LOCAL AND MISCELLANEOUS.

—Oil market 82 1/2.

—Elbert Chadwick is home for a month's visit with his parents.

—Hon. J. B. Agnew came home from Washington, D. C., to vote.

—Dr. A. M. Doust came from Cleveland yesterday to cast his vote.

—Mr. and Mrs. John A. Hart of South Oil City are visiting Tionesta friends, this week.

—A. B. Kelly left for Chicago yesterday noon for a short visit with relatives in that city.

—Miss Edith Davis has returned home from a short visit with friends in Spartansburg, Pa.

—Mrs. J. C. Corwell and son John, of Stoneboro, Pa., are guests at the home of Mr. and Mrs. G. W. Robinson.

—R. M. Herman and wife left today for State College, Pa., for two weeks' visit with Mr. Herman's mother at that place.

—John O. Clark for some time past, night operator at Salamanca for the W. N. Y. & P. has been promoted to the position of day operator at West Hickory.

—Halloween passed off quietly in Tionesta and to the credit of those who were out for fun, he it said that the pranks and practical jokes in most cases were of a harmless character.

—Frank Ausler who has been living in Pittsburg for the past two years has returned to Tionesta. He and John Hunter have bought George Kilmer out. The new firm is Hunter & Amel.

—Mr. and Mrs. Wm. Lawrence started yesterday morning for Phillipsburg, Kansas, for the annual inspection of Mr. Lawrence's farm, near that town. They expect to be gone about two weeks and will visit W. W. Diamond at Downs, before returning.

—Burgess Dick Davis is not feeling well, the result of too close attention to his duties at Lanson's store, and is taking a needed vacation. His place will be filled temporarily by E. J. Thomson, who comes from Brockwayville, Pa., for that purpose.

—In a recent case before Justice Underwood, of Chicago, he decided that the wife is entitled to own all the wedding presents, including the suspenders, collar buttons and neckties, provided she can prove that she was the drawing card at the marriage ceremony.

—Hon. Lucius Rogers of the Kane Republican was a caller at this office last week. We learn that Mr. Rogers is prominently mentioned as a probable appointee under Governor Hastings elect. He will be heartily endorsed by the editorial fraternity of this end of the State for any position for which he may ask.

—The Commissioners of this county have given official notice that the services of assistant assessors will not be used in this county in making the triennial assessment, as the courts have decided that the laws providing for the office of assistant assessor has been repealed. The principal assessor will make the assessment.—Franklin News.

—Mr. J. B. Erb and son Grant of West Hickory are making arrangements to leave for West Virginia, near the town of Elkins, where they will engage in the lumber business. Mr. Erb goes this week and Grant will follow about a month later. We are sorry to lose two such good citizens from our county and wish them success in their new home.

—On Monday afternoon of last week, a fire started in the Blue Jaw Lumber company's tract on Brush creek, this county, a mile north of Lynchburg. All the mills in the vicinity promptly shut down and a large force of men were sent on train engines to save the oil wells and hemlock bark. The fire was fought for four hours before it was under control and was not extinguished until Tuesday.

—The Derrick field report for October in the East, records 393 wells completed with an increase of 928 barrels production. Drilling for the month has been mostly within the limits of defined territory and nothing out of the usual order of things was developed. There is great activity apparent in the Butler, Venango and Clarion fields; also an increase in production and completed wells in Ohio and Indiana.

—The State convention of County Commissioners took a good step in suggesting that a law be passed requiring constables to make returns only when they have violations of the law in their bailiwicks. The constables should either be diligent enough in the discharge of their duties to find some violations of the law to report or they should stay at home when the time arrives for making their returns. The plan of having all the constables of a county report at court every three months when only a few of them have anything to report is not a good one and involves a useless expense.—Titusville World.

—Any one experienced in the work of a newspaper or publishing house knows how important a plain, legible handwriting is. A poor, scrawly, cramped or defective orthography is wearisome and disgusting. Those who have suffered in struggling with such manuscript are glad to note the present tendency toward plainer and better penmanship. This tendency is toward a more perpendicular style of writing, and drops the old time slant of the Spencerian method.—Franklin News.

—The Tionesta schools have adopted the vertical style as an experiment and the result thus far has been very encouraging. Pupils whose writing under the old style was a miserable scrawl after one or two months practice write a legible hand that is not only easily read but has much more beauty than the best they could execute under the slant system, and that after several terms practice. Principal Armstrong is very highly pleased with the showing made by the pupils and will recommend the permanent adoption of the method.

