Safe crackers at Nebraska.

Safe crackers entered the store of Collins & Kreidler, at Nebraska, on Tuesday night of last week and blew open the store safe, but succeeded only in getting about ten dollars in money, all that the safe contained.

A couple pairs of shoes are also missing from the store. It seems the safe was not locked, but evidently the burglars were not aware of this for they blew the door entirely off its hinges. Suspicious acting strangers had been loitering about the place for several days previous to the robbery, and it is believed that the thieves went through here in the afternoon of the same day. They were tracked back to this place, where it was thought they jumped an early freight Wednesday morning, but a close watch of the train above here failed to discover the guilty parties, although four young men were arrested at Irvinton by Warren policemen and held until Sheriff Carson and others went up, but they proved their innocence very readily, the parties who had seen the mysterious strangers at Nebraska having failed to identify the Irvinton catch.

Since the above was put in type it has been discovered that the thieves took two or three suits of clothes. These were not missed until a bundle of old clothing was found tucked under a bridge a short distance beyond Nebraska, on the road leading to Newmansville. This discovery seems to destroy the theory that they came in this direction, unless they separated and took opposite courses. All evidences left behind indicate that the gang was a clever set, and not greensies at the business.

Democratic Senatorial Deadlock.
The Democratic Senatorial conference of this 38th district met in Tionesta last Thursday evening and after organization, took several ballots before adjourning till Friday morning at 9 o'clock. The candidates are W. H. Hyde of Elk county; A. M. Neeley of Clarion, and Edward Goodwin of Forest. Cameron county presented no candidate, but supported Hyde of Elk. Each county has three conferees, making twelve in all. Mr. Hyde has six votes, the others three each. Complimentary ballots have been given with a lavish hand, but at no time has any one candidate had more than six votes. The conference adjourned Saturday afternoon after taking the 135th ballot, and will meet again in the parlors of the Keeley institute, this place to-night at 9 o'clock.

For the Boys in Blue.
The more than 1,300 committeemen comprising the citizens' executive board of Pittsburgh are hustling for all they are worth to make the 28th annual encampment of the Grand Army of the Republic, to be held in that city September 10-15 next, a big success. The indications are for a tremendous turnout of veterans. More than 25,000 of them have been assigned to free quarters, to say nothing of the 5,000 to 10,000 who have reserved paid quarters and the 5,000 resident Grand Army men who will not need to secure accommodations. This means that there will be over 50,000 of the "boys in blue" in Pittsburgh during the encampment week.

There will be three grand parades:—The naval veterans on the 10th, the Grand Army proper on the 11th and the union ex-prisoners of war on the 12th. Pittsburgh will be more lavishly decorated than ever before in its history. There will be about 125 reunions of army associations and about ten conventions of national organizations of various kinds. On the evening of September 11 there will be six grand camp fires, presided over by soldiers of renown. It is confidently hoped that ex-President Harrison and Governor McKisley will attend. Governor Pattison and his staff will be guests of honor also.

There will be a number of triumphal arches and precautions have been made for such a display of electrical and natural gas illuminations and fire works as has never before been seen in Western Pennsylvania. In addition to the hotels in Pittsburgh the citizens have thrown open their homes to make welcome everyone of the 300,000 strangers expected that week.

—Ledeber & Miles have a few summer suits yet in large sizes. See them and get the price.

Kellettsville.
Mrs. Chas. Griffin of Balltown, and Miss Violet McGuffigan, of Porkey, called on Mrs. Andrews last Thursday.

William Elder, of West Hickory, was in Kellettsville on Thursday in the interest of the New York Building and Loan Association. In the last month Mr. Elder has sold over \$7,000.00 worth of shares in Forest county.

A daughter came to the residence of Ad. Bauer on Monday. Ad. says he will keep her.

Several Kellettsville people have been down to see the three little boys at Nelson P. Moore's. Kingsley township claims this new wonder, and we can truthfully say that we are justly proud of our little twp.

Mrs. Critchlow, of Franklin, and Mrs. Nellis, of Denison, Ohio, are visiting their father, Almer Phelps.

The Almer Creek mill has been sawing out the stock that was in the pond. The run only lasted one week.

Miss Mollie Lafferty of Titusville is visiting at Wm. Tobby's.

Angus Carson, the Oil City jeweler, is in Kellettsville doing repairs.

