." 9. Chorus—"Native Land." 10. Tableau—"Mrs. Jarley's Wax-Works."

It is a pleasure to note the rapid strides the Kelleitville people are taking in the direction of minstrel performances, and unless interest should wane during the puffing time there is no doubt but that the troupe will make its impress on the theatrical world. Your correspondent feels it his duty, as a journalist, to make a few criticisms and suggestions en passant: It is our mature judgment that a few of the troupe should eschew dramas or farces, nor get them and tableaux crowded together like dried apples on a string. Why a member of the troupe should have to be prompted at every turn makes us snicker. Let us say that acting is not your forte, and it has neither jingle nor jute.

A number of our people attended the school entertainment at Porcupine hall on Friday evening. The entertainment was a most enjoyable affair and speaks volumes for the managers, Miss Dove Mitchell and Miss Johnson. A most elaborate and excellent program was rendered. We should be pleased to give in detail all that took place, mentioning each participant, did space permit. It can truthfully be said, however, that all did splendidly. Of the entertainment itself is superfluous to speak.

Two of the town boys while returning home from a drive up the creek on Sunday evening had an accident befall them they will not forget soon. Their rigs became somewhat mixed up and for a time they were wondering where they were at. Ye scribe being an eye witness, in fact one of the unfortunate lads, can give an accurate account of the accident, but we think we won't say a word but keep on sawing wood. It is safe to say they arrived home in due time uninjured.

Mr. Thomas Gillooly started the front end of the week on a business trip to Philadelphia. While absent he will visit New York, Albany, Boston and other places in the east. He expects to be absent two or three weeks.

A load of dry goods arrived in town on Friday from J. J. Green's merchandise store of Marienville. They are being rapidly disposed of at public outcry.

Mr. C. F. Gillespie of Whig Hill, was visiting all last week with his sons, Frank and Robert. Mr. G. has had a severe pull with the grip, and this is the first visit he has made since his recovery.

Arthur Parsons' pleasant recovery can no longer be seen behind Proper & Myers' glove counter, a fact which is generally regretted by the boys. Arthur has secured a position in a glove factory at Gloversville, N. Y. Bert Marsh fills his place here.

R. J. Christie of Plumer was visiting friends in town Saturday and Sunday.

NEWSY NOTES.

The Cumberland Valley farmers are feeling woe to their hogs and horses because it pays better to do that than to sell it at the low price it now commands.

"No," admitted a man this morning, "my wife never tells me that she is fond of me, but she always makes the kind of pie I like best."

Women are much the same world over. Two daughters of Italy were carrying loads of wood on their heads down Ninth street yesterday, when one of them stopped to ask the other if her wood was on straight—Phila. Record.

John Beverly, a colored pugilist of Franklin has issued a challenge to fight Herman Fixel of Meadville a ten-round contest. Beverly will be remembered here as a member of a colored camp meeting crowd, and played some ball games with the Tionesta club.

The faculty of Grove City College will probably be obliged to attach a tail and chain to the legs of students. Last week Claude C. Gilger, of Hadley, and J. H. McClure, of Homestead, were expelled from the college, without recourse, for attending a private dance. The cases of several similar offenders are said to be before the faculty.—Franklin News.

Bill Dalton, a member of the noted Dalton gang of outlaws, is reported dying from the effects of a wound received in the fight at Ingalls, O., last June. He is forty or fifty miles east of Perry, hiding in a cave, which is carefully guarded by the remainder of the gang. United States Marshall Nix, of Oklahoma, is organizing a raid on the gang.

There is a mistaken idea in this State that convicts who serve a term in the penitentiary lose their citizenship and the right to vote. The law of Pennsylvania proposes that a convict, on the expiration of his term, shall be re-absorbed into the body of the people and given a chance to become a useful man. To this end, conviction of crime does not carry with it loss of citizenship, except in the single case of perjury.

The town is again being worked by a "free crayon portrait" scheme. This time they offer not only a free picture, but a free frame to go with it. The circulators are very promising. Probably the artists take this method of distributing a cash surplus which they have no other satisfactory means of investing. Probably; and then—but you can bite and find out for yourself how people can successfully carry on a business and take their pay for the privilege of doing it.—Franklin News.

A new magneto-telephone was tested between New York and Chicago last Saturday, with highly satisfactory results. The new telephone does away with batteries, induction coils and resistance contacts. It works on a different principle from the Bell telephone and the central office service is dispensed with. Each telephone user by the touch of a button, automatically connects his line with any other line in the system without calling up central. The system has been used in several western cities for a year or more.

The latest social fad is known as an "extortion social." The way it works is this: A committee of six is appointed to assess fines, and no one but them is informed of the rules until some infraction costs him or her two cents. There are fines for coming too late, for coming without a lady, for loud talking, for awkwardness at the table, for married men talking to other men's wives, and in fact for nearly everything. If a person thinks a fine unjust he appeals to a jury, but the jurymen cost two cents each and the judge five cents.

At a revival meeting at New Brighton, Sunday night, the minister got very warm in his denunciation of sinners, and in the course of his remarks said a certain young lady, who had met with sudden death in that place recently, had, prior to her death, been pleaded with by him to join the church. But she had steadfastly refused and had died in her sins. Furthermore, the speaker said he was satisfied she had gone straight to hell. As soon as the meeting was adjourned a young man, who had been a close friend to the girl whose memory the minister had defamed, met him outside and gave him a sound thumping.

State Supt. of Public Instruction Schaeffer assures the County Supt. of Tioga that he is not playing a game of bluff in sending out an order that unless school districts have a continuous term he will withhold their appropriation. Dr. Schaeffer holds that the division of the six months into several terms is a manifest violation of the law. This is done by county district school boards to save a month or two, in the meanwhile depriving pupils of the benefits of the school law. A number of districts have even reduced the term and the tax as well depending upon the appropriation to pull them through. These are the districts Dr. Schaeffer is after, and his assurance to the Supt. of Tioga is his answer to ever county in the State. It will brace up the economical Directors to the meaning of the law.—Phila. Press.

Great Triumph.

A child of Mrs. Wm. Kelsey, of Waverly, N. Y., had contracted a severe cold. Mrs. Kelsey produced a bottle of Chamberlain's Cough Remedy which she gave as directed, with the best results. She says: "I believe it to be the best I have ever used." There is no danger in giving this remedy to children as it contains nothing injurious. It can always be depended upon for colds, croup and whooping cough, which makes it a great favorite with mothers for their children. For sale by Siggins & Herman.

The great offer being made by the Pittsburg Dispatch to take the sixty teachers of Pittsburg, Allegheny and other points in Pennsylvania, Ohio, West Virginia and Maryland, to Atlantic City in July is the talk of the hour. The additional inducement that the twelve teachers of the sixty who receive the largest number of votes will be taken on a supplementary trip to Philadelphia, New York and Boston after the Atlantic City trip is over is indicative of the liberality which governs the Pittsburg Dispatch in everything it does. Give your favorite teacher the benefit of a splendid summer outing.
