

THE FOREST REPUBLICAN.

J. E. WENK, EDITOR & PROPRIETOR.

WEDNESDAY, AUGUST 22, 1894.

REPUBLICAN TICKET.

STATE.

Governor, DANIEL H. HASTINGS. Lieut. Governor, WALTER LYON. Auditor General, AMOS H. MYLIN. Secretary of Internal Affairs, JAMES W. LATTA.

COUNTY.

Congress, W. C. ARNOLD, of Clearfield County. Assembly, J. E. WENK. Associate Judge, J. A. NASH. District Attorney, F. M. CLARK. Coroner, J. W. MORROW.

Republican Congressional Conference.

The Republican Congressional conference of this, 28th, district was held at DuBois, Clearfield county, last Thursday, Aug. 16th, and resulted in the nomination of W. C. Arnold, of Clearfield county, on the 30th ballot. The candidates were as follows: A. W. Cook of Forest; W. C. Arnold of Clearfield; J. J. Frazier of Clarion; A. A. Clearwater of Elk. Centre county instructed for E. A. Irwin of Clearfield, but he declined. Mr. Cook's conferees were Hoos. J. B. Agnew, J. J. Haight and C. A. Randall. On the 30th ballot the three conferees from Clearfield, the three from Elk, with Thomas of Clarion and Platt of Centre, voted for Arnold, making the necessary eight votes, and he was declared the nominee.

We see it stated that the vote of Mr. Patrick of Clarion made the nomination of Arnold. This is a mistake. It was Mr. Thomas of Clarion who voted for Mr. Arnold on the 30th ballot. Another slight discrepancy occurs in some of the published reports to the effect that when it was suggested to make the nomination unanimous, two of the Centre county conferees, Messrs. Malin and Dale, were silent and left the room. The facts were that the hour had grown late and trains were nearly due, and some had left the room, but none in anything like a "huff." Forest county's representatives stood ready to endorse and acquiesce cheerfully in the convention's proceedings. Forest's Republicans are Republicans at all times, in defeat as well as in victory.

Mr. Cook made an honorable fight for the nomination and has nothing to regret. Naturally the Republicans of our county feel much disappointed at his defeat. Taking into consideration his standing as a business man and his worth as a citizen, his friends had great hopes that he would be nominated, and had assurances to warrant them in the belief that he could have redeemed the district. Nevertheless they will be found shoulder to shoulder with him in hearty support of the successful candidate, Mr. Arnold, and with the other counties in the same mood his election is assured.

Don't put off registering till the last minute, Republicans. Attend to the matter right away and be on the safe side.

The Republican Senatorial conference of this district, composed of Cameron, Clarion, Elk and Forest counties, meets in Ridgway to-morrow.

AFTER Wilton is defeated for reelection to Congress, Cleveland can give him a foreign diplomatic position. There are a few left for emergencies such as Wilson's defeat create.

The Senate having passed Mr. Murphy's resolution, to the effect that it is deemed unwise to tamper any further with the tariff at this session and declaring for an early adjournment, puts a quietus on the "pop gun" bills passed by the house putting sugar, iron ore, coal and barbed wire on the free list. And so the end of this congress is almost in sight.

A CHINESE Governor is offering large rewards for the heads of Japanese naval officers. The time has gone by for that sort of warfare. In the good old days when heads were rated at so much per head, it was quite in keeping to go chopping about with an axe to make pocket money when nations went to war, but things have changed. Just as soon as they get to chopping off heads in the Chino-Japan war the civilized nations will take a hand in the game and matters will be brought to a crisis.—Harrisburg Telegraph.

Forest County Roads.

The editor of the Clarion Democrat has had a recent trial of the roads in our county and writes thus felicitously of the same:

A recent trip overland through a goodly portion of Forest county convinces us that the people up there know something about how to make good roads and how to keep them up. In the first place they do not have so many roads as to be found in most all other counties, and more attention can be given to, and more work put on, what they have. All the roads seem to have been carefully surveyed with a view to getting the best grades, a very necessary thing in good road making. Then, if we understand the Forest county idea a good bed of rocks and stones is secured and the earth is thrown over and made smooth and hard. Sufficient drainage is provided at both sides of the road and the water is turned away from it. Where it is necessary to carry the water across the road, strong plank culverts of sufficient capacity are sunk to a good depth under the level of the same, instead of having the jolting and back-breaking "water-breaks" diagonally across. Being built on a grade the hollows are filled in and the hills cut down. Altogether there seems to be some system in Forest county road-making and that seems to be lamentably lacking in most other places. All roads are in fair condition at this season of the year, barring the dust, (which, by the way, they do not seem to have in Forest county) and it may be they would not have seemed so good up there in a rainy season, but the impression received is that they would be good the year round. At any rate, to drive over them now, with the attendant wild and beautiful scenery to feast the eyes upon, is a delight indeed.

NEWSY NOTES.

The activity of the wild-catter and the strike at the McKeesport tube works has created a big demand for second hand tubing and casing. A large number of old wells have been pulled out and the material shipped to the front to do duty in new wells.—Bradford Era.

The green goods men have again been heard from in this vicinity. During the week past, several Oil City men have been receiving circulars from New York parties setting forth the "goodness" of their goods, but as yet no suckers have been thoroughly aired, but it would not be surprising to have to chronicle the loss of some foolish victim's money in this way.—Blizzard.

The new postal guide just issued includes in second-class matter papers issued regularly by beneficiary and secret societies and like organizations. This is in accordance with a law just recently passed admitting such papers to the mails as second-class matter. Some time ago, by a ruling of the Postmaster General, such papers had to pay first-class postage, and on that account several were forced to suspend publication.

Practically all of the great survivors of the Union forces will attend the approaching 28th National Encampment of the G. A. R. in Pittsburgh, September 10 to 15. Among them will be Gen. Benjamin Harrison, Gov. William McKinley, Gen. Horace Porter, Gen. Daniel Butterfield, Gen. D. McM. Gregg, Gen. Lucius Fairchild, Gen. George S. Merrill, Gen. Daniel E. Sickles, General Louis Wagner, Past Commander-in-Chief Robert B. Beath, Paul VanDerVoort, John S. Kuntz, John Palmer, A. G. Weissert, Wheelock G. Venzey, William Warren, Russell A. Alger and S. S. Burdett, with many others of National renown.

Among the features of Encampment week at Pittsburgh will be the social events. These will include an "outing" on Wednesday, September 12, at the mammoth Westinghouse buildings, East Pittsburgh, for which 5,000 invitations will be issued. It will take 10 or 12 special trains to carry the guests and two or three cars to transport the refreshments. On the evening of September 13, there will be a reception by the woman's organizations, at Old City Hall, for which 2,000 invitations are out. The same evening there will be a special display of fireworks from floats on the Monongahela river, such as has never before been seen in Western Pennsylvania. On Friday afternoon, September 14, 3,000 representatives and invited guests will be treated to a river excursion, for which three steamers have been chartered and as many bands. The great Carnegie armory plate plant will be visited by the entire party.