John Jamieson of Tionesta stopped at the Brooklyn House over Sunday, returning home Monday.

Mrs. M. Andrews departed on Wednesday for a two week's trip to Atlantic City. While absent she will visit New York, Hornsleville and other places.

Dr. Barber and wife drove over to Pleasantville on Saturday evening to see his father, who is reported much worse. S. E. Shaw has been appointed delegate to the K. O. T. M. State convention, which meets at Warren on Sept. 18th and 19th.

Misses Emma and Florence Kiser visited Mrs. Andrews on Sunday.

W. H. Carter is at home after a two week's stay at Hydetown.

S. S. Canfield of Tionesta has bought M. Andrews' fine saddle horse. We are sorry to see poor old "Cap" leave us, but we know that Shelt will take the best of care of him.

NEWS NOTES.
Pittsburg's daily water consumption is 48,000,000 gallons.

There are twenty-three prisoners in the Crawford county jail, an unusually large number.

Recent figures show that the total value of the matches made and consumed each year throughout the world is but little short of \$200,000,000.

Richard Tunison, of Greenville, is said to have pulled from the waters of Chautauqua Lake a pike weighing 67 pounds. The fish was over six feet in length.

A dangerous counterfeit quarter is in circulation. The coin is made of lead and white metal and is a perfect imitation when bran new, but is easily detected after it has been in circulation a short time.

Those potent modern agencies in the development of agriculture, the balloon, the Indian band and the couples who are willing to get married right on the grounds for a reasonable quantity of furniture will soon be again in demand.—Titusville World.

Bradford held a special election on the 1st, inst., in regard to bonding the city as follows: \$25,000 for new city buildings, \$15,000 for a paid fire department, and \$43,336 for street paving. The vote was approximately on all these propositions, and all were rejected by large majorities. The result was influenced largely by a

growing sentiment in favor of bonding the city for a new natural gas plant, the existing companies having consolidated and hoisted rates. The citizens are in more of a hurry for cheap gas than for paved streets and a new city building.—Franklin News.

A dudsah young man, wearing as a scarf pin a jeweled gold potato bug, called the attention of an old German book-seller to it, asking: "Isn't that pretty Dutch?" "Ya," was the reply, "dot ish tier piggiest pug on der schmaltest botato I haf ever seen."—Harper's Bazar.

Up at Wilkesbarre the heroine of the day is little Annie Frazer, the 8-year-old daughter of a miner, who found her father fast asleep on the track and got him off just in time to save him from being run over by the through passenger train. The experience is said to have made the father permanently sober.

Saturday's Titusville Herald says: "Parties representing a construction syndicate were in the city Friday in the interests of the proposed electric road between Titusville and Meadville. They were driven over the proposed route during the morning and left the city during the afternoon. They declined to be interviewed by a Herald reporter, who called upon them at the Hotel Brunswick."

By a strange coincidence requisitions were issued simultaneously by Governor Pattison and Flower for the extradition of bicycle thieves. The requisition issued by Governor Pattison was for the extradition of Joseph Curtis, who stole a bicycle in Utica and came to Scranton to dispose of it, while that issued by New York's chief executive was for the return of William Allen, who stole a bicycle at Erie and went to Buffalo to sell it.

A recent edition of the Bellefonte Gazette contained the portraits of five ex-governors and one prospective governor, all of whom live, or have lived, in that immediate community. They are: Ex-Governor William Bigler, who was governor of Pennsylvania in 1848; John Bigler, a brother of William, who was governor of California at the same time; Ex-Governor William F. Packer, who was Governor of this state in 1857; Andrew G. Curtin, who succeeded him as governor in 1860; General James A. Beaver, a recent ex-governor, and Gen'l H. Hastings, who will be our next governor.

Dr. Nathan Shaffer and Col. Stewart, of the State Medical Council, are to-day engaged in signing the medical diplomas, which have at last come from the State printer. It has been decided on the score of economy not to assemble the rest of council to sign the diplomas, but express the parchments to each member in turn for signature. As there are over 300 of these it will be some time before the anxious applicants will receive their sheepskins.

Dr. Shaffer states that of the one hundred students who failed to pass the State normal examinations this year, the larger number, it is believed, will return and go over the course again. The standard this year was higher than heretofore and the examinations rather more rigid.—Harrisburg Telegraph.
