Rev. J. R. Rankin leaves for Fredonia, N. Y., next Tuesday, where the annual meeting of the Erie conference convenes on Wednesday, the 12th. Mr. Rankin's many friends here hope he may be sent back to them another year.

The merry-go-round which has been doing such a thriving business here during the past two weeks, left for Clarion county Monday morning. It required five well-loaded wagons to move the machine. But the report that an extra team was necessary to haul away the nickles taken in here is not well founded.

A game of ball between Tidouite and Tionesta is booked to take place on the Tionesta grounds next Saturday afternoon. The grounds are in fine condition for playing and a good game may be looked for. Our boys have just a little friendly blood in their eye, and will win the game if they work will do it.

During this awful drought people should use the utmost caution when handling fire. We learn that fires have been started in several places in the surrounding woods, and only by the greatest energies of farmers and citizens have they been subdued. If those who carelessly or maliciously set fire to the woods at any time could realize the severe penalty attached for such acts, we think they would desist. Don't do it.

—Misses Vernie and Minnie Watson of Golitzia, Misses Dollie Carson and Bessie Cook of Nebraska, and Joe Rankin of Tionesta, departed for Randolph, N. Y., on Monday morning, to attend Chamberlain Institute for the ensuing term.

—The 24th annual reunion of the survivors of the 83d Regt. Pa. Vols. will be held Tuesday afternoon of encampment week, at Pittsburg, in Allegheny court house, common pleas court room No. 2. You can find the place by Grant St. entrance, marked by Third Brigade flags. All survivors are earnestly requested to be present at this meeting. D. B. Foote, Secretary 83d Regimental Association.

—One of the triplet boys recently born to Mr. and Mrs. Nelson Moore, of Jughandle, died on Thursday evening after an illness of a few days from cholera infantum. The other two have been sick of late but are now doing well. This will be sad news to all of our people who were in hopes that this interesting little trio might live to grow up. The dead child was the one which weighed the least at birth.

—An entertainment that is bound to please all, is on the boards for Friday evening, Sept. 14th, at School hall. The company is composed of home, talent assisted by Miss Edith Green of East Hickory, and the play is entitled "Crawford's Claim," a very thrilling drama in three acts, and which never fails to please the audience. The proceeds of the entertainment will go to the benefit of the school library.

—Uncle Sam Bush, who lives "across the creek," about two miles below Nebraska, brought an egg to town one day last week, which was a real curiosity. On the small end of the egg was formed as perfect a snake as one would wish to see; the head, especially, was perfectly formed, even to the eyes, while the tail had something of the appearance of a rattle snake's. One of Mr. Bush's hens laid the egg.

—The river is perhaps six to eight inches lower at this time than has ever been known before, at least within the recollection of any one now living. On Monday of this week, ex-Sheriff Osgood and J. W. Stroup took some measures at the river bridge and found that the water now is 14 feet and 7 inches lower than the high water mark of June 1st, last. It is 5 feet 7 inches lower than what would be considered an ordinary rafting stage. A low water mark should be placed upon some fixed or permanent object for the benefit of future generations.

—A firm in Ohio—The Christy Knife Co., of Fremont, are offering a nine hundred dollar Steinway Grand Piano to the person sending the largest amount of cash for their goods before December 31, 1894. A chance to get a Steinway Grand Piano is something unusual. Our young people ought to take advantage of it. Any number of families would be glad to help them win the prize. The Christy Knife is a good thing and everybody wants it. A letter addressed to The Christy Knife Co., Fremont, Ohio, will bring an answer immediately, giving full particulars.

—The following item from the Derrick will doubtless be of interest to some of our readers: J. W. Jenkins, of Warren, deputy internal revenue collector of this district, was in the city Monday to see that the new law is observed requiring that a two-cent revenue stamp shall be affixed to every pack of playing cards sold. After warning dealers here of the penalty attached to a non-compliance with the law, Mr. Jenkins returned home. All dealers in Venango, Warren, Clarion or Forest counties requiring stamps for this purpose can obtain the same by sending the cash by mail to Mr. Jenkins, Warren, Pa.

Boys, and attend their Annual Encampment which promises to be a big affair.

