LOCAL AND MISCELLANEOUS.

—A son was born to Rev. and Mrs. F. F. Shoup last Friday evening.

—After all there is some very nice ice being put up in town, taken out of the river and creek.

—Miss Minnie Watson of Golconda, was visiting her young Tionesta friends during the past week.

—Quarterly meeting will be held at the Wesleyan church at Stewart's Run, commencing next Saturday evening and continuing over Sabbath. Everybody invited.

—Mrs. Mary Kribbs, of Bolivar, Kansas, who is visiting friends in the east, spent a few days of last week in Tionesta, as the guest of her brother, Rev. McAninch.

—George Weant has been doing the handsome in the cigar line for a few days past, the arrival of a young son at his domicile on Sunday last being the incentive.

—Mr. G. W. Walters of the borough is just getting around again from a severe attack of grip. From George's appearances we judge he must have had a tough time of it.

—The Franklin News reached its 16th year a few days ago. If the News lives to be a hundred, it will remain a "sweet-sixteen" in the estimation of its many hundred readers.

—Pritner Agnew, who recently sold his Tionesta property to Wm. Thomson, expects soon to move to Clarendon, Warren county, where he will conduct a restaurant, and run a dray.

—Revival meetings are being held at the Temperance House school building, out beyond Stewart's Run, by Rev. James T. Brennan. There is a large attendance and much interest is manifested.

—We are sorry to say that a good news letter is necessarily omitted this week because the writer has failed to give his signiture, not for publication but as a guarantee of good faith. Write again and sign your name.

—The fire department in every city could not do better than to keep a dozen of Salvation Oil at each station. It instantly relieves all burns, scalds and bruises, and in a few days makes an effectual cure of the wound.

—Friday was the coldest of the winter heretofore, and on Saturday morning the thermometer showed up—or down, rather—for six degrees below zero. Sunday morning seemed equally cold, but the thermometer didn't seem to indicate it.

—There will be an elocutionary entertainment and concert given in the Court house this evening at 8 p. m., under the auspices of the Royal Templars of Temperance. Miss Lottie Sage of Ricksford, assisted by home talent will furnish the evening's entertainment. Admission 25 cents.

—The Clarion Democrat of the 22d inst. contains the following account of a serious accident to a well-known citizen of this county: While Hugh Cook, of Cooksburg, was engaged in hauling a mammoth stick of timber to Cook's mills, with four horses on last Monday the sled was overturned and he was caught between the logs and terribly crushed. Drs. Beatty and Detar, of Leeper, and Dr. Ross of this place have been in attendance upon the unfortunate young man, whose injuries, it is feared will prove fatal.

—The Carter boarding house, located on the Neiltown road, two miles west of West Hickory, and occupied by Frank Hindman, was destroyed by fire last Wednesday evening. Nothing was saved except a few articles rescued by Mrs. Hindman, the only one near at the time.

—By reference to the proper corner the following announcements will be observed: For Assembly, John J. Haight of Howe twp., and J. E. Wenk, of Tionesta; for Associate Judge, J. A. Nash, of Howe twp., and John H. White, of Barnett twp., for State Delegate, John R. Osgood, of Tionesta, S. S. Towler and W. L. Stroup, of Jenks twp.

—Rev. Jerry Barnhart who lives near Siverlyville, received two full-blooded Langshank chickens from New York Wednesday evening, for which he paid a price commensurate with the high class of chicken blood which they represented. His pride in his high-priced fowls was short lived, for some one broke into his hen house and stole the birds in less than two hours after their arrival.—Derrick.

—The board of County Commissioners paid a visit of inspection to the Warren hospital on Saturday last, in which institution the county has a number of patients. They speak in glowing terms of the conduct of the institution, and found everything connected with it in the best of order. A look through the county buildings of that county was also one of the pleasant and profitable features of their visit.

—Major E. M. Curtis one of Tidouete's most prominent and best beloved citizens, died in Los Angeles, California, on the 17th inst., whither he had gone some weeks previous to regain his health. Of him the Tidouete News says: Many are the hearts he has lightened; many a burden he has lifted from suffering humanity; many a life he has brightened and many his deeds of nobleness, for he was one of Nature's noblemen.

