

REPUBLICAN TICKET.

STATE. Governor, DANIEL H. HASTINGS. Lieut. Governor, WALTER LYON. Auditor General, AMOS H. MYLLIN. Secretary of Internal Affairs, JAMES W. LATTA. Congress-at-Large, GALUSHA A. GROW, GEORGE F. HUFF. COUNTY. Congress, A. W. COOK. (Subject to action of Dist. Conference.) Assembly, J. E. WENK. Associate Judge, J. A. NASH. District Attorney, P. M. CLARK. Coroner, J. W. MORROW.

The Republican victory in Oregon at the election last week was a sweeping one. The Republican candidate had a plurality of over 15,000 and had more votes than the Democratic and Populist candidates combined. The Legislature is largely Republican on joint ballot, each branch having a good working majority. Both Republican Congressmen were elected.

On Thursday week last the lumber schedule was acted on by the Senate, and to placate the Populist vote, which evidently has the call and holds the balance of power, all duty was declared off and should the bill pass lumber is placed absolutely and entirely on the free list. This will be cheerful news for the lumberman of this vicinity. But three or four more batches of that class of information will also bankrupt business in this neck o' woods.—Tidoute News.

THE Prohibition party, in State convention at Williamsport last week, nominated the following ticket: Governor, Charles L. Hawley, of Scranton; Lieutenant Governor, Homer L. Castle, of Pittsburg; Auditor General, Charles Palmer of Delaware county; Secretary of Internal Affairs, L. R. Gleason, of Canton, Bradford county; Congressman-at-Large, E. K. Kane, of Kane, and Rev. L. G. Jordan, of Philadelphia. The Congressional conference of this, 28th district met at the same time and nominated W. H. Watt, of Dubois for Congress.

THE defeat of the proposed repeal of the 10 percent tax on State bank circulation Wednesday in the House of Representatives will probably end for the present at least all attempts to realize that feature of the Democratic platform of 1892. It was adopted without consideration. It ought to have defeated the party and doubtless would have done so if platters determined the defeat or success of parties. The proposition before the House was the most objectionable form of State bank tax repeal since it proposed to repeal forthwith the national tax on State bank issues, which would restore at one stroke currency powers enjoyed by State banks thirty years ago without safeguards or qualifications. It would bring back wildcat currency at a jump. A number of representatives said they voted against the bill for this reason, though favoring State bank issues properly guarded. The very large majority before which the bill went down encourages the belief that even a Democratic Congress will not consent to make currency again a State instead of a national matter. It would certainly be an enormous stride backwards in the face of most costly experience.

THE Harrisburg Telegraph says: In these days of business depression it is a real pleasure to publish the fact that the Lalanc-Grosjean works in the western suburbs of the city will be enlarged by the addition of a tin plate mill just as soon as the estimates for the building and machinery can be prepared. This company will show free trade bowlers in this city that American tin plate can be and will be manufactured here. The new building will be 75 feet wide and the full length of the present large building 210 feet. The Pennsylvania steel company is now at work on the estimate for the construction of the building. The Robinson Ray manufacturing company, of Pittsburg, is making a new stand of thirty-two inch cold rolls to take the place of the fifty inch rolls now in the mills. Estimates have also been requested for tinning, dusting, pickling and other machinery.

It is the purpose of this enterprising company to turn out first class tin plate. Work on the new mill will be commenced at the earliest date possible and it will be in operation before September 1st. Employment will be given about seventy-five more men. At present the works are shut down for want of coal and material.

Democratic Primaries.

The Democrats held their primaries in this county on Saturday last, which resulted in the nomination of the following ticket: Congress, Dr. Howard Weber, of Hickory; Senate, Edgar Goodwin, of Nebraska; Assembly, J. J. Greenwalt, of Barnett township; Associate Judge, James W. Cole, of Marienville.

At the convention held in the court house yesterday J. B. Watson Esq., of Marienville, was elected Chairman of the County Committee, and R. M. Herman of Tionesta, Secretary. T. F. Ritchey Esq., of Tionesta, was chosen delegate to the Democratic State convention. Following is the official vote, as declared by the convention:—

Table with columns: DISTRICTS, Con. (W. Cole), Sen. (E. Goodwin), A. J. (J. Greenwalt), A. J. (J. Greenwalt), Total. Rows include Borough, Tionesta Twp., Mazon, Clarington, Bowmanville, Gaitonville, Nebraska, West Hickory, Fogle Farm, Hickory, Watson Farm, Cooper Tract, Balltown, Kelleterville, Whig Hill, Marienville, Cloughs Mill, Parrish, Rytowntown, Majorities.

Forty Dollars Per Capita.

The Pittsburg Post attacks the proposal of the Republican state platform to increase the money of the country till it reaches \$40 per capita for the entire population. The Post says there is enough money now and that the only difficulty about it is to get it into circulation. It argues that if the banks are loaded with money which they cannot get into circulation, there must be enough money now, and that we don't need any more. This may be true if the "good Democratic times" is to continue. If our industries are not simply crippled, but actually destroyed beyond resuscitation; if American mills have shut down to never open again; if we are to become a nation of agriculturalists, and cease manufacturing, and depend on the looms, mills and forges of Europe for everything that we want, except the raw materials, for our subsistence, then there is money enough in our bank vaults; for our people will never have enough to sell to get out \$10 per capita on the average, and the millions of working men of protection times, who will become tramps and beg or steal their living while they can find anything to beg or steal, will not absorb very much of even that small per capita. If, on the other hand, the fast returning sanity of the people continues, and the Democratic party gets wiped out at the coming elections, '94 and '96, and the Protectionists get into the saddle again, the industries of the country will start up with the old time life, the hoarded money will get courageous and come out of its hiding place, and the banks will be drained to the dregs, and money in demand. It is in view of this state of affairs, which is sure to follow Republican restoration, that the demand is made for \$40 per capita. This, according to the Post, would require an additional sum of \$1,100,000,000 to our present circulation. The Post sees great damage in having so much money in the country. That paper probably has the idea, prevalent in the solid Democratic section of the Union, that the mud silt of the country ought not to have very much money lest it might make them "sassy" and above their business. The prevalent notion in that section has been that the laborers should be in a condition in which they would receive what they needed every week from the overseer, and would have no need for any money. The constitutional amendments have made that plan inoperative, but it is a good substitute if the money circulation can be cut down so that the laborers will get so little of it that they will be in practical slavery. The old slave Democrat seems to be hard to eradicate, and is continually cropping out in advocacy of methods having for their object the degradation of every man who works with his hands. This is an irrepressible conflict between the Democratic party and the Declaration of Independence.—Meadville Tribune-Republican.