—Capt. M. P. Barber, one of Pleasantville's honored citizens, died at his home on Saturday morning last, of dropsy, from which disease he had been a sufferer for a number of months. Captain Barber's friends were limited only by his circle of acquaintances which was a large one. His war record was one to be proud of and during his many years service as Pleasantville's postmaster he distinguished himself as a careful, painstaking and obliging public official. He leaves a wife and three children, Dr. L. A. Barber of Kellestville, this county, Mrs. Chas. F. Thomson, of Tionesta, and Miss May Barber.

The C. E. Picnic.

The picnic of the Christian Endeavor societies of this section, held here last Saturday was a pleasant success. Although the attendance from other places was not so large as expected, there were delegations present from Oil City, Pleasantville, Titusville and Neiltown, most of whom arrived on the morning train and were ferried across the river nearly opposite the picnic grounds upon their arrival. The grounds, located along the river front at the upper end of town, were beautifully arranged with decorations, seats, swings, etc., for the comfort and pleasure of the guests, who enjoyed themselves in various ways,—rowing, swinging, promenading, playing ball,—till the hour for lunch came. The well filled baskets were brought forth and laid justice done to the many good things set out for the replenishment of the inner man. The coffee for this occasion was made up by Mrs. W. E. Morgan and received unstinted praise from all who indulged in the delicious beverage.

After dinner a short business meeting was held, one of the principal features of which was the admission of a new society to the Union, and the election of a delegate to the State convention to be held at York, Pa., in October. Rev. J. V. McAninch was chosen delegate.

In the afternoon a game of ball between a nine made up from the societies of Oil City, Titusville, Pleasantville and Neiltown and the Endeavor nine from this place, attracted a very large crowd to the new ball grounds. The game was hotly contested to a finish and at times was quite exciting. The Shoemaker brothers composed the battery for Tionesta, and to "Dad" belongs the distinction of striking out 22 men. The score stood 21 to 14 in favor of the Tionesta Endeavor.

Most of the visitors returned to their homes on the 8 o'clock train in the evening, and all expressed themselves as delighted with their day's outing.

Badly Injured. The Marienville Express gives the following account of a serious accident which happened near that place last week: F. M. Crosier, the liveryman, was badly injured Tuesday evening by an upset and runoff. There has been for some time a good natured rivalry between Mr. Crosier and Mr. Hoover, also in the livery business, as to the speed of their horses. Tuesday evening they were coming from Tionesta and about ten o'clock were in front of the residence of James Cole, near this place. Mr. Hoover was ahead and was driving a two-seated rig. Mr. Crosier was driving a hack and made an attempt to pass the rig in front of him. In trying to pass the rig in front, Crosier drove to the side of the road and a wheel struck some obstruction throwing him and the three other occupants of the rig out. The team was stopped by Mr. Hoover, and an investigation it was found that Mr. Crosier was laying beside the road in an unconscious condition, while the others who had been thrown out were practically uninjured. Mr. Crosier was brought to his home and Dr. Towler, assisted by Dr. Stonecipher, dressed his injuries and as far as possible made the necessary repairs. It was found that both upper and lower jaws were broken in two places, his nose broken, a large gash cut in his neck under the jaw, and also a bad cut and bruise on the forehead. It is remarkable that he could be so badly injured and yet live, but it is thought now that he will recover.

He Was Handy With His Gun.

Last Sunday shortly after noon as freight train No. 94 from Oil City drew up to the station at this place the crew in the caboose had quite an exciting experience with an individual who was either a crook or crazy. One of the crew found a small satchel filled with something heavy, which is believed to have contained a set of burglar tools, in a gondola car.

He had carried it into the caboose, and as the remainder of the crew were inspecting it, a man came into the car and demanded the satchel, at the same whipping out a revolver and threatening to shoot the funder full of holes. He didn't have to make the second demand. The satchel was handed to him. The man then jumped off the caboose and the crew began to recover from their astonishment. At this juncture the report of a pistol was heard, and a bullet came crashing through a window in the car. In quick succession two more shots were fired into the caboose, but none of them took effect on the bodies of any of the crew, unless in the way of a big scare. The engineer, who was not aware of what was transpiring at the rear of his train, pushed back to get a little slack in order to start forward, which action the stranger evidently mistook for an attempt to capture him, and he made haste to get away and was not long in getting out of sight around the curve.

