In attempting to cross, the horse in some manner got into the deep water below the bridge. Mr. Groce was thrown into the water but succeeded in getting to shore; the horse, however, was drowned before assistance could reach him. The animal was valued at upward of \$125.

Wedding Bells.

One of the happiest events of the season took place at the home of Mr. and Mrs. H. W. Ledebur, on German Hill, last Thursday, May 17th, 1894. It was the occasion of the marriage of their daughter, Miss Mary K. Ledebur, to Mr. Maxwell Abbott, of East Hickory, Pa. The ceremony, which was performed by the Rev. Mr. Kubitz, of the Lutheran Church, took place at 11 o'clock, a. m., and was very impressive and beautiful. Miss Julia Lohmeyer acted as "flower girl." After congratulations had been extended to the happy pair, an elegant lunch was served in the parlors, to which all did full justice. Many beautiful and useful presents were left as souvenirs of the happy occasion.

In the afternoon the newly wedded couple departed amid a shower of rice and old shoes, taking the 4:15 train for an extended tour of the principal eastern cities. On their return home Mr. Abbott and his fair bride will take up their residence in East Hickory, where they will be "at home" to their many friends, whom the REPUBLICAN joins in extending best wishes for a long, prosperous and happy life.

Death of Mrs. Martha P. Maze.

Martha P. Maze was born Nov. 24, 1814, and died May 19, 1894, aged 79 years, 5 months and 25 days.

Her father's name was Zebulon Hall. She was born near Binghamp, N. Y., and came to Forest county when 18 years of age, with mother and step-father, Wm. Andrews. She was married Nov. 3, 1833, to Thomas R. Maze, who preceded her in death four years. They had 12 children, among whom still living are Hamilton of Mercer county, Lucinda Irwin of North Pine Grove, William of Clarington, Harry and Oren of Marienville, Louisa Ormsbee of Ohio, Marie Irwin and Rebecca Berton of Redclyffe. The late Jacob Maze of Clarington, was also a son of hers.

Mrs. Maze was a member of the M. E. Church for 47 years. Her death, though sudden was not unexpected to her. For many months she had told her friends death might come any day or hour, and she thought was no terror to her. For years her sole companions were her bible and her daughter Rebecca, and as her years grew longer, her faith in the Lord Jesus Christ grew stronger, in whom she had implicit faith.

Mrs. Maze was an affectionate wife, kind mother, a good neighbor and an untiring friend. Her children have the sympathy of the entire neighborhood in the loss of their mother.

A Flood to Date From.

Not since the famous great flood of '65 has the Allegheny river at this point been as high, from natural water as it reached on Monday morning of this week. The rains of last Friday and Saturday, which seem to have been quite general throughout this section, brought the waters up rapidly until the banks of streams would no longer contain them, and still the down-pour of rain at intervals continued, and by Monday morning at 10:00 o'clock the Allegheny had reached its highest stage at this point, inundating nearly all the lowlands. In this vicinity no great losses were sustained except to crops planted on the flat lands, islands, etc. Hunter Island which Livermyr Canfield had just finished planting with corn, was entirely submerged, and no doubt the operation of re-planting will have to be gone through with.

Along Tionesta creek, which was also the highest it has been for many years, no great damage was sustained, the heaviest loser being probably Wm. Lawrence, whose wire foot-bridge was swept down on Sunday night by some passing tree or other flood-wood. The anchorage on the east side of the creek held the wires from going down entirely, but it will cost more to erect it again than when originally put up. No lumber or timber was carried away in this vicinity so far as heard from.

The railroads seemed to have suffered most, heavy washouts having occurred along the P. & E. Road on the Susquehanna and its tributaries, and along the Juniata the Pennsylvania Central was badly damaged, travel on these roads being considerably impeded for a day or two. Renova, Lock Haven, Williamsport, and other towns on the banks of the Susquehanna, suffered severely from the flood, as did also towns along the Juniata.

Kelletville.

A very few of our young people attended the dance at Perry Lemon's at Newtown Mills on Friday evening. We don't see why there is not a larger turnout when all the boys enjoy tripping the light fantastic.

The principal part of our male population is attending court this week, and consequently news is rather scarce. The witnesses on the license question returned home Tuesday evening.

Kelletville came near being submerged for the last few days, the water in several places covering the roads for a number of rods. The creek was flooded the highest on Sunday evening, when the water reached the sidewalks on the west side. The Minister bridge was floated off its foundation, which will cause but little delay in travel as the damage can soon be repaired. No other damage is reported in this locality.

The farmers are late putting in their corn as the weather has been greatly to their disadvantage.

We were informed that a dance was given in Porkey hall on Friday evening by the ladies of that place.

Dr. Barber and wife were over to Tidoute last week for a day or two.

The sports in town occasionally amuse themselves by witnessing cur fights among the canine population of the town. On Monday Pat, the terror of the place, and his son got mixed up to a considerable extent and one of the boys in parting the twin led Pat onto the creek bridge and thinking to cool him (Pat) off, threw the dog into the creek. When Pat struck the water the poor fellow went down to see McGinty, and, alas, he has never been seen since. Pat will be mourned by a number in town, as he was a very intelligent dog.

Running rats on Salmon creek seems to be on the decline since last week. There were 12 rats to run out of the stream on Friday and it took several days to get the entire lot out of the creek.

Stewarts Run.

Not much news this week. Stewart & Son finished their well on the Nellitown road and got a little oil. They will start another rig to-day, Tuesday. In the second well drilled they got a splendid gasser.

Wood & Lammers are going to clean out their first sand wells on the Joalyn.

J. G. Bromley made a business trip to Titusville Monday.

The recent heavy rains have done considerable damage to corn and oats fields. Last week at this time people were wishing for rain, and this week they are wishing for a cessation of it.

Mrs. J. G. Bromley visited the family of U. S. Zahniser last week.

N. R. Emert's horse strayed away from home one day last week. After hunting it for two days he found it at Eagle Rock.

Miss May Sloan and her father departed on Saturday for McKeesport, where they expect to take up their residence in the future.

Boys, you shouldn't run if any one does come in the water mill.

Mrs. Harvey Lynch is visiting friends and relatives at her former home.

PROBO. FROM ANOTHER COR.

The great flood is subsiding. It looked for a time as though all Hickory would have to move out, and our older citizens say it was the highest water we've had since '76.

Misses Blanche and Gusta Kioster are visiting their sister, Mrs. Henry Shippe, of Marienville, this week.

The Macabees are gaining rapidly in membership, and will soon have a very strong Lodge here.

The observance of Memorial Day in this place promises to be a fitting one in all respects, and no doubt the turnout will be a very large.

A boat is being built at the mouth of the creek 17x30 feet and 3 feet deep. It will be used by junk dealers between here and Pittsburg.

Collins & Siggins are repairing the old Watson mill at the mouth of Queen creek and will begin operations soon.
