The loss will play his first game in the box to-day.-Brookville Republican. The Sloux's got the scalps of the Pittsburg's in two of the by three games played. -No matter how hard the times are there is always something doing in Tionesta in the way of Improvements, and this summer will be no exception. In addition to the new store building of G. W. Bovard's, Moses Hepler and John Saylor will each build a new house on Church street, between the lock-up and Philip Emert's residence, and which they

expect to be ready for occupancy by the end of two months. -Speaking of the lockup; wouldn't it he a good idea if the boro Dad's would

take part of the money some of us poor cusses had to pay last winter for having the snow cleaned from our walks, and put a coat of weather boarding and about two of paint (red would be a good color) on it? A little improvement on the part

of the boro would be in keeping with the general air of prosperity at present evidenced in that neighborhood.

-John Willings, well known to many of our rivermen, and a resident of the third ward, Cil City, was severely injured on Main street, that city, on Saturday afternoon last. garret will be finished in a first class manner. The work will be pushed rapidly forward, and Mr. Bovard expects by the first of July, to be again accupying his own premises.

-Instructions have been issued by the W. N. Y. & P. railroad officials, to all employes of the company, requiring them son, and fair methods of taking game and fish, our streams and forests would soon afford no sport. Private citizens

when farmers see the necessity of useing commercial fertilizers and the old theory that fertilizers exhaust the land has become throughly exploded. The best farmers throughout Ohio are useing it with good results. It is recommended by our best farm papers, but don't buy cheap stuff, the best is the cheapest in this as well as in other things .---- And now there is about 3 inches of snow again and no signs of a let up.