—The teachers in the Clarion Normal school are doing more for their students than is usual in institutions of learning. They are not mere hearers of lessons. They seek to develop character, purpose, manhood; they aim at mental power, right methods, good habits; they try to set the student on the road to his own development. Students soon learn to appreciate the benefits they receive and the school is deservedly popular with its patrons.

—Wm. C. Grove, of Canal twp., sold two hogs in Cochranton a few days ago, the larger one weighing 358 pounds. He stated, that because of the low price of wheat, he had fattened his hogs principally on wheat. This may look extravagant, but it is not so. It is estimated that a bushel of wheat, properly ground and prepared, and fed with a little other feed to give variety, will put from 15 to 20 pounds of flesh on a healthy hog. If it does, he will realize fully a dollar a bushel on his wheat by thus turning it into pork. That beats selling the grain at 55 to 60 cts. a bushel.—Franklin News.

—An extremely delicate operation was performed by the local physicians of this place and East Hickory, on Saturday last, in the removal of a fibroid tumor from the abdomen of Mrs. Thomas P. Harry, a colored lady of West Hickory. The growth had reached enormous size, weighing at least 40 pounds, and but for the operation the lady could have lived but a few weeks. The undertaking was successfully accomplished and the patient has since been doing well under the care of a professional nurse, and the physicians naturally feel much elated over their success. When it was known that this operation was necessary the good people of East and West Hickory set to work to raise funds wherewith to defray the expenses necessarily incurred, and they are happy to know that the results proved so favorably for the recovery of a worthy woman.

—Many of our citizens who saw the phenomenon on Wednesday night of last week will appreciate the following description of it from the Oil City Blizzard: The beautiful and awe-inspiring appearance of the moon last night was probably caused by what opticians call the "polarization" of the moon's light. The same phenomenon may be seen on a small scale in a microscope having a polariscope attached, which is essentially two thin plates of selenite placed at the proper angle. In the case of the moon the plates were undoubtedly two thin clouds of frozen mist, whose crystals falling through the quiet air would have their points downward, their sides forming optically almost a solid sheet. Had the polarization been more perfect the moon would have been surrounded with colored rays like segments seen at the horizontal ends of the cross. The peculiar formation of clouds, and at the proper angles to one another and to the moon's light, to produce the startling appearance of last night may not occur again for hundreds of years—perhaps not till Pennsylvania goes Democratic.

—Street-car drivers and others who are constantly exposed to all kinds of weather, and cannot find time to lay by, should ever bear in mind this plain fact that Dr. Bull's Cough Syrup cures coughs and colds. It is unequalled.

—G. W. Osgood of Whig Hill, will, during the next six weeks close out his entire stock of merchandise regardless of cost, and the people of the surrounding community are invited to call and take advantage of the bargain. Reason for selling at a sacrifice, intends changing his location.

—Death of John W. Hood. The death of John Walters Hood, which occurred at nine o'clock Wednesday evening, February 22, 1894, removes from our midst one of our most industrious as well as popular young men. He was the eldest son of a family of eight children born to Wm. and Martha Hood, and was born April 10, 1860. Some twelve weeks ago he began ailing with a slight pain in the bowels, which grew worse as time wore on, baffling medical skill to even relieve almost from the first, and although every attention known to mankind was given him death finally relieved his sufferings at the hour mentioned. He was an honored member of Tionesta Lodge, No. 369, I. O. O. F., holding the office of Warden at the time of his death. On Saturday at 3 p. m., after the funeral services had been conducted by Rev. Rankin in the M. E. Church, some half a hundred of his brother Odd Fellows took charge of the remains, and in accordance with the beautiful ritual work of the order laid them to rest in Riverside cemetery. The members of the family have the sympathy of the entire community in their bereavement.

Lowman Jr., the boy charged with attempt to commit arson in Marienville a short time ago, plead guilty, and after a kindly admonition by Judge Noyes, he sentenced him to the Pennsylvania Industrial Reformatory, Huntingdon, until discharged by due process of law, which is in effect for a term subject to his behavior.

