NORTHAMPTON COUNTY, the home of General Frank Reeder, won the prize banner offered by the Young Republican club, of Philadelphia, for the greatest increase in the Republican vote on February 20th, over the Republican vote cast for Jackson last November. In 1893 Northampton gave Jackson 3,761 votes, and on Feb. 20 she gave Galusha A. Grow 6,354 votes.

No TRUER words were ever uttered than those by ex-Speaker Thomas B. Reed. They show why the present "hard times" exist:

There is no way to put money in circulation except through wages paid. Issuing government bonds doesn't make circulation. The laborers must earn it and spend it, and that will make it flush. The statisticians say the 20,000,000 laboring people of this country earn \$40,000,000 a day. The Wilson bill will cut these wages from 10 to 25 per cent. The 10 percent cut on \$40,000,000 will be a loss of \$4,000,000 a day to laboring men or \$1,200,000,000 a year. A 25 per cent. cut in wages will take \$5,000,000,000 out of circulation. One-third of our labor is idle now. The idleness is costing us probably \$10,000,000 a day. I do not wonder that the times are hard and that money is tight. There is money enough in the banks. They are glutted, but labor isn't getting it. It will stay there till labor gets it out.

Blaine's Prophetic Words.

There was one man in this country who never for a moment doubted the wisdom and patriotism of the protective principle and that man was James G. Blaine. On this point his convictions were positive.

In a speech delivered not long before his death, after speaking in glowing terms of the general prosperity of the country Blaine said:

"I shudder, however, at the thought that the time must come when all this will be changed, when the general prosperity of the country will be destroyed, when the great body of workingmen in this land, who are now so prosperous, will hear their wives and children cry for bread; that the day must come when the great factories and manufactories of this land will shut down, and where there is now life and activity there will be the silence of the tomb."

"And the reason why this must be is this: The great southern wing of the Democratic party are determined to establish the doctrine of free trade in this land. They will be assisted by their northern allies. There is a great body of visionary but educated men, who are employed day by day in writing free trade essays and arguments in favor of the doctrine, which find their way to every newspaper in the land. The great body of our people have never experienced, themselves, the suffering which always results when the protective principles are laid aside."

"Poisoned and excited by the wild statements of these writers and the demagogic appeals of the Democratic speakers, the result will be that in the very near future these forces which are now working will be strong enough to defeat at the polls the party advocating the doctrine of protection. It must inevitably follow that uncertainty and doubt will ensue. The business men of the country, fearing the destruction of the principles of protection, will decline to engage in business, consequently mills will shut down, and the workmen will be thrown out of employment."

Was ever prophecy more completely fulfilled?

The Democrats of Allegheny, Westmoreland and Fayette are protesting against the appointment of John F. Guffey, a brother of J. M. Guffey, for Collector of the Port of Pittsburgh. They have gone to Washington in droves and will be satisfied with anybody but Guffey, and it is dollars to cents that Cleveland will appoint Guffey.