This is all that is known of the mysterious duck, and the surmise of the train crew that he was a crook and afraid he was going to lose his tools is perhaps the correct theory.

W. C. T. U. The annual election of officers of the Tionesta Union, for the ensuing year, took place in Reading Room, Tuesday, August 28th, resulting as follows: President, Mrs. Kate Craig; Vice President, Mrs. Augusta Kelly; Recording Sec'y, Saie May Sharpe; Treasurer, Mrs. Mary T. Irwin. Local Superintendents of Departments: Narcotics, Mrs. Mattie Derickson; Evangelistic, Mrs. S. H. Haslet; Sabbath School Work, Mrs. J. H. Derickson; Scientific Temperance Instruction, Mrs. J. G. Dale; Literature, Miss Artie Robinson; Soldiers, Mrs. Mary T. Irwin; Press Work, Mrs. A. B. Kelly; Prison and Mercy, Miss Nannie Morrow; Lumbermen, Mrs. J. B. Hagerty.

The Forest County Annual will be held at Tionesta, Sept. 20 and 21. Mrs. Helen M. Barker, National W. C. T. U. Treasurer, will be present. Delegates from all the Unions of the county, and all who are interested in the work of the W. C. T. U. are cordially invited to attend.

Attention, Comrades and Friends. Being disappointed in going to Pittsburg by boats on account of no water, we now turn our attention to going by rail, and owing to many incorrect and flying reports we propose to give our comrades and friends the real and correct information as to fare, &c., now at hand:

A special train will leave Tidouite, Monday, Sept. 10, at about 4:00 a. m., Hickory 4:45, Tionesta 5 a. m., arriving in Oil City in time for special train on A. V. R. R., arriving at Pittsburg in time to witness the naval parade on Monday at 2 p. m.

Another special train will leave Oil City via N. Y. P. & O. R. R. at 11 a. m., arriving in Pittsburg at 4 p. m. This special train can be reached by passengers going from Tionesta at 9:40 a. m., on the regular accommodation; by going on this route you will not see the naval parade. No matter which route you take the fare will be the same, namely: One-half fare for round trip. From Tidouite to Pittsburg and return the fare is \$4.56, Hickory \$4.30, and Tionesta \$4.12.

We now think our Post will, at this evening's meeting, decide to go on the early train, Sept. 10. Should we decide differently cards will be sent promptly to Comrades and others at Nebraska, Newtown, Kellestville, Whig Hill, &c. Should there be a further reduction in fare you will learn the fact on arriving at station. Rates apply to all alike. Free quarters are engaged by the Post.

Comrades and friends, we urge you to make a supreme effort to attend this National Encampment. It is expected that on account of age and growing physical disabilities the National Encampment will never again be seen on parade, but will hereafter be known as a business meeting, only. This is a mile-stone in our existence we must sooner or later pass, and as it must appear to us all. Then with "Old Glory" over us, let us touch elbows and make our last parade the grandest of them all.

J. ALBAUGH, P. C. W. E. WITHERELL, Adj.

Sept. 5, 1894.

HORRIBLE MINNESOTA FIRES.

ST. PAUL, MINN., Sept. 5.—Six towns wiped out and more than 500 dead is the record made by the forest fires in this State in the last 24 hours. In Hinckley, Sandstone, Porkegama, Sandstone Junction, Skunk Lake and Mission Creek, there are 355 known dead. In addition several hundred are missing, while from 150 to 200 people were scattered on farms throughout the district burned over. The destruction was complete in most of the towns named but some of the forest lands escaped. The loss, however, will be in the millions and the loss of life will not be definitely known for several days, if ever. Relief trains have taken supplies from this city, Minneapolis, Duluth and other Minnesota towns and the sufferers are being handsomely cared for at Pine City and other points.

Special trains were sent out from both Duluth and St. Paul to-day with full medical forces and all that is possible to be done will be done. A private dispatch received this evening from the burned districts states positively that 250 dead bodies have already been recovered, so that the estimate made above may be considered decidedly conservative.