—Saturday afternoon some of the little folks of Room No. 4 and No. 2 enjoyed a sleighride. They made arrangements with Livermy Hoover, and two rigs were sent out for their accommodation. One went north as far as Byrontown, and the other south as far as Vowinkel. They report a good time.

—The principal attraction in town on Saturday was the Martha Washington Tea Party in the opera house. The festive attendance and proceeds were good. Saturday, C. M. James, who resides at J. H. Morrison's mill, received a telegram stating that his sister living at Texas, Armstrong county, was dying. We are without further particulars.

—Little Joe Sterner, whose parents reside in this vicinity, but who was on a visit to his grandparents at Helen Furnace, Clarion county, was the victim of an accident at that place Thursday, which resulted in death shortly after. Joe was lame and used crutches, but had gone on some ice in company with some other boys in order to have some fun. In some manner he slipped and not being able to catch himself fell upon the ice, fracturing the skull. Nothing could be done for him and he died as stated above.

—Foxburg, Howe Township. Henry Sutton, of Clarendon, has been gathering in the nickles with his graphophone for the last week.

—Whereas, It hath pleased Almighty God in his infinite wisdom to remove from our midst our brother, John W. Hood, therefore,

Resolved, That we bow in humble submission to the Divine Will, recognizing once more the uncertainty of all human wisdom.

Resolved, That our tenderest sympathies be and are extended to the sorrowing family and friends of our deceased brother, in whose loss we have all suffered bereavement through the severed ties of brotherhood.

Resolved, That these resolutions be spread upon the minutes of Tionesta Lodge, No. 369, I. O. O. F., a copy thereof sent the family of our deceased brother, and also be inserted in the county papers, and that our Charter be draped in mourning for the space of thirty days.

P. M. CLARK, J. T. DALE, J. B. HAGENY, Committee.

NEWSY NOTES. An exchange, in noticing the wedding of a Miss Spunk to a Mr. Spink, remarks: "Past, Spunk; present, Spink; future, spunk."

An observant individual remarks that when a man drops a piece of meat on the floor, no difference how clean the floor may be, he will either give it a kick or pick it up and lay it to one side. He will never eat it. But let him drop his plug of tobacco on the street, and no difference how dirty the street may be he will pick it up, give it a careless wipe on his coat sleeve, or on the bosom of his pants and taker cheer from it with a keener relish than ever.

Lyman P. Powell, who gave a University Extension course of lectures in this city a year ago, on American History, has arranged a "historical pilgrimage" over the grounds that Washington traversed during the Revolution. The pilgrimage will be made by a party of students in the charge of lecturers. The date will probably be in July. At each important spot lectures upon its significance will be delivered by some of the most eminent historical scholars in America.—Franklin News.

No matter how many things go, the poor always suffer. The nabobs who own railroads don't think anything of running over a poor man's horse. Yes and the man who can afford to own a horse, runs down a poor fellow on a bicycle, and the fellow on a bicycle runs down the poor fellow who has to walk. That's it, and the man that walks stumbles against the poor cripple who goes on crutches. That's the way, and the cripple on crutches spends most of his time jamming his sticks down on other people's corns. This is really a selfish world.—EX.

A curiosity in the form of a rabbit-cat, a cross between the two animals named, was recently presented by A. Nunn to J. H. Carman, and has attracted considerable attention at Rupp & Carman's saloon, where she or "it," has been kept. The freak was found in a lumber yard in Erie a couple of years ago, and was presented to Mr. Nunn, who in turn gave it to Mr. Carman. Its hind-quarters are rabbit and its fore-quarters cat, the two animals being perfectly represented in the parts named. Its hind legs are the longest, and it hops rather than walks, and whether it is a rabbit or a cat depends entirely on how you look at it.—Meadville Republican.

An extraordinary example of what human skill can produce in weaving a textile fabric can be seen on exhibition at the store of J. F. Affantraeger. This is a copy of Stuart's famous portrait of George Washington, woven entirely on the loom without printing or touching up of any sort. It almost shakes one's credulity to be told that the work is entirely the result of the weaver's skill.
