

REPUBLICAN TICKET.

STATE. Governor, DANIEL H. HASTINGS. Lieut. Governor, WALTER LYON. Auditor General, AMOS H. MYLIN. Secretary of Internal Affairs, JAMES W. LATTA. Congress-at-Large, GALUSHA A. GROW, GEORGE F. HUFF. COUNTY. Congress, W. C. ARNOLD, of Clearfield County. State Senate, JOHN F. CRAIG, of Clarion County. Assembly, J. E. WENK, Associate Judge, J. A. NASH. District Attorney, P. M. CLARK. Coroner, J. W. MORROW.

VOTERS OF FOREST COUNTY.

The second year of Democratic control of the legislative and executive departments of the United States Government has nearly passed away, and the time when we shall have an opportunity of showing our approval or disapproval of the course pursued by the party in power, by our votes, and to decide whether they shall continue in control of both branches of Congress, is almost at hand. Let every voter carefully consider what has been done by the party in power in the past two years. Let him note the effect upon the business of the country. Let him compare his present condition and prospects with his condition and prospects of two years ago, and then let him ask himself if he is satisfied that the party at present in power, shall continue so for two years more, without a restraining hand. Every one who has read the papers, knows the history of the country during the past two years. As soon as the party of Free Trade assumed the reins of Government and began tinkering with the tariff, a feeling of uneasiness began to be felt by the business men of the country. Every one is familiar with the story of the extreme business depression that came upon us with the accession to power of the Free Traders; of the strikes and lockouts; of the shutting down of mills, factories and other industries, because of the fear and distrust of the Democratic party, which even upon the passage of the Gorman Act has not been dispelled, for manufacturers know that if the Free Trade party is continued in power they may look for tariff reductions of a still more sweeping character, as vouched for by Wm. L. Wilson in his speech before the London Chamber of Commerce, when he assured them that the Gorman bill was only the entering wedge. A few years since, laborers could say, "I will work for so much" to-day he says, "How much can I get." The Democratic papers and campaign speakers tell you that a dollar will buy more than formerly—so it will; but one thing I want to impress upon you; You cannot import cheap foreign goods and at the same time expect American manufacturers to pay you big wages. Take your choice but if you want good wages you must pay a fair price for labor's products. This is for you to determine. Have you had enough of tariff tinkering? If so elect Republican Congressmen as to secure this branch of the Government, is our only hope. We invite voters of all shades of political opinion to join in bringing about this result. We are all Americans and no voter should be so bound to party that he would vote against his own interests. Vote for W. C. Arnold. Our candidate for State Senate, Mr. Craig, is a man very popular in his own county and should receive a large vote in Forest county. From present indications he has a very good chance of election. Mr. Craig is a gentleman who by long experience in business in this section is thoroughly acquainted with the needs of the people and could represent them intelligently. Of the County ticket it is unnecessary to speak, each of the candidates are well known to you and the esteem they are held in by their neighbors at their respective homes, is the best evidence of the character of the gentlemen and of their fitness for the various offices to which they aspire. I trust that every Republican will turn in with a right good will and help to elect the candidates on our ticket from top to bottom, by the largest majorities ever given in Forest county.

JAMES G. CAESON, Chairman.

WILLIAM C. ARNOLD.

To the Voters of the 25th Congressional District.

The extreme length of the District,—extending across about three-eighths of the entire length of the State,—makes it impossible for me to visit all the numerous precincts and meet each of you. I am therefore compelled to adopt this means of communication, and ask the support of those whom I could not meet personally. My political principles are generally known in this District. I am unalterably opposed to free lumber, free wool and free coal; and, in brief, I am a protectionist and not a free trader. I am especially opposed to free lumber and free coal, because it opens wide the door to foreign countries, and this necessarily reduces the wages of those who earn their bread in the sweat of their face, and this particularly affects the wage-earners of this 25th District. I believe that every drop of sweat that gathers on the brow of toil should be compensated for promptly and liberally in honest money. I believe that the brave boys in blue, who saved this Nation in her hour of peril should receive liberal pensions, and I condemn the attack of Hoke Smith on the pensions as most infamous. A pension is not a gratuity or a charity—it rises to a higher plane of earned compensation and patriotic duty, and a nation who does not care for her crippled, diseased and aged soldiery does not deserve to live. I must not impose on your patience further, and will only add, that if elected to Congress I will do my whole duty as God gives me light to see it. Very respectfully, WILLIAM C. ARNOLD. DuBois, Pa., Oct. 29th, 1894.

THE calculations made of Democratic losses in the state elections held during the year, present some very curious figures. For instance, Oregon's governor had in 1892 a Democratic plurality of 5,000; this year the state elected a new governor by 7,000 Republican plurality. Tennessee reduced her Democratic majority for chief executive from 27,000 to 14,000. Arkansas presents a similar reduction of 15,000 votes. Vermont increased her Republican majority by 14,000, and Maine by 24,000. In Georgia, through political combinations, the Democratic plurality was reduced some 75,000 votes. What Pennsylvania did in the Grow election is fresh in the memory of our readers. It is altogether safe to say that these seven or eight states indicate a decrease of Democratic votes approaching 300,000.

THIS is the last issue of the REPUBLICAN before election and we urge upon every voter the importance of getting out to vote. Vote early and then put in the balance of the day getting your stay-at-home friends out to the polls. A little extra effort will again make Forest the banner Republican county of Pennsylvania. Let every Republican get out and do his part to accomplish it. THE Clarion Jacksonian, a Democratic paper, has bolted the Democratic nominations for congress and senate. The Jacksonian represents the anti-machine side of the party in that county, and its defection will doubtless cost the Democrats many votes. ODDS on the result of the elections as given out by the Wall Street Daily News is as follows: The betting is even that New Jersey will go Republican, \$100 to \$80 that Connecticut will go Republican, and \$100 to \$50 that New York will go Republican. Every Republican on the ticket will score a home run next Tuesday. We are having New York State Republican weather.

PROCLAMATION. WHEREAS, The Hon. Charles H. Noyes, President Judge of the Court of Common Pleas and Quarter Sessions in and for the county of Forest, has issued his precept for holding a Court of Common Pleas, Quarter Sessions of the Peace and Orphans' Court, at Tionesta, for the County of Forest, to commence on the Third Monday of November, being the 15th day of November, 1894. M., of said day with their records, inquisitions, examination, and other remembrances, to do those things which to their office appertain to be done, and to those who are bound in recognition to prosecute against the prisoners that are or shall be in the jail of Forest County, that they may be then and there to prosecute against them as shall be just. Given under my hand and seal this 23rd day of October, A. D. 1894. JOHN T. CARSON, [L.S.] Sheriff.

There was a time when all a merchant had to do was to tack 25 to 50 per cent. profit on his goods and wait for his customers to come to him. Those times are past. Business cannot be done successfully in that way. Instead of the liberal profits of the past, we must have large sales and small profits.