St. Paul, Minn., Sept. 5.—A West Superior, Wis., special to the Dispatch places the number of dead at Hinckley at over 250, and says that sixty bodies more were found along the line of the Eastern Minnesota R. R., between Hinckley and West Superior. The total estimate of dead exceeds 400.

Kellestville. Dr. L. A. Barber received a telegram Saturday stating that his father, M. P. Barber of Pleasantville, died at 11 a. m., on that day. Mr. Barber has been a sufferer from dropsy for some time, and the best of medical aid failed to relieve his sufferings.

Mrs. M. Andrews arrived home Saturday from a three weeks' visit in York State. She had intended coming home a week earlier but was a sufferer from neuralgia of the neck, which caused her to be absent longer than she wished.

Well No. 70, on the Cook lease, was drilled in Wednesday, and will make about a 60-bbl. well.

Work will begin again on the deep well in a day or two. The new drilling line has been hauled in and all preparations are made for commencing work.

The forest fire is still burning on the Cook lease, but no further damage has been done since the report of last week. At one time it was thought that the fire could not be kept under control, but by constant work it was soon in shape to warrant a rest for the workers.

One of W. A. Kribbs' teams ran away on Saturday. The team was in charge of Jacob Wray and was attached to a wagon. They started from the Penn Tanning Co.'s office and ran down to Mrs. Andrews' store, where they turned around the store, and into the barn-yard back of the store. A wheel each was torn from Mrs. Andrews' hack and buggy. When the team started the teamster was thrown out, and a young son of John Shaw was sitting in the rear end of the wagon bed. The boy was not injured in the least.

Several of the boys in town received invitations to attend a dance at Garfield on last Friday evening. We are informed that none of the boys went up.

One of the triplets at Nelson R. Moore's died last Thursday at 6 p. m. All the boys have been sick, but two of them are getting along nicely. The one that died was the lightest one.

School opened on Monday with the usual attendance.

A son was born at the residence of James Wilber Johnson, Jim's clothes will scarcely fit him now.

Adolph Bauer moved on W. A. Kribbs' farm last week.

Henry Groce has five teams hauling bark from J. R. Osgood's timber tract at Newtown Mills, to Ross Run. Mr. Groce will buy a team soon and will have work for it all fall and winter hauling bark and skidding logs.

H. B. Marsh, B. J. Day and W. A. Kribbs started out to Meadville on Monday. They intend being away most of the week in attendance at the State fair.

One of W. A. Kribbs' livery horses ran away on Saturday evening. The accident occurred on Proper hill, near Tionesta. The cause of the mishap was the breaking of one of the holdback straps. Mr. Haslet and wife were in the buggy and were thrown out and injured some but not seriously. The horse was one of the animals that figured in the other runaway that happened the same day.

WILL WALKS.

Stewarts Run. Sam Stewart & Sons finished another well on the Hildekeuper. It is black oil and good for 10 barrels. They have two other wells located.

O. B. McIntyre finished a rig recently for Dalrymple, on the Holtz farm this side of Pleasantville. He is now building a rig handy the Fogle Farm.

Will Cummings has been home for some time from Erie, where he has been taking a commercial course in the business college at that place, also a course in commercial law.

There was a large attendance at the old Ansbury Chapel meeting, when Rev. Mr. Rankin preached a very able sermon.

Our school began Monday with Miss Redfield as teacher. This being her 4th term here would indicate that she is popular with our people.

Some of our farmers are trying to plow for wheat, though nothing can be plowed but oats-stubble, and that almost impossible. But what we must have, you know, The Democrats promised us a dollar a bushel for it.

There will be a Free Methodist missionary meeting at the White Church Friday evening next. All invited.

Mrs. O. B. McIntyre, who has been quite sick for the past week, is little better at present.

Mrs. Clara Metcalf is at Siverlyville with Mrs. Ida Rankin, who is quite sick, we are informed.

Fire is out in the woods at Cashup. Nathan Osten and Azro Copeland attended court last week.

A number of our people attended the funeral of the late Capt. Barber at Pleasantville Monday.

Belle, youngest daughter of M. L. Range, has gone to Tionesta to stay with Clara Gorman and attend school.

O. B. McIntyre and F. E. Metcalf are putting up a rig at Fight Pine for Mr. Haskell this week.