DANIEL HARRINGTON.

From the Venango Spectator. We quote the following: Daniel Harrington was no ordinary man. Deprived of the advantages of early education, as was the lot of most of the early settlers of his day, he had educated himself by observation and reading till he became well informed in local and general history. Knowledge thus acquired, and a retentive memory, made him a safe authority concerning the events which had happened around him for more than half a century. Several years ago he wrote for the Spectator a series of very interesting articles, entitled "Recollections of Fifty Years," which, on account of their value should have been published in book form.

In his youth and up to mature manhood he was one of the best known and most skillful pilots on the Allegheny river from Tionesta to Pittsburg, often going as far as Louisville on the Ohio. His recollections of those years of hardship and adventure by field and flood made very interesting reading, and to listen to his conversation concerning those distant times was a treat we often enjoyed. He reached a good old age notwithstanding the exposure and hardships of his earlier days. It is gratifying to know that after the death of his wife, many years ago, had left him alone in the world, he found a home and the tenderness of a daughter to soothe his declining years. There have been many men of greater renown than Daniel Harrington, but truer soul never left the earth. He was a man among men. May he rest in peace.

—Don't forget that we have just as good and just as many overcoats as any one in this end of the country and we will sell them for cash just a little cheaper than ever. Come and compare them; buy where you can do the best and you are sure to come to Lanson's. It —Ledeber & Miles for Underwear. —New goods arriving daily at Barcott's. —Dress goods cheaper than ever, at Lanson's. It —Highest market price paid for hides and pelts at Barnett's. It

NEWS NOTES. The Kane Gold Cure sanatorium has been closed for lack of patronage. The Kinzua schools, which were closed three weeks ago on account of the epidemic of diphtheria in that village, have been reopened. An exchange sensibly advises that people keep their troubles to themselves. While you are telling your troubles you are taking up the time of the man who is waiting to tell his. Zimmerman, the American crack bicycle rider, returned from his trip abroad about \$30,000 wealthier than when he went away. He is only 25 years old, but has made \$200,000 with his wheel. The County Commissioners of Lycoming county have issued a circular to Constables informing them that Constables are entitled to only 15 cents for serving subpoenas. Heretofore they received 50 cents. Bicycle riders will be interested in learning that there is talk of supplanting the popular rubber pneumatic tire with one made of paper. The reason given is that the latter is much less expensive than the rubber ones. W. N. Y. & P. employees in Buffalo after waiting seven months for a restoration of wages which had been promised to be made in 60 or 90 days after April 1st, 1894, have decided to sue the railroad company and try to force the restoration.

Warren is to have a "Women's Exchange," where articles in needlework, painting as well as cookery, jellies, canned fruits etc., will be received from women anywhere in the country and sold at owner's price for a very small commission. The Blizzard says that one of the letter carriers reported that on the morning after Halloween he found the letters in some of the boxes so stained with tobacco juice that he hardly could make out the directions. Boys cannot expect to rate as gentlemen who expectorate in the mail boxes. John S. Johnson, the bicyclist, paced by a quadruplet, rode the fastest mile ever made by a human being, at Buffalo, N. Y., last week; covering the distance in the marvelous time of 1:35 2/5. This beats the world's record for a running horse 1-10 of a second and is surpassed by nothing aside from a locomotive. It is said that Chauncey M. Depew once introduced a speaker at a political meeting in these words: "I wish to introduce to this intelligent and appreciative audience Mr. Potts, in whose honor the State of Pennsylvania are named. The places to which I refer are Potstown, Pottsville and—and—Chambersburg."

It is an old and true saying that "mistake will happen in the best of families," and the same can be said as to leading newspapers. The publication of a Buffalo sheet are in deep tribulation because a reporter, in writing up an interview with a prominent society lady said, "Her dainty feet were encased in a pair of shoes that looked like fairy boots," and it appeared in print this wise: "Her dirty feet were encased in pair of shoes that looked like ferry boats."

Without the Non-pull-out BOW (RING). It is easy to select or ring watches from the pocket. The thief gets the watch in one hand, the chain in the other and gives a short, quick jerk—the ring slips off the watch stem, taking away with it the watch, leaving the victim only the chain. This idea stopped that little game that little game! The bow has a groove on each end. A collar runs down inside the pendant which holds the bow into the groove, firmly locking it. No bow to be pulled out, so that it cannot be pulled or twisted off. Sold by all watch dealers, without cost, on Jax. Ross' Bill and other cases containing this trade mark. Watch case repair shop.
